GOVERNMENT FINANCE OFFICERS ASSOCIATION

*Distinguished
Budget Presentation
Award*

PRESENTED TO

**City of Williamsburg
Virginia**

For the Fiscal Year Beginning

July 1, 2012

Christopher P. Morrell *Jeffrey P. Evans*

President

Executive Director

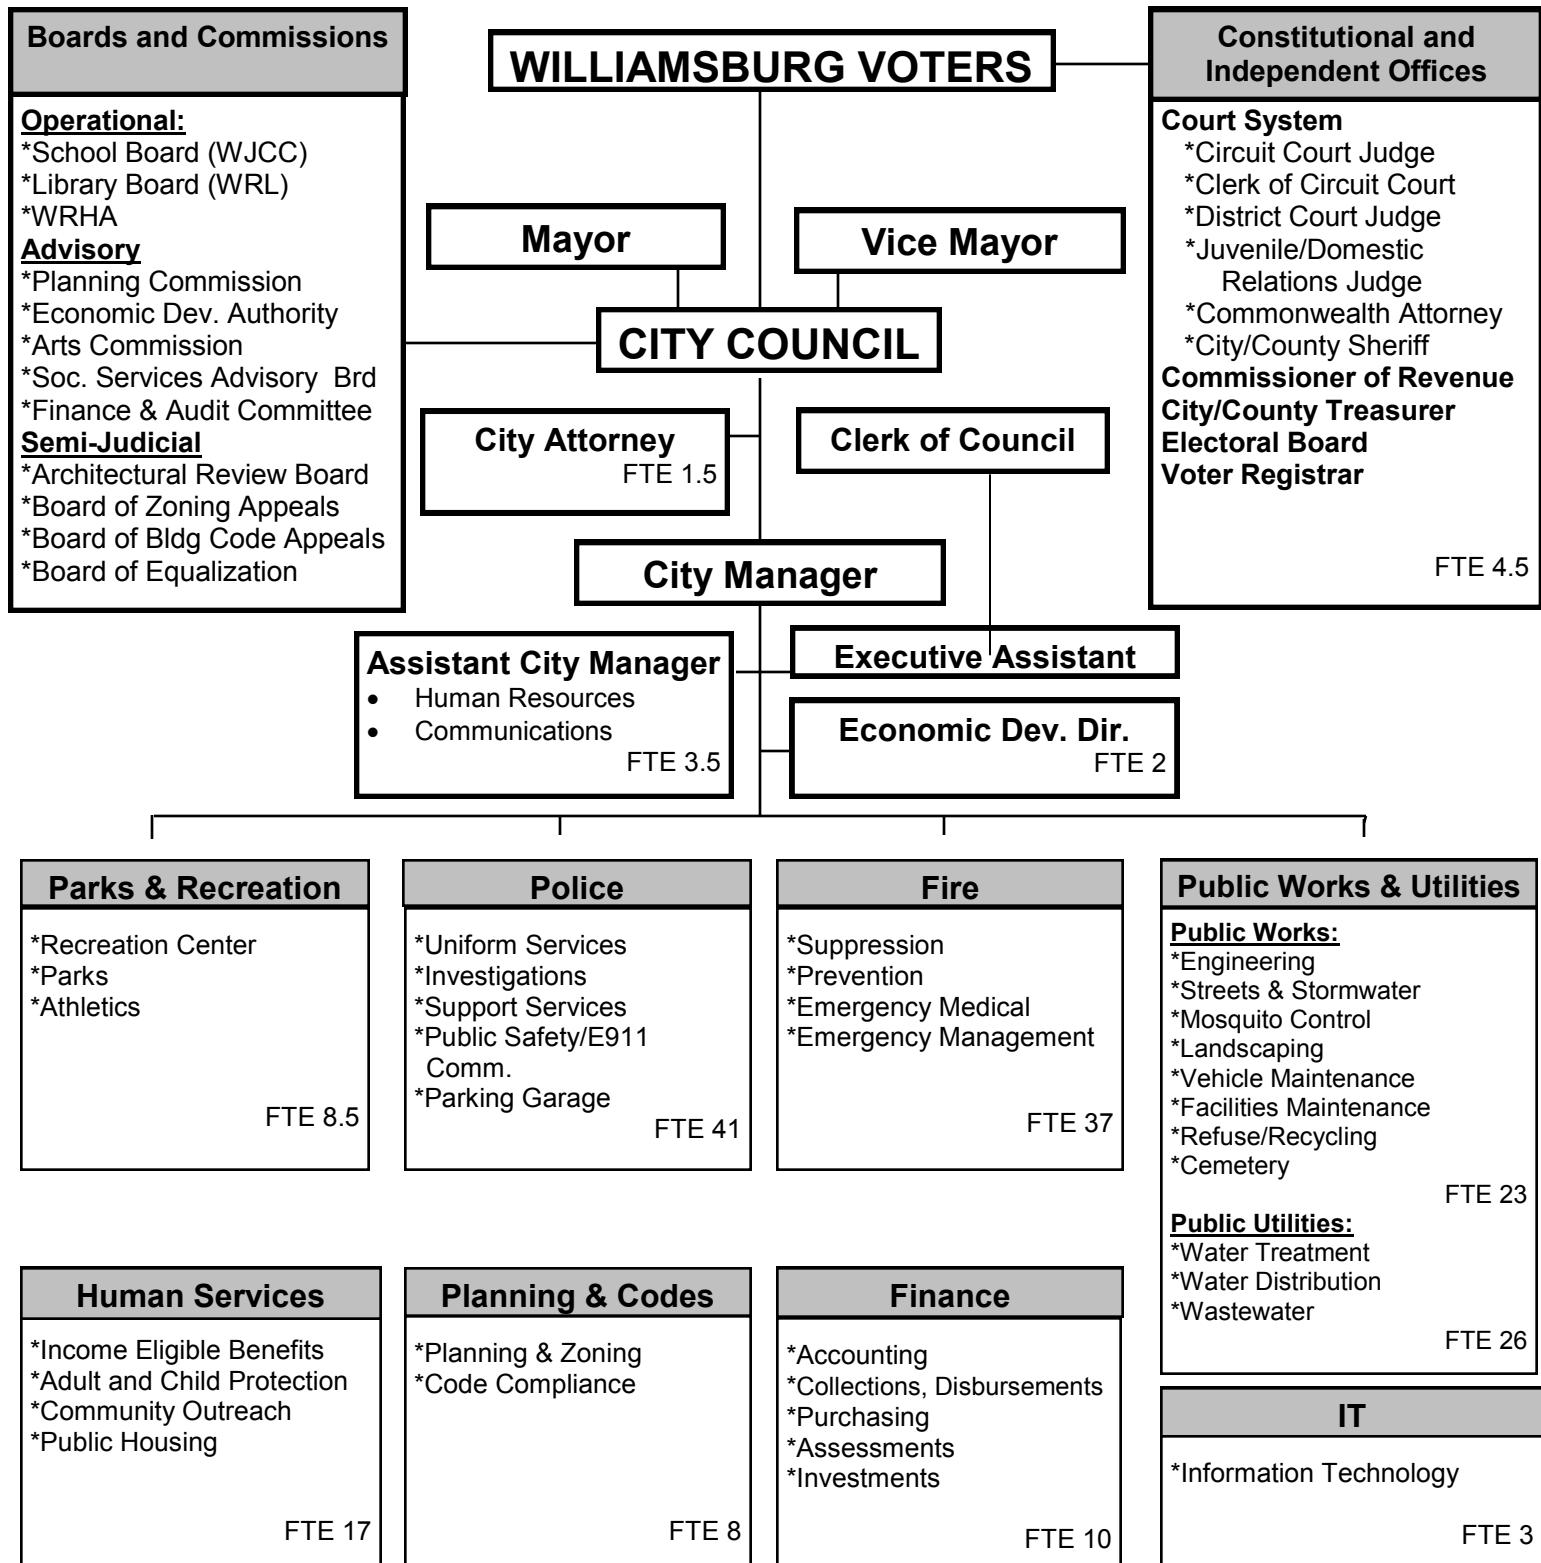

The Government Finance Officers Association of the United States and Canada (GFOA) presented an award for Distinguished Presentation to the City of Williamsburg for its annual budget for the fiscal year beginning July 1, 2012.

In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan and as a communications device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

Budget Message

City of Williamsburg Fiscal Year 2014 Proposed Budget

TO: Mayor and City Council
DATE: April 1, 2013
SUBJECT: City Manager's Budget Message

INTRODUCTION

In fiscal year 2009 the City's general fund operating budget exceeded \$34 million. In fiscal 2014, five years later, the city will continue to operate below that level.

Fiscal Year 2014, with one notable exception, should be a positive year for Williamsburg's general fund financial outlook compared to Fiscal Year 2013. Positive trends include:

- Property tax revenue should finally turn the corner and increase by 2.8%, even taking into account the recently announced transfer of the Hospitality House to tax exempt status.
- Intergovernmental revenue should be up significantly, by 10.5%, primarily due to higher state sales tax for education and VDOT street maintenance payments.

Budget Message

- All other tax and fee revenue when taken together as a whole should just barely land in positive territory.
- General fund expenditures, for all purposes except public education, are projected to be held to an increase of 1.1%.

The one big exception to the overall modestly positive financial trend in fiscal 2014 will be the cost of the city contribution to the Williamsburg/James City County School System. A contribution of \$8,368,814 will be required, an 8.1% increase in city school costs, based on full funding of the Superintendent's proposed school budget, according to the funding formula set forth in the current Joint School Agreement with James City County.

In just two years' time the city's spending for schools will have increased by over one million dollars, coming at a particularly difficult time while the city tries to rebound from the Great Recession. Since fiscal 2012 the portion of the city's general fund budget devoted to public education will have increased from 23.5% to 25.2% of the total.

Looking at the overall picture for the year ahead, the Proposed **General Fund Operating Budget** can be summarized by:

- Projected Revenues of **\$33,176,575**, up by **3.2%**.
- Planned Spending of **\$33,285,206**, up by **2.8%**.
- Reserves brought forward of \$108,631 to fund in part appropriated contingencies.
- No recommended increases in tax rates or fees for service.
- Full time equivalent authorized positions of **188**, an increase of five due to incorporation of WRHA employees; reduced from **202** in FY 2009.

In the **Utility Budget**, **\$6,318,040** in operating revenues are projected, an **0.9%** increase. Recommended is a 5.5% Water and Sewer rate increase, from \$4.55 to **\$4.80** per one thousand gallons, beginning July 2013, per the **Five Year Water and Sewer Rate Analysis**. Comparing our water and sewer rates regionally:

Water and Sewer Rates (FY13) Per 1000 gallons	
Newport News	\$ 8.47
Portsmouth	\$ 8.47
JCSA Residential	\$ 6.07
JCSA Commercial	\$ 6.67
Norfolk	\$10.08
Chesapeake	\$10.90
Virginia Beach	\$ 8.10
Williamsburg	\$ 4.55

Budget Message

In the General Fund **Capital Improvement Program**, a total of **\$8,082,130** is projected in new capital spending, plus \$836,177 in debt service payments, for a total of **\$8,918,307**. (See **Capital Improvements** Section E)

The combined total of the four funds – General Operating Fund, Utility Fund, Sales Tax/Capital Fund and the Public Assistance Fund – amounts to **\$51,587,832**.

With the above as an overview, the remainder of the Budget Message discusses issues particularly helpful in understanding and reviewing the proposed budget, beginning with General Fund revenue projections.

REVENUE PROJECTIONS

Next year (FY 2014) we forecast General Fund operating revenues of **\$33,176,575**, a **3.2%** increase from the current year (FY 2013) budget amount. Looking at four broad categories:

	Share of Budget	FY 2013 Adopted	FY 2014 Proposed	Change
All Property Taxes	38%	\$ 12,304,600	\$12,652,720	2.8%
Other Local Taxes	43%	\$ 14,276,600	\$14,211,000	(0.5%)
Fees, Charges, Miscellaneous	9%	\$ 2,670,759	\$3,115,968	16.7%
Intergovernmental	10%	\$ 2,893,561	\$3,196,887	10.5%

In the **Budget Guide** (Section F) are detailed explanations of revenues, explaining the legal basis and ten year trends of all revenue sources. The following is a summary of significant revenue changes in next year's budget under the four categories:

1. **Real Estate Taxes.** Property tax projections are based on a total anticipated value of real estate of \$1.694 billion, an increase from current land book values of 4.0% (3.6% residential, 4.9% commercial), reflecting a long awaited reversal in the residential real estate market. Most of the gain in commercial valuation is the result of new construction (mostly Riverside Hospital) net of the loss of the Hospitality House as taxable property due to purchase by the College of William and Mary.

Each additional one penny on the tax rate should generate an estimated \$169,000. The Proposed Budget recommends continuing the tax rate of \$.57 per hundred dollars of assessed value yielding revenue of \$9,600,000.

Budget Message

2. **Personal Property Taxes.** Better known as the “car tax,” the personal property tax rate is currently \$3.50 per 100 of value (offset by tax relief from the state). City Council declined last year to increase this tax to \$4.00 matching the rate in York and James City Counties, as recommended, in order to help close the budget gap.

3. **Other Local Taxes.** Other local sources of taxation include various consumer utility taxes and franchise fees, business licenses, transient lodging and prepared food or "room and meal" taxes. Taken together, other local taxes will generate \$14,211,000, a 0.5% decrease from the current year budget amounts.

The estimate for room and meal tax collections totals \$3,300,000 for room tax, 4.4% less than last year's estimate; and \$6,372,000 for meal tax, a 0.4% increase, from last year's adopted budget. These estimates remain below 2008 levels, reflecting continued weakness in the tourism sector, and an overly ambitious estimate for room tax last year. The room tax estimate does not include the \$2.00 destination marketing surcharge for additional tourism promotion, which is a separate line item in the budget of \$1.3 million.

Taken together, all local sources of taxation, property and other local taxes, are expected to generate \$26,863,720, a 1.1% increase from the current year budget.

4. **User Fees, Charges, and Miscellaneous.** This broad category of locally generated revenue is expected to generate \$3,115,968, a significant increase of 16.7% from the current year. This increase is largely attributable to increasing Prince George Parking Garage income, and transferring rents from the Williamsburg Redevelopment and Housing Authority's (WRHA) Triangle Building to the City's operating budget. Also included is a yet undefined \$250,000 “Emergency Services Agreement” to account for the sudden loss of tax and fee revenue from the Hospitality House sale.

5. **Intergovernmental - Revenue from the Commonwealth.** Revenues from the state government in the amount of \$3,196,887, which includes support for constitutional officers and various categorical grants, are estimated to increase by 10.5%, based on the state's FY 14 budget. This is a welcome reversal of declines in intergovernmental revenue in recent years.

The estimate of Sales Tax for Education of \$985,974, based on State Department of Education calculations, is up by 27.6% due to increasing school census and growth in state sales tax receipts.

We also expect a \$30,000 increase in VDOT street maintenance payments to the city.

Budget Message

EXPENDITURE ISSUES

Next year we have proposed General Fund operating expenditures of **\$33,285,206**, an increase of 2.8% from the current year adopted budget. Broken down in four large categories:

	Share of Budget	FY 2013 Adopted	FY 2014 Proposed	Change
City Departments	53%	\$17,299,278	\$17,573,240	1.6%
Constitutional Officers and Judicial	7%	\$ 2,194,048	\$ 2,140,517	(2.4%)
Education and Library	27%	\$ 8,575,636	\$9,201,162	7.3%
Outside Agencies	13%	\$ 4,308,335	\$4,370,287	1.41%

Details on operating expenditures can be found under **Budget Summaries** (Section D). Highlights of significant expenditure issues are divided between “City Operational Issues” and “Outside Agency Issues.”

CITY OPERATIONAL ISSUES

1. Staffing. The total number of full time equivalent (FTE) positions authorized in city departments decreased from 202 in FY 09 to 183 in FY 13.

The reduction has been accomplished through transfer and reorganization (including the 13 positions transferred to York County as part of the E911 consolidation), job consolidations, and reductions in force. Next year we are bringing five WRHA positions on to the city payroll (four positions in Human Services department for public housing support, and one position in the Economic Development department. These changes will result in an FTE of **188** in FY 14.

2. Salary Ranges and Pay. A 2% allowance for merit pay increases has been included in the proposed budget, to be coupled with a 2% increase in pay ranges. The pay range increase will compensate in part for the 2.1% increase in the CPI for calendar 2012. This allowance will be apportioned to employees based on performance as indicated by annual performance evaluations, and by the relative position of the incumbent in their pay range as prescribed in the *Personnel*

Budget Message

Manual. In addition, a compensation allowance equal to .9 percent of pay and benefits has been included to make market adjustments for targeted compression and market issues.

3. Health Coverage. Last year the city changed the health care insurance coverage to Anthem's "Local Choice" product in order to control costs. The city received its Local Choice renewal notice calling for a 4.9% increase. It is recommended that this increase be apportioned equally between the city and the employees, so the budget reflects a 4.9% increase in the city's health care cost.

4. Virginia Retirement System. The contribution level set by VRS for Williamsburg in fiscal 2013 increased from 16.44% to 21.29% of payroll as a result of the latest biennial actuarial valuation. The 21.29% rate (16.29% city share, 5.0% employee share) remains constant in the fiscal 2014 budget.

OUTSIDE AGENCY ISSUES

Nearly one-half of the city's General Fund budget goes to agencies and activities not under City Council's direct operational control. Funding relationships are often complex, and vary in degrees of funding discretion possible from year to year. The "Notes on Funding Relationship," contained in the Budget Summaries and the Budget Guide (Sections D and F), help explain the city's role in providing financial support to these agencies and activities.

Background documentation from outside agencies is provided in the Appendix of the Proposed Budget, or provided under separate cover or electronically, as in the case of the School and the Library budgets.

A number of issues concerning outside agency funding requests for the coming year need to be highlighted:

1. **Schools.** Based on 1) the Superintendent's proposed budget, 2) current expectations of State and Federal funding, and, 3) the current five-year Joint School Agreement with James City County with its three year enrollment averaging formula; we expect a city contribution to the schools in the amount of \$8,368,814, 8.1% increase from the current year. Over the past two years, since FY 2012, the city's increase in education funding is \$1,043,336, for a 14.2% jump in cost to city taxpayers. With this increase, next year the city's share of school cost will be 9.54%, compared to 90.46% for the county. Further, I expect FY15 will likely result in another large increase in city school costs.

The city's school population, for purposes of apportioning cost between the city and the county as determined by September 30, 2012 enrollment, is **902**, or 8.55% of the total.

Williamsburg Mayor Clyde Haulman reading to Matthew Whaley students

Budget Message

2. **Library.** The Williamsburg Regional Library is funded under the revised library agreement with James City County, effective July 1, 2006. (A new agreement is under review but will not drive the FY 2014 budget.) The existing agreement calls for funding of operational costs based on the proportion of circulation by residency. Based on the library's figures, the city/county circulation ratio to be applied in FY 14 is 15.9% city, and 84.1% county. The Library's proposed budget of \$6,141,967 is an increase of 3.8%, which will result in a city contribution of \$819,506, level with the current year.
3. **Regional Jail.** Funding the city's share of the Virginia Peninsula Regional Jail is expected to be \$1,204,372, a 4.6% decrease from the current budget. The city share of jail costs is based on the average usage rate over the past five years. Each member jurisdiction (Williamsburg, James City County, York and Poquoson) pays for their share of the inmate population, based on location where the offense occurred and the arresting authority. We expect to pay 18.5% of local jail costs this coming year.
4. **Health Services.** The three agencies named below provide health services to city residents, workers and visitors. The total recommended funding for FY 14 is \$434,576, an increase of 1.6%:

The Peninsula Health District budget request to the city is \$100,741, a 2.4% increase from the current year, based on a complex use-based formula.

The Human Services Advisory Board has recommended Olde Towne Medical Center (Williamsburg Area Medical Assistance Corporation or WAMAC) receive funding of \$83,430, the same as the current year.

Finally, Colonial Behavioral Health, the agency through which the city provides mental health and retardation services to its residents, has requested a city contribution of \$250,405, which is a 1.85% over the amount the city provided in the current year.

Human Service Agencies. The city's Human Services Advisory Board, as requested by City Council, has evaluated Human Services Agency requests for funding, and made its recommendations to City Council. Their analysis and recommendations are in the Appendix to the Proposed Budget. Proposed for next year is \$74,444, an decrease of 15.6% due to moving Child Development Resources (CDR) city funding from a grant basis to a fee for service basis.

5. **Community and Economic Development Agencies.**

Tourism Promotion

The city has supported tourism advertising and promotion through Colonial Williamsburg as our premier "destination driver," and the Greater Williamsburg Chamber and Tourism Alliance as our regional "destination marketing organization."

This year Colonial Williamsburg Foundation has requested level funding of \$1,300,000. The Greater Williamsburg Chamber and Tourism Alliance, in its expanded role for destination marketing in cooperation with the Williamsburg Area Destination and Marketing Committee

Budget Message

(WADMC), has requested level funding of \$650,000. Despite the city's continuing budget challenges, funding for tourism promotion is necessary to grow the economic base for future city budgets.

The proposed budget also includes an estimated \$1,300,000 of pass through funding from the \$2.00 room surcharge to the coordinated Tourism Alliance and Williamsburg Area Destination Marketing Committees annual promotional campaign. The total city tax dollars for tourism promotion is \$3,250,000.

Economic and Community Development

In addition to tourism promotion, the city support is recommended for a number of other agencies that make important economic development and community development contributions to Williamsburg. These are listed in the Budget Summary section. New this year is a proposed contribution of \$16,700 to This Century Art Gallery (TCAG) for the purpose of defraying the parking and landscaping fees due to the city as a result of TCAG's purchase of property in the Municipal Center for the purpose of constructing a new art gallery. Also city sponsorship for the Kingsmill Championship (LPGA) at \$15,000 is recommended to support this important regional tourism event.

6. **Cultural.** The Williamsburg Arts Commission has again performed the task of receiving, evaluating, and recommending funding for the arts. Their report is copied in the Appendix to the Proposed Budget. They recommend local (Williamsburg, James City County, and state challenge grant) arts funding of \$120,000. Of this amount, the city contribution would be \$55,000, level with current year. Also recommended is continued support of the Virginia Arts Festival at \$50,000; and the Virginia Symphony Lake Matoaka concert at \$6,000.

THE BUDGET AS A POLICY DOCUMENT

Before concluding this overview of the proposed budget, here is an introduction to important elements of public policy and managerial information contained in it:

- A. Budget Message providing management's introduction to the budget.
- B. City Council's Goals, Initiatives and Outcomes for the 2013 and 2014 Bennium. Adopted by City Council in November 2012, the "GIOs" set the strategic direction of the city to guide the annual budget process and to assess the performance of city government.
- C. Performance Metrics detailed by departments and cost centers.

Budget Message

- D. Budget Summaries provide precise budget information from the general to the specific, for all funds.
- E. Capital Improvement Program contains recommended capital appropriations in FY 2014, and the next four years of capital projections for planning purposes.
- F. Budget Guide contains background information helpful to understanding the complexities of a municipal budget in Virginia.

NEXT STEPS

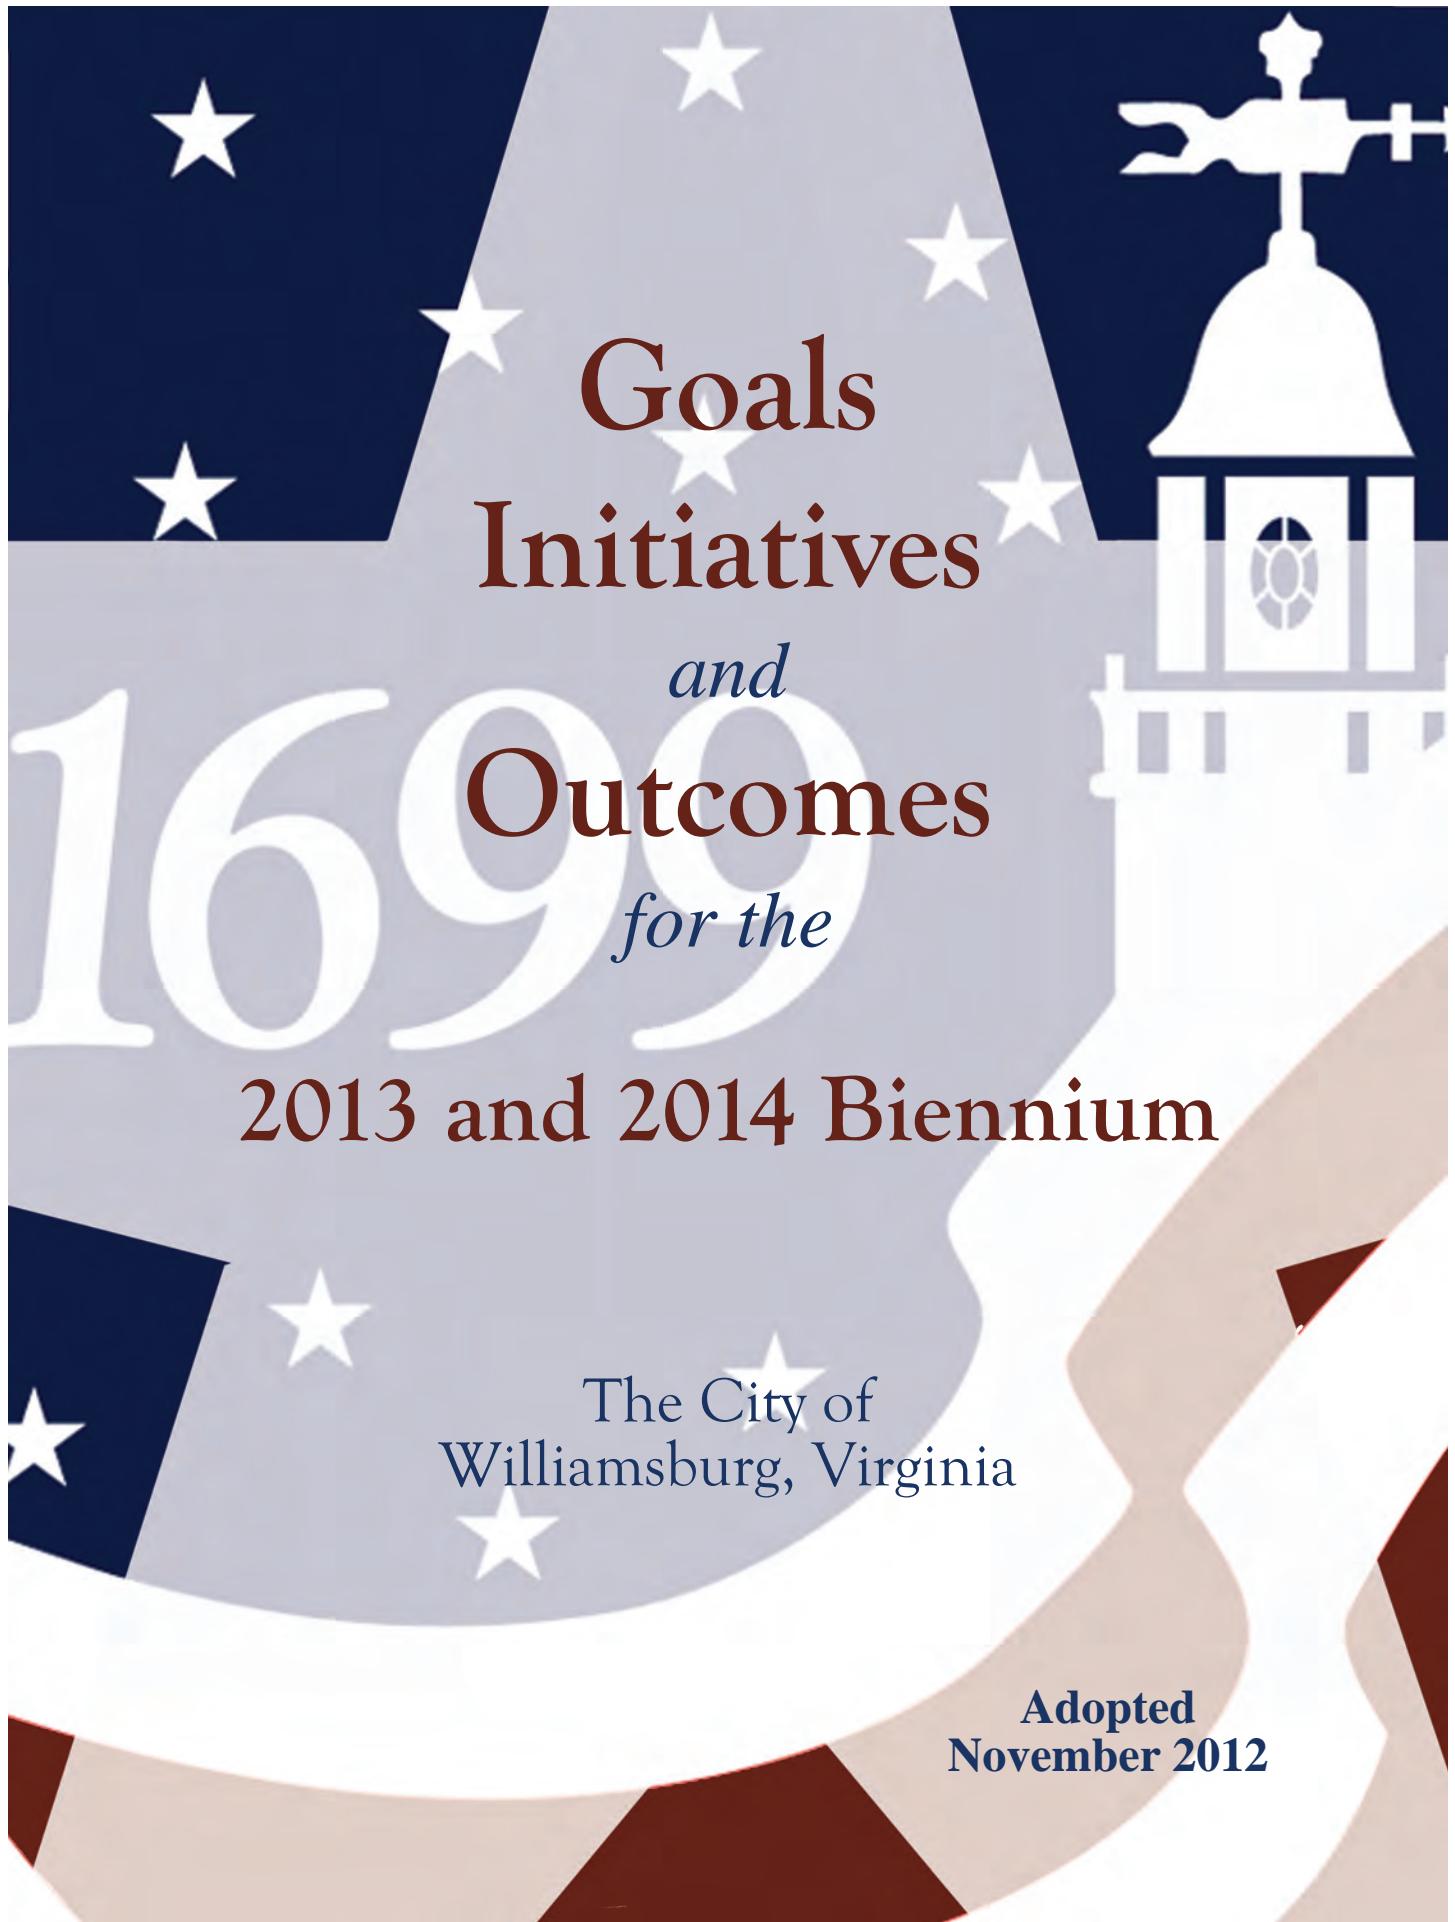

The budget process now moves from the staff level, formation phase, to the Council and public level, adoption phase.

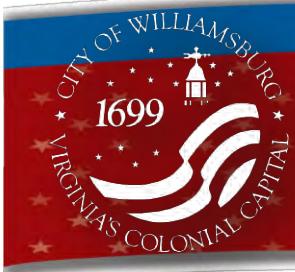

City Council received outside agency proposals at the first Budget Work Session held on Monday, March 25. The school budget will be reviewed at the Monday, April 8 City Council work session. The formal budget hearing will be advertised for the April 11 City Council meeting. A second Budget Work Session is scheduled for Monday, April 29. Adoption is scheduled for the May 9 Council meeting.

Jackson C. Tuttle
City Manager

CITY OF WILLIAMSBURG VISION

Williamsburg will become an evermore safe, beautiful, livable city of historic and academic renown, served by a city government — cohesively led, financially strong, always improving — in full partnership with the people who live, work and visit here.

Clyde Haulman
Mayor

To advance the city's vision, every two years the Williamsburg City Council identifies new strategic objectives for city government. Biennial Goals, Initiatives and Outcomes (GIOs) provide an expression of city priorities, as specific and measurable as possible, covering a two year period. Longer term objectives are expressed in terms of what the city hopes to accomplish in the near term toward that objective.

GIOs are not intended to be a comprehensive list of all city services and activities. Instead, they provide a concrete, coordinated expression of City Council's direction for change and focus. In that way, they drive city government operating budget and capital budget formation. The 2013/2014 Biennial Goals, Initiatives and Outcomes, adopted in November 2012, guide budget decisions for two fiscal years, that is, for FY 13 and FY 14.

Paul Freiling
Vice Mayor

Under eight Goal statements 64 specific Initiatives are identified. In addition to the Initiatives, Outcomes from the National Citizen Survey (NCS); and "Desired Outcomes" and "Observed Results," provide performance metrics which help assess goal achievement. Williamsburg participated in the NCS in May 2008, 2010 and 2012. Reported here are citizen ratings of "Good" or "Excellent" for 78 questions and whether those ratings were "above," "below," or "similar" to the benchmark average of hundreds of other cities and counties across the nation (cross referenced to the page in Williamsburg's NCS Report).

Judy Knudson
Council Member

The Biennial GIOs are created in light of a variety of resources including the city's Comprehensive Plan, Five Year Capital Improvement Program (CIP), and Economic Development Strategic Plan; and with input from citizens, city staff, and volunteers.

Scott Foster
Council Member

Biennial goal statements align with the draft 2013 Comprehensive Plan goals. Initiative statements with a  symbol directly link to projects in the city's CIP. Statements with a  symbol identify Healthy Community initiatives, as that theme runs throughout the 2013/2014 GIOs.

Citizen engagement is vital to the success of this process from start to finish. Go to www.williamsburgva.gov/goals anytime for status reports and to offer your comments.

Douglas Pons
Council Member

Clyde Haulman, Mayor

Jackson C. Tuttle, City Manager

November 8, 2012

GOAL I: Character of the City

Protect and enhance Williamsburg's unique character as defined by its residential neighborhoods, urban places, open spaces, and by its iconic places—the Colonial Williamsburg Historic Area and campus of the College of William and Mary.

[Page 3](#)

GOAL II: Economic Vitality

Increase employment opportunities, income, business success, and city revenues by supporting and promoting the city's economic base of heritage tourism and education, and other development and redevelopment opportunities.

[Page 9](#)

GOAL III: Transportation

Provide an effective transportation system compatible with the future land use plan, serving pedestrians, bicyclists and motorists, and promoting the expanded use of transit and rail.

[Page 14](#)

GOAL IV: Public Safety

Secure an ever safer community by enabling police, fire, emergency management and judicial operations to protect and serve city residents, visitors, businesses and historical assets.

[Page 18](#)

GOAL V: Human Services and Education

Seek opportunities and implement programs that address the educational, health, social, housing, economic and workforce training needs and expectations of city residents and workers.

[Page 23](#)

GOAL VI: Recreation and Culture

Add to the quality and availability of cultural and recreational facilities and programming, as might be typically available only in larger communities, to meet the needs and expectations of city residents and visitors.

[Page 29](#)

GOAL VII: Environmental Sustainability

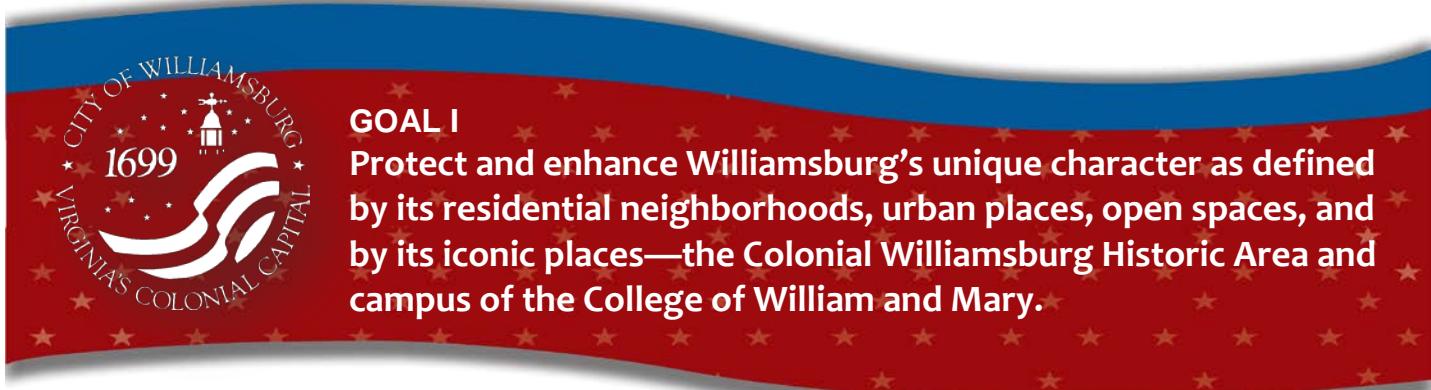

Build an evermore sustainable and healthy city pursuing multiple strategies for conservation and restoration, and providing essential environmental services related to drinking water, waste water, stormwater and solid waste.

[Page 34](#)

GOAL VIII: Citizen Engagement and City Governance

Continuously improve the effectiveness of city government and its partnership with the people who live, work, and visit here to fulfill Williamsburg's vision for the future.

[Page 39](#)

GOAL I

Protect and enhance Williamsburg's unique character as defined by its residential neighborhoods, urban places, open spaces, and by its iconic places—the Colonial Williamsburg Historic Area and campus of the College of William and Mary.

A. Comprehensive Plan

Adopt the 2013 update to the Comprehensive Plan by March 2013, and complete implementation of immediate steps as recommended in the Plan by December 2013. Continue to coordinate comprehensive planning with James City County and York County.

B. Design Review Guidelines

Evaluate the Architectural Review Board's Design Review Guidelines and amend them as necessary, balancing architectural standards optimally with economic reality, construction technology and energy efficiency. Complete the Historic Building Survey update by the end of 2013.

C. Downtown Vibrancy

Extend the high quality and success of downtown into immediately adjacent areas – specifically along Henry Street to the north and south, and along Prince George and Scotland Streets to the west – by means of streetscape improvements (See [Goal III: Transportation](#)) and by means of public and private redevelopment. Public projects include the Stryker Center (See [Goal VIII: Citizen Engagement and Governance](#)), Triangle Building (See [Goal II: Economic Vitality](#)). Private sector projects include Prince George Commons retail and housing, reuse of the Health Evaluation Center, and development of surplus downtown properties owned by Colonial Williamsburg Foundation.

D. Arts District and Midtown

Pursue the vision for renewal of the Midtown area, anchored in the Arts District identity, and committed to the long term success of the shopping center sites. Continue to add “creative economy” businesses, services and housing supporting the William and Mary community and visitors. Sell the city owned “Tioga” site for development by the end of the biennium.

E. Richmond Road Corridor

Maintain this prime entrance corridor the premier regional destination for restaurants, hotels and complementary services for visitors and locals. Make progress during the biennium in build out/lease out of High Street, redevelopment of the “Spotswood” site at Ironbound Road, and construction of in-fill projects, such as the new “Cook-Out” Restaurant.

F. Capitol Quarter

Follow the guidance from the Northeast Triangle Focus Group, as consolidated in the Comprehensive Plan update, to bring new life to the “Capitol Quarter” area. Make streetscape and pedestrian improvements (See [Goal III: Transportation](#)), and return the now city-owned Lord Paget hotel to the private sector for redevelopment/reuse, by the end of the biennium. Other private sector projects include “Second Street Boutiques” and completion of “Capitol Landing Green.”

G. Southeast Quadrant

Work with Quarterpath at Williamsburg developers Willowwood, Riverside Healthcare Association, and other interests to build a high quality new city neighborhood with Doctors’ Hospital of Williamsburg as the anchor. Create a pedestrian friendly commercial, retail and residential village complimenting Williamsburg’s special character with opportunities for significant economic development and employment growth. Pending grant funding awards and participation by James City County, make improvements to Route 60 East and open the Country Road to pedestrians and cyclists – all linked by the completion of Battery Boulevard (See [Goal III: Transportation](#))

H. Corridor Beautification

Complete several projects during the biennium designed to beautify entrance corridors and enhance streetscapes (see [Initiatives and Goal III: Transportation](#)) notably including: underground wiring on Page Street (Route 60), improvements to Route 60 East from the York/Page/Lafayette intersection to the city limits, and reconstruction of Prince George Street from Boundary to Armistead.

I. Open Space Preservation

Actively pursue acquisition of additional open space and land conservation both within the city limits and in the Waller Mill Reservoir watershed. Add to the city’s permanent open space ownership during the biennium.

J. Merrimac Trail Neighborhoods

Focus city attention (Human Services, Codes Compliance, Police, Recreation, etc.) on neighborhood stability and improving social conditions in the Merrimac Trail apartment corridor, collaborating with residents and property owners.

K. Neighborhood Relations and Preservation near College

Improve the quality of life in the neighborhoods surrounding William and Mary by continuing to build effective working relationships between the city, college, students, neighbors and landlords using the Neighborhood Relations Committee (NRC); and by regular city-college meetings and improved communications among all parties.

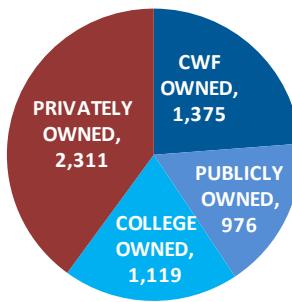

L. Citizens Committee on Community Wellness 

Partner with the community to form a Citizens Committee on Community Wellness, appointed by the Mayor, to inventory Williamsburg facilities and activities that promote healthy lifestyles, and identify opportunities for improvements. Seek Virginia Healthy Community and/or similar designations, and create economic opportunities for health and sports related tourism. Request the Committee's report by fall, 2013.

Desired Outcomes

Observed Results

1. Maintain at least 60% of the 5781 acres within the city limits for public, Colonial Williamsburg, and College land use to preserve Williamsburg's unique character.

Existing Land Use Proportions within the City Limits

Public, W&M and CWF currently at 60%

*Source: Williamsburg Planning Department

2. Increase overall residential property values in the city by at least 2% annually to maintain quality and character of neighborhoods.

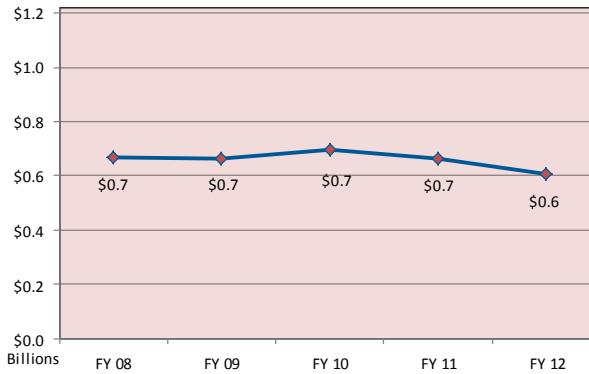

Residential Property Assessed Values

Average annual increase over five years near level.

*Source: Williamsburg City Assessor

3. Increase overall commercial property values in the city by at least 2% annually to maintain the quality and character of commercial corridors.

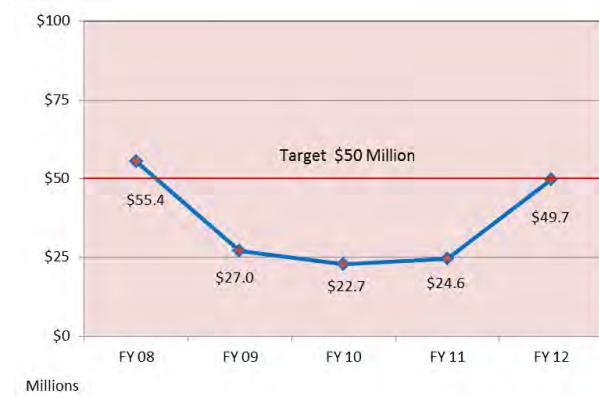

Commercial Property Assessed Values

Average annual increase over five years near level.

*Source: Williamsburg City Assessor

4. Rehabilitate or build new structures to refresh Williamsburg's built environment as indicated by at least \$50 million in new construction annually.

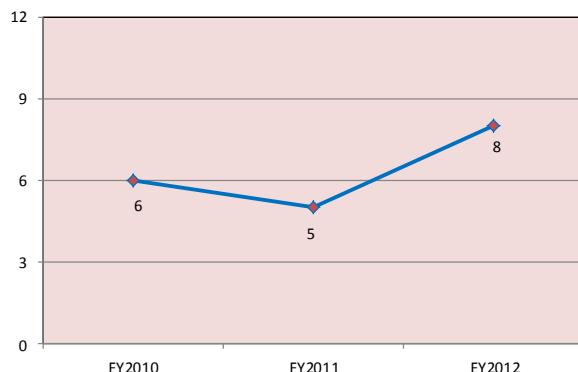

Value of Building Permits Issued

*Source: Williamsburg Code Compliance Division

Desired Outcomes**Observed Results**

5. Reduce to five (of 31 total) number of single family zoned neighborhoods with more than 50% rental use to preserve quality and character of neighborhoods.

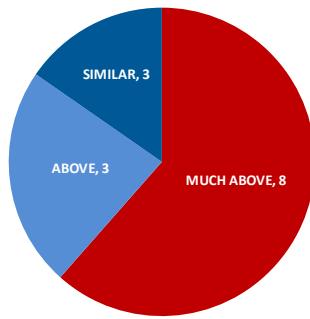

Number of Neighborhoods Exceeding 50% Rentals

- Capitol Heights 61%
- Cary/Griffin/Newport 62%
- Colonial Extension 72%
- Matoaka Court 72%
- Pinecrest 54%
- Powhatan Park 82%
- W. Williamsburg 87%
- W. Williamsburg Hts. 68%

*Source: Williamsburg Planning Department

6. Achieve “Good” or “Excellent” ratings on the National Citizens Survey for questions related to “Character of the City” standing “Much Above” the

Williamsburg NCS ratings concerning “Character of the City” compared to the other cities and counties

*Source: National Citizens Survey

National Citizen Survey Results

Question (NCS page number)	Percent Rated “Good” or “Excellent”			Compared to 2012 National Benchmark
	2008	2010	2012	
Overall Quality of Life in Williamsburg (p.7)	78%	87%	87%	much above
Williamsburg as a place to live (p.7)	85%	88%	92%	much above
Your neighborhood as a place to live (p.7)	76%	81%	78%	similar
Recommend living in Williamsburg to someone who asks (p.7)	80%	84%	90%	above
Overall quality of new development in Williamsburg (p.17)	56%	60%	65%	above
Overall appearance of Williamsburg (p.17)	88%	91%	92%	much above
Cleanliness of Williamsburg (p.29)	91%	92%	91%	much above
Quality of overall natural environment (p.29)	76%	84%	87%	much above
Preservation of natural areas (p.29)	58%	60%	66%	much above
Sense of Community (p.38)	64%	66%	71%	above
Openness and acceptance of the Community towards people of diverse backgrounds (p.38)	51%	55%	61%	similar
Williamsburg as a place to raise children (p.38)	76%	88%	85%	much above
Williamsburg as a place to retire (p.38)	87%	89%	88%	much above

GOAL II

Increase employment opportunities, income, business success, and city revenues by supporting and promoting the city's economic base of heritage tourism and education, and other development and redevelopment opportunities.

A. Economic Development Strategic Plan

Adopt the Economic Development Strategic Plan by January 2013 and implement during the biennium.

Implement new or revise existing EDA programs to encourage and facilitate redevelopment and economic diversification. These programs may include adopting redevelopment tax benefits allowed in the State Code, enabling financing programs, establishing a "deal closing" fund, updating the Shop and Dine map, and finding other new ways to support and encourage new and existing businesses.

B. Economic Diversification Strategies

Finalize regional incubator details and consider regional revenue sharing as an element of by July 2013.

Analyze participation in regional entrepreneurship efforts - including economic gardening, access to regional incubation networks, venture capital strategies, and the William and Mary Mason School of Business - during the biennium.

Work with Riverside Healthcare Association to recruit compatible and regional professional service businesses to Class A office space at "Quarterpath at Williamsburg," offering a "hub" location for eastern Virginia - Richmond to Hampton Roads.

Work with Arts District owners and businesses to designate and market (e.g. banners, Shop and Dine map, events) the Arts District to customers and prospective businesses by March 2013.

C. Targeted Redevelopment Opportunities

Work as a partner with the private sector to identify and redevelop transitional properties, including City owned property at 906 Richmond Road (Tioga site) and 901 Capital Landing Road (Lord Paget site) during the biennium.

Identify and purchase properties for redevelopment where the City's ownership can spur private investment.

D. Foreign Student/Short Term Worker Orientation

Design a manageable and repeatable program to orient and connect foreign students and short term workers to the Williamsburg community in partnership with the Tourism Alliance and the College of William and Mary.

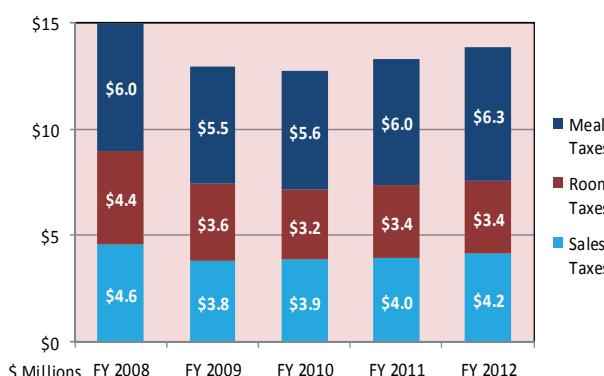

E. Destination Tourism Promotion

Engage the Greater Williamsburg Chamber and Tourism Alliance's transition to the region's complete destination marketing organization by 2014. Support the Alliance's promotion of September as Arts Month, including increasing the number of quality arts events; and promotion of other visitor draws, such as, the holiday season, spring garden tours, and athletic competitions; all in addition to promoting the traditional summer family vacation. Regularly assess progress against outcome measures of economic success.

Desired Outcomes**Observed Results**

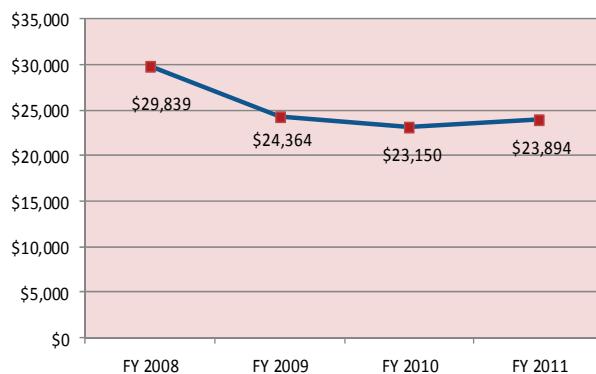

1. Increase city revenues from retail and hospitality tax sources by at least 2% annually.

**Tax Receipts From Meal, Room and Sales Taxes**

Average annual decrease over five years: -1.8%

*Source: Williamsburg Financial Department

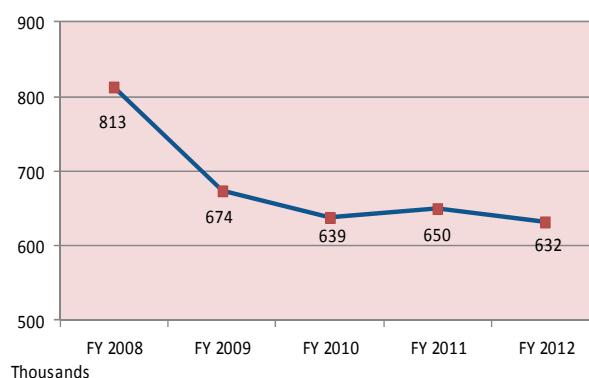

2. Increase the amount of retail sales in the city relative to city population per year.

**Per Capita Retail Sales in the city**

Average annual decrease over five years: -6.7%

*Source: Virginia Department of Taxation

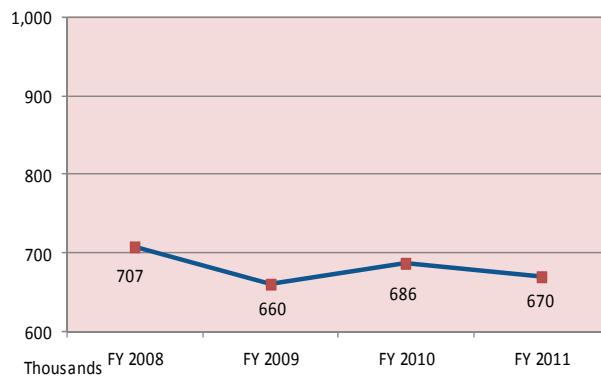

3. Return to a pattern of increasing room nights sold in the city by at least 3% per year.

**Hotel/Motel Room Nights Sold**

Average annual decrease over five years: -5.8%

*Source: Williamsburg Finance Department

4. Increase Colonial Williamsburg Foundation's ticket sales annually by at least 3%.

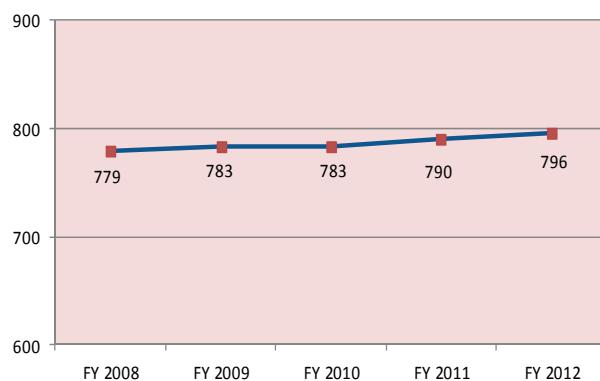

**Colonial Williamsburg Foundation Ticket Sales**

Average annual decrease over five years: -1.7%

*Source: Colonial Williamsburg Foundation

Desired Outcomes**Observed Results**

5. Increase total number of businesses operating in the city.

Business Licenses Issued by the City

Average annual increase over five years: .5%

*Source: Williamsburg Commissioner of Revenue

6. Increase the household income of city residents by at least 3% annually.

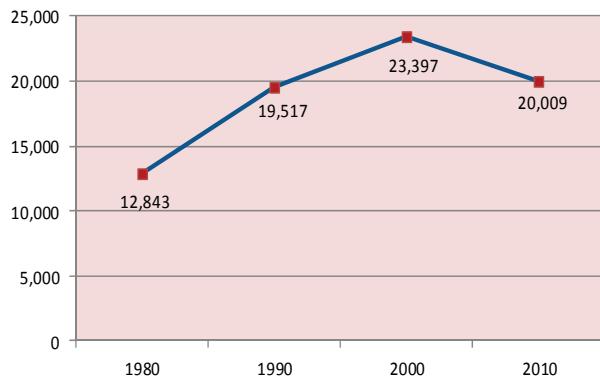

Medium Household Income of City Residents

Average annual increase over ten years: 3.2%

*Source: US Department of Commerce, Bureau of Economic Analysis (Wmsbg, JCC combined)

7. Increase employment opportunities with growth of in-city jobs from year to year.

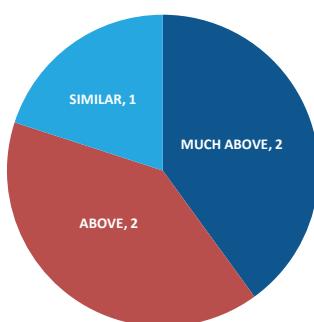

Number of Jobs Based in the City

Average annual decrease 2010 to 2010: -1.6%

*Source: Virginia Employment Commission

8. Achieve "Good" or "Excellent" ratings on the National Citizens Survey for questions related to "Economic Vitality" standing "Much Above" the national benchmark.

Number of Williamsburg NCS ratings concerning "Economic Vitality" compared to the other cities and counties.

*Source: National Citizens Survey

National Citizen Survey Results

Question (NCS page number)	Percent Rated “Good” or “Excellent”			Compared to 2012 National Benchmark
	2008	2010	2012	
Employment opportunities (p.20)	40%	35%	38%	above
Shopping opportunities (p.20)	76%	77%	72%	much above
Williamsburg as a place to work (p.20)	53%	60%	60%	similar
Overall quality of business and service establishments in Williamsburg (p.20)	65%	71%	71%	much above
Economic development services (p.21)	48%	49%	56%	above

**GOAL III**

Provide an effective transportation system compatible with the future land use plan, serving pedestrians, bicyclists and motorists, and promoting the expanded use of transit and rail.

A. Pedestrian Connections 

Construct the next set of pedestrian improvements by the end of the biennium, with particular emphasis on filling in gaps, calming traffic, and taking maximum advantage of VDOT's revenue sharing program for sidewalk construction. New sidewalks are proposed on Richmond Road (Waltz Farm Drive to Patriot Lane), Lafayette Street (Harrison Avenue to Wythe Street), Bypass Road (Route 132 to Parkway Drive), Parkway Drive (Bypass Road to Capitol Landing Road), Ironbound Road (Middle Street to former Fire Station site), Scotland Street (Prince George Street to King & Queen Apartments), Francis Street (end of existing sidewalk to Lafayette Street). Brick sidewalks are proposed on Prince George Street (Armistead Avenue to Scotland Street) and Armistead Avenue (Prince George Street to Scotland Street).

B. Ironbound Road Widening 

Prepare for the widening of Ironbound Road from Richmond Road to Treyburn Drive, including signalization of the Longhill Road intersection and undergrounding of overhead wires, as the City's next major road project scheduled for construction in 2016.

C. Quarterpath at Williamsburg Street Network 

Open Battery Boulevard to traffic linking Route 60 to Quarterpath Road, including sidewalk, trail and bikeway connections, in spring 2013, concurrent with the opening of Doctors' Hospital of Williamsburg.

D. Bike Friendly Community 

Apply for certification as a Bike Friendly Community from the League of American Bicyclists in 2013.

E. Transportation Center Vision 

Create a concept plan by 2014 for expanding the Transportation Center complex north of the CSX tracks on presently vacant property to demonstrate how the Williamsburg station could accommodate expanded intercity rail service (AMTRAK) in the future.

F. Williamsburg Area Transport 

Work with transit partners to maintain at least current levels of regional service, including the Williamsburg Trolley, in an era of declining and uncertain federal and state transit funding.

G. Prince George Street Streetscape  

Complete the reconstruction of Prince George Street from Boundary to Armistead during the biennium, to include wider brick sidewalks, new street lighting and street trees. This project will extend the Prince George Street 2004 improvements to the west. Find ways to draw customers to and from Merchants Square and the Delly area.

H. Route 60 East Corridor Improvements  

Reapply for federal "Alternative Transportation" and other grants to make improvements to the function and aesthetics of Route 60 from the eastern edge of the Colonial Williamsburg Historic Area to Busch Gardens. Lead the effort of the three Historic Triangle localities to obtain funding and make improvements during the biennium.

I. Page Street Underground Wiring 

Bury electric and telecommunications overhead wires along Page Street from the CSX railroad tracks north to the Colonial Parkway as the city's next major commercial corridor beautification project during the biennium.

Desired Outcomes

**GOAL IV**

Secure an ever safer community by enabling police, fire, emergency management and judicial operations to protect and serve city residents, visitors, businesses and historical assets.

A. Community Engagement for Public Safety

Undertake a number of initiatives to engage residents in building a safer community during the biennium; such as, a stronger School Resource Officer partnership with Berkeley Middle School; continued emphasis on police partnership with the Neighborhood Relations Committee for improved town/gown relations; more active Neighborhood Watch program – especially in the Merrimac Trail area; and continued emphasis on the Citizen Emergency Response Team (CERT) training and deployment.

B. Fire Department Improvements

Upgrade fire department facilities and equipment over the next two years, including: renovate staff quarters in the fire station; replace certain personal protective equipment and breathing apparatus for optimal safety; replace another medic unit; and explore a new EMS reporting system to improve recordkeeping and reduce emergency room turnaround times for medical response teams.

C. Police Field Reporting

Install new networked laptops in all police vehicles, coupled to law enforcement communication and records systems, as mobile data terminals to allow complete digital origination of police reports in the field.

D. Public Safety Physical Fitness

Strengthen the programs and policies of the police and fire departments to continually improve health and fitness; going beyond the lifestyle education and opportunities of the citywide program, to enforce job related fitness standards for all police officers and firefighters.

E. Public Safety Leadership and Technical Proficiency

Invest over the biennium in staff development to build leadership capacity and specialized skills; including advanced leadership/supervisory training for current and prospective senior police and fire officers; and specialized training, such as crisis intervention team, bicycle instructor, and emergency medical response for police officers.

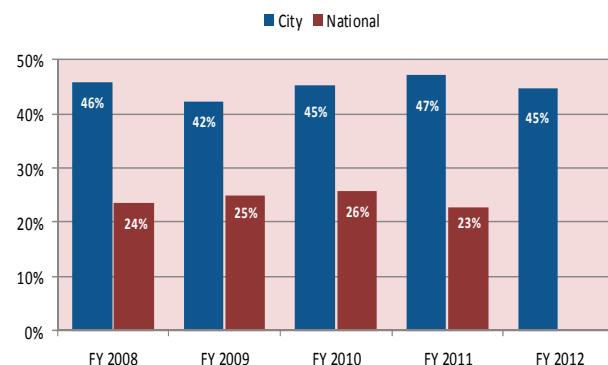

F. Emergency Public Information Enhancements

Explore and evaluate new means of enhancing communication of emergency public information to residents and visitors to build on existing methods, such as social media, news media, electronic communication and mass notification systems.

Desired Outcomes**Observed Results****1. Clear Part I crimes at a rate well exceeding the national average.**

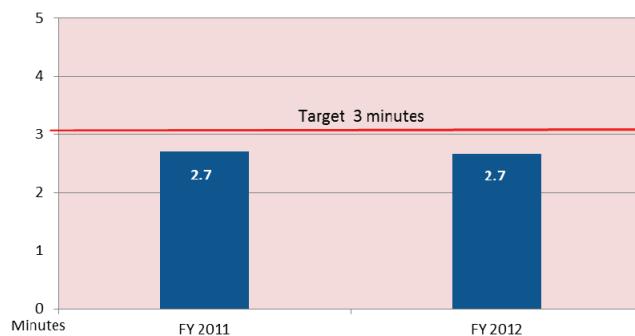

(Part 1 crimes are major crimes such as: murder, rape, robbery, assault, burglary, larceny and auto theft).

Clearance rate for Part I crimes for Williamsburg and nationally

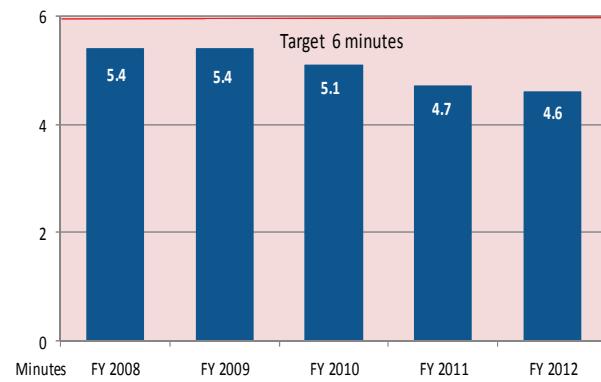

Williamsburg exceeds national rate by approximately 100%

*source: Williamsburg Police Department and FBI

2. Respond to Police calls for service averaging under 3 minutes from time of dispatch to arrival on scene.

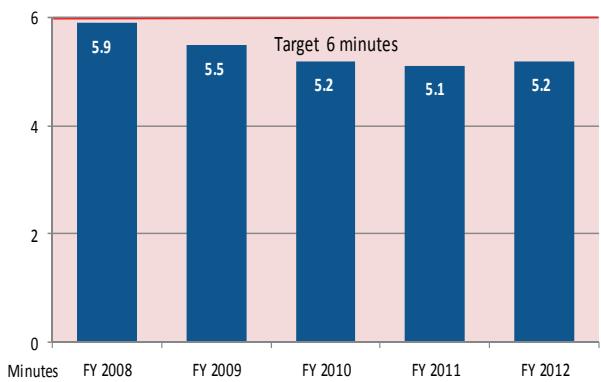

Average Police Response Time

*source: Williamsburg Police Department

3. Respond to calls for fire and non-EMS emergencies averaging under 6 minutes from time of dispatch to apparatus arrival on scene.

Average Fire Response Time

*source: Williamsburg Fire Department

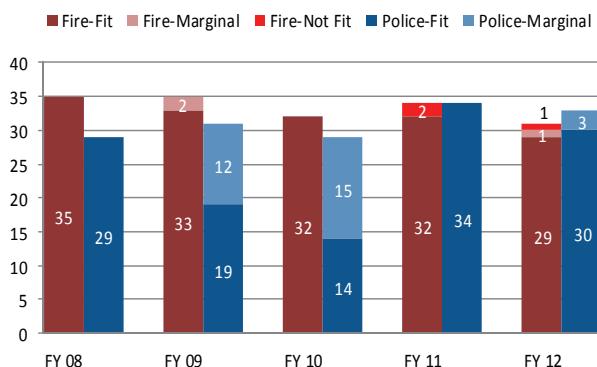

4. Respond to emergency medical (EMS) calls for service averaging under 6 minutes from time of dispatch to Advanced Life Support (ALS) arrival on scene.

Average ALS response Time

*source: Williamsburg Fire Department

Desired Outcomes**Observed Results**

5. Maintain “fitness for duty” as determined by annual medical and fitness evaluation for all police officers and firefighters.

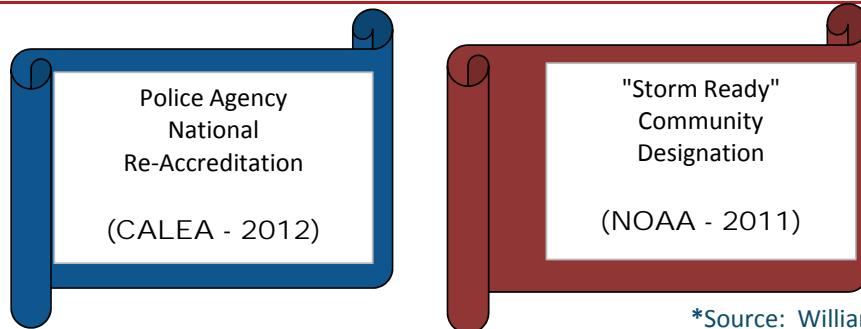

Percent of Police and Fire Personnel Found “Fully Fit” for Duty.

Police FY 12 : 91%

Fire FY 12: 94%

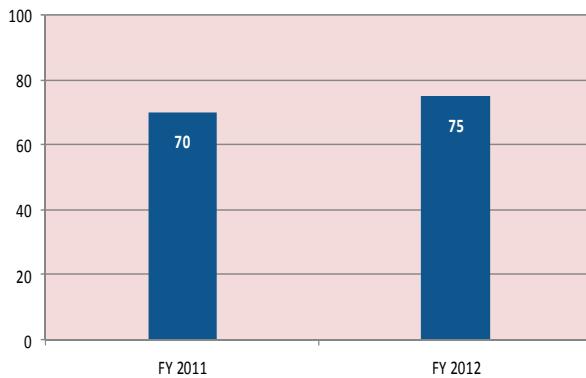

*Source: Williamsburg Police and Fire Departments

6. Maintain certifications of public safety and emergency readiness.

*Source: Williamsburg Police and Fire Departments

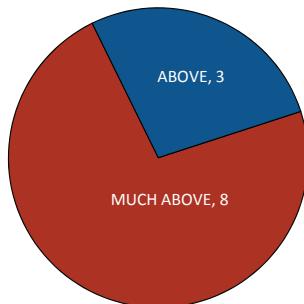

7. Increase and maintain the number of trained and functioning Neighborhood Response Teams in the City’s 8 CERT Sectors.

Number of Trained CERT Volunteers Available to Staff NRTs.

*Source: Williamsburg Human Services

8. Achieve “Good” or “Excellent” ratings on the National Citizens Survey for questions related to “Public Safety” standing “Much Above” the national benchmark.

**GOAL V**

Seek opportunities and implement programs that address the educational, health, social, housing, economic and workforce training needs and expectations of city residents and workers.

A. Williamsburg Redevelopment and Housing Authority (WRHA) Integration

Enter into a memorandum of understanding with WRHA creating a formal, integrated operating structure between the city and WRHA, and create a citizen housing advisory committee to provide input and feedback on public housing; by March 2013.

B. Blayton Elderly Housing Expansion A small red apple icon with a green stem and leaf is positioned to the right of the section title.

Research viable funding opportunities and development partners as a joint City/Williamsburg Redevelopment and Housing Authority (WRHA) venture, to expand low and moderate income elderly housing on Blayton property during the biennium.

C. Youth Achievement A small red apple icon with a green stem and leaf is positioned to the right of the section title.

Expand the after-school component of the city's year round Youth Achievement Program to include career, dance and Outward Bound activities starting in January 2013 for approximately 50 city children. Evaluate results to determine continuation of program components during the biennium. Coordinate city efforts with school engagement initiatives which also target Youth Achievement children and families.

D. Senior Support A small red apple icon with a green stem and leaf is positioned to the right of the section title.

Expand the scope of services over the biennium to approximately 50 additional senior for in-home visitation by volunteers, and coordination of more intensive services as needed, such as transition to assisted living and nursing care.

E. Homeless Prevention A small red apple icon with a green stem and leaf is positioned to the right of the section title.

Assist the new consortium of churches in the region (Greater Williamsburg Outreach Ministries) to provide temporary and transitional shelter integrated with the city's ongoing work to prevent homelessness and move city residents in crisis into stable housing.

F. SNAP at Farmers Market

Implement Supplemental Nutrition Assistance Program (SNAP) at the Williamsburg Farmers Market during the 2013 market season to provide healthy, fresh produce and products to SNAP eligible families in the region.

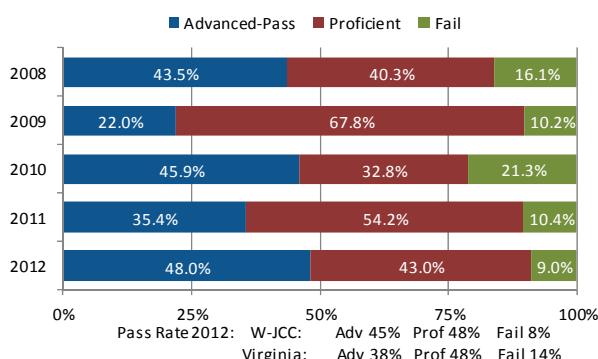

G. Fourth Middle School

Work with the Williamsburg/James City County Schools and with James City County to be ready to open a fourth middle school when required. This includes the work of the joint chief administrative officer committee to study relocation of the School's Central Office to a permanent, efficient and effective building; and renovation and/or replacement of the existing James Blair facility as the fourth middle school. Negotiate the respective city share of these improvements with James City County during the biennium.

Desired Outcomes**Observed Results**

1. Achieve passing scores for W/JCC students residing in the city of at least 95%.

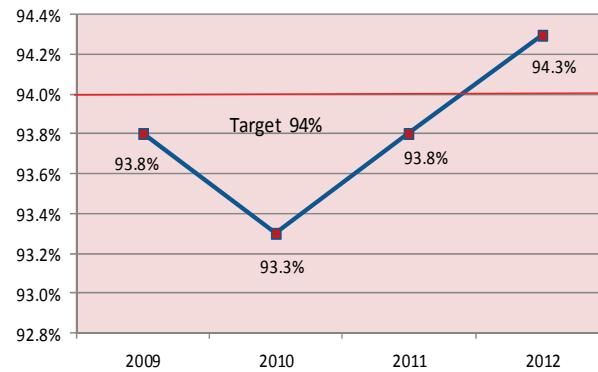

3rd Grade Reading Passing Rate for the SOLs at Matthew Whaley Elementary School:

Passed in FY 12: 91%

*Source: W/JCC Schools

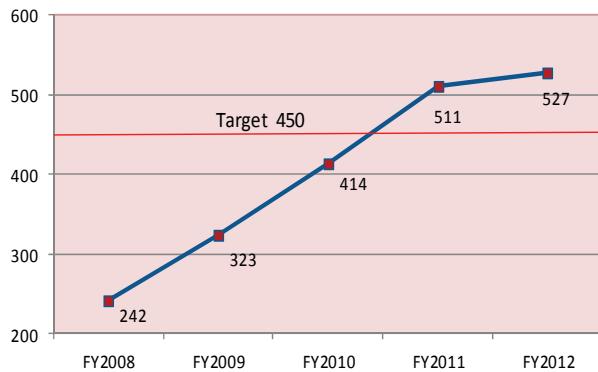

2. Achieve annual attendance rates for W/JCC students residing in the city of at least 94%.

Average Annual School Attendance Rates for City Children

*Source: W/JCC Schools

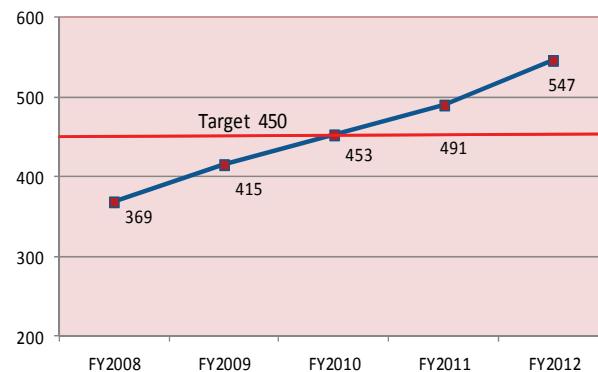

3. Reduce and maintain the number of city resident families requiring food stamp (SNAP) at less than 450 on average.

Average Number of Families Receiving Food Stamps in City.

*Source: Williamsburg Human Services

4. Reduce and maintain the number of city residents requiring Medicaid at less than 450 on average.

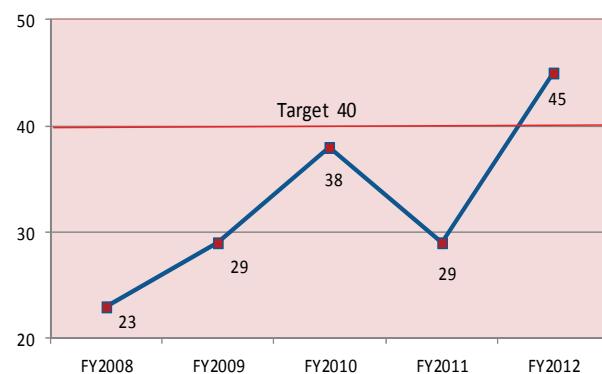

Average Number of Residents Receiving Medicaid Benefits in City

*Source: Williamsburg Human Services

Desired Outcomes**Observed Results**

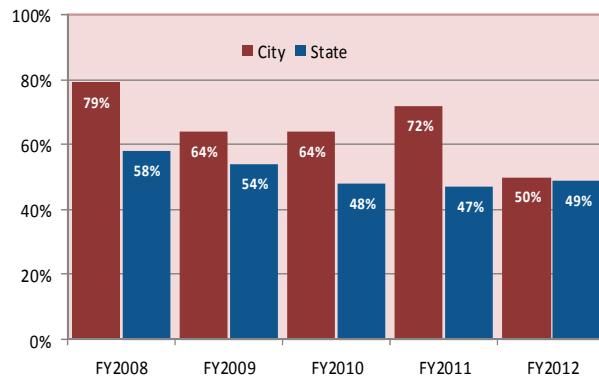

5. Reduce and maintain the number of city residents requiring Temporary Aid for Needy Families (TANF) at less than 40 on average.

Average Number of Residents Receiving Temporary Aid for Needy Families in City

*Source: Williamsburg Human Services

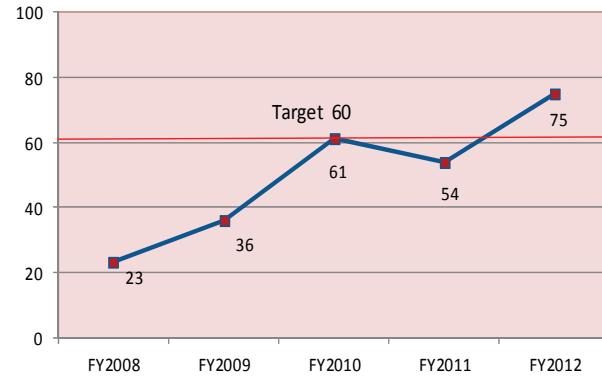

6. Exceed statewide success rate of VIEW (VA Incentive for Employment Not Welfare) program participants at finding jobs.

Percent of Participants Finding Employment

*Source: Virginia Department of Social Services

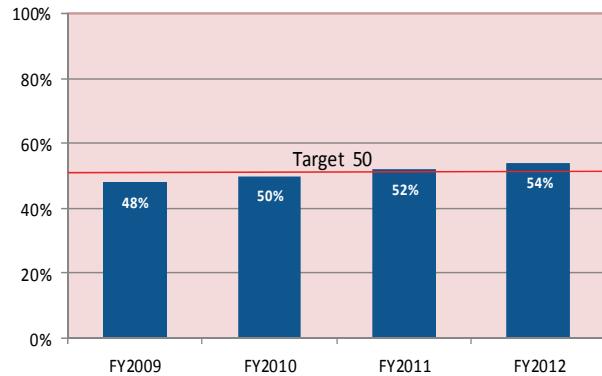

7. Increase and maintain the number of city youth that participate in the city's youth achievement program at 60 children.

Number of Youth Achievement Program Participants

*Source: Williamsburg Human Services

8. Maintain 50% or more of for-sale housing units in the City at less than \$250,000 to provide affordable housing.

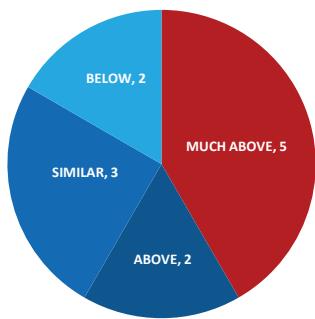

Percent of Residential Properties Valued at \$250,000 or Less.

*Source: Williamsburg City Assessor

Desired Outcomes**Observed Results**

9. Achieve “Good” or “Excellent” ratings on the National Citizens Survey for questions related to “Education and Human Services” standing “Much Above” the national benchmark.

Williamsburg NCS ratings concerning “Education and Human Services” compared to the other cities and counties.

*Source: National Citizens Survey

Availability of affordable quality food (p.36)	---	72%	67%	above
Availability of preventive health services (p.36)	52%	60%	66%	above
Health and wellness services (p.37)	65%	73%	78%	much above
Availability of affordable quality child care (p.38)	28%	35%	48%	similar
Services to seniors (p.40)	75%	79%	79%	much above
Services to youth (p.40)	50%	55%	56%	similar
Services to low-income people (p.40)	37%	42%	49%	similar
Availability of affordable quality Housing (p.15)	20%	30%	38%	below
Variety of housing options (p.15)	36%	42%	53%	below

**GOAL VI**

Add to the quality and availability of cultural and recreational facilities and programming, as might be typically available only in larger communities, to meet the needs and expectations of city residents and visitors.

A. Sports Tourism

Support the Greater Williamsburg Chamber and Tourism Alliance in assessing facility needs for sports tourism and in hosting athletic competitions which add significantly to overnight visitation. Specifically, support events such as the 2013 National Softball Association (NSA) World Series Fast Pitch Softball tournament (July 22-28) by providing city softball fields and facilities, and provide public safety support for the Revolutionary 3 Half Triathlon (June 2013). Continue to build participation in "Run for the Dream;" and add more races.

B. Country Road West

Work with Colonial Williamsburg Foundation and James City County to retain the Country Road between the Historic Area and Kingsmill as a hiking and biking trail before the end of the biennium.

C. Waller Mill Park Improvements

Replace the bulkhead and permanent boardwalk, replace existing permanent dock with a floating dock, and reconfigure the boat ramp in fall 2014. Establish a garden at Waller Mill Park in partnership with Virginia Dominion Power for the purpose of education and outreach by November 2012.

D. Quarterpath Park and Recreation Center Improvements

Replace roof on the Quarterpath Recreation Center which also serves as the City's Emergency Shelter and the location of the IT Department's backup servers in July 2013. Resurface the tennis courts weather permitting by early spring 2013. Make a decision on the future of Quarterpath Pool by fall 2012 and implement decision.

E. Neighborhood Parks ADA Compliance

Assess the current condition of the City's park system to determine if the parks are compliant with the standards set forth in the ADA before the 2015 regulatory deadline.

F. Kiwanis Park Improvements 

Resurface tennis courts and basketball court by early spring 2013. Develop unlighted infield portion of 4th softball field during fall 2012, and the full field by 2014. Install safety netting on softball fields along the sideline fence to protect spectators from errant thrown and batted balls during winter 2013.

G. Friends of the Park Program 

Grow the Friends of the Park program to at least 20 volunteers in 2013 to support the operations and maintenance needs in city parks.

H. Great City Walks App 

Develop a mobile device App for the Great City Walks trail guide during 2013.

I. Future of This Century Art Gallery

Work with and assist This Century Art Gallery on a future gallery location within the city limits.

J. Future of Quarterpath Pool 

Decide upon the future of the pool at Quarterpath Recreation Center and take initial steps to implement the decision. Ensure city children have effective opportunities to learn to swim.

Desired Outcomes**Observed Results**

1. Increase the total number of recreation program participants (consistent with percent of city resident participants and cost recovery goals below).

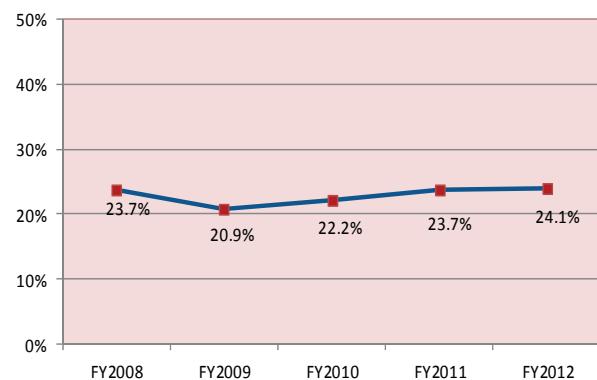

Total Number of Participants in all P&R Programs.

Average annual increase over five years: 9%

*Source: Williamsburg Parks and Recreation

2. Increase the percent of city resident participants in recreation programs relative to total number of participants.

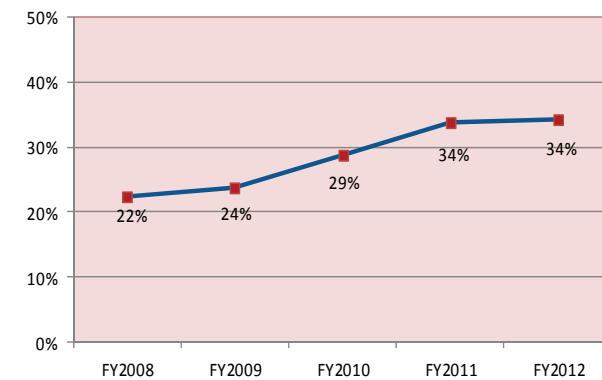

Percent of Total P&R Program Participants who are City Residents

Average annual increase over five years: near level

*Source: Williamsburg Park and Recreation

3. Increase percentage of total Parks and Recreation operating costs covered by user fees.

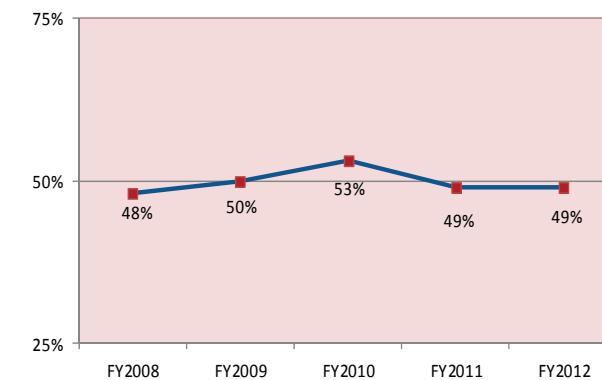

Percent of Total P&R Operating Costs Covered by User Fees

Average annual increase over five years: 3%

*Source: Williamsburg Parks and Recreation

4. Achieve a rate of active library cards held by residents (including William and Mary students) of at least one half of total population.

Percent of City Population Holding a Valid Library Card

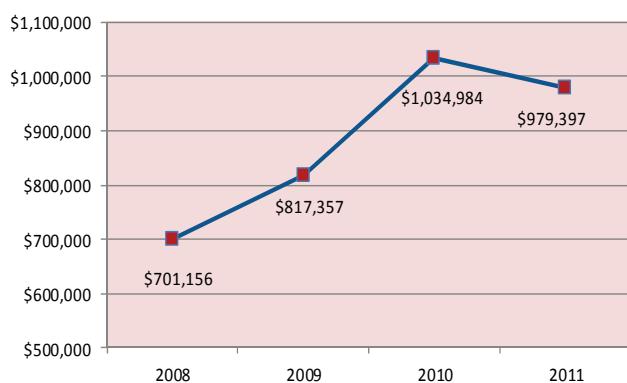

7055 cards in FY12

*Source: Williamsburg Regional Library

Desired Outcomes

Observed Results

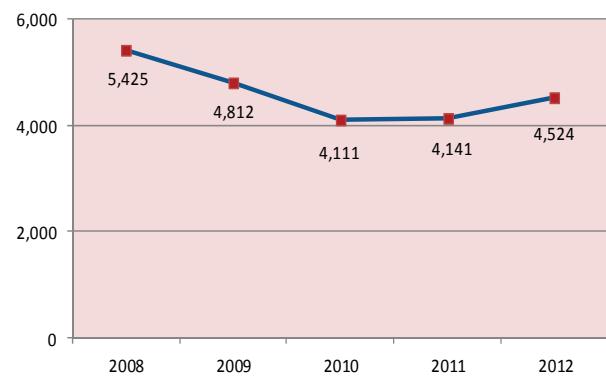

5. Achieve Williamsburg Farmers Market annual vendor sales of at least \$1 million

Farmers Market Total Sales by Vendors

*Source: Williamsburg Farmers Market

6. Increase attendance at the Virginia Arts Festival's annual *"Festival Williamsburg"* events each year.

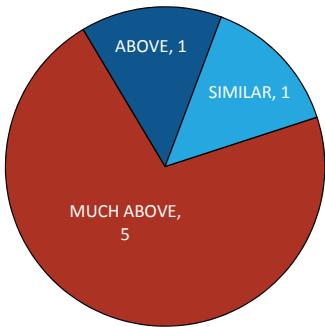

Number of General Public and Students Attending Festival Williamsburg Events

Average annual decrease
over five years: -4%

* Source: Virginia Arts Festival

7. Achieve “Good” or “Excellent” ratings on the National Citizens Survey for questions related to “Recreation and Culture” standing “Much Above” the national benchmark.

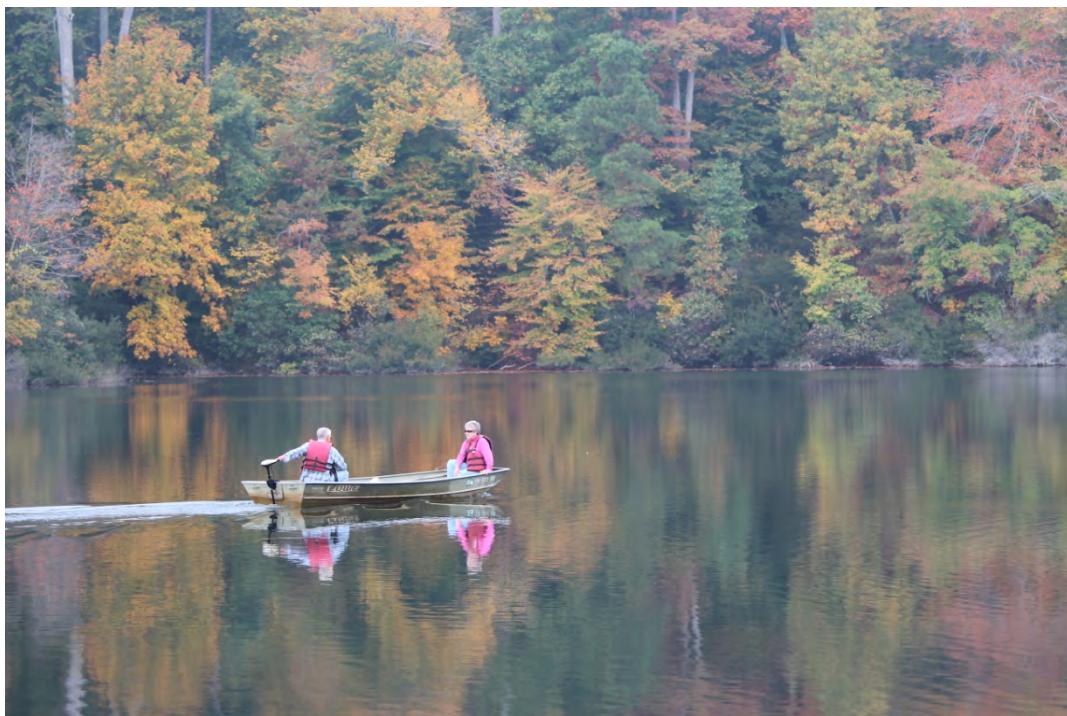

Williamsburg NCS ratings concerning “Recreation and Culture” compared to the other cities and counties.

*Source: National Citizens Survey

National Citizen Survey Results

Question (NCS page number)	Percent Rated “Good” or “Excellent”			Compared to 2012 National Benchmark
	2008	2010	2012	
Recreational opportunities (p.32)	73%	73%	71%	much above
City Parks (p.33)	87%	91%	87%	similar
Recreation programs and classes (p.33)	74%	87%	84%	much above
Recreation centers and facilities (p.33)	74%	86%	83%	much above
Public library services (p.35)	91%	94%	94%	much above
Opportunities to attend cultural activities (p.34)	63%	72%	76%	much above
Availability of paths and walking trails (p.9)	54%	62%	69%	above

**GOAL VII**

Build an evermore sustainable and healthy city pursuing multiple strategies for conservation and restoration, and providing essential environmental services related to drinking water, waste water, stormwater and solid waste.

A. Stormwater Management 

Implement requirements of various existing and proposed state and federal stormwater runoff regulations, in 2013 and 2014. Complete annual reports outlining activities by October each year, avoiding if possible, imposition of a stormwater utility tax.

B. Wastewater Treatment 

Meet deadlines in the Virginia Department of Environmental Quality (DEQ) Consent Order during the biennium. Use video inspections of sanitary sewers city wide to find and fix piping and manholes in order to reduce inflow and infiltration (I&I) into the system. Participate in the regional wastewater consolidation study underway which would put the locality sewer systems under one agency - Hampton Roads Sanitation District.

C. Drinking Water Conservation

Promote water conservation through community outreach programs and events, such as Hampton Road Water Efficiency Team, Williamsburg Farmers Market, Earth Day events, and public relations activities during the biennium.

D. Drinking Water System 

Procure engineering consultant by 2014 to develop plans and specifications for painting of three water tanks. Replace approximately 200 linear feet small diameter galvanized water lines. Work with new development projects such as Quarterpath at Williamsburg to enhance the water system concurrent with development.

E. Extraordinary Environmental Enterprise

Maintain highest level of certification by the Department of Environmental Quality (DEQ) as an "Extraordinary Environmental Enterprise – E4" for the Public Works complex.

F. Voluntary Residential Refuse Collection

Extend on a voluntary basis curbside refuse collection to at least two additional neighborhoods using distinctive carts with the city seal during the biennium.

G. Expanded Recycling/Reuse

Increase business recycling in the city, specifically in the Merchants Square area. Add more types of plastics to the curbside program, and investigate larger bin options. Work with Virginia Peninsulas Public Service Authority to bid and award new multi-year contract for residential recycling program in FY14. Explore feasibility of holding a “Shred-it” event, which provides residents with a secure mobile paper shredding and document destruction service.

H. Waller Mill Watershed 

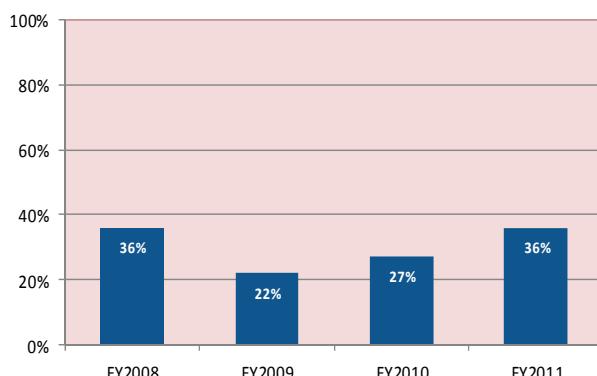

Finalize purchase of two parcels of land in the watershed in 2012 and look for other opportunities to purchase property. Secure a permit from the Virginia Department of Conservation and Recreation to maintain and operate the Waller Mill dam which has been reclassified as a high hazard dam.

Desired Outcomes

Observed Results

1. Recycle 37.5% of solid waste stream (150% of Virginia's 25% recycling goal).

Percent of Waste Stream Recycled (145% of stated goal in 2011).

145% of stated goal in 2011

Recycling (p.31)	74%	81%	81%	above
Garbage collection (p.31)	91%	79%	90%	above

★ GOAL VIII: Citizen Engagement/City Governance INITIATIVES ★

GOAL VIII

Continuously improve the effectiveness of city government and its partnership with the people who live, work, and visit here to fulfill Williamsburg's vision for the future.

A. Stryker Center – City/Library Partnership

Replace the 1967 Stryker Building with a facility to include a City Council chamber and conference room, community gallery/exhibit space, public meeting rooms, music and entertainment and Library administrative space. Technology for video production and origination, educational and cultural programming, film screen, and all kinds of community meetings and activities, would be shared by the City and Library. Open the new facility by the end of 2014 as the next major addition to the “City Square” municipal center.

B. Community Engagement

Enhance volunteerism and citizen engagement. Specific ideas include more effective on-line recruiting of citizens to serve on Boards and Commissions, and launching “Friends of the Park” (See Goal VI: Recreation and Culture). Adopt a statement of expectations based citizen input by June 2013 for neighborly behavior called “Customs and Courtesies,” which becomes a widely recognized and respected code of conduct, but without the force of law.

C. Neighborhood Relations Committee

Support the work of the Neighborhood Relations Community (composed of city, college, student, resident and landlord representation) to build partnerships and resolve problems in neighborhoods near the College to continue progress in town/gown relations over the biennium.

D. Employee Succession

Prepare and act during the upcoming biennium to replace key city staff members upon their projected retirement to perpetuate excellence in the city workforce and uphold responsive and effective city services.

E. Performance Management System

Expand the use of automated, individual performance dashboards to at least two-thirds of city employees by the end of the biennium, and incorporate dashboard measures in to city budget and goal setting document. Expand number and usefulness of “public dashboards.” Retain ICMA “Certificate of Excellence” from the Center for Performance Measurement.

★ GOAL VIII: Citizen Engagement/City Governance INITIATIVES ★

F. Employee Health & Wellness

Take the City's recently adopted Health & Wellness Program to the next level and demonstrate outcomes and degree of effectiveness. Find ways to connect the in-house program to community initiatives to encourage healthy lifestyles.

G. Leadership Philosophy

Enable and encourage a workplace culture where all employees take increasing personal and joint ownership for the effectiveness of city government and for outcomes in the community. Adopt a formal "leadership philosophy" statement and take steps to infuse it into the city organization at all levels during the biennium.

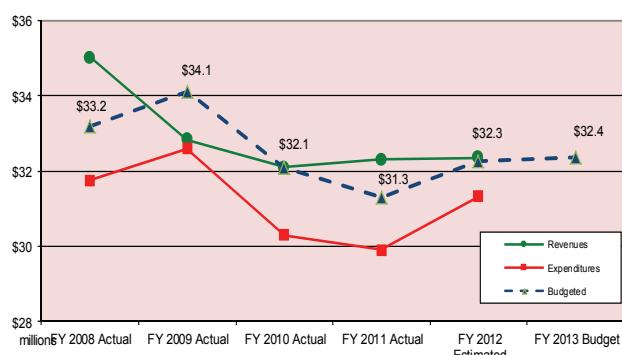

★ GOAL VIII: Citizen Engagement/City Governance OUTCOMES ★

Desired Outcomes

Observed Results

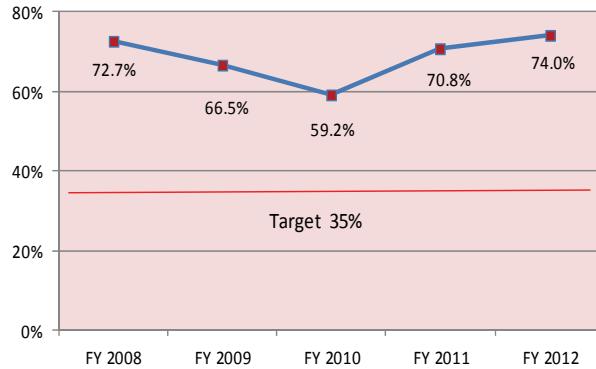

1. Exceed budget expectations by having operating revenues exceed operating expenditures each year.

Annual Operating Revenues Compared to Budget and to Actual Expenditures

*Source: Williamsburg Finance Department

2. Maintain sound fiscal health by exceeding city's 35% operating reserve policy.

Percent of Unreserved General Fund Balance Compared to the Amount of the Annual Operating Revenues

*Source: Williamsburg Finance Department

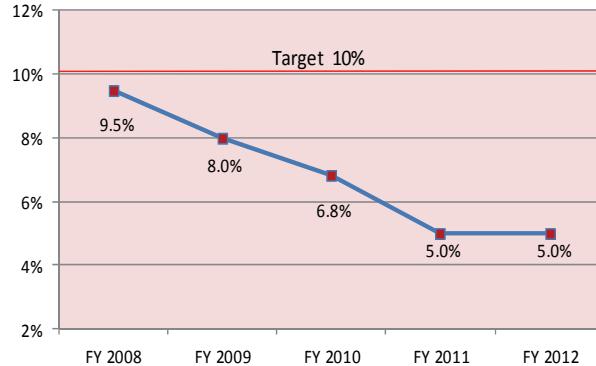

3. Retain certifications in financial reporting, budget presentation, and performance measurement.

Certificates of Achievement

INTRODUCTION

THE CITY'S VISION

Williamsburg will become an evermore safe, beautiful, livable city of historic and academic renown, served by a city government-cohesively led, financially strong, always improving—in full partnership with the people who live, work and visit here.

DEPARTMENTAL BUDGET SUMMARY AND PERFORMANCE METRICS

The preceding section on Biennial Goals and Initiatives links the City Council eight broad goals to specific accomplishments of 64 initiatives and to the Capital Improvement Program. Further, the preceding section identifies desired community outcomes and observed results which relate to each goal.

This next section aligns budget and performance data to the operating departments of the city. For each department a summary page includes the department mission and expenditures and staffing, covering four years. Importantly, desired community outcomes related to each department, and observed results, are shown. Many of these measures parallel the measures arrayed under the ten goals in the preceding section, including the use of the National Citizen Survey™ results.

Finally, under each department are the budgetary Cost Centers which comprise that department. Detailed here is information on four years of expenditures and staffing, and performance trends, projections, and targets. Performance metrics – including workload measures, efficiency measures and other useful indicators of performance – are shown with operating data for the last two fiscal years, the projected number for the current year, and the target or expected number for next year.

OFFICE OF CITY MANAGER

Jackson C. Tuttle, City Manager

Mission

To provide leadership, strategic direction, and administrative oversight to all aspects of City operations.

Total	896,007	7.5	945,331	7.5	968,178	8.5	1,075,655	8.5

Outcomes and ResultsDesired Outcome

Implement all 78 initiatives in City Council's 2011/2012 Biennial Goals and Initiatives document.

Maintain an "overall quality of life" in Williamsburg higher than national benchmark on the National Citizen Survey.

Maintain excellent financial condition as evidenced by an unreserved General Fund balance of 35% of the annual budget.

Results

August 2012 update showed 14 completed, 54 progressing on schedule, and 10 behind schedule.

Latest National Citizen Survey from June 2012 revealed 87% of citizens rated City "good" or "excellent", and much above National Benchmark.

Latest FY2012 Comprehensive Annual Financial Report's unassigned fund balance was \$25.3 million, or 77.7% of General Fund operating revenues.

Total	871,690	11	897,501	11	901,498	10	880,167	10

Outcomes and ResultsDesired Outcome

Receive (1) the GFOA Certificate of Achievement for Excellence in Financial Reporting; and (2) the GFOA Distinguished Budget Presentation Award.

Maximize yield on investments in the low interest rate environment, while also maintaining City policy requirements of safety and liquidity.

Maintain property tax collection rates of at least 98% annual.

Results

Received 26th consecutive financial reporting award in April 2012; received 20th consecutive budget presentation award in November, 2012.

Continued to diversify investment portfolio, with \$14.1M earning average yield of .60% and fully insured by FDIC, with additional \$7 M in collateralized certificates of deposit—weighted average yield for FY 2012 approximately .64%.

Real estate collection rates for FY 2012 were 98%, with personal property collections of 97%.

Capital Outlay	0	0	0	0
Total	546,228	627,441	629,193	627,080

Outcomes and ResultsDesired OutcomeResults

Expand the use of the City's web site to conduct City business by increasing eGov transactions and online payments at least 10% annually.

eGov transactions were up by 541 or 9.2% for FY2012, with total receipts of \$795K, up 31.4% from FY2011.

Increase citizen visitation to the City Website, as reported by the National Citizen Survey.

73% of respondents indicated that they had visited the City website at least once during FY 2012.

Increase functionality of city-wide Performance Measurement System. Continue to develop dashboards for staff.

Dashboards were developed for all department heads during early FY 2011. Dashboards have been developed for 75% of supervisory staff.

**City is part of consolidated E-911 operations with neighboring York County*

Outcomes and Results**Desired Outcome**

All citizens perceive Williamsburg as a "safe" community.

Results

98% of June 2012 National Citizen Survey (NCS) respondents rated Williamsburg's sense of safety in neighborhoods as "very or somewhat safe" during the day, with a corresponding response of safety "after dark" of 81% of respondents.

All citizens perceive the quality of police services as good to excellent.

88% of June 2012 NCS respondents police services as good to excellent, above the national comparison.

Maintain a Part I crime clearance rates in excess of national averages.

FY 2012 Part I crime clearance rate was 44.4%, compared with latest national published rate of 33.9%.

Maintain less than 3.5 minute average response time for calls for service.

The average Police response time for emergency calls during FY 2012 was 2.7 minutes.

Outcomes and ResultsDesired Outcome

Maintain an average fire response time of 5 minutes or less, from the time calls are received to arrival of first apparatus on the scene.

Maintain an average response time of 5 minutes or less for medical emergencies, from the time calls are received to arrival of first apparatus on the scene.

Perform fire prevention inspections of all commercial facilities in the City according to their type of occupancy guidelines.

All citizens perceive the quality of fire services as good to excellent.

Results

Average response time for all fire incidents was 4.7 minutes for FY2011, and 4.6 minutes for FY2012.

Average response time for all EMS incidents was 5.2 minutes for FY2011 & FY2012.

In FY2012 the Fire Prevention Bureau completed 375 inspections out of a projected 800 for a 47% completion rate.

95% of June 2012 National Citizen Survey respondents rated fire services as good or excellent, above the national comparison. EMS services were rated 92% as good or excellent.

Outcomes and ResultsDesired Outcome

Maintain City streets in good to excellent condition by overlaying streets annually at a rate of 4,500 tons of asphalt.

Replace overhead power lines with underground lines throughout the City, particularly along entrance corridors at a rate of 1,000 feet per year.

All citizens perceive the quality of public works service at very good or better.

Results

Paving was completed in 2012, with a total of 4,793 tons of material used.

In FY2009 Dominion Va Power franchise was re-negotiated. 700 ft. of overhead wiring on Ironbound Rd. was converted in FY2012. Since 1982, about 6 miles have been placed underground in the City.

"Good" or "excellent" citizen responses to the June 2012 National Citizen Survey were as follows: 90% for garbage collection, 81% for recycling, 82% for yard waste pick-up, and 77% for street cleaning.

Outcomes and Results**Desired Outcome**

Provide and maintain recreational facilities, active and passive parks in excellent condition as perceived by citizens.

Provide high satisfaction with recreational opportunities, programs, and classes as rated by citizens.

Maintain friendly, safe, and clean parks and facilities as rated by users.

Results

June 2012 National Citizen Survey (NCS) showed 87% & 83% of citizens rated City parks & facilities, respectively, "good" or "excellent".

NCS also revealed "good" or "excellent" ratings were submitted by 71% of citizens for recreational opportunities, and 87% for programs & classes.

In-house email & website survey in October 2011 revealed that on average, 93% of the 333 respondents agreed or strongly agreed they felt a sense of safety and security in facilities and operations. In addition, at least 88% of respondents agreed or strongly agreed facilities were clean and well maintained.

PLANNING & CODES COMPLIANCE

Reed T. Nester, AICP, Planning Director

Mission

Guide the physical development of the City as recommended by the Comprehensive Plan, and protect the health, safety and welfare of citizens and businesses through the enforcement of land development ordinances and building and property maintenance codes.

Cost Centers

1. Planning
2. Codes Compliance

Expenditures and Staffing

	FY 2011		FY 2012		FY 2013		FY 2014	
	Actual	FTE	Actual	FTE	Budget	FTE	Proposed	FTE
Planning	475,287	4	451,486	4	539,130	4	487,674	4

Total	802,578	8	743,670	8	867,042	8	818,492	8

Outcomes and ResultsDesired Outcome

Protect the visual and historic character of the City through an effective architectural review program.

Protect the environmental character and quality of the City through enforcement of City and State environmental regulations (Chesapeake Bay Preservation and Erosion & Sedimentation Control regulations).

Protect the character and quality of the City's residential neighborhoods through proactive enforcement of the Property Maintenance Code and Rental Inspection Program.

Results

48% of City land is subject to review by the Architectural Review Board. ARB reviewed 131 cases in FY2012, approving 98%.

60% of the City is subject to Chesapeake Bay protection regulations. In FY2012 Planning Commission and staff approved 3 site plans complying with these regulations. 1,037 inspections were performed to ensure compliance with erosion & sedimentation control regulations.

In FY2012, there were 1,083 Property Maintenance Code inspections and 269 Rental Inspection Program inspections performed. 99% of Property Maintenance and 100% of Rental Inspection cases were brought into voluntary compliance.

Total—Net Expenditures	1,153,886	13	1,320,411	13	1,248,063	13	1,273,409	13

Outcomes and ResultsDesired OutcomeResults

Reduce truancy and adjudication of City youth through prevention programs.

24 youth participated in regular mentoring thru the Youth & Family Services Division of the department. 13 youth also participated in a weekly Tae Kwon Do program.

Provide additional support to prevent homelessness or loss of primary residence.

During FY 2012 an Outreach Counselor saw 495 individuals, representing 310 households who were at risk of losing their primary residence. Individuals were referred to other agencies, or direct payment was made to landlords.

Increase family engagement practices to enable the child & family to have a significant role in service planning and to facilitate family reunification.

During FY 2012 a social worker completed 40-hour Family Partnership facilitation training—a total of 4 Family Partnership meetings were conducted for CPS and foster care cases.

Provide high level of services to senior citizens as perceived by citizens.

79% of the June 2012 responses to the National Citizen Survey rated services to seniors as “good” or “excellent”, level with the 2010 Survey.

Budget Summaries

City of Williamsburg Fiscal Year 2014 Proposed Budget

INTRODUCTION

The Summary Section provides an overview of all budgeted funds for the upcoming year. These include the General Fund, Sales Tax Fund (which provides for general capital improvements), Public Assistance Fund, and the Utility Fund (which also includes capital improvements).

Revenues and expenditures/expenses are categorized by type, in accordance with recommended standard formats of the Government Finance Officers Association, enabling consistency and comparability between all forms of local government.

General Property Taxes - All real estate, public service, personal and business property taxes, including penalties and interest, are included. Real estate property reassessments for residential properties are expected to increase about 3.6%, and commercial values up 4.9%, largely from new construction of Doctor's Hospital at the Riverside development. The real estate tax rate remains unchanged at \$.57/\$100. Overall real estate taxes are estimated to be \$9.46 Million for FY 2014. Personal property tax receipts are budgeted at \$2.6 Million, with no change in the \$3.50/\$100 tax rate. Identification of vehicles in the City thru State DMV records continues to improve accuracy of vehicles located in the City, as vehicle decals are no longer required. The tax relief rate for FY2014 personal use vehicles is estimated to be 58%. Total property taxes, including penalties and interest, are expected to increase 2.8% from last year's levels.

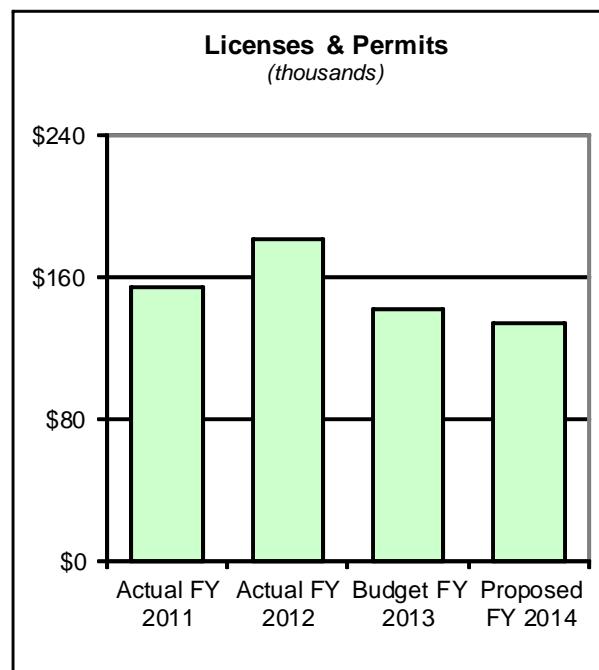

Other Local Taxes - This category consists of consumer utility taxes, communication sales taxes, business and franchise, bank stock, recordation, cigarette, room, meal, and \$2 lodging taxes. Utility taxes are based on residential and commercial usage. Overall, other local tax receipts are estimated to decrease slightly by .5% for FY 2014. Room tax collections are estimated to be \$3.3 Million, down about 2% from collection estimates for FY 2013. Meal taxes receipts are estimated to be \$6.37 Million for FY 2014, up about .4% from collection estimates for FY 2013. The economic recession and its affects on tourism tax collections are discussed in greater detail in the City Manager's Budget Message.

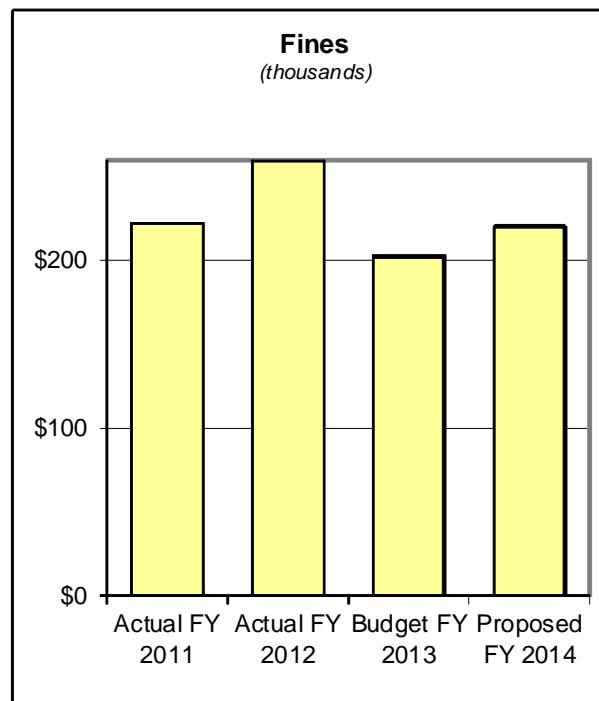

CITY OF WILLIAMSBURG – GENERAL FUND – FISCAL YEAR 2014

REVENUE HIGHLIGHTS

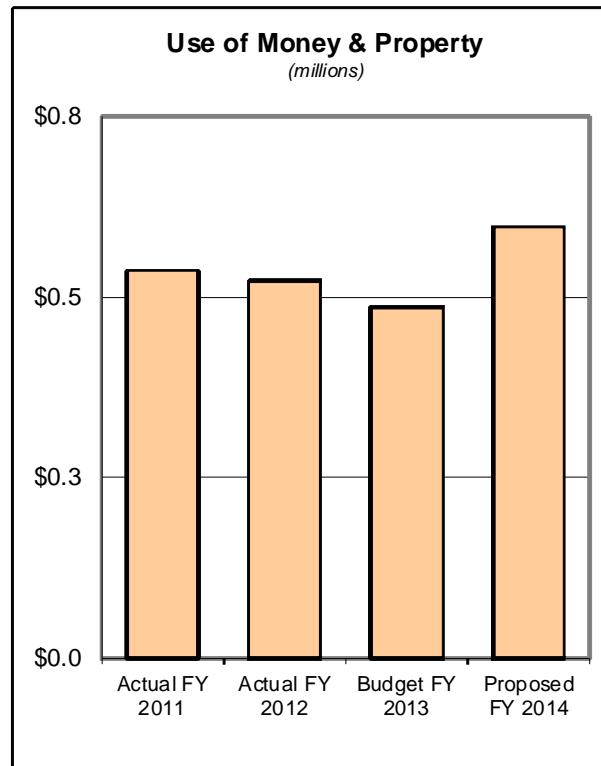

Licenses and Permits - Licenses and permits consist of city-wide on-street parking, building, electrical, plumbing, mechanical, sign, and various inspection fees. The last several years have experienced fluctuations, largely from the High Street Williamsburg, Riverside, and Quarterpath Crossing projects. Receipts were \$181,806 in FY2012. Receipts for FY 2014 are budgeted at \$134,630.

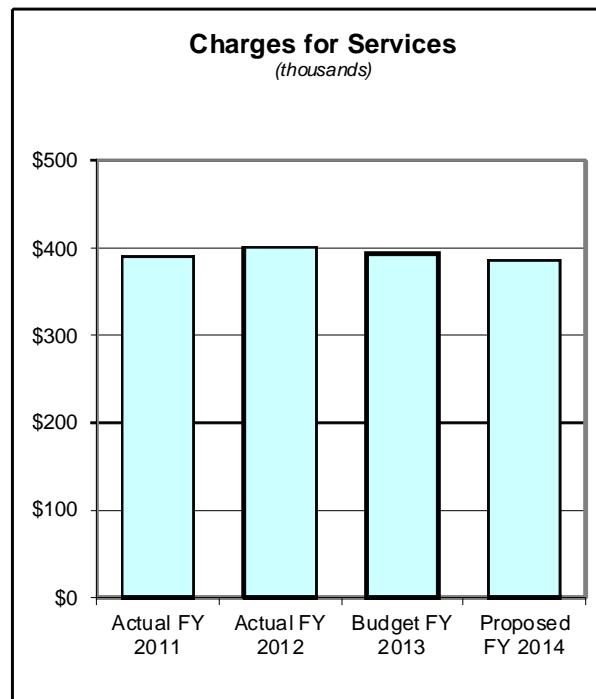

Fines - Court fines, parking citations, and code violations make up this revenue classification. Court fines are collected by the Clerk of Circuit Court and remitted to the City monthly. Receipts during FY 2012 were \$153,107, up slightly from the FY 2011 level of \$108,047. Collections for FY 2013 and FY2014 are expected to be fairly level at \$120,000. Parking fines are for violations in on-street parking areas throughout the City, and revenue for FY 2013 and FY 2014 is anticipated to remain in the \$100,000 range.

Use of Money and Property – Income from rentals of city-owned buildings, such as the Train Station, Stryker Building, and Community Building, are included here. Parking fees are generated from the Prince George Parking Garage, and were \$263,428 in FY2012 (up 6.1% from FY2011), and expected to be \$280,000 and \$290,000 for FY2012 and FY2013 respectively. As of March 1, 2013, the City took over responsibility of the Williamsburg Redevelopment & Housing Authority's Triangle Building. Rental income from the operation will help offset maintenance costs. Rental income of \$45,300 is budgeted for FY 2014, and will increase as vacant space is occupied in the near future.

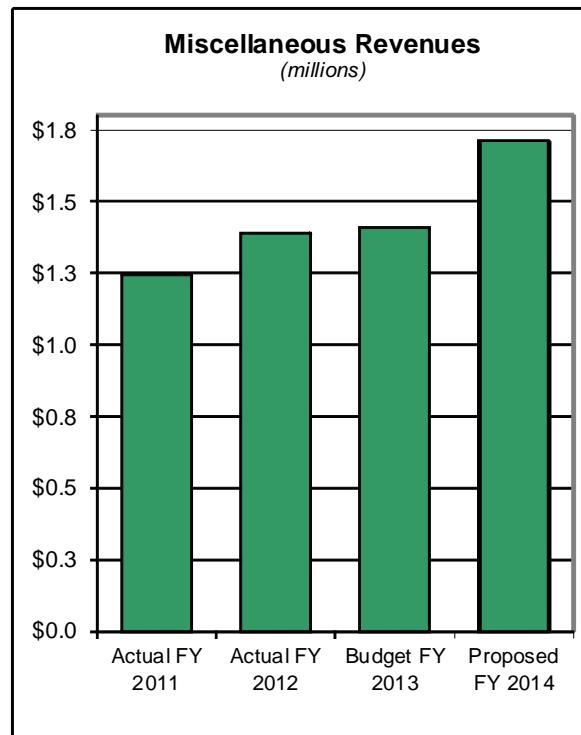

Charges for Services - Charges represent fees for various activities within the City, such as all recreation fees and program revenues, cemetery lots, and grave openings. Entrance fees for Waller Mill Park were imposed during FY 2011, and are expected to generate approximately \$40,000 for FY 2014. Overall charges for services are budgeted at \$385,650 for FY 2014.

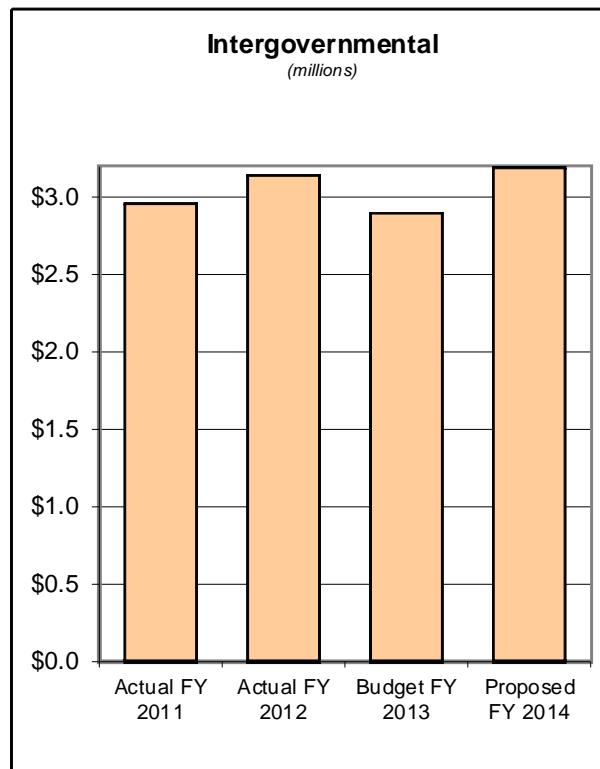

CITY OF WILLIAMSBURG – GENERAL FUND – FISCAL YEAR 2014

REVENUE HIGHLIGHTS

Miscellaneous - This category is comprised of various sources, such as payments in lieu of taxes, insurance dividend refunds [from a self-insurance liability pool], Arts Commission reimbursement from James City County, and overhead charges from the Utility Fund. EMS Recovery Fees of \$463,534 were received during FY2012, with anticipated receipts for FY2013 & FY 2014 to be \$530,000. Also included in the miscellaneous category are public safety overtime reimbursements. An Emergency Services Agreement with the College of William & Mary is anticipated during FY 2014, in the amount of \$250,000. This is intended as a payment in lieu of taxes by the institution to partially defray costs of providing emergency services to the College.

Intergovernmental - These funds include State reimbursements for expenses incurred for Constitutional Officers, sales taxes designated for education, 599 law enforcement funds, street maintenance, and various other taxes returned to the City. Additional lane miles reimbursed by VDOT will generate an additional \$30,000 for FY 2014. Law enforcement 599 funds are expected to remain level with FY 2013 receipts. Sales tax for education revenues are up substantially based on higher City student counts. Funding by the State Compensation Board for the Commissioner of the Revenue, Treasurer, and Registrar have been reduced in recent years, and are estimated to remain fairly level with FY 2013 reimbursements.

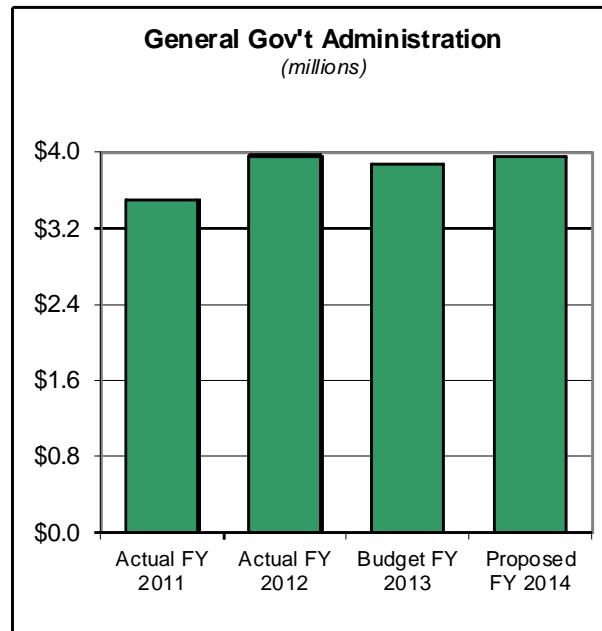

Budget Summaries

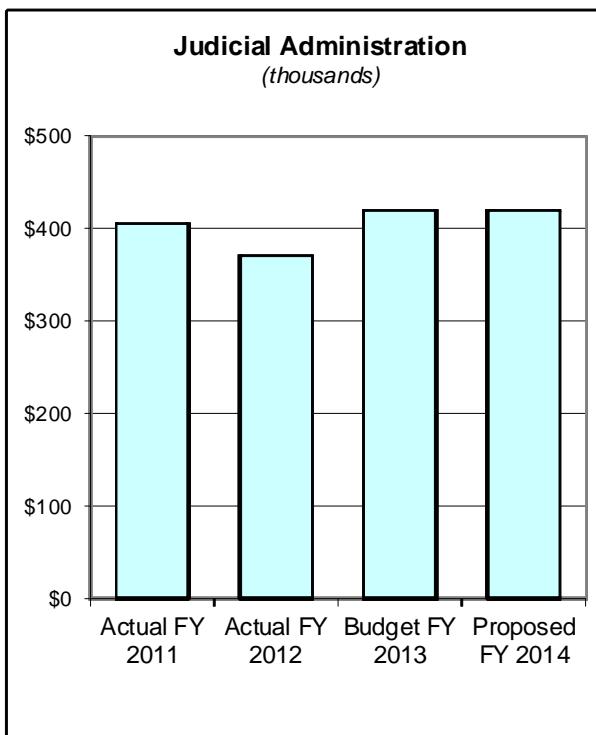

CITY OF WILLIAMSBURG – GENERAL FUND – FISCAL YEAR 2014

EXPENDITURE HIGHLIGHTS

General Government Administration - This category is comprised of City Council, Clerk of Council/Communications, City Manager, Human Resources, City Attorney, Commissioner of the Revenue, Assessor, Treasurer, Finance, Vehicle Repair Shop, Electoral Board, Registrar and Information Technology. Expenditures are estimated to be up about 2% over last year. Overall health care costs will increase 4.9%, with a minor part of that increase to be passed on to employees, depending on their plan. Pension costs for the Virginia Retirement System are level this year at 16.29% of salaries, with employees paying their full 5% employee share.

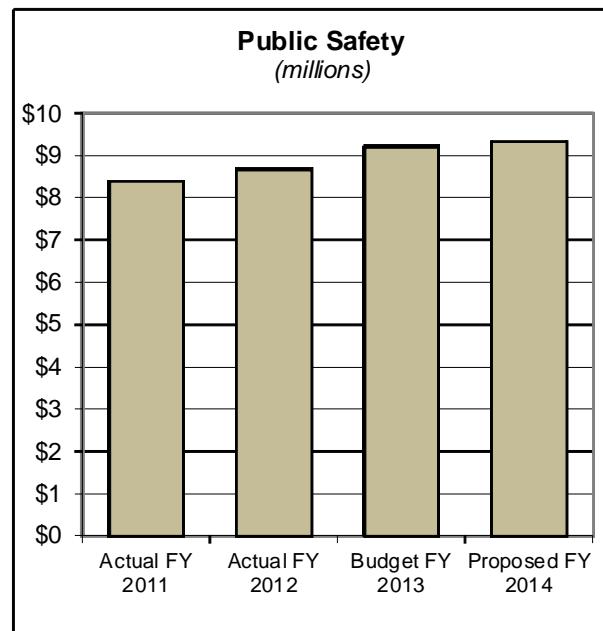

Judicial Administration - Judicial functions are performed by the Circuit Court, General District Court, Juvenile and Domestic Relations Court, Clerk of the Circuit Court, Commonwealth Attorney, 9th District Court Service Unit, and Magistrate. Judicial functions have been performed in the jointly operated Williamsburg-James City County Courthouse since FY 2001. An expanded explanation is included in the "Notes on Funding Relationships" section of the budget guide. Costs are shared with James City County on a population basis each year. Funding at \$420,000 is anticipated for FY2014.

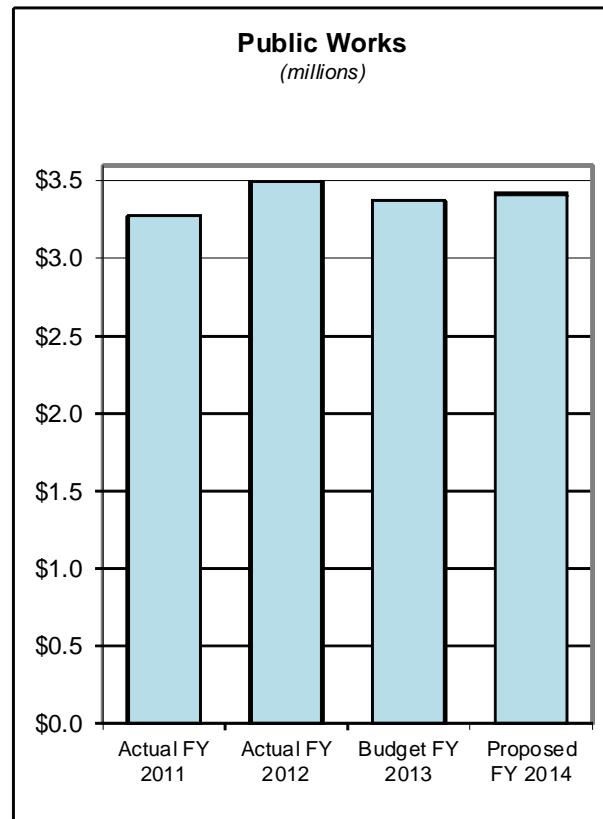

CITY OF WILLIAMSBURG – GENERAL FUND – FISCAL YEAR 2014

EXPENDITURE HIGHLIGHTS

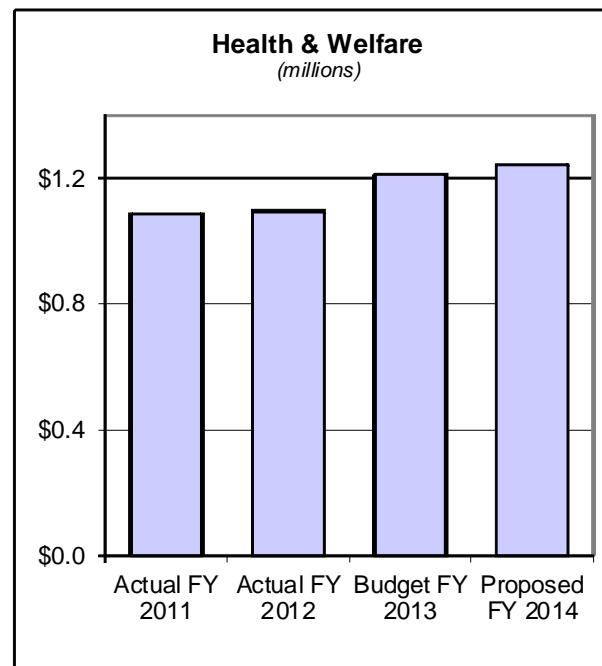

Public Safety - Departments included in this classification are Police, Parking Garage, consolidated E-911 Dispatch, Fire, Sheriff, Group Home Commission, Animal Control, and Medical Examiner. The City participates in the VA Peninsula Regional Jail Authority. Jail costs are level for FY 2013, and a slight reduction for FY 2014, about 4.6% at \$1.2 Million based on City population at the Jail. Total public safety expenditures will increase by about 2% next year. The City will continue its partnership with the regional E-911 dispatch services operated by York County. Staffing levels remain unchanged for FY 2014.

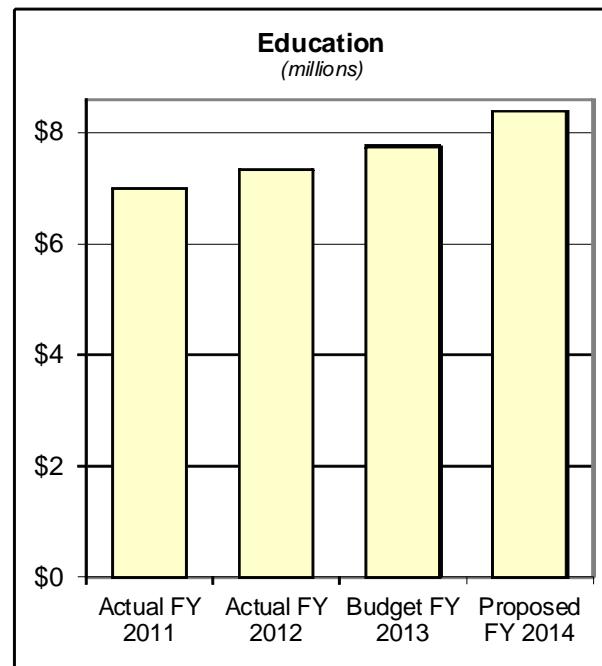

Public Works – Engineering, Streets, Refuse Collection, Landfill, Municipal Center, Codes Compliance, Rental Properties, Landscaping and Cemetery make up the Public Works section of the budget. Overall costs for FY 2014 are anticipated to be up 1.4%. The City's annual street resurfacing program was transferred to the capital projects fund for FY2011, and remains there. Refuse collection and Landscaping will remain level next year. Street department costs will increase by 4.5%, largely because of increasing electricity costs of City-wide lighting. Maintenance for all City-owned buildings will be up slightly for FY 2014.

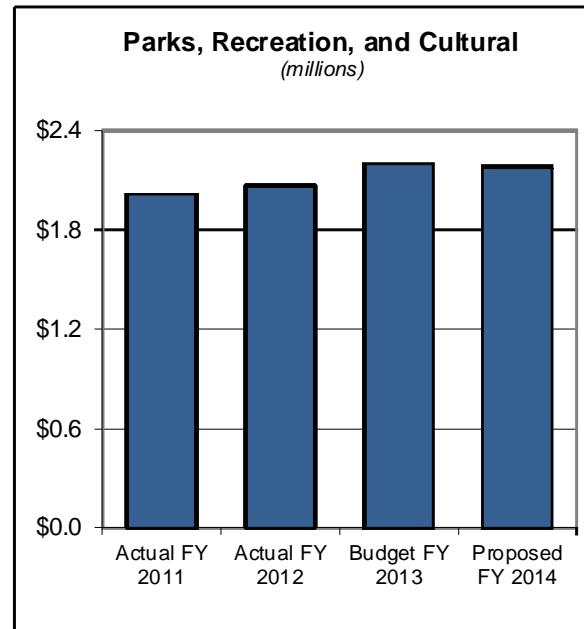

Health and Welfare - This category consists of Health, Mosquito Control, Colonial Behavioral Health, Public Assistance, and Public Assistance Transportation. The Health section budget is for the City's share of contributions to the Peninsula Health Center, Olde Town Medical Center, and Colonial Behavioral Health, which provides mental health services for the community. The City's subsidy of \$798,751 to the Public Assistance Fund is up 3.4% because of increased demand for services. Overall, health and welfare costs for FY2014 are estimated to be up 2.7% from last year.

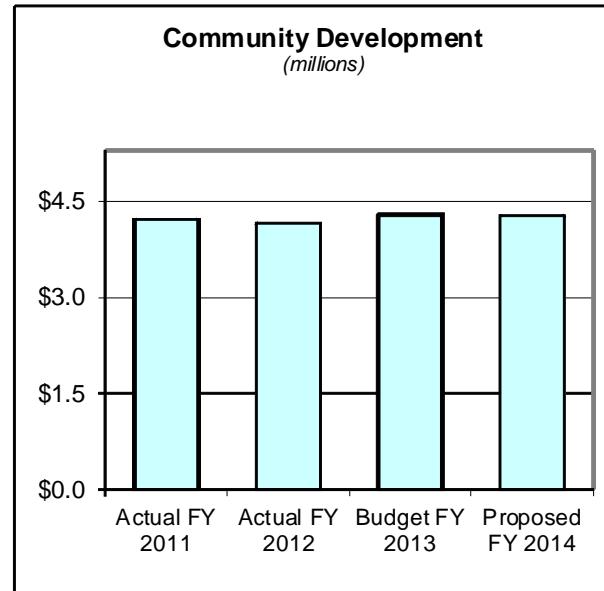

Education - This is the City's annual contribution to the jointly operated Williamsburg-James City County Public School system. A new five-year contract was negotiated last year, and FY 2014 is the second year of the new contract. Education costs for FY2014 are estimated to be approximately \$8.4 Million, up 8.1%, based on the current student enrollment-driven formula. City funding for the joint school system will ultimately depend on the level of funding provided by James City County. Capital costs are budgeted in the Sales Tax Fund for the City's portion of projects next year.

Parks, Recreation and Cultural - Recreation administration, playgrounds, parks, library, and amounts provided to organizations through the Williamsburg Area Arts Commission are included in this category. Recreation costs are expected to decrease by 1% from last year. The City's contribution to the Williamsburg Regional Library, operated jointly with James City County, is \$819,506, level with FY 2013 contributions. Arts Commission contributions are expected to remain level at \$120,000 for FY2014. Each year, as funding partner, James City County reimburses the City half the program costs. A \$10,000 State Challenge Grant is anticipated again in FY2014.

Community Development - This includes contributions to various human service and community & economic development agencies within the City. Also included is the \$2 per night lodging tax, which is collected and remitted monthly to the Williamsburg Area Destination Marketing Committee (WADMC). This pass-thru funding is again estimated to be \$1.3 Million. Overall funding for this category is down less than .2% for FY 2014. The operating funds section includes all details of other contributions to various outside agencies. A discussion on major contributions to community and economic development agencies is included in the City Manager's budget message.

Water Service - The Public Utilities department operates a water distribution system throughout the City. Commercial customers are billed monthly. Residential accounts are split into three sections of the City, each billed quarterly during alternate months to provide a constant cash flow for this Enterprise Fund. An analysis of proposed water rate increases is included in the appendix. Rates have increased for several years to pay debt service for a long-term raw water source to supplement the City's reservoir in times of drought. The agreement with the City of Newport News was signed in 2009.

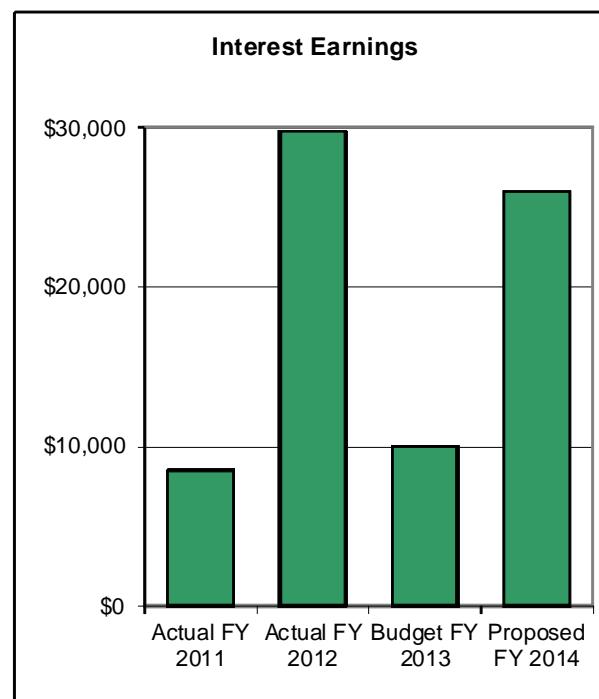

Sewer Service - Sewer lines are maintained by the City, with 14 pump stations collecting and transmitting sewage to the Hampton Roads Sanitation District for treatment. Sewer charges are billed together with water, and both are based on consumption. Sewer charges are collected and paid to HRSD on a contractual basis. The City does not have any control over rates charged by HRSD, and have increased each of the past several years.

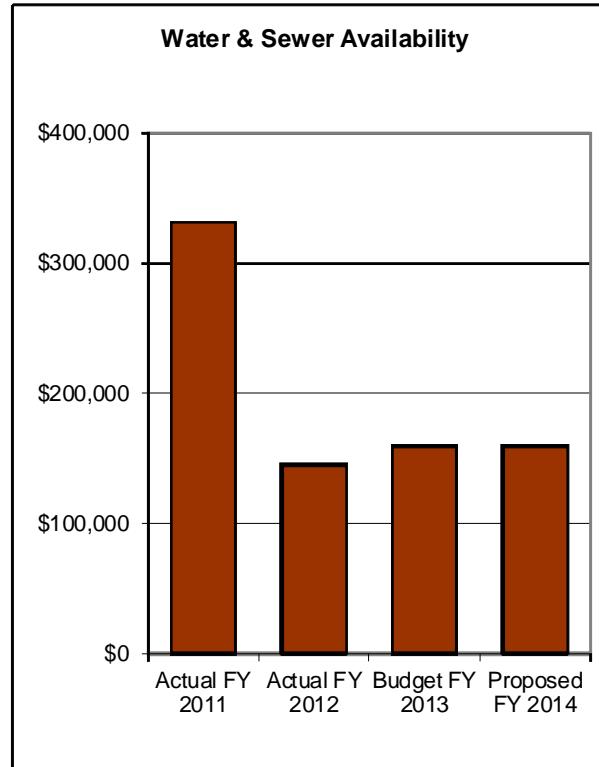

Other Sources - These revenues are made up of penalties, water and sewer connection fees, water tank antenna contracts, and other miscellaneous items. Development in the City dictates the amount of revenues provided by these sources, and is difficult to estimate from year to year. In FY 2011 a \$1.525 Million proffer was received from Riverside Hospital to fund the majority of a new water tank built near the Doctor's Hospital site.

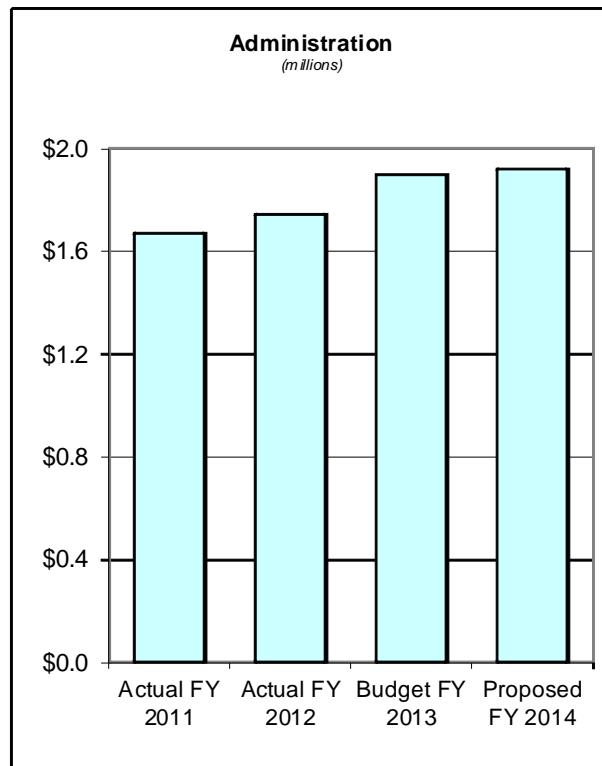

Interest Earnings - Interest earnings in this fund, like any city fund, are a product of idle resources invested under the City's stringent investment policy, and current interest rates. The City has invested exclusively in the State's Local Government Investment Pool for the past several years. Due to the lingering decline in short-term rates, and use of \$2 Million from Utility Fund reserves in 2009 for partial funding of the Newport News Water Agreement, interest earnings have been reduced to a fraction of recent years' levels. Beginning in FY 2012 certificates of deposit have provided higher yields than the State's LGIP.

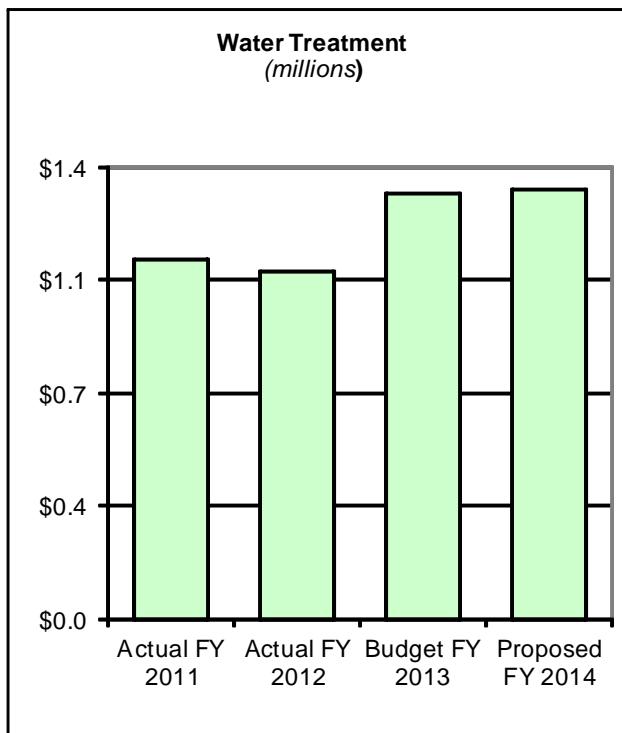

Water & Sewer Availability - Availability fees are charges for a home or business to have access to existing water and sewer lines. Water and sewer connection charges, as discussed previously, are additional charges, based on the cost of constructing connections to a home or business. Availability fees increase as development takes place, and is difficult to estimate each year. Recent declines in building activity are proportional to availability fee revenue, and as reflected in the graph. The budget estimate for FY 2014 is \$160,000.

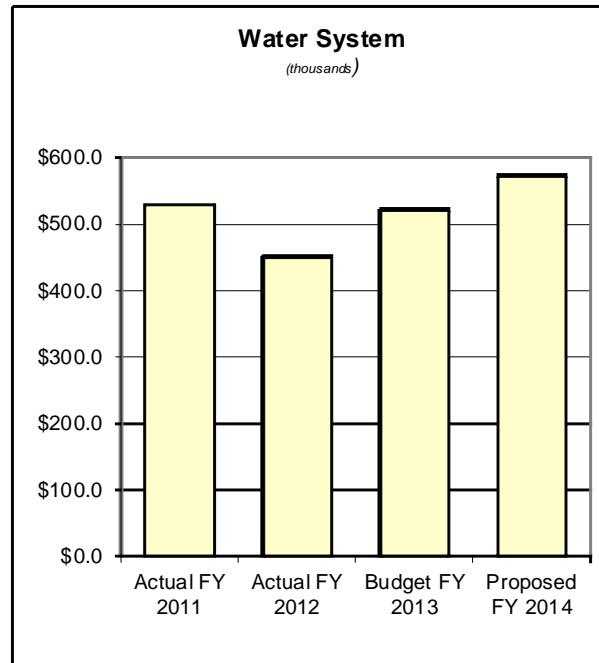

Administration - Administration expenses account for 31% of the total utility fund. Three full-time persons make up the administrative staff of the utility department, with an unfilled position of Utility Engineer frozen for FY2014. Depreciation expenses have increased for next fiscal year based on last year's actual amounts. Overhead is reimbursed to the General Fund for all administrative functions performed by the City Manager's office, Engineering, and the Shop on a set percentage basis, as well as the Finance Department for billing, collection, and accounting activities. Depreciation (non-cash expense) of the City's intangible water rights purchased from Newport News is being depreciated over 25 years.

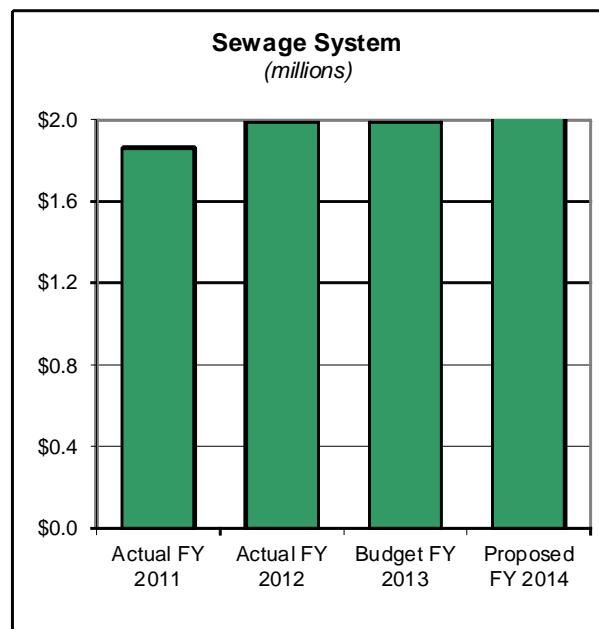

Water Treatment - The City owns and operates its own water filter plant located at Waller Mill Reservoir, in adjacent York County. The plant produces an average of 3.3 million gallons of water daily, and continues to provide safe drinking water to over 4,300 accounts. Expenses for the water treatment plant are estimated to increase about .8% for FY2014, mostly from increases in personnel costs. Capital expenses required by the water treatment plant are provided for in the Utility Fund Capital Improvement Program.

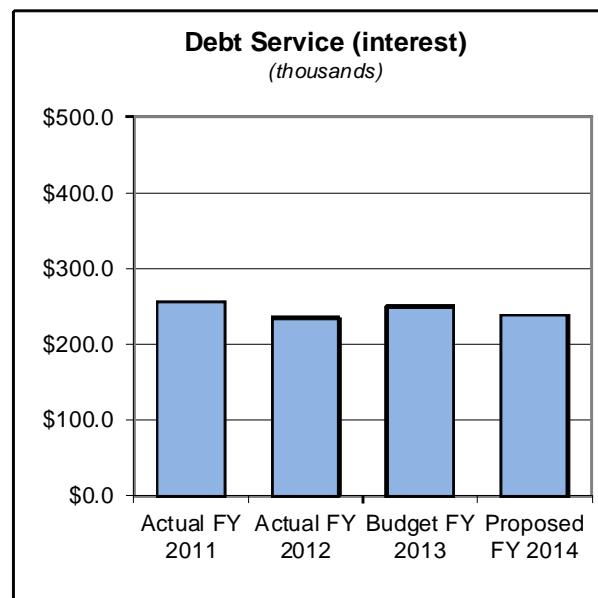

Water System - Water system personnel are responsible for managing the water distribution system, which consists of 60 miles of lines and three water tanks throughout the City, with a fourth tank under construction. Expenses for FY2014 are expected to increase by 9.8% from last fiscal year, mostly due to including funding for one extended-period vacancy for a municipal service worker position, where prior funding had inadvertently been eliminated.

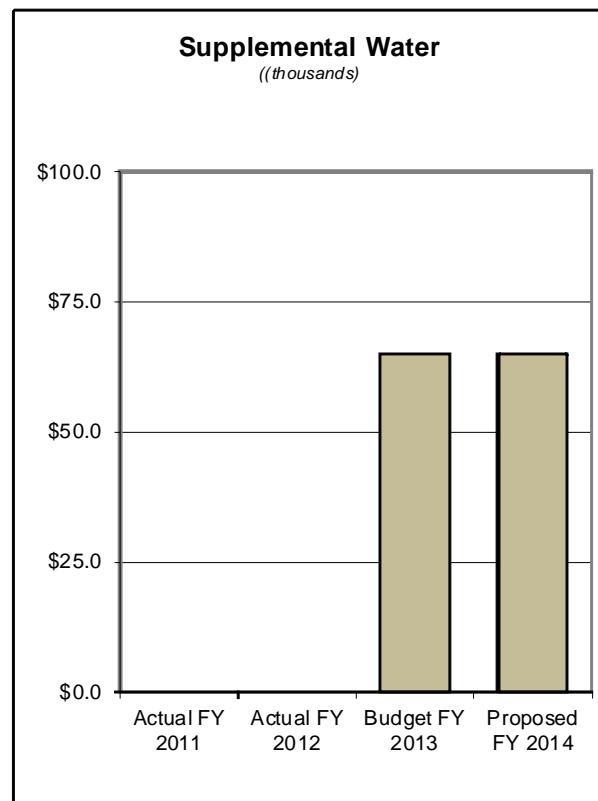

Sewage System - The sewer system includes approximately 50 miles of sewer collection and transmission lines, and 14 pump stations within the City. The sewer system collects and pumps raw sewage to the Hampton Roads Sanitation District (HRSD) for treatment on a contractual basis. Overall, expenses for FY 2014 are expected to increase by 2.5%.

Debt Service – The remaining debt from the 1997 borrowing for Filter Plant renovations was repaid two years early in 2010 in order to save interest costs. The City borrowed \$10 Million in a bank-qualified loan, and refinanced this debt in October, 2010 to take advantage of historically low long-term interest rates. The City obtained strong bond ratings from Standard & Poor's (AA+) and Moody's (Aa1) as part of this refinancing. Principal payments on bonds are treated as fund liabilities and not budgeted as expenses in this enterprise fund.

Supplemental Water - The City pays for supplemental water if & when the reservoir's water levels are low, especially during drought conditions. Charges for water, if needed and pumped to the City, are based on usage. No water has been purchased since 2003. \$65,000 is included in the FY2014 budget for supplemental water.

General Fund - % of FY 2014 Operating Revenues				81.0%
General Fund Reserve Policy (% of operating revenues)				35.0%

* General Fund & Sales Tax Fund are combined in the General Fund in the Comprehensive Annual Financial Report in compliance with generally accepted accounting principals.

**Amounts encumbered include carryover balances for street reconstruction, renovation projects of the joint school system, underground wiring projects on Page St., and sidewalk improvements.

Total General Fund reserves as of June 30, 2012 were \$27.8 Million, and are expected to decline to \$25.4 Million at June 30, 2013, a reduction of 8.7%, mostly from continued pay-as-you-go financing of capital projects.

For FY 2013 capital projects spending will exceed revenues, and will require use of reserves of approximately \$.5 Million.

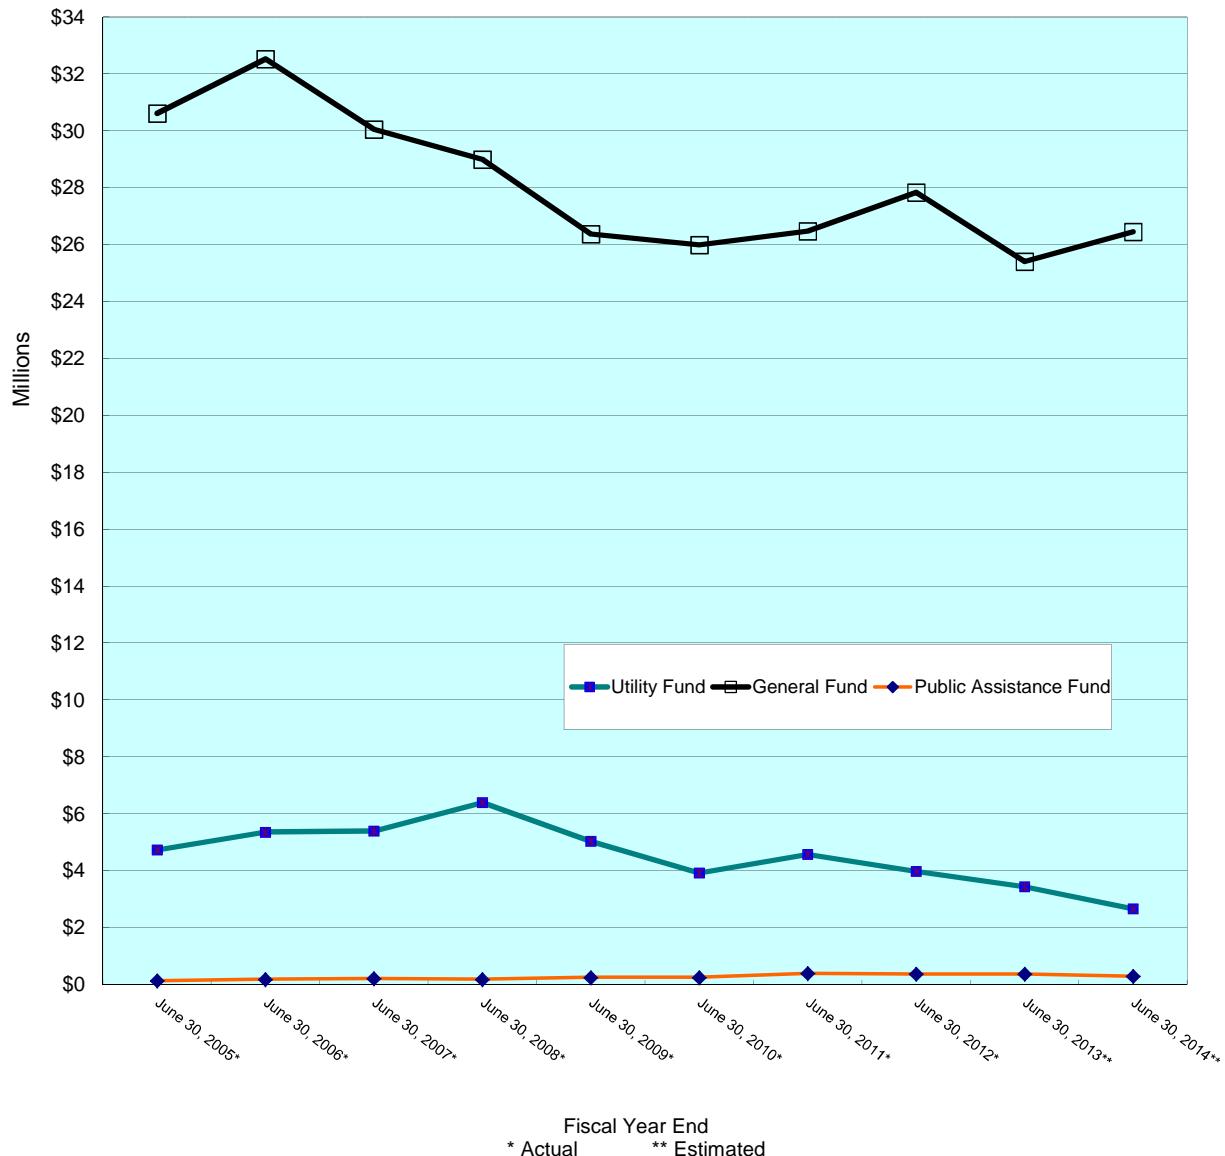

Total estimated General Fund balance will be approximately \$26.9 Million at June 30, 2014, and will continue to be above City Council's 35% reserve policy.

***Working capital is the excess of current assets over current liabilities-approximates cash.

Estimated Changes in Fund Balances / Working Capital
Fiscal Years 2005-2014

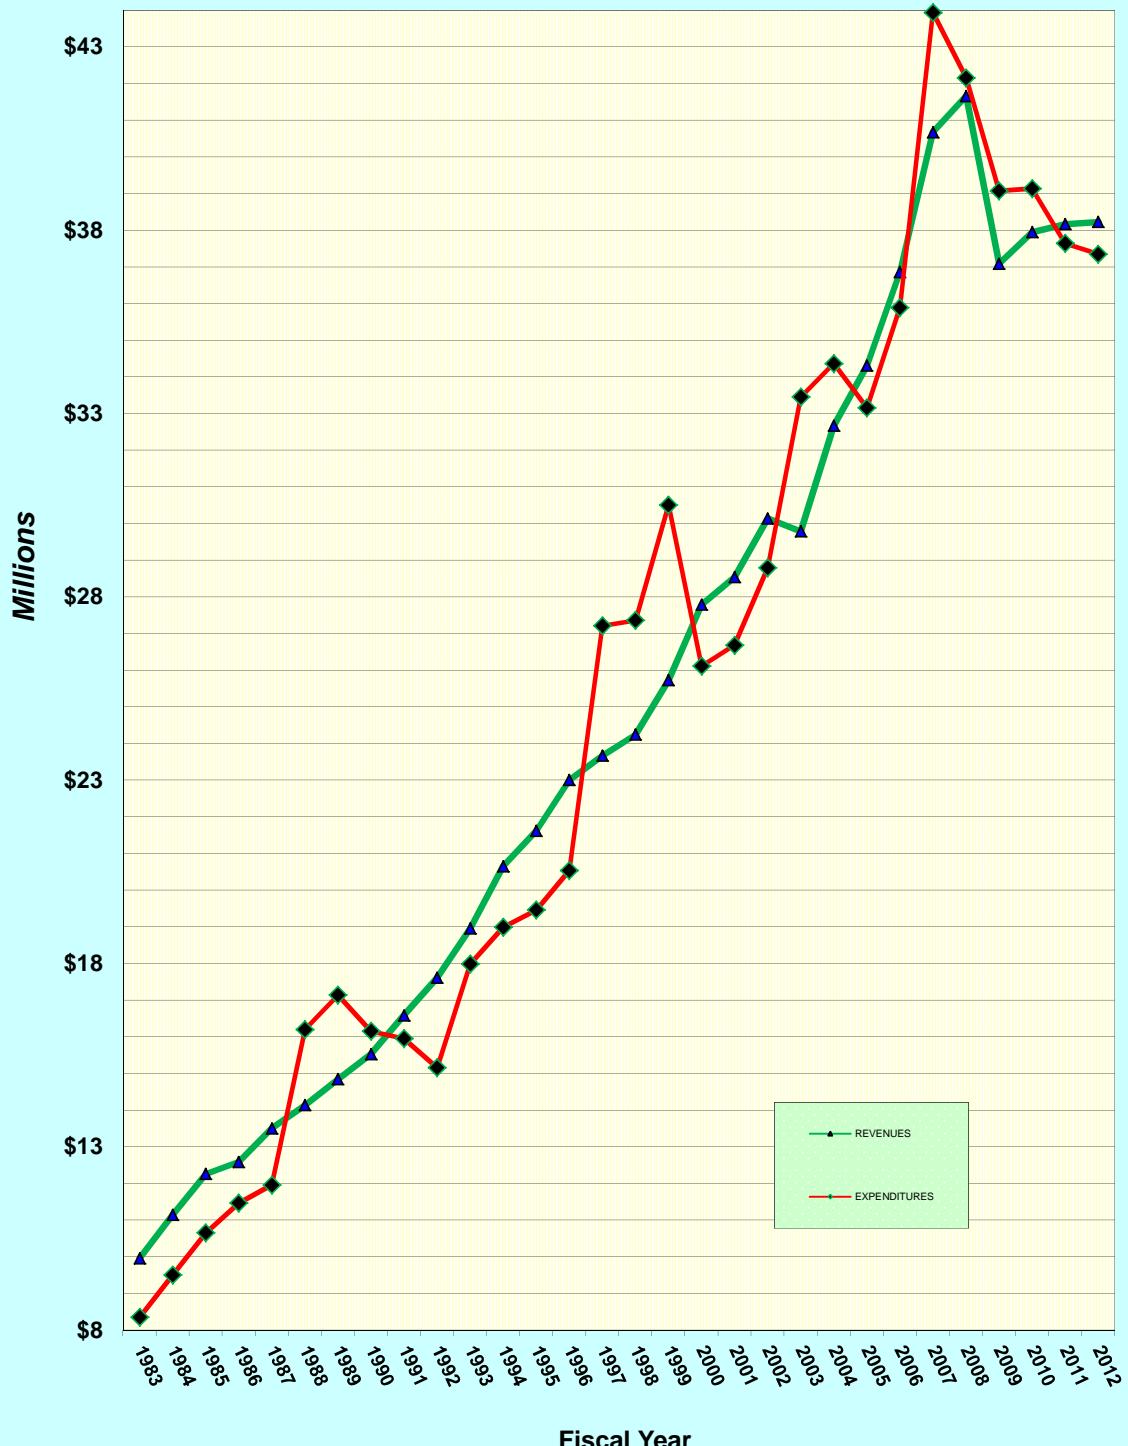

General Fund includes the City's Sales Tax CIP

A trend analysis of the City's governmental funds operations shows how cycles of saving and spending have balanced over time to maintain adequate cash reserves:

- 1982-89 Although revenues kept rising 5% per year, the use of accumulated reserves were necessary to fund completion of major road repairs, a new municipal building, and a long list of other projects city-wide between 1988 and 1989.
- 1990-92 These years brought an overall revenue growth rate of 5.9%, while experiencing a cut in spending averaging 4% for the three-year period. This was again brought on by deferring capital projects. This period also brought about increases in fund balances totaling \$2.46 million.
- 1993-94 Capital projects completed in 1993 brought overall spending to \$18 million, an 18% increase over 1992. Because spending was held in check while revenues were increasing in prior years, accumulated reserves were available to finance these projects.
- 1995-96 Conservative spending combined with a strong local tourist economy provided the City with total fund balances in excess of \$17 million at June 30, 1996. These reserves enabled completion of necessary capital projects during the following few fiscal years.
- 1997-98 In an effort to maintain prudent reserve levels, \$8 million in bank qualified borrowing was used to fund the renovation of Matthew Whaley School and the Library. In addition construction began on the Municipal Center Plaza, joint Courthouse, and the water treatment plant. Capital spending and commitments totaled \$22.26 million for these projects with completion in June, 1999. Total general fund expenditures outpaced revenues by \$6.2 million during this two-year period.
- 1999-2001 The City Square Green and Plaza and the joint Courthouse were completed. Total capital spending was \$14.2 million over this two year period, ending with reserves of \$14.9 million. The Quarterpath Rec. Center expansion was well underway. Stormwater, street construction projects, and other public works improvements were completed. General Fund reserves increased to \$17.3 Million. Utility Fund working capital also increased by \$1 Million to \$4.8 Million, largely again with the delay of capital projects.
- 2002 The Quarterpath Recreation Center expansion was completed, the Prince George Parking Garage (PGPG) was approved and site work began, and the Williamsburg Transportation Center was renovated. General Fund reserves increased by \$8.6 Million, largely by borrowing \$7.5 Million to finance the parking garage.
- 2003 Underground wiring for the Richmond Road improvement project, property acquisitions for the City's economic development plans, and continued construction of the parking garage were the major capital projects for FY 2003. General Fund reserves decreased overall by \$3.5 Million, to \$22.4 Million during the year.

- 2004 Parking garage was completed and operating in March, 2004. Prince George streetscape project was nearing completion at fiscal year end. Additional property was acquired for the Treyburn Drive extension. General Fund reserves decreased by \$1.5 Million, to \$20.9 Million during the year.
- 2005 Revenues exceeded spending in Fiscal Year 2005 as the preparation for expensive capital projects – such as the Richmond Road reconstruction and the Treyburn Drive extension – continued. Underground wiring continued along Monticello Avenue. Bonds were issued for \$8.5 Million to pay for the 3rd High School and refinance the Parking Garage, and as a result, General Fund reserves increased by \$9.7 Million to \$30.6 Million.
- 2006 Capital projects totaling \$4.4 Million were completed in FY 2006. Construction on Richmond Road and Treyburn Drive was well underway at year end, underground wiring was completed on Monticello Avenue, and construction began on Warhill High and Matoaka Elementary Schools. General Fund reserves increased \$1.9 Million to \$32.5 Million.
- 2007 Treyburn Drive, Richmond Road, and Redoubt Park projects were completed. Major roof replacements were undertaken at the Police, Fire, and Library buildings. Warhill High and Matoaka Elementary schools were almost completed. General Fund reserves decreased from \$32.5 Million to \$30.2 Million.
- 2008 Capital spending in FY2008 included Quarterpath Road improvements, maintenance on three city bridges, underground wiring projects, and the purchase of a former motel property for economic development. General Fund reserves decreased from \$30.2 Million to \$29.0 Million.
- 2009 Major FY2009 projects included Kiwanis Park Ballfield improvements, the Emergency Operations Center, and design phase of the renovation and expansion of the Municipal Building. General Fund reserves decreased from \$29.0 Million to \$26.4 Million, well beyond the City's 35% reserve policy.
- 2010 Projects included emergency restoration work on Merrimac Trail to stabilize the roadway at a cost of \$.6 Million, \$2.7 Million for work completed by June 2010 on the Municipal Building renovation and addition, and school projects costs, including two new schools, at a cost of \$1.5 Million. Fund Balance decreased slightly from \$26.4 Million to \$26.0 Million, with a reserve ratio of 59.2% of revenues for the year.
- 2011 The Municipal building project was essentially completed, along with school projects, and street resurfacing. Operating budget experienced a \$2.3 Million surplus, and Fund Balance remained at \$26.5 Million, with the reserve ratio at 70.8%.
- 2012 New ballfield lighting was installed at Quarterpath Park. The Fire Department ordered a new ladder truck in the amount of \$1.1 Million. School projects, street resurfacing, and final payments for the Municipal building project were made. Operating budget experienced a \$1.3 Million surplus, and Unassigned Fund Balance remained at \$25.3 Million, with the reserve ratio at 77%.

Capital Improvements

INTRODUCTION

The Capital Improvements Projects of the City of Williamsburg are administered through two funds, the Sales Tax Fund for general improvements, and the Utility Fund for water and sewer projects. Since 1991, the City has projected five year capital project requirements of all departments. The current year's projects are funded by City Council, with the remaining four years shown for planning purposes only. At year end, the funding for any uncompleted project is encumbered as necessary, and presumed to be finished in the next fiscal year.

Revenues of the **Sales Tax Fund** are derived from the 1% Sales Tax that is collected and distributed monthly by the state. All taxable purchases in the Commonwealth of Virginia are charged at the rate of 5%, one percent of which is returned to localities by law. It has been the policy of the City Council for over 25 years to use this revenue to fund general capital projects in the City. Examples of projects completed with the use of these funds are schools, municipal buildings, land acquisitions, roads, vehicles, and equipment. It is a general fund type, and combined with the General Fund for financial statement presentation. For budgeting purposes management has traditionally chosen to keep it separate because of its capital project nature.

The Sales Tax Fund for FY 2014 accounts for interest earnings of the General Fund. In the past the operating budget has experienced drastic swings in these revenues caused by extreme changes in interest rates, tending to skew operating budgets. This approach will help stabilize operations for comparison each year. On the spending side, the City's annual paving program is included as a capital expenditure in this fund, not only because of its capital nature, but also because of the skewing affect on operations over time. As noted above, the Sales Tax Fund is ultimately included in the General Fund for financial statement presentation as required by general accepted accounting principles.

Revenues of the **Utility Fund** are used to fund capital improvements, as well as operating costs, for the water and sewer systems.

Capital project detail sheets include a reference to one or more of the specific **City Council's 2013 and 2014 Biennium Goals & Initiatives** the project will contribute toward.

Capital Improvements

City Council Goals: III. Transportation

City Council Initiatives: Ironbound Road Widening

Category: Public Works

Project title: Street Construction

Project description: Ironbound Road – Longhill Connector to Richmond Road

A corridor study was completed in FY11-12 for Ironbound Road from Treyburn Drive to the Longhill Connector. Ironbound Road provides access for a variety of urban uses: residential (inside and outside the City), school facilities (James Blair Middle School and the College of William and Mary), mixed used development (High Street and New Town), a future fire station, and potential new development.

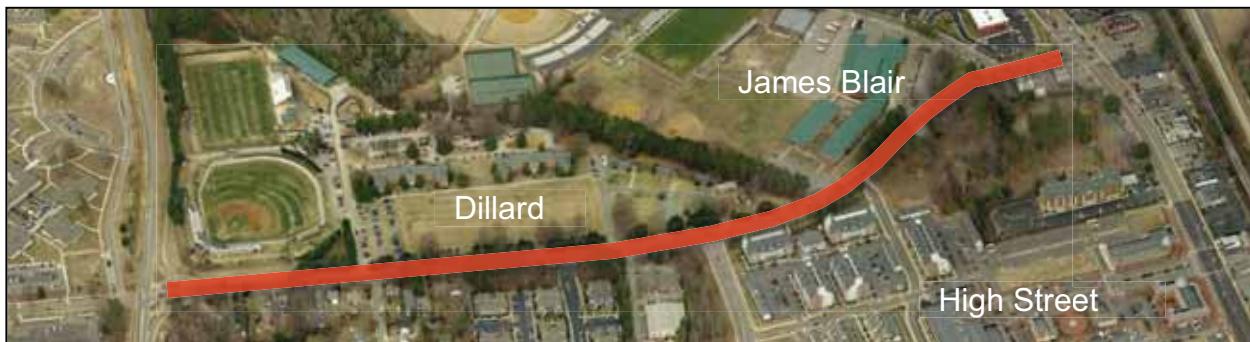

The study calls for the widening of Ironbound Road and the need for dual left turns onto Richmond Road. Also, the intersection at Longhill Road will need to be improved. The project will include underground wiring and improved pedestrian and bicycle facilities. Preliminary estimates for the construction phase are based on a three lane roadway, Longhill Road intersection improvements and an additional lane at the Richmond Road approach. The VDOT programming estimate for this project is as follows: PE – \$335,000; R/W Utilities – \$1,626,000 (\$1 million for underground wiring); and Construction – \$1,553,000. The project total is \$3,514,000. The City's share of the cost of the road work is 2%, and the underground wiring share is 50%.

The City's cost for the project includes \$500,000 for underground wiring and \$50,000 for road construction for a total of \$550,000. VDOT will administer the project and bill the City for its share. Due to State reductions in transportation funding, the construction of this project is not slated to start until FY17. \$500,000 is earmarked for FY17 and \$50,000 for FY18.

Estimated Capital Budget:

FY14	FY15	FY16	FY17	FY18	TOTAL
			\$500,000	\$50,000	\$550,000

Fiscal Impact: No significant change in maintenance costs for existing streets.

Capital Improvements

City Council Goal: III. Transportation

Category: Public Works

Project Title: Street Construction

Project Description: Repaving Program

The City sets aside money each year to resurface a portion of its street system. Annual resurfacing prolongs the life of the street and provides a safe riding surface for vehicles and bicycles.

Estimated Capital Budget:

FY14	FY15	FY16	FY17	FY18	Total
\$450,000	\$450,000	\$450,000	\$450,000	\$450,000	\$2,250,000

Fiscal Impact: No additional operational costs, since road surface area is unchanged with this maintenance program. While there is an outlay of substantial funds for annual resurfacing, the long term fiscal impact is minimal when considering replacement cost if this preventive maintenance was not performed.

Capital Improvements

City Council Goals:

I. Character of the City

III. Transportation

City Council Initiatives:

Downtown Vibrancy

Prince George St. Streetscape

Category: Public Works

Project Title: Street Construction

Project Description: Prince George Street Reconstruction

In conjunction with the 2004 construction of the Prince George Parking Garage, Prince George St. from N. Henry St. to N. Boundary St. was reconstructed, sidewalks were bricked and widened, lighting was improved, and street trees were planted. The construction of Prince George Commons (Mama Mia's) presents the City with the same opportunity – a major enhancement of the street in conjunction with a major development.

Revenue Sharing Funds were approved for FY13 and the project was started in FY13 but the majority of the project will be constructed in FY14. Improvements include:

- Narrowing Prince George St. by eliminating parking on the north side.
- Widening to 13' and bricking the sidewalk on the north side of the street adjacent to the Imperial Building, Colonial Sports and Prince George Commons.
- Widening to 5' and bricking the sidewalk on the south side of the street, adjacent to College of William and Mary property.
- Replacing existing curb and gutter and milling and repaving Prince George St.
- Upgrading the water and sanitary sewer lines in Prince George St. (Utility Fund)
- Installing new street lights.
- Planting new street trees in tree wells along the north side sidewalk.
- Replacing sidewalks and curb/gutter along Armistead Avenue – Prince George Street to Scotland Street.

The developer of Prince George Commons proffered to construct brick sidewalks and associated curbs and gutters in conjunction with the redevelopment, which will be applied toward the cost of this project. Related and separately budgeted are: \$40,000 to replace the 8" water line and \$15,000 to upgrade the sanitary sewer lines, both in Prince George Street. \$125,000 is included in FY14 to cover work along Armistead Avenue which was not included in the original project.

Estimated Capital Budget:

Carryover FY13	FY14	FY15	FY16	FY17	FY18	Total
\$490,000	\$75,000					\$75,000

Fiscal Impact: Construction of new sidewalks and installation of new street trees will increase City maintenance costs.

Capital Improvements

PRINCE GEORGE STREET RECONSTRUCTION

Capital Improvements

City Council Goal: III. Transportation

Category: Public Works

Project Title: Street Construction

Project Description: Capitol Landing Road Improvements

This project is proposed for the Capitol Landing Road/Page Street corridor.

The 2013 Comprehensive Plan outlined a program of infrastructure improvements for the Northeast Triangle Planning Area, based on recommendations from the Northeast Triangle Focus Group. Several of these recommendations address needs for street and related improvements for the Capitol Landing Road corridor:

- Streetscape improvements that include improved street lighting, clearer and more attractive directional signage, and improved landscaping on public and private property.
- Sidewalk improvements to provide better connectivity within the Northeast Triangle.
- Crosswalk improvements to improve pedestrian safety.
- Bike lane improvements to improve safety and connectivity within the Northeast Triangle (installing bike lanes on Capitol Landing Road between Merrimac Trail and Page Street requires reducing travel lanes from four to three).
- Intersection improvements that will facilitate business access, calm traffic movements and improve pedestrian safety.

The Public Works Department has engaged a consultant and is in the preliminary stages of developing possible improvements for the Capitol Landing Road corridor. Specific improvements and costs will be presented when the FY15 Capitol Improvement Program is developed.

Estimated Capital Budget:

FY14	FY15	FY16	FY17	FY18	Total
	TBD				

Fiscal Impact: There will be an ongoing maintenance cost for these improvements.

Capital Improvements

Capitol Landing Road/Page Street Corridor

Capital Improvements

City Council Goals: III. Transportation

Category: Public Works

Project Title: Street Construction

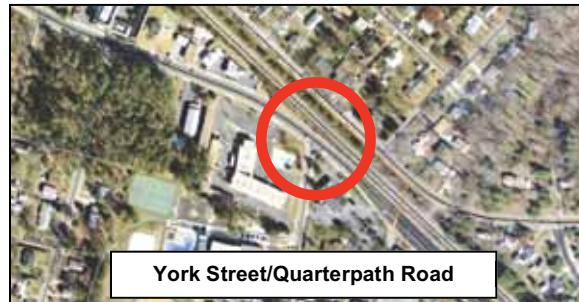

Project Description: Traffic Signal Improvements

Money is included in FY16, FY17 and FY18 for future traffic signal installations at Richmond Road/Waltz Farm Drive, Second Street/Parkway Drive, and York Street/Quarterpath Road. The timing of their installation will depend on meeting traffic signal warrants, which are dependent on traffic and development in the vicinity of the proposed traffic signal.

Estimated Capital Budget:

FY14	FY15	FY16	FY17	FY18	Total
		\$260,000	\$240,000	\$220,000	\$720,000

Fiscal Impact: New signals will increase the operations and maintenance budget for traffic signals; however, more efficient signal operations will provide energy savings to vehicular traffic.

Capital Improvements

City Council Goal: I. Character of the City
City Council Initiative: Corridor Beautification

Category: Public Works

Project Title: Underground Wiring/Corridor Enhancement

Project Description: Guardrail Improvement Program

This project involves replacing existing galvanized steel guardrails with painted guardrails. A portion of the South Henry Street guardrails were replaced in FY05. Jamestown Road guardrails were replaced in FY06-07. Bypass Road and Capitol Landing Road were completed in FY08, and Page Street in FY09. More recently, guardrails were upgraded in conjunction with the 2011 paving program using federal stimulus funds. Money has been budgeted in FY15 to complete the guardrail replacement on South Henry Street (650 feet).

Estimated Capital Budget:

FY14	FY15	FY16	FY17	FY18	Total
	\$75,000				\$75,000

Fiscal Impact: No near-future cost impact on operations. Estimated long term maintenance cost of painted guardrails will be greater than galvanized guardrails but the powder coated system has a 10-15 year maintenance-free period.

Capital Improvements

City Council Goal: I. Character of the City

Category: Public Works

Project Title: Underground Wiring/Corridor Enhancement

Project Description: Street Name Signage Improvements

This project involves upgrading all of the City's street name sign brackets. The brackets will need to be removed and taken to a facility that specializes in sandblasting and painting the steel brackets which hold the street name signs.

There are a total of 185 brackets and it is anticipated that the City will remove and take to the contractor in batches of about 20 at a time. The estimated cost is \$48,000 and is included in FY14.

Estimated Capital Budget:

FY14	FY15	FY16	FY17	FY18	Total
\$48,000					\$48,000

Fiscal Impact: No additional operational cost – repainting of the sign brackets will be required every 10-12 years.

Capital Improvements

City Council Goal: I. Character of the City
City Council Initiative: Corridor Beautification

Category: Public Works

Project Title: Underground Wiring/Corridor Enhancement

Project Description: York Street Corridor Improvement

This project is proposed for the York Street (Rt. 60 East) Corridor from Page Street to the Corporate Limits.

The Historic Triangle Collaborative initiated a regional plan which included Williamsburg, James City County and York County. Funding from VDOT was not approved for the Regional plan so Williamsburg decided to move forward with their part of the plan. The City has applied for FY14 Revenue Sharing Funds to make improvements to the York Street corridor. The estimated cost of the project is \$611,500 and if the Revenue Sharing application is approved, the City will be reimbursed 50% or \$305,750. The improvements include:

- 5' Brick sidewalk and curb/gutter on the northside of York Street from York-Page-Lafayette to the former motel that was converted to apartments.
- 6' exposed aggregate sidewalk along the Colonial Williamsburg pasture land.
- Asphalt multi-use path from Pocahontas Street to Quarterpath Rec Center.
- New streetlighting system along the entire corridor.
- Landscaping improvements.

Estimated Capital Budget:

FY14	FY15	FY16	FY17	FY18	Total
\$400,000	\$211,500				\$611,500

Fiscal Impact: There will be an ongoing maintenance cost for these improvements.

Capital Improvements

City Council Goal: I. Character of the City
City Council Initiative: Corridor Beautification

Category: Public Works

Project Title: Underground Wiring/Corridor Enhancement

Project Description: Underground wiring

This project involves replacing all overhead wiring including electric, telephone and cable television with underground wiring on major corridors identified by City Council and the corridor beautification plan.

\$5.55 million has been invested in underground wiring over the last seven years. Ironbound Road (VDOT/JCC project – section in City) was completed in FY11-12.

A new 20 year franchise agreement was awarded to Dominion Virginia Power in FY09. The franchise agreement identifies four underground wiring projects which are anticipated to occur during the 20 year franchise period: Quarterpath Road, Page Street, South Henry Street, and York Street. Quarterpath Road underground wiring will be paid by Dominion Power. The other three projects are at the City's expense and are planned to be direct bury rather than duct bank installations, which will be less expensive to construct.

Also, as part of the future Ironbound Road reconstruction project, wires will be placed underground. That undergrounding is estimated to occur in FY17-18, but included as part of the road project.

The following projects are planned over the next 5 years, and are primarily covered by the franchise agreement:

1. Page Street (2000') - Penniman Road to Monumental Ave.	FY13-14: \$1.0 million
2. Quarterpath Road (3,700') - Redoubt #2 to Rte 199	FY15: \$0 (cost by VA Power)
3. South Henry Street (4000') - Newport Ave. to Port Anne	FY16: \$30,000 (Design) FY17: \$845,000
4. Ironbound Road (with road improvements)	FY17-18: See Ironbound Rd.
5. York Street (450') - Quarterpath Rd. to Corporate limits	FY18: \$175,000

Possible future projects beyond the next five years are Second Street between Page Street and the Corporate limits, and Lafayette Street between Richmond Road and Wythe Street.

Estimated Capital Budget:

Carryover	FY13	FY14	FY15	FY16	FY17	FY18	Total
	\$720,000	\$280,000		\$30,000	\$845,000	\$175,000	\$1,330,000

Fiscal Impact: Underground wiring is primarily aesthetic issue with little operating impact.

UNDERGROUND WIRING

FY 13-14: Page Street FY15: Quarterpath Road FY16-17: South Henry Street

FY17-18: Ironbound Road
(see Ironbound Road project)

Capital Improvements

City Council Goal: III. Transportation
City Council Initiative: Pedestrian Connections

Category: Public Works

Project Title: Pedestrian and Bicycle Improvements

Project Description: Pedestrian Facility Improvements

A master plan for major sidewalk improvements is part of the 2013 Comprehensive Plan and is intended to fill in the gaps in the existing sidewalk system.

The City received revenue sharing funds in FY11-12 to construct five sidewalks and in FY13 to construct 8 sidewalks. A majority of the FY13 sidewalks will be completed in FY14 at an estimated cost of \$984,000, and it is anticipated that \$700,000 will be used in FY14. The following sidewalks were included:

1. Richmond Road (Waltz Farm Drive to Patriot Lane)
2. Lafayette Street (Harrison Avenue to Wythe Street)
3. York Street (end of existing brick sidewalk to Lafayette Street)
4. Bypass Road (Route 132 to Parkway Drive)
5. Parkway Drive (Bypass Road to Capitol Landing Road)
6. Ironbound Road (Middle Street to former Fire Station site)
7. Prince George Street (Armistead Avenue to Scotland Street)
8. Scotland Street (Prince George Street to King & Queen Apartments)

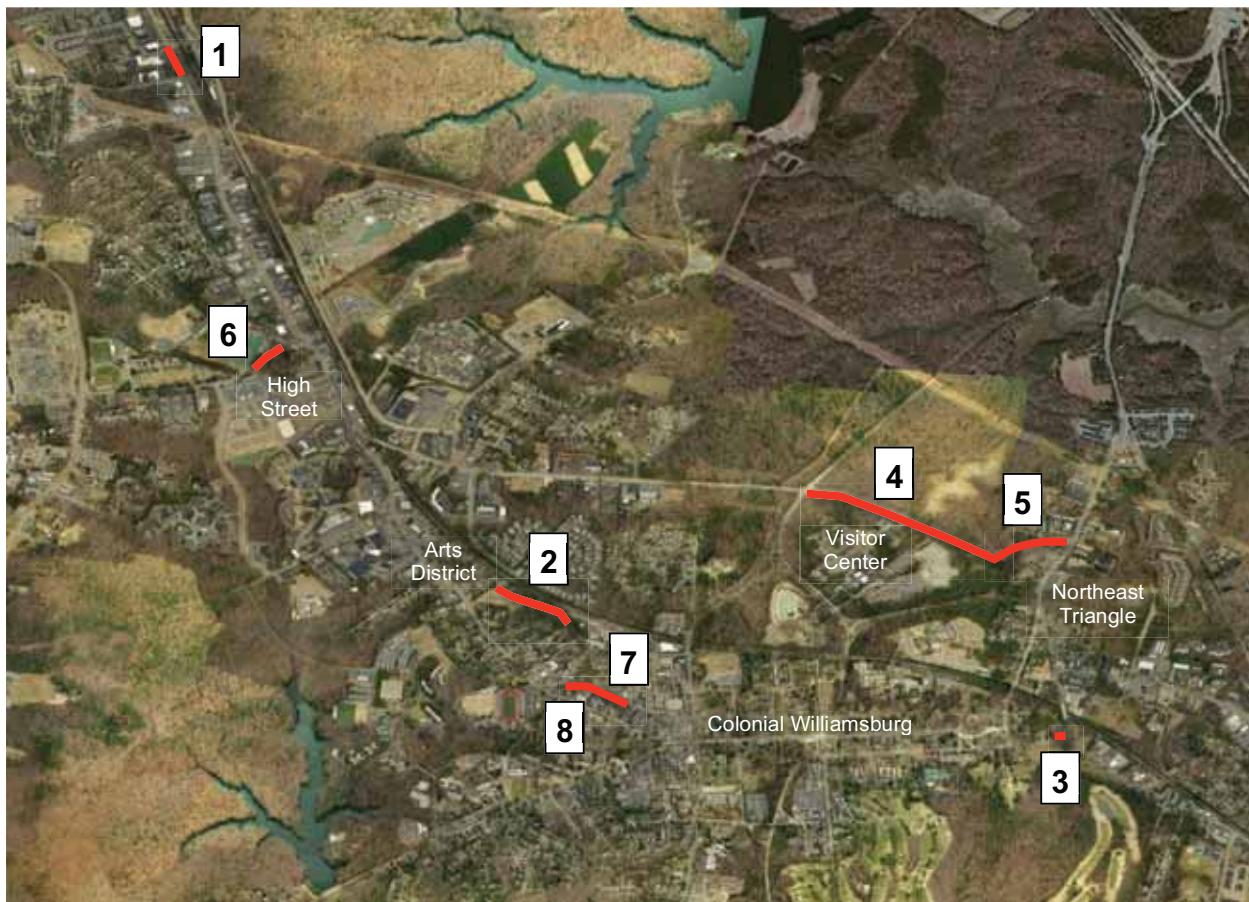

Funds have been provided in FY16 and FY18 for additional sidewalk projects based on recommendations of the 2013 Comprehensive Plan. The following areas should be considered: Arts District - additional sidewalks and crosswalks, both along Lafayette Street and the side streets between Lafayette Street and Richmond Road; Northeast Triangle Planning Area - reconstruction of Parkway Drive between Wyndham Plantation and Capitol Landing Road to include extending the existing sidewalk from Wyndham Plantation to Capitol Landing Road and adding bike lanes, and a sidewalk on the west side of Merrimac Trail; Other Areas - connecting the sidewalk on Harrison Avenue to the sidewalk on Lafayette Street; sidewalk on Governor Berkeley Road between Richmond Road and Longhill Road; and sidewalk on South Henry Street between College Landing Park and the entrance to The Oaks.

Estimated Capital Budget:

Carryover FY13	FY14	FY15	FY16	FY17	FY18	Total
\$700,000			\$250,000		\$250,000	\$500,000

Fiscal Impact: Construction of new sidewalks will, over time, increase the City maintenance costs for sidewalks.

Capital Improvements

FY13-FY14 SIDEWALK PROJECTS

1. Richmond Road (Waltz Farm Drive to Patriot Lane)
2. Lafayette Street (Harrison Avenue to Wythe Street)
3. York Street (end of existing brick sidewalk to Lafayette Street)
4. Bypass Road (Route 132 to Parkway Drive)
5. Parkway Drive (Bypass Road to Capitol Landing Road)
6. Ironbound Road (Middle Street to former Fire Station site)
7. Prince George Street (Armistead Avenue to Scotland Street)
8. Scotland Street (Prince George Street to King & Queen Apartments)

City Council Goal: III. Transportation
City Council Initiative: Bike Friendly Community

Category: Public Works

Project Title: Pedestrian and Bicycle Improvements

Project Description: Bicycle Facility Improvements

Funds are allocated for FY15 for improvements to the City's bicycle facilities. These improvements could include: installation of bicycle racks at key locations such as public buildings, Prince George Parking Garage and City Square Parking Terrace, and Prince George Street; improvements to bike lanes such as lane markings and signage; installation of additional signs, where appropriate, on City streets designated as "shared use" by the Regional Bikeway Plan and the City's Comprehensive Plan.

A more detailed program will be developed for the FY13 Capital Improvement Program.

Estimated Capital Budget:

FY14	FY15	FY16	FY17	FY18	Total
		\$25,000			\$25,000

Fiscal Impact: Additional bicycle facilities will add minor maintenance costs.

Capital Improvements

City Council Goal: VII. Environmental Sustainability
City Council Initiative: Stormwater Management

Category: Public Works

Project Title: Stormwater Management

Project Description: Stormwater Management Projects

Typical activities include: erosion control; drainage system improvements (piping, inlets, ditches, curbing, etc.), stormwater management facilities, renovate shouldered/ditched roadways, and state permit requirements.

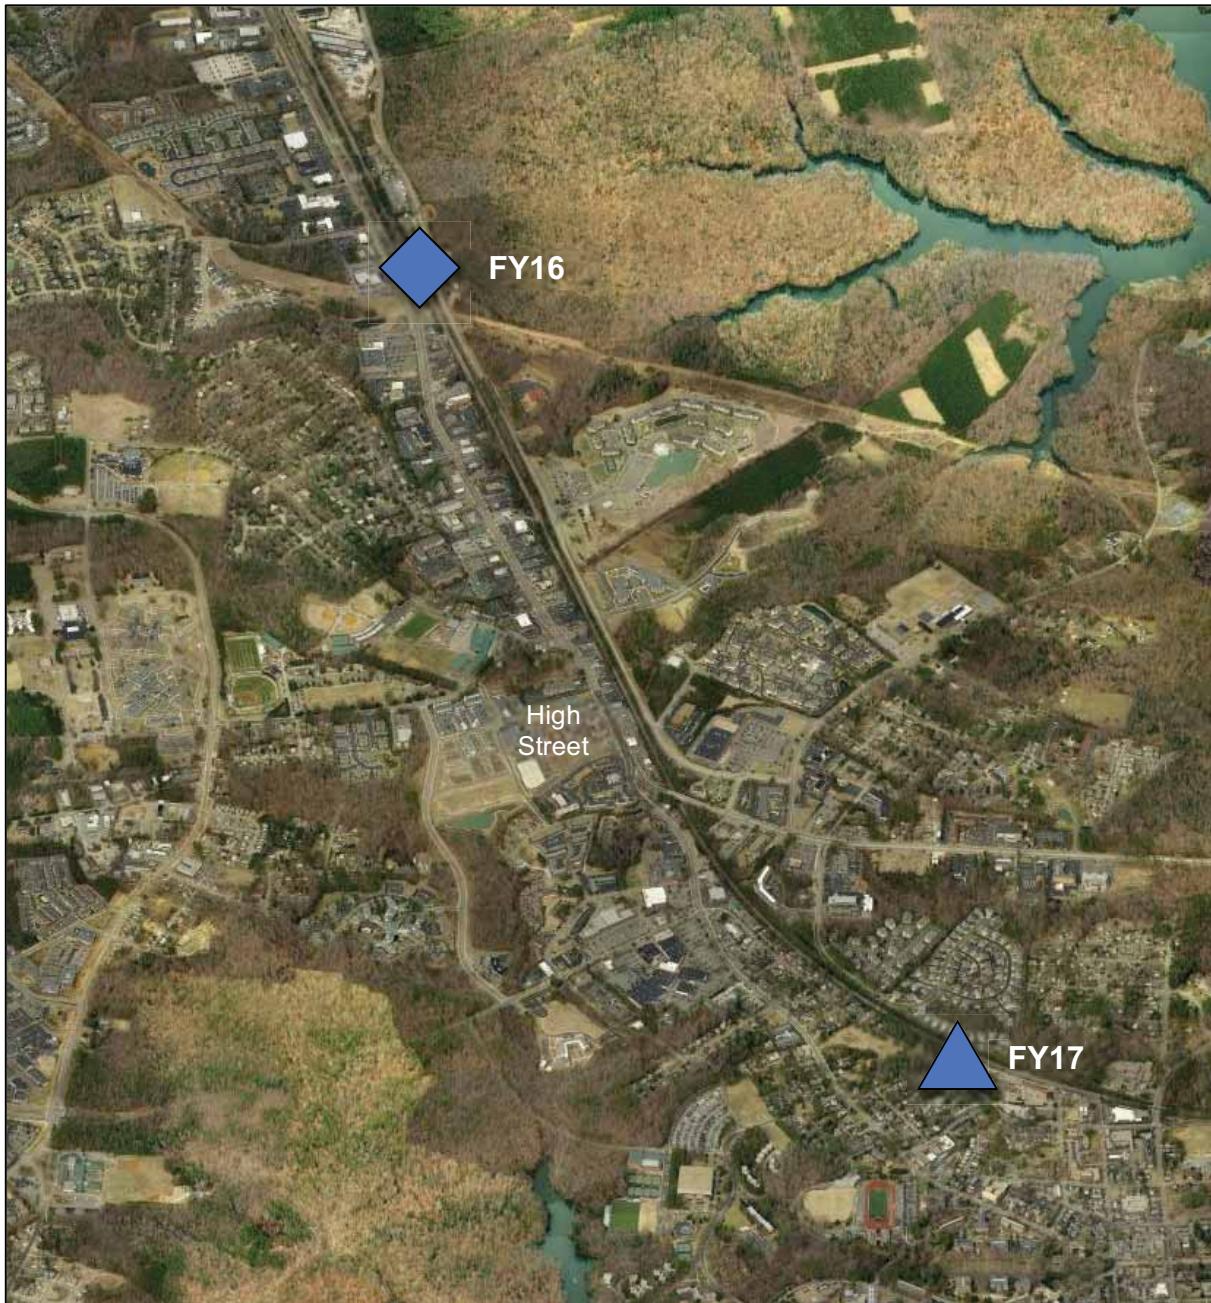

The stormwater master plan was completed in FY96. The plan includes a capital improvement program for stormwater projects throughout the City. A major part of the plan anticipated construction of regional BMP facilities. Haynes Pond BMP located in the York River Basin was constructed in FY02 at a cost of \$200,000; the Skipwith Pond BMP for the James River Basin was constructed in 1993. Pollard Park/Griffin Avenue x-drain project was completed in FY08-09. In FY11, the Route 143 embankment stabilization project was completed.

In accordance with a new Virginia Department of Environmental Quality mandate, the City is required to update its 1996 Stormwater Management Plan. This project was anticipated in FY13 at a cost of \$60,000. Money is included in FY14 and FY15 in anticipation of new State requirements relative to our Stormwater permit including TMDL regulations. Two drainage projects (Richmond Road cross-drain, Lafayette Street outfall) are slated for FY16 and FY17 and \$50,000 is earmarked for future improvements in FY18.

Estimated Capital Budget:

FY14	FY15	FY16	FY17	FY18	Total
\$60,000	\$50,000	\$100,000	\$100,000	\$50,000	\$360,000

Fiscal Impact: Drainage improvements must be maintained, but incremental cost over current operating budgets should not be significant.

STORMWATER MANAGEMENT IMPROVEMENTS

Capital Improvements

City Council Goal: VI. Recreation and Culture

City Council Initiative: Quarterpath Park and Recreation Center Improvements

Category: Recreation and Open Space

Project Title: Facilities

Project Description: Quarterpath Park Improvements

The Recreation Center roof has a history of leaking and has been repaired several times. The Center not only serves the public for their recreational activities, but also as the City's Emergency Shelter. Additionally, it houses the IT Department's backup servers. Replacement of the roof is recommended to alleviate this ongoing problem.

The tennis courts were to be resurfaced in FY13 in conjunction with the courts at Kiwanis Park; however the cost was higher than expected so the Quarterpath courts were postponed. The existing fence around the tennis courts is the original fence and needs to be replaced due to rusting which presents both safety and aesthetic issues.

New lighting for the sand volleyball courts would allow league play in the fall and spring instead of being limited to summer play only.

The Quarterpath Recreation Center is used seven days a week, approximately 10-12 hours a day. The original building is now over 20 years old and the renovation/addition is twelve years old. There are many areas throughout the building and surrounding park area that need attention, such as: gymnasium rugs, safety mats and divider curtain; front entrance doors replaced; original restrooms updated; painting of gym, classrooms, entrance, hallways and multipurpose rooms; replace carpet in classrooms; and replace outdoor water fountains.

• FY14: Roof replaced on the Recreation Center	\$90,000
• FY16: Tennis courts resurfaced	\$30,000
• FY16: Replacement of tennis court fence	\$26,000
• FY17: New computer controlled lights for sand volleyball courts	\$25,000
• FY17: Refurbishments to the Quarterpath Recreation Center	TBD

Estimated Capital Budget:

FY14	FY15	FY16	FY17	FY18	Total
\$90,000		\$56,000	\$25,000		\$171,000

Fiscal Impact: No major impact with these projects.

Capital Improvements

City Council Goal: VI. Recreation and Culture

City Council Initiative: Kiwanis Park Improvements

Category: Recreation and Open Space

Project Title: Facilities

Project Description: Kiwanis Park Improvements

The Kiwanis Park tennis courts provide an opportunity for people of all ages and skill levels to participate. It is one of the department's more popular venues and is used year around weather permitting. The operations building at the tennis courts was built in the early 70's and has no restroom; patrons are currently using port-a-johns rented by the City. A new operations building would provide restroom facilities, office for attendant, and areas for vending and storage.

The Kiwanis Park Master Plan was designed so that a fourth ballfield could be added, taking advantage of the infrastructure and parking constructed for the first three ballfields. With the fourth field, more teams could participate in weekend tournaments and league practices instead of being turned away or sent to play at another locality.

- | | | |
|--------|---|-----------|
| • FY16 | Demo/Construction of Tennis Operations building | \$350,000 |
| • FY18 | Construction and lighting of 4 th 200' ballfield | \$900,000 |

Estimated Capital Budget:

FY14	FY15	FY16	FY17	FY18	Total
		\$350,000		\$900,000	\$1,250,000

Fiscal Impact: The construction of both the operations building and the fourth field will increase operating cost for the department.

Capital Improvements

City Council Goal: VI. Recreation and Culture

City Council Initiative: Waller Mill Park Improvements

Category: Recreation and Open Space

Project Title: Facilities

Project Description: Waller Mill Park Improvements

This 40 year old park is starting to show its age and is in need of upgrades. Waller Mill Park provides recreational opportunities for both tourists and residents of the Greater Williamsburg area. To enhance the recreational experience, coordinated improvements are proposed to the dock area of the park, last renovated in 1996. Replacing the existing permanent dock with a floating dock will function with the varying water levels in the Waller Mill Reservoir, and will meet ADA requirements by making the current floating dock accessible. The boat ramp also needs to be reconfigured, since it is not useable when the water level is down.

- FY15: Replace bulkhead and permanent boardwalk, replace existing permanent dock with floating dock, and reconfigure boat ramp \$540,000
- FY17: Replace Shelter #1 (built in 1972) \$40,000

Estimated Capital Budget:

FY14	FY15	FY16	FY17	FY18	Total
	\$540,000			\$40,000	\$580,000

Fiscal Impact: No major impacts are anticipated, since these projects upgrade existing facilities.

Capital Improvements

City Council Goal: IV. Public Safety

Category: Public Safety

Project Title: E-911 Regional Center Expansion

Project Description:

To provide enhanced 911 emergency dispatch services more economically and efficiently, the Williamsburg and York County 911 public safety answering point (PSAP) was consolidated in July 2009. The existing facility in York County was expanded to accommodate the additional staff and operating work stations needed by this merger, and requires City funding of \$45,000 annually to cover debt service on the building expansion. This amount is included in FY14-18.

Estimated Capital Budget:

FY14	FY15	FY16	FY17	FY18	Total
\$45,000	\$45,000	\$45,000	\$45,000	\$45,000	\$225,000

Fiscal Impact: Operational efficiencies of the consolidation are expected to achieve savings estimated at \$150,000 - \$200,000 per year.

Capital Improvements

City Council Goal: IV. Public Safety

City Council Initiatives: Fire Department Improvements

Category: Public Safety

Project Title: Facilities

Project Description: Fire Station Improvements

This project will complete the renovation of the three existing bathroom and shower facilities that began in FY13, and will include the addition of a smaller restroom for public use. The Fire Station facilities will be upgraded from the original 1978 design to more efficient and functional spaces. The bathroom and shower facilities are utilized by the 36 member career staff, 25 member volunteer staff, and by staff assigned to the Emergency Operations Center during activation. The total project cost is \$146,000.

Estimated Capital Budget:

FY14	FY15	FY16	FY17	FY18	Total
\$70,000					\$70,000

Fiscal Impact: This project updates and improves existing facilities, reduces maintenance costs, and improves living conditions for fire department personnel.

Capital Improvements

City Council Goal: IV. Public Safety
City Council Initiative: Fire Department Improvements

Category: Public Safety

Project Title: Equipment

Project Description: LIFEPAK Monitor Replacement

This project replaces LIFEPAK monitors for the City's medic units and other emergency response vehicles. These units need to be replaced because in the next two or three years there will be no technology support for our current LIFEPAK 12 units. The replacement cost for a LIFEPAK 15 is \$35,000 per unit, and the final two units of the seven needed will be replaced in FY14.

The LIFEPAK 15 is a cardiac monitor/defibrillator that integrates non-invasive monitoring for carbon monoxide, oxygen saturation, and the ability to detect chemical exposures and certain drugs in patients. The LIFEPAK 15 allows the sharing of critical patient data with multiple patient care teams and facilities throughout the region.

Estimated Capital Budget:

FY14	FY15	FY16	FY17	FYT18	Total
\$70,000					\$70,000

Fiscal Impact: This project updates and improves existing equipment that is being phased out, reducing the need for high cost repairs on outdated equipment.

City Council Goal: VIII. Citizen Engagement/City Governance

Category: General Government

Project Description: Municipal Center

The City's Municipal Center includes the City's major governmental functions and public buildings, and covers a 25-acre area centered on City Square on North Boundary Street. This area has long been the focus of planning efforts by the City. By 1980, most of the present Municipal Center buildings were in place: the Stryker Building (1968), Library (1973), Police Station (1978) and Fire Station (1978). Another group of buildings were completed prior during the 1980s: Arts Center (1982), City Shop (1985), Municipal Building (1988), and the remodeling of the Stryker Building for the present City Council Chamber (1989).

A major upgrade to the Municipal Center was completed in 1999 with the creation of City Square, a large tree-lined green that serves as the area's centerpiece and defining element, and which unifies the varied architectural styles of the surrounding buildings. Surrounding City Square, in addition to the Library (expanded in 1999) and Stryker Building, is the 153-space Parking Terrace (1999) and the Community Building (1999) which provides community meeting space in two adjoining meeting rooms. Sites for three commercial and/or office buildings with approximately 18,000 square feet of floor area were provided on the west and south sides of the Parking Terrace, and two of these buildings have been completed. The Transportation Center, the City's multimodal transportation hub, was renovated in 2002, and functions as a central terminal for Amtrak, Greyhound and Trailways bus lines, and Williamsburg Area Transport bus service. Long-term parking, automobile rental and taxi services are also provided.

Recent improvements to the Municipal Center include a new Emergency Operation Center and Fire Administration offices as an addition to the Fire Station (2011), and the expansion and renovation of the Municipal Building (2011). This expansion provided needed facilities for the City administration, and included space for bringing the City Attorney's office and the Williamsburg Redevelopment and Housing Authority into the Municipal Building.

The next steps in the evolution of the Municipal Center will include the replacement of the aging Stryker Building with a new Stryker Center fronting on City Square. This new facility will advance the partnership between the City and the Williamsburg Regional Library to better meet the city's governmental needs and to satisfy unmet demands for civic and community activity space. A site for future development is also reserved on the southwest corner of North Boundary Street and Lafayette Street, adjacent to the Stryker Center. In addition, the acquisition of a key lot south of City Square and across Boundary Street from the Library would complete the 60 year development of the Municipal Center into the City's civic center.

Capital Improvements

Capital Improvements

City Council Goal: VIII. Citizen Engagement/City Governance
City Council Initiative: Stryker Center – City/Library Partnership

Category: General Government

Project Title: Facilities

Project Description: Stryker Center

The next project in the continuing development of the City's Municipal Center will extend the partnership between the City and the Williamsburg Regional Library to meet the city's governmental needs and to satisfy unmet demands for civic and community activity space.

The existing Stryker Building will be demolished and replaced with a 12,000 square foot "Stryker Center," to include the City Council chamber, meeting rooms, administrative space for the Williamsburg Regional Library, and exhibition, gallery and reception space. The public spaces will be shared with Library uses such as educational and arts programming, video production and origination, film screening, and diverse community meeting and activities. The Stryker Center will become a place where citizens interact easily with government and one another.

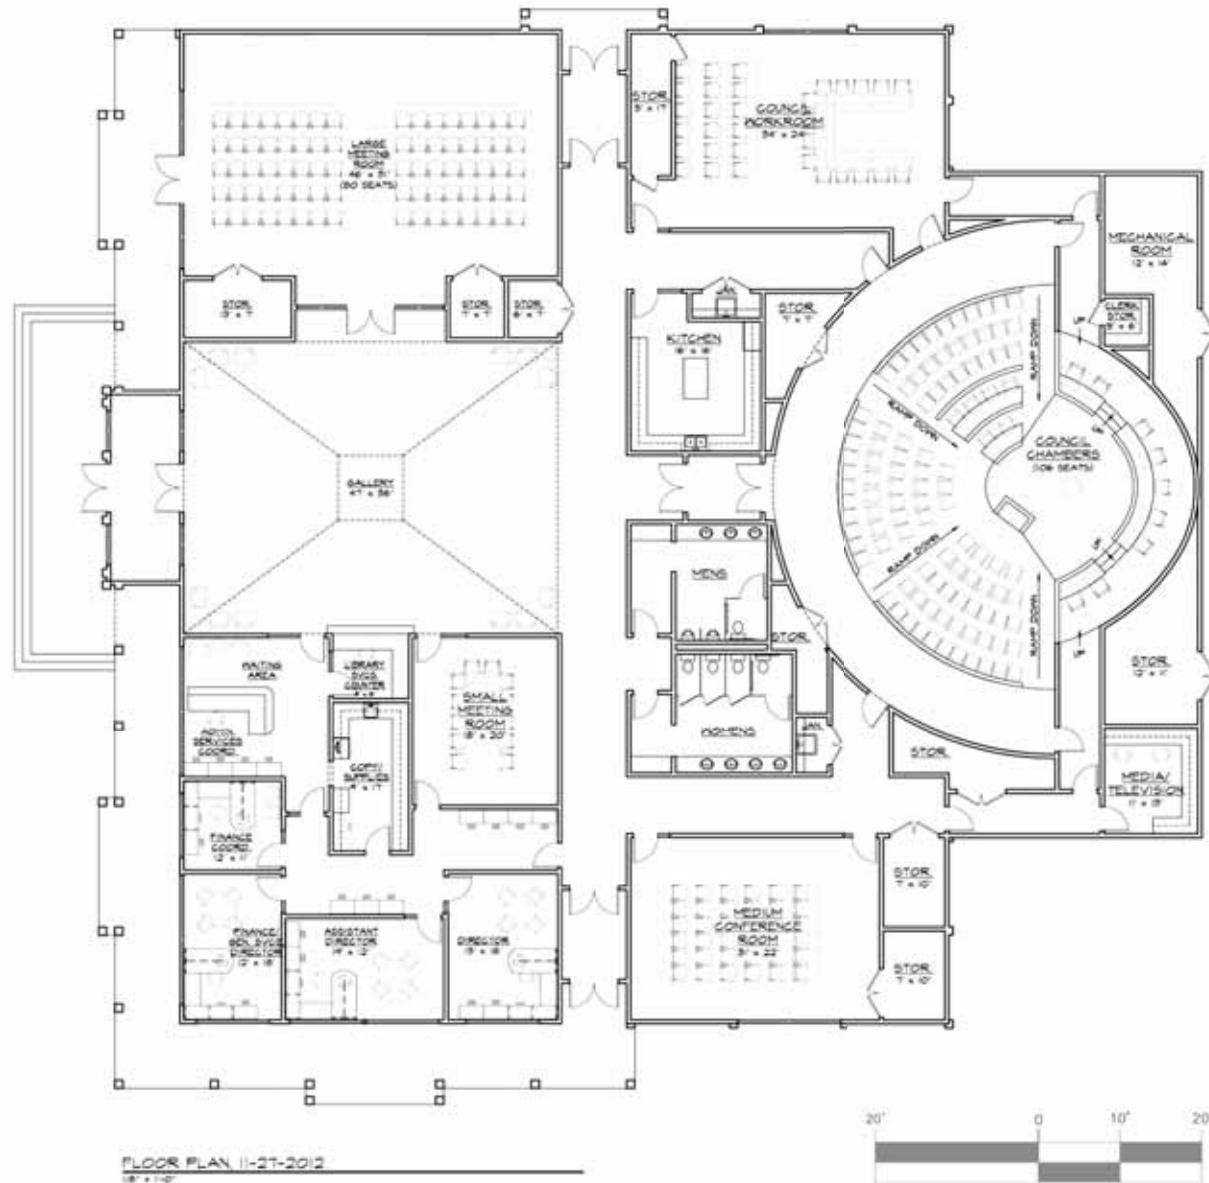

The proposed budget for the Stryker Center is under development.

Estimated Capital Budget:

FY14	FY15	FY16	FY17	FY18	Total
\$5,500,000					\$5,500,000

Fiscal Impact: The Library Foundation is considering a significant capital contribution to the project, and Library staff will assist with programming and operation of the building. No additional city staffing will be required to support the building. There will be ongoing facilities operation and maintenance cost offset by current maintenance costs for the existing Stryker Building.

Capital Improvements

Capital Improvements

City Council Goal: VIII. Citizen Engagement/City Governance

Category: General Government

Project Title: Information Technology

Project Description: Virtualize Server and Storage Infrastructure

This is an extension of a project that was completed in FY13. During this fiscal year, we will add another storage server to the existing network to add capacity for new and existing servers. This will also allow us to keep more real time backups of the storage environment enabling us to respond easier to server failures and/or other disasters.

Estimated Capital Budget:

FY14	FY15	FY16	FY17	FY18	Total
\$20,000			\$80,000		\$100,000

Fiscal Impact: Annual support costs will be less than \$5,000 per year.

Capital Improvements

City Council Goal: VIII. Citizen Engagement/City Governance

Category: General Government

Project Title: Information Technology

Project Description: Wireless Network Replacement

This project will replace an aging and problematic wireless network with a completely new, state of the art wireless network. The network will be centrally managed and controlled and allow for increased capacity and improved access. Additionally, areas of increasing concern, such as Bring Your Own Device (BYOD) and wireless Voice over IP (WVoIP) will be easily handled by this new wireless network.

Estimated Capital Budget:

FY14	FY15	FY16	FY17	FY18	Total
\$40,000					\$40,000

Fiscal Impact: Recurring costs for maintenance are expected to be around \$5000 per year and will be handled in the Information Technology operational budget.

Capital Improvements

City Council Goal: VIII. Citizen Engagement/City Governance

Category: General Government

Project Title: Information Technology

Project Description: PC Replacement Program

The purpose of the PC Replacement Program is to ensure the adequacy of all City computers through a replacement schedule. The schedule is currently 4 years.

Estimated Capital Budget:

FY14	FY15	FY16	FY17	FY18	Total
\$30,000	\$30,000	\$30,000	\$30,000	\$30,000	\$150,000

Fiscal Impact: There are no recurring costs with this project.

Capital Improvements

City Council Goal: VI. Recreation and Culture

Category: Agencies/Interjurisdictional

Project Title: Facilities

Project Description: Williamsburg Library HVAC Renovations

Replace the existing chiller, which has reached the end of its service life. Estimated cost is \$150,000 in FY 2015.

Replace 29 pneumatic VAV box controllers, which have reached the end of their service life, to DDC (Direct Digital Control). Estimated cost is \$110,000 in FY 2016.

Estimated Capital Budget:

FY14	FY15	FY16	FY17	FY18	Total
	\$150,000	\$110,000			\$260,000

Fiscal Impact: Reduce maintenance and service costs.

Capital Improvements

City Council Goal: IV. Public Safety

Category: Agencies/Interjurisdictional

Project Title: Facilities

Project Description: Courthouse Maintenance Projects

The City of Williamsburg and James City County jointly own and operate the Williamsburg-James City County Courthouse as authorized by §17.1-281 of the Code of Virginia. Each locality has previously authorized the assessment of a courthouse maintenance fee of \$2 for each civil and criminal action and/or traffic case in the District or Circuit Courts for the City of Williamsburg and James City County.

The Clerk of the Circuit Court collects and remits fees monthly to the City's Department of Finance, acting as agent for the Courthouse Maintenance Fund. Funds are invested in the Commonwealth of Virginia's Local Government Investment Pool. Disbursements are approved by resolution of both the Williamsburg City Council and the James City County Board of Supervisors for capital projects deemed necessary to maintain the Courthouse.

For FY14 and beyond, the balance of the Fund is available for projects as they are identified and approved by the governing bodies.

Estimated Capital Budget:

FY14	FY15	FY16	FY17	FY18	Total
\$150,000					\$150,000

Fiscal Impact: Courthouse Maintenance projects are usually routine in nature, not requiring additional operating or maintenance costs beyond existing levels.

Capital Improvements

City Council Goal: V. Human Services and Education
City Council Initiative: Blayton Elderly Housing Expansion

Category: Agencies/Interjurisdictional

Project Title: Housing Programs

Project Description: Affordable Housing Initiative

Funding is proposed for future joint ventures with the Williamsburg Redevelopment and Housing Authority in FY16. The goals are to rehabilitate substandard housing throughout the City and/or construct low and moderate income infill housing in appropriate locations.

Estimated Capital Budget:

FY14	FY15	FY16	FY17	FY18	Total
		\$500,000			\$500,000

Fiscal Impact: By removing blighted conditions, the project should increase property values and business opportunities, which should provide a positive fiscal impact

Capital Improvements

City Council Goal: VII. Environmental Sustainability
City Council Initiative: Waller Mill Watershed

Category: Public Utilities

Department: Utility Fund

Project Title: Water Supply

Project Description: Watershed Protection/Water Quality

The City has been aggressive in purchasing watershed property for several decades to protect our drinking water source. The City now owns or has conservation easements on 57% of the watershed. Money is set aside in case property becomes available. Money is also set aside for other initiatives such as forestry management, security improvements to the Plant and watershed (signage, access control) management.

Estimated Capital Budget:

FY14	FY15	FY16	FY17	FY18	Total
\$60,000		\$100,000		\$75,000	\$235,000

Fiscal Impact: While protecting the watershed around Waller Mill Reservoir will ensure a high quality water source, purchase or control of more property will result in a larger area to be managed.

Capital Improvements

City Council Goal: VII. Environmental Sustainability
City Council Initiative: Waller Mill Watershed

Category: Public Utilities

Department: Utility Fund

Project Title: Water Supply

Project Description: Waller Mill Dam Improvements

The City's operation and maintenance permit expired in November 2011 and upon expiration a conditional permit has been issued until November 2014 from the Department of Conservation and Recreation (DCR). The City's consultant has completed work on several aspects of the permit renewal – Emergency Action Plan (EAP) and the Investigation and Analysis of Impounding Structure Failure Floods based on the new regulations. Because of the new regulations, the dam went from a low hazard classification to a high hazard which will require a substantial amount of work to the dam.

The City intends to request a conditional permit extension until FY17/18. All required construction work needs to be completed by November, 2018. The CIP over the next three years reflects both soft costs for dam inspections ad construction work related to the inspections. The higher costs shown in FY17-18 reflect the substantial amount of work required on the dam as a result of the new regulations.

Estimated Capital Budget:

FY14	FY15	FY16	FY17	FY18	Total
\$40,000	\$40,000	\$100,000	\$700,000	\$600,000	\$1,480,000

Fiscal Impact: The impact is dependent on which type of solution is chosen but there will be more maintenance required.

Capital Improvements

City Council Goal: VII. Environmental Sustainability
City Council Initiative: Drinking Water System

Category: Public Utilities

Department: Utility Fund

Project Title: Water Supply

Project Description: Water Treatment Improvements

Water treatment improvements include all facets of the Water Treatment Plant including raw water/finished water pumping, chemical applications, lab facilities, buildings/ structures, electrical improvements, piping projects, instrumentation and IT to name a few.

Improvements for FY14 include finalizing improvements to the chemical feed systems and replacement of raw water pumps in pump house #1.

Estimated Capital Budget:

FY14	FY15	FY16	FY17	FY18	Total
\$125,000		\$50,000	\$50,000		\$225,000

Fiscal Impact: Electrical costs will increase marginally for both projects.

Capital Improvements

City Council Goal: VII. Environmental Sustainability
City Council Initiative: Drinking Water System

Category: Public Utilities

Department: Utility Fund

Project Title: Water Distribution/Storage

Project Description: Water System Improvements

Examples of water system improvements include:

- Upgrade line size on developer installed systems (e.g. contribution to 16" extension to Fairfield Timeshares on Mooretown Road).
- Small line replacement program to improve water pressure in specific areas (past projects Jefferson Avenue, Adams Street, Penniman Road, Tanyard Street, and Middletown Farms system).
- Master plan improvements – past projects include 12" water line extension to Strawberry Plains redevelopment project; 12" extension along Henry Street and Francis Street for improved flows to the CWF Lodge and Inn area; York Street extension for redevelopment project.
- Upgrades/replacements of pipelines in conjunction with road construction/reconstruction projects (e.g. Treyburn Drive, Richmond Road Reconstruction, Braxton Court).

\$40,000 is budgeted in FY14 for an upgraded water line on Prince George Street (Boundary St. to Armistead Ave.) in conjunction with redevelopment of the Prince George Commons. Replacement of small pipelines (galvanized) will continue using in-house personnel and are not included as a CIP project. Larger pipeline improvements/extensions are primarily paid for by development.

Estimated Capital Budget:

FY14	FY15	FY16	FY17	FY18	Total
\$40,000					\$40,000

Fiscal Impact: Scheduled replacement of water system infrastructure should reduce operating costs. Water extensions add piping to the water system with minor increases in operating and maintaining infrastructure.

Capital Improvements

City Council Goal: VII. Environmental Sustainability
City Council Initiative: Drinking Water System

Category: Public Utilities

Department: Utility Fund

Project Title: Water Distribution/Storage

Project Description: Water Tank Painting

This project is for the painting of three water storage tanks in the City:

1. 500,000 gallon Jamestown Road elevated tank
2. 500,000 gallon Magruder elevated tank
3. 1,000,000 gallon City Shop ground tank

It is anticipated that complete sandblasting of the tanks will not be required. They were last painted in 1995 and were sandblasted at the time. The City's 750,000 gallon Quarterpath at Williamsburg elevated tank was brought online in FY13 and therefore will not require painting.

Estimated Capital Budget:

FY14	FY15	FY16	FY17	FY18	Total
\$400,000					\$400,000

Fiscal Impact: Tank painting will have a positive impact on the operation and maintenance costs of the water system.

Capital Improvements

City Council Goal: VII. Environmental Sustainability
City Council Initiative: Wastewater Treatment

Category: Public Utilities

Department: Utility Fund

Project Title: Sewer Collection/Transmission System

Project Description: Sewer System Rehab – SSO Program

All localities in the HRPDC region have been issued a consent order by the State Department of Environmental Quality Services to virtually eliminate sanitary sewer overflows (SSOs). SSOs are primarily caused by rainwater inflow and infiltration (I&I) and blockages caused by grease and roots. The consent order sets goals, deliverables and timetables for upgrading the region's sanitary sewer systems. The State initiative is guided by the Federal Environmental Protection Agency.

The region, City included, will be spending unprecedented amounts of money to "tighten up" its sanitary sewer system in an effort to control SSOs. Much study effort will be expended prior to actual rehab/repair/replacement of the infrastructure. While the exact figures can not be determined until sewer line evaluation work is complete, the City is setting aside funding each year for the next 5 years. Some of the FY14 money (\$15,000) will be spent on sewer rehab on Prince George Street in conjunction with streetscape improvements anticipated with Prince George Commons development.

Estimated Capital Budget:

FY14	FY15	FY16	FY17	FY18	Total
\$400,000	\$400,000	\$400,000	\$400,000	\$400,000	\$2,000,000

Fiscal Impact: These expenditures will be a major driver in increasing utility rates. In the long run, however, upgrading the sewer system will reduce O&M costs.

Capital Improvements

City Council Goal: VII. Environmental Sustainability
City Council Initiative: Wastewater Treatment

Category: Public Utilities

Department: Utility Fund

Project Title: Sewer Collection/Transmission System

Project Description: Sewer Pump Station Reliability/Improvements

There are 15 sewage pumping stations in the City. Because the City drains into shellfish waters, the stations are classified as Reliability Class I stations which provides for the strictest standards of reliability. For example, the stations are required to have emergency back up power or other means of operating the pumps in case of power failure. As part of the SSO consent order, a MOM (Management, Operation, Maintenance) report was developed for the sewer system which requires pump station improvements such as wet well cleaning of all stations. The following is a breakdown of the pump station improvements included in the CIP.

- | | | |
|--|------|----------|
| • Station 13 – Stabilize area around station | FY15 | \$60,000 |
| • Station 14 – Rehab wet well | FY16 | \$55,000 |

Estimated Capital Budget:

FY14	FY15	FY16	FY17	FY18	Total
	\$60,000	\$55,000			\$115,000

Fiscal Impact: No fiscal impact.

Capital Improvements

City Council Goal: VII. Environmental Sustainability

Category: Public Utilities

Department: Utility Fund

Project Title: Water/Sewer System Contingency

Project Description: Water/Sewer System Contingency

Water and sewer system contingency must be budgeted to cover unforeseen items on a yearly basis. The utility must have the money reserved in order to continue to operate on a continuous basis. Examples of water and sewer contingencies include:

- Emergencies - major pipeline failures, drought.
- Emergency sewer repairs/rehab.
- Water pump/motor burn out.
- Loss of power and emergency generator failure.
- Drought requiring public notification campaign to conserve water.
- Water/sewer line extensions at property owner request.
- Contributions to new pump stations installed by Development.
- Capital project contingency.

Estimated Capital Budget:

FY14	FY15	FY16	FY17	FY18	Total
\$75,000	\$75,000	\$75,000	\$75,000	\$75,000	\$375,000

Fiscal Impact: No impact.

CITY OF WILLIAMSBURG

MEMORANDUM

TO: **Mayor and City Council
Planning Commission**

DATE: **January 10, 2013**

SUBJECT: Capital Improvements for FY13 - Status of Current Projects

The following list details the status of capital improvement projects in FY13 (this budget year). Allocated costs listed are for FY13 in the current Capital Improvement Plan.

PUBLIC WORKS

Street Construction

1. Repaving Program - \$450,000 allocated. The City's annual street repaving program is scheduled for May/June 2013.
2. Prince George Street Reconstruction - \$549,950 allocated. This is included in the City's 2013 Revenue Sharing Funds (50% match) program in conjunction with sidewalk improvements. Construction is expected to begin in Summer 2013.

Underground Wiring/Corridor Enhancement

3. Rt. 60 East Regional Corridor Improvement Program - \$595,000 allocated. Because of changes to the Transportation Enhancement Program, the City's portion of the Corridor Improvement Program will be submitted to VDOT as a FY 14 Revenue Sharing Project. Improvements include brick sidewalk on the motel side and multi-use trail along the CWF pasture side, new street lighting and landscaping. Revenue Sharing provides for a 50-50 cost share with the State. This project will be moved to the FY14 CIP.
4. Page Street Underground Wiring - \$700,000 allocated. Working with Dominion Virginia Power, plans are almost complete. Construction should begin by mid-2013, depending on Dominion's work schedule.

Pedestrian and Bicycle Improvements

5. Sidewalk Construction Projects - \$984,000 allocated. VDOT Revenue Sharing Funds (50% match) have been approved for eight sidewalk projects: Richmond Road (Waltz Farm Drive to Patriot Lane), Lafayette Street (Harrison Avenue to Wythe Street), York Street (end of existing brick sidewalk to Lafayette Street), Bypass Road (Rt. 132 to Parkway Drive), Parkway Drive (Bypass Road to Capitol Landing Road), Ironbound Road (Middle Street to former Fire Station site), Prince George Street (see #2), and Scotland Street (Prince George Street to King & Queen Apartments). Construction is expected to start in Summer 2013.

Capital Improvements for FY13

January 10, 2013

Page 2

Stormwater Management Projects

6. Update of 1996 Stormwater Management Plan - \$60,000 allocated. The update will begin in Spring 2013.

RECREATION AND OPEN SPACE

Facilities

7. Quarterpath Park Improvements – Tennis court resurfacing - \$15,000 allocated. Funding was reallocated to complete resurfacing of the Kiwanis Park courts; Quarterpath has been deferred.
8. Kiwanis Park Improvements – Develop unlighted infield portion of the 4th ballfield and resurface tennis courts and basketball court - \$65,000 allocated. Clearing and associated improvements to be completed in February 2013. Resurfacing of tennis courts and basketball court will be finished in Spring 2013.

PUBLIC SAFETY

Facilities

9. E-911 Regional Center Expansion - \$45,000 allocated. This project combined the City's E-911 Center with York County, and was fully implemented in July 2009. \$45,000 is required annually to cover debt service on the building expansion.
10. Fire Station Improvements - \$76,000 allocated. This project renovates the three existing bathroom and shower facilities located in the fire station. Plans have been prepared and a bid package is being developed. Construction will start in Spring 2013.
11. LIFEPAK Monitor Replacement - \$65,000 allocated. This project replaces two LIFEPAK monitors for the City's medic units. They have been purchased and are in service.
12. Mobile Data Terminals – \$48,000 allocated. This project will purchase nine ruggedized laptops that were installed in police vehicles. The purchase will be completed by June 2013.

GENERAL GOVERNMENT

Information Technology

13. Server Virtualization - \$60,000 allocated. This project took three physical servers and clustered them together forming a single virtual server. This project was completed in October 2012.

Capital Improvements for FY13

January 10, 2013

Page 3

14. Phone System Gateways - \$28,000 allocated. This project added remote gateway servers at three critical remote locations (Police, Fire and Quarterpath Recreation Center) to allow the City to abandon the aging copper cabling required to connect these facilities to the phone switch. This was completed in November 2012.
15. Productivity Software Upgrade - \$25,000 allocated. This project will upgrade all licenses of Microsoft Office in the City to the latest version (Office 2010). Completion is expected in April 2013.

AGENCIES/INTERJURISDICTIONAL

Facilities

16. Courthouse Maintenance Projects - \$150,000 allocated. The Clerk of the Circuit Court collects and remits a courthouse maintenance fee of \$2 for each civil and criminal action and/or traffic case in the District or Circuit Courts for Williamsburg and James City County. The balance of the Fund is available for projects approved by the governing bodies. Two projects were recently completed - an upgraded computer security software system costing \$48,272, and a storm water drain inlet repaired at a cost of \$4,398. A third project under construction is upgrading the lobby desk area at a cost of \$54,400, and will be completed in early 2013.
17. Schools – Renovation and Capital Maintenance Projects - \$1.61 Million allocated for FY13, plus carryover funds from prior years totaling \$900,000. City contribution to various capital expenditures for the joint Williamsburg-James City County school system totaled approximately \$209,000 through December, 2012 in FY13.

Reed T. Nester, AICP
Planning Director

CITY OF WILLIAMSBURG

MEMORANDUM

TO: Jackson C. Tuttle, City Manager

DATE: February 20, 2013

SUBJECT: Capital Improvement Program

The Williamsburg Planning Commission has finished its review of the proposed Five Year Capital Improvement Program. The Commission held a public hearing on January 16 and a work session on January 31. Following its discussions on the CIP, the consensus of the Commission is to support the proposed Five Year Capital Improvement Program with the inclusion of several additional projects. In particular:

- **Stryker Center and Municipal Center**

The Commission supports, in general, the construction of the Stryker Center, which will provide needed facilities for both the City and the Williamsburg Regional Library. The partnership between the City and the Library will provide many benefits to our citizens, and will complement the extensive improvements made to the Municipal Center since 1999. While there is full support for the Stryker Center concept, there is mixed support for its construction in FY14 in light of other important capital improvement needs in the City.

In conjunction with the planning for the Stryker Center, the future of the entire Municipal Center should be examined, and its master plan should be updated as needed. Planning Commission recommends that improvements to the Police Department be the next scheduled project for the Municipal Center, but suggests that consideration be given to whether or not the current location of the Police Department is the best location in light of the future needs for the area.

- **Arts District and Northeast Triangle**

The Commission supports coordinated infrastructure improvements in both the Arts District and the Northeast Triangle Planning Area as a high priority in the Five-Year Capital Improvement Program. Specific improvements should be added to the Capital Improvement Plan over the next five years, and should be based on recommendations made in the 2013 Comprehensive Plan. These improvements range from major improvements such as underground wiring (most importantly along Second Street and Lafayette Street), sidewalks and street improvements, and less expensive improvements such as street lighting, directional signage, flags, banners, landscaping, crosswalks and bike lanes. The less expensive improvements should be implemented as soon as possible so as to maximize their benefits to these areas. The possibility of public/private partnerships between the City and property/business owners in these two areas should be considered as a way to advance these projects.

- **Sidewalks**

The Commission supports continued sidewalk improvements, and specifically the completion of the eight projects that began in FY13 and the York Street corridor improvements in FY14. These projects will fill in gaps in the sidewalk system that have been identified in the 2013 Comprehensive Plan. Additional specific sidewalk projects should be added in the future years of the Capital Improvement Program (FY15-FY18), with a major focus on the Arts District and the Northeast Triangle Planning Area. The following new projects should be added, based on the recommendations of the 2013 Comprehensive Plan: Arts District - additional sidewalks and crosswalks in the Arts District, both along Lafayette Street and the side streets between Lafayette Street and Richmond Road; Northeast Triangle Planning Area - reconstruction of Parkway Drive between Wyndham Plantation and Capitol Landing Road to include extending the existing sidewalk from Wyndham Plantation to Capitol Landing Road and adding bike lanes, and a sidewalk on the west side of Merrimac Trail; Other Areas - connecting the sidewalk on Harrison Avenue to the sidewalk on Lafayette Street; sidewalk on Governor Berkeley Road between Richmond Road and Longhill Road; and sidewalk on South Henry Street between College Landing Park and the entrance to The Oaks.

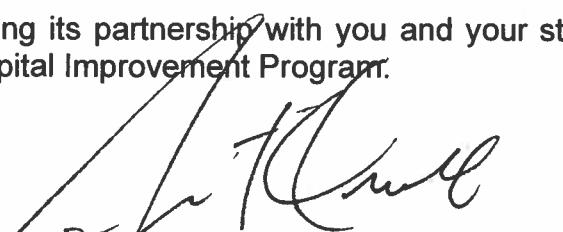

- **Underground Wiring**

The Commission supports the underground wiring projects listed in the draft Capital Improvement Program over the next five years. Second Street between Page Street and the city limits, and Lafayette Street between Richmond Road and Wythe Avenue, should be added as the next two priorities for underground wiring.

- **Downtown Planning Area – Western Portion**

The Commission supports adding funding for a study to take a comprehensive look at the western portion of the Downtown Planning Area, which is the area between Armistead Avenue and the Richmond Road/Scotland Street intersection. Issues to be considered should be the future of the Blayton Building and the Triangle Building, opportunities for new off-street structured parking facilities in the area, and sidewalk and streetscape improvements. The study should involve a dialogue between stakeholders in the area (Churches, Residents, City, College, Colonial Williamsburg Foundation, etc.), and lead to the development of a conceptual plan for the future of the area.

The Commission looks forward to continuing its partnership with you and your staff in developing and implementing the City's Capital Improvement Program.

Sean Driscoll, Chair
Williamsburg Planning Commission

City of Williamsburg Fiscal Year 2014 Proposed Budget

INTRODUCTION

This Guide is designed to assist those responsible for preparing the Annual Operating Budget and the Five Year Capital Improvement Program of the City of Williamsburg. The budget process defines, communicates, and funds the city's programs and priorities. The completed budget is City Council's financial road map, and a primary management tool for the City Manager and Department Heads. To that end, it must be a quality document, and our best efforts should be expended in its preparation.

The Budget Guide is a formal call for all departments of the city and agencies associated with the city, to prepare and submit an estimate of the resources required for the next fiscal year. It includes a set of procedures for building a comprehensive budget to be submitted to City Council in March each year. It also serves as a mid-year review to identify adjustments necessary to the current year budget.

AUTHORITY

The Charter and Code of Ordinances of the City of Williamsburg, and the Code of Virginia, prescribe budgetary responsibility and process. Budgetary accounts are maintained according to the Uniform Financial Reporting Manual for Virginia Counties and Municipalities, as prescribed by the Auditor of Public Accounts, Commonwealth of Virginia. This guide consolidates pertinent budgetary information as concisely as possible, providing a reference for making sound, informed, consistent budget decisions.

BUDGET CALENDAR

August 2012

- 25 City Council Retreat – 2013/2014 Biennial Goals, Initiatives, and Outcomes.

November 2012

- 30 Finance department sends letters to outside agencies advising of budget submittal requirements and deadlines.

December 2012

- 3 City Manager and Finance Director distribute budget guidance and capital improvement planning instructions to operating departments.

January 2013

- 7 Begin series of meetings between City Manager and City employees in small groups to discuss budget issues.
- 9 Finance department distributes FY2014 Budget Worksheets to Department Heads and Constitutional Officers.
- 11 Planning Director prepares a status report on the FY 2013 CIP, focused on major capital items, and provide to Planning Commission and City Council.
- 16 Planning Commission public hearing on capital improvement program.
- 18 Deadline for receipt of all Outside Agency budget requests for FY 2014 funding.
- 19 City Council Retreat to preview budget outlook.
- 28 Departmental and Constitutional Officer operating budgets due to Finance Department. Finance begins compilation and review of budgets, and completes revenue projections for FY 2014.
- 28 City Manager and Finance Director begin meetings with Department Heads on budget submittals as necessary.

February 2013

- 20 Planning Commission provides input to City Manager and City Council for update of the Five Year Capital Improvement Program.

March 2013

- 9 Advertise proposed property tax increase (if applicable-30 day minimum notice requirement Va Code §58.1-3321).
- 14 City Council Meeting – Williamsburg Regional Library Budget Presentation.
- 25 City Council Work Session – Outside AgencyBudget Requests (4-5pm Tourism Marketing, 5-6pm Arts Commission, Human Services Agencies).

April 2013

- 3 Proposed Operating and Capital ImprovementBudgets delivered to Council. Advertisement published for April 11, 2013 Public Hearing on Proposed Budget.
- 6 City Manager budget report to Neighborhood Council of Williamsburg.
- 8 City Council Work Session – Overview of FY 2014 Budget and Open Forum.
- 11 City Council Meeting - Public Hearing on Proposed Budget, Tax Levy, and Utility Rates, W-JCC Public Schools Budget Presentation.
- 15 City Council Budget Work Session (4pm).
- 30 Supervisors and Department Heads submit annual employee performance evaluations for input into Merit Pay Plan.

May 2013

- 9 Council Adopts FY 2014 Operating, Capital, and Public Assistance Fund Budgets with Budget Resolution.
- Council Sets Tax Rate.

July 2013

- 1 Begin Fiscal Year 2014.

INSTRUCTIONS**General**

In early January, Finance staff will provide spreadsheets to departments with operating activity for each departmental line item:

- A. Prior year's expenditures for last two fiscal years.
- B. Current year budget.
- C. Current year expenditures through December 31st.
- D. A column for estimating current fiscal year total expenditures through June 30th.
- E. A column for next fiscal year's line-item budget estimates.

Each department head should complete items D and E. The current year estimate is both the basis for recommending amendments to the current year budget, and for determining next year's amount for consideration by City Council.

Recommendations on personnel expenditures (addition/deletion of positions, etc.) should be submitted in memo form. Payroll and fringe benefits line items on the printout should be left blank. Finance will calculate and enter these line items.

Reminders for Preparers of Budget Requests

1. Analyze each line item separately. Compare historical data, current year budget, and estimated spending levels for the current year to assist with your request.
2. Round all figures to the nearest \$10.00 (i.e., \$32 to \$30 and \$85 to \$90).
3. Verify all object codes, amounts, and totals.
4. Meet all Budget Calendar deadline dates. Preparers should highlight key dates and actions.
5. Keep backup materials used in computing your budget request. These will be used both in explaining budget recommendations and administering the budget.
6. This is your operating budget. You are responsible for closely monitoring expenditures and encumbrances against the budget monthly. Written requests for Budget Account Transfers or Supplemental Appropriations must be submitted on forms provided and approved prior to obligating spending over the adopted budget.

CAPITAL IMPROVEMENT PROGRAM INSTRUCTIONS

Definition of a Capital Project

The Capital Improvements Program (CIP) identifies, schedules and budgets capital projects. A capital project is a major expenditure which adds to the net assets of the City. Capital projects fall within one or more of the following categories:

1. Land acquisition or long-term lease.
2. Construction of buildings, public facilities, and infrastructure, generally exceeding \$20,000.
3. Acquisition or improvement of property, generally exceeding **\$20,000**.
4. Major additions or rehabilitation to public facilities, generally exceeding **\$20,000**.
5. Major studies such as engineering, feasibility, etc., related to public facilities.
6. Vehicles and equipment, generally exceeding \$10,000.

Some examples of capital projects are: street construction, sewer lines, parks, sidewalks, storm drains, water lines, building construction or major renovation, fire trucks, and police cars.

Engineering or planning studies, which are directly linked to a specific capital project, are part of the cost of that project. Such engineering studies should be included in the project description of which they are a part. Other studies and plans, which constitute a major expense of a non-recurring nature, are included in the CIP even if they are not assets in the sense of a building.

Relation Between the Capital Budget and the Capital Improvement Program

The Five Year Capital Improvement Program is presented annually to the City Council. The first year of the Capital Improvement Program is a capital budget and contains the list of projects for implementation during the coming fiscal year. The CIP is updated annually as new needs become known and as priorities change. It is possible that a project with low priority can remain in the CIP program longer than five years as more important projects appear and move ahead of it. Conversely, a project may be implemented sooner than originally planned due to changing priorities.

Project Review

All requests for capital projects and input on priorities will be evaluated by the City Manager and Finance Director before being submitted to City Council.

The Planning Commission will receive the proposed Capital Improvements Program when it is distributed to City Council. The Commission will be invited to advise Council on the consistency of the CIP with the Comprehensive Plan of the City.

Capital Project Form

Capital Improvement Program projects will be submitted on forms provided by the City Manager. The following is a non-inclusive list of project categories:

Streets and Traffic	Stormwater Management
Solid Waste Management	Park Development
Building Improvement	Water and Wastewater Improvements
Economic Development	Field Equipment
Parking Facilities	Planning/Feasibility Studies
Property Acquisition	Vehicles

Five Year Vehicle Replacement Plan

All vehicles owned by the city are listed on a replacement plan. The plan is based on a five-year projection. It is updated annually with the rest of the CIP.

Annual Update

Each year departments submit an update to the CIP as the first step in budget formulation.

Updates include:

1. Submission of the current year Capital Project Form with either:
 - a. pen and ink annotation to update the form for the next five year period, or
 - b. staple a revised form if changes are too many for pen and ink update.
2. Submission of a statement for each current year project of work accomplished at the six month point, and the accomplishments expected by the twelve month point.
3. Submission of a revised Capital Improvement Summary for that portion of the CIP assigned to the originator's department.

The second step requires department heads to a status report by July 31st each year of all projects funded during the prior fiscal year ended June 30th. This information will be provided to the Finance Department to determine the balance of capital projects funds needed to carry forward to the next fiscal year for project completion.

BIENNIAL GOAL SETTING

The City of Williamsburg recognizes the importance of setting specific goals. Goals provide both means of sorting out priorities, and a standard against which to measure effectiveness. More than any other determinant, stated goals drive the budget. Goal setting is an integral part of the budget process.

To advance the City's vision, every two years the City Council identifies new strategic objectives for city government. Biennial Goals, Initiatives, and Outcomes (GIO's) provide an expression of city priorities, as specific and measurable as possible, covering a two year period. GIO's provide a coordinated expression of City Council's direction for change and focus in the near future.

Two or three new or incumbent council members are elected in May of even numbered years. The newly elected Council members then have several months to become familiar with the workings of city government before the Council attempts to chart the City's course. This is done through a methodical goal setting process in the Fall of even numbered years. The City Council's adopted goals then become a guide for the two succeeding budgets. In this way, a Council spends the first six months after the election deciding what it wants to accomplish, and the remaining eighteen months before the next election concentrating on implementing its goals.

During the midterm, or odd numbered years, the Council monitors progress towards achieving its goals. A mid-biennium status report is prepared by staff, and includes desired outcomes and observed results. But the formal goal setting process takes place only every two years.

In order to be fully useful, goals statements should have the following characteristics:

- Goals should be as specific as possible.
- Goals achievement should be measurable.
- Goals should be short-range-one or two years. Longer range goals should be expressed in terms of what intermediate goals or objectives must be undertaken now to achieve the ultimate goal.
- Goals should be developed by exception. The continuation of existing policies and practices of city government should not be listed as goals, however important they may be. Only new or altered policies or practices should be listed.
- Goals should be followed by an implementation strategy provided in operating and capital budgets.
- The cost of achieving a goal should be counted in terms of time, money, and commitment, realizing each goal actively pursued takes away resources that could be applied to other activities.
- Goals should be limited to those which city government has the power to achieve. While it may be well to state goals which are primarily the responsibility of others, it should be recognized that while the City has considerable influence, it does not have substantial control over goals such as these.

The calendar below outlines City Council's Goals, Initiatives, and Outcomes process. The City Council's two- year election cycle fits well with this biennial goal setting cycle.

CALENDAR (even number years only)

- | | |
|-----------|--|
| May | Council Election |
| July 1 | New Council members take office. |
| July-Aug. | City Manager provides status report on accomplishment of stated goals. Council holds retreat to evaluate goal accomplishment and discuss future priorities. |
| September | Council offers public comment opportunities to hear citizens' ideas and suggestions on goals. |
| October | City Manager presents a draft Goals Statement based on the outcome of the retreat and public comment for Council consideration. Council has workshop sessions as necessary, and adopts a statement of goals. |
| November | City Staff begins work on operating and capital budgets for coming fiscal year reflecting priorities in the statement of goals. |

BUDGETARY ACCOUNTS

Budgetary Accounts and Responsibility

The City of Williamsburg operates its budgetary system on a fund accounting basis.

The funds used by the City of Williamsburg are Governmental and Proprietary. The Governmental Funds consist of the General Fund (01) and the Capital Improvement Program (Sales Tax 04). These funds are combined in the City's Comprehensive Annual Financial Report (CAFR), but for budgeting purposes, are kept separate due to the operating and capital differences. The Proprietary Fund is an Enterprise Fund (10) which accounts for the city water and wastewater as the Utility Fund.

The General Fund is used to account for all financial resources except those required to be accounted for in one of the other funds. The General Fund encompasses all city departments, except utilities, and also includes entities funded through city government such as constitutional officers, detention, schools, library, and outside agencies.

Capital Improvements Program is used to account for major capital outlay items. Historically, the city has used the State's 1% sales tax revenue to fund capital projects.

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business. The intent of these operations is that the cost of providing continued services to the public be financed primarily from user charges and fees.

Expenditures of the City of Williamsburg are classified by fund, and within each fund by department. Expenditures are classified by object (line item) within each department.

Departmental Codes and Responsibility, lists the individual responsible for submitting and managing each departmental budget. In the case of outside agencies, Appendix A lists the city employee responsible for overseeing agency funding.

Revenue Sources and Trends, documents all existing and potential sources of revenue received by the City of Williamsburg to finance its operations each year. It contains a thorough description of each revenue source, trends, and other pertinent information that should help the reader gain an understanding of the basis of each of these sources.

Expenditure Classifications, provides an explanation of each line item to help in properly and consistently classifying expenditures.

DEPARTMENT CODES AND RESPONSIBILITY

Fund Number	Dept. Number	Department	Responsibility	
General Fund:

10	1990	Reserve-Utility CIP	Daniel	Clayton

REVENUE SOURCES AND TRENDS

GENERAL PROPERTY TAXES

General Property Taxes account for approximately 38% of the City's general fund operating revenues. These taxes are derived from annual assessment of real estate and tangible personal property located in the City. The City Assessor appraises real estate property annually. This category includes property tax collections for current and delinquent years. Also included in this category are collections for Public Service Corporations, property appraised by the State Corporation Commission, and cover real, personal property, and machinery & tools. Revenues received for property tax on mobile homes, boats and motorcycles are also included in this revenue category.

Real Property Taxes

By state law, all real property taxes must be assessed each year at 100% of fair market value. The assessments are made on a fiscal year basis and must be complete and mailed to property owners by June 30th for the next fiscal year. Taxes are then due on Dec 1, and June 1 of that fiscal year. The current tax rate (FY 2013) is \$.57 per \$100 of assessed value. The City's real estate tax rate history is shown in the following tabulation:

Real Estate Property Tax Rates (per \$100 assessed valuation)	
Fiscal Year 1987	\$.52
Fiscal Year 1988	.51
Fiscal Year 1989	.50
Fiscal Year 1990	.52
Fiscal Years 1991-2012	.54

Real property taxes generated by other selected Virginia localities for the fiscal year ended June 30, 2011 are as follows¹:

Locality	Tax Rate / \$100	Real Property Tax Revenues FY 2011	% Change Over FY 2010	% of Total Local Revenues	Tax Rate vs. Wmsbg.	Per Capita Revenue
James City County	\$.77	\$87,232,176	2.1%	59.1%	+43%	\$1,302
York County	\$.658	\$60,890,460	4.1%	50.9%	+22%	\$930
Winchester	\$.86	\$24,640,903	2.8%	38.2%	+59%	\$940
Hampton	\$1.04	\$123,145,607	.8%	45.0%	+93%	\$896
Newport News	\$1.10	\$170,348,424	-.6%	45.4%	+104%	\$943
Williamsburg	\$.54	\$9,850,627	-3.2%	30.1%	--	\$700

¹ Commonwealth of Virginia – 2011 Comparative Report of Local Government Revenues and Expenditures

Real property tax revenues received during the past ten fiscal years are shown below²:

Fiscal Year	Real Property Tax Revenue	% Change
2003	5,523,130	11.3%
2004	6,158,084	11.5%
2005	6,526,520	5.9%
2006	7,333,851	12.4%
2007	8,476,536	15.6%
2008	9,737,885	14.9%
2009	10,136,979	4.1%
2010	10,178,109	.4%
2011	9,850,627	-3.2%
2012	9,379,288	-4.8%

Real estate taxes are generated based on the annually reassessed value of property. Taxable real estate property values for the last ten fiscal years are as follows:

Fiscal Year	Taxable Real Estate Property Values	% Change
2003	995,635,300	9.58%
2004	1,117,426,100	12.23%
2005	1,202,692,600	7.63%
2006	1,338,705,000	11.31%
2007	1,547,651,600	15.61%
2008	1,803,239,200	16.51%
2009	1,895,456,000	5.11%
2010	1,892,571,800	-.1%
2011	1,827,509,200	-3.4%
2012	1,736,157,600	-5.0%

For each 1¢ of the City's tax rate, approximately \$173,616 is generated annually, based on the fiscal year 2012 land book values. New construction each year tends to skew increases in total property valuations shown above from year to year.

² City of Williamsburg's Comprehensive Annual Financial Reports-amounts include prior years' delinquent real estate tax receipts.

Personal Property Taxes

Tangible personal property is classified into two categories for valuation purposes, personal and business property. Cars, trucks, boats, trailers, etc., comprise personal property, and furniture, fixtures, and machinery account for business property. Property is assessed each January¹, and taxes are due on December 1st, of the same year. The rate of assessment for motor vehicles is determined by the NADA or "Blue Book" average loan value. Furniture, machinery, etc., is assessed at 30% of original cost. The City does not prorate for partial year occupancy. The tax rate is \$3.50/\$100 of assessed value. Personal property taxes generated by select Virginia localities for the fiscal year ended June 30, 2011 are as follows³:

Locality	Tax Rate / \$100	Personal Property Tax Revenues*	% Change Over FY 2008	% of Total Local Revenues	Per Capita Revenue
James City County	\$4.00	\$20,645,612	2.8%	14.0%	\$308
York County	\$4.00	\$15,073,988	5.1%	12.6%	\$230
Winchester	\$4.50	\$9,569,893	-.7%	14.8%	\$365
Hampton	\$4.25	\$21,789,338	3.7%	8.0%	\$159
Newport News	\$4.25	\$50,626,043	1.9%	13.5%	\$280
Williamsburg	\$3.50	\$1,861,632	2.4%	5.7%	\$132

*Includes Machinery & Tools and excludes State reimbursement for Personal Property Tax Relief Act.

Personal Property tax revenues received during the past ten fiscal years are shown below⁴:

Fiscal Year	Personal	Business*	Total Amount	% Change
2003	1,019,000	1,279,076	2,298,076	2.2%
2004	1,076,523	1,254,363	2,330,886	1.4%
2005	1,056,463	1,259,291	2,315,754	-.6%
2006	1,229,677	1,143,727	2,373,404	2.5%
2007	1,292,157	1,130,964	2,423,121	2.1%
2008	1,326,707	1,210,744	2,537,451	4.7%
2009	1,409,945	1,307,209	2,717,154	7.1%
2010	1,315,193	1,276,328	2,591,521	-4.6%
2011	1,212,702	1,330,793	2,543,495	-1.8%
2012	1,257,024	1,304,252	2,561,276	.7%

*Business personal property tax receipts include autos, machinery, & tools

³ Commonwealth of Virginia – 2011 Comparative Report of Local Government Revenues and Expenditures.

⁴ City of Williamsburg's Comprehensive Annual Financial Reports-amounts include prior years' delinquent personal property tax receipts, and State share of personal property tax reimbursement.

Public Service Corporations

Tax revenues are generated by public service corporations based on annual assessments of property, both real and personal, by the State Corporation Commission. Public service corporations are those providing services such as water, heat, light and power, telecommunications, and railroads within local government boundaries. Property assessments for the last ten fiscal years, along with the total revenue receipts for public service corporations are provided as follows:

Fiscal Year	Real Estate Assessments	Personal Property Assessments	Total Public Service Corporation Revenue
2003	49,990,963	340,727	282,265
2004	53,151,294	0	287,017
2005	55,531,820	0	316,177
2006	52,041,889	0	281,026
2007	51,334,159	21,358	277,952
2008	52,220,912	13,527	282,466
2009	51,598,088	14,870	279,150
2010	57,063,079	12,804	308,589
2011	58,838,333	567	318,294
2012	60,096,469	3,450	316,061

In fiscal year 2003, the city received tax on vehicles for 2002 tax year from a large public service corporate taxpayer.

Penalties and Interest

Personal property and first half fiscal year real estate taxes are due December 1st each year. Second half real estate taxes are due June 1st. Penalties are charged on all property tax accounts if not paid by these due dates. Penalty charges for delinquent property taxes are as follows:

Amount of Taxes	Personal Property	Real Estate
Up to \$10	Penalty is same as tax	Penalty is 10%
\$10.01 - \$100	Penalty is \$10	Penalty is 10%
\$100.01 and up	Penalty is 10%	Penalty is 10%

Interest charges begin January 1st for delinquent first half real estate and personal property taxes, and July 1st for second half taxes. Interest is computed monthly, with an annual percentage rate of 10% as provided for in the Williamsburg City Code.

Penalty and interest revenues over the past ten fiscal years are shown in the following table:

Fiscal Year	Penalties	Interest	Total
2003	68,639	35,236	103,875
2004	71,508	18,461	89,969
2005	63,900	15,386	79,286
2006	34,307	13,673	47,980
2007	32,017	20,274	52,291
2008	38,024	19,094	57,118
2009	40,637	20,696	61,333
2010	34,866	15,825	61,333
2011	73,693	30,581	104,274
2012	66,082	28,950	95,032

OTHER LOCAL TAXES

This category of local revenues differs from general property taxes in that they are not billed by the City [except in the case of business licenses]. They are dependent on business volume, and most are *self-imposed* [businesses report sales activity directly to the City, and charges are based on these reported figures]. Business activity is subject to verification by the Senior Tax Analyst.

Local Sales and Use Taxes

Local sales and use taxes are based on business activity in the City reported to the Commonwealth of Virginia by all businesses that are required to charge State sales tax of 5%. The taxes are collected and submitted to the Virginia Department of Taxation on a monthly basis and one percent of these proceeds are then returned to the City directly from the State. As a matter of policy, the City has designated these revenues to pay for its ongoing capital improvement program. Revenues received from the Commonwealth of Virginia for sales taxes over the last ten fiscal years are as follows:

Fiscal Year	1% Sales Tax Receipts	% Change
2003	3,781,232	-13.44%
2004	4,210,450	11.35%
2005	4,219,603	.22%
2006	4,303,203	1.99%
2007	4,867,792	13.12%
2008	4,562,028	-6.28%
2009	3,844,275	-15.73%
2010	3,885,065	1.06%
2011	3,963,454	2.02%
2012	4,161,131	5.00%

Consumer Utility Taxes

Use taxes are collected by public utility companies and remitted to the City on a monthly basis. City Council approves the rates charged annually. Telecommunications sales taxes since FY 2007 are 5% for all Virginia localities. The following table highlights the purpose and rates charged by these utility companies in effect during fiscal year 2012:

Current City Charges			Maximum-State Code			
Type	Residential Rate	Commercial Rate	Res. Max Per month	Comm-Industrial Max/month	Residential Maximum Allowable Charge/month	Comm/Ind. Maximum Allowable Charge/month
Electricity	\$.70/ month Plus .007468 per kw hours	\$1.15/month Plus .006947 per kw hours	\$1.00	\$20.00	20% up to \$15=\$3	20% up to \$200=\$40
Gas	\$.70/month Plus .014 per CCF	\$1.15/month Plus.0243 per CCF	\$1.00	\$20.00	20% up to \$15=\$3	20% up to \$200=\$40
Propane	N/A	N/A	N/A	N/A	Same as above	Same as above
Telephone	5% per month	5% per month	No limit	No limit	No limit	No limit
Wireless	5% per month	5% per month	No limit	No limit	No limit	No limit
Telephone – E-911	\$.75/month	\$.75/month	\$.75/month	\$.75/month	\$.75/month	\$.75/month

The Commonwealth of Virginia deregulated gas and electric utilities in 2001. Since then local utility taxes for those industries are designed to be revenue neutral to localities. Beginning July 1, 2003, the City of Williamsburg began imposing a tax on wireless communications. Total receipts collected over the last ten fiscal years are as follows:

Fiscal Year	Electric	Telephone	Natural Gas	E-911*	Wireless	Commun. Sales Taxes	Total Collections
2003	195,418	199,374	55,082	216,106	0	0	665,980
2004	180,296	170,339	57,982	236,670	139,415	0	784,702
2005	181,451	198,580	59,930	263,202	258,868	0	962,031
2006	200,166	191,027	60,331	245,767	189,097	0	886,388
2007	201,075	83,671	62,243	112,628	89,231	353,702	902,550
2008	200,307	0	82,563	0	0	824,920	1,107,790
2009	201,825	0	89,224	0	0	749,461	1,040,510
2010	204,672	0	90,122	0	0	752,584	1,047,378
2011	203,571	0	97,389	0	0	748,840	1,049,809
2012	201,177	0	94,611	0	0	733,624	1,029,412

*Effective July 2, 2001, E-911 rate was increased to \$2.00 but mid-year FY 2007 (beginning January 1, 2007), all E-911, telephone, and wireless revenues are included as communications sales taxes under State legislation.

Business License Taxes (BPOL)

All businesses in the City must obtain a business license to operate. The Commissioner of the Revenue sends business license applications in late December each year. Forms provided include prior year information [name, address, type of business conducted, gross receipts, etc.] and it is the responsibility of licensees to confirm or change information. The applications must be returned to the Commissioner by February 15th. The charges for business licenses are based on gross receipt figures provided on the application. The due date for payment of business licenses is March 1st each year, with a 10% penalty beginning March 2nd, and interest accruing at 10% annual percentage rate.

A detailed list of rates is provided for information purposes.

Trade/Type	Fee [based on gross receipts]	Minimum Fee
Business or Personal Service	\$.36/\$100	\$30 up to \$8,200
Contractor	\$.16/\$100	\$30 up to \$18,000
Fortune Teller	\$1,000 flat fee	Flat license fee
Itinerant Merchant or Peddler License	\$500 flat fee	Flat license fee
Professional Service	\$.58/\$100	\$30 up to \$5,000
Retail Merchant	\$.20/\$100	\$30 up to \$15,000
Wholesale Merchant	\$.05/\$100	\$30 up to \$60,000
Restaurant (seating 50-100)	\$200	Flat license fee
Restaurant (seating 101-150)	\$350	Flat license fee
Restaurant (seating 151-up)	\$500	Flat license fee
Bed & Breakfast – Mixed Beverage	\$40	Flat license fee
On/Off Sale of Beer-Wine	\$150	Flat license fee
On/Off Premises Sale of Beer	\$100	Flat license fee
On Premises Sale of Beer & Wine	\$150	Flat license fee
On Premises Sale of Beer	\$100	Flat license fee
Off Premises Sale of Beer & Wine	\$150	Flat license fee
Off Premises Sale of Beer	\$100	Flat license fee

Business Licenses receipts over the last ten fiscal years are as follows:

Fiscal Year	Business License Receipts	% Change
2003	1,641,721	1.17%
2004	1,628,458	-.81%
2005	1,749,413	7.43%
2006	1,789,386	2.28%
2007	1,593,478	-10.95%
2008	1,754,093	10.08%
2009	1,595,535	-9.04%
2010	1,571,483	-1.51%
2011	1,497,159	-4.73%
2012	1,598,958	6.80%

Utility License Fees

The Code of Virginia, § 58.1-37 governs the licensing and regulation of cable television in the City. Gas and electric utilities using the city streets and right-of-ways to conduct business are classified here also, with consumption taxes set by state code. The Code of Virginia § 58.1-2904 imposes consumption taxes on consumers of natural gas in the City, and the Code of Virginia § 58.1-2900 covers consumption taxes on electricity in the City. These taxes are separate from consumer utility taxes charged monthly. The City's current agreement with Cox Cable was renegotiated in May, 2011 for 10 years.

Activity	Fee
Cable TV	5% of gross receipts
Telephone	\$.50/\$100 gross receipts
Gas	\$.004/CCF first 500CCf per month
Electric	Under 2,500kWh = \$.00155/kWh/month 2,500 – 50,00 kWh = \$.00099/kWh/month over 50,000 kWh = \$.00075/kWh/month
Taxi & Bus Services	\$75 flat fee plus \$60 per cab owned

Budget Guide

Utility License fees collected over the past ten years are shown below:

Fiscal Year	Cable TV *	Gas & Electric	Telephone	Other	Total Utility License Fees
2003	112,058	66,571	22,117	1,614	202,360
2004	129,335	59,675	34,509	2,197	225,716
2005	141,092	58,910	33,094	2,100	235,196
2006	151,111	60,465	35,986	3,200	250,762
2007	79,168	55,818	33,860	2,900	171,746
2008	0	62,290	37,343	3,200	102,833
2009	0	64,035	40,685	3,300	108,020
2010	0	64,905	52,843	3,500	121,248
2011	0	67,753	40,838	2,430	111,021
2012	0	60,858	40,183	2,530	103,571

* Beginning January 1, 2007, cable franchise fees are included in the Communication Sales Tax program

Bank Stock Taxes

Every incorporated bank, banking association or trust company organized by or under the authority of the laws of the Commonwealth are responsible for filing bank franchise taxes⁵. A specific state tax form is prepared annually for banks, and filed with the Commonwealth of Virginia. The tax is essentially 8/10's of 1% of a bank's total equity capital (including reserves for losses) less real estate and personal property holdings which are taxed by Virginia localities. Banks submit the portion of its total bank stock taxes to local governments based on the percentage of banking operations within each locality. Bank stock tax collections over the past ten years are shown below:

Fiscal Year	Bank Stock Receipts	% Change
2003	140,880	-25.63%
2004	112,958	-19.82%
2005	118,772	5.15%
2006	168,696	42.03%
2007	172,298	2.14%
2008	156,853	-8.96%
2009	128,755	-17.91%
2010	167,652	30.21%
2011	202,189	20.60%
2012	192,536	-4.78%

⁵ Commonwealth of Virginia, Dept of Taxation, [Virginia Bank Franchise Tax, 1997 Forms](#)

Recordation Taxes

State law gives City Council the power to impose recordation taxes upon the first recordation of each taxable instrument recorded in the City . Taxable instruments generally consist of deeds, deeds of trust, and marriage licenses. The rate charged is \$.15 on every \$100 or fraction thereof of the consideration of the deed or the actual value of the property conveyed, whichever is greater⁶. For deed recordation in excess of \$10 million value, a sliding scale is used. The Clerk of the Circuit Court is responsible for collecting and remitting these fees monthly to the City. In addition to these fees, a local tax is imposed (equal to up to 1/3 of the state recordation tax) and submitted to the City. The City has charged this maximum fee for many years. A grantor's tax is also collected by the Clerk of the Circuit Court, and submitted to the State for quarterly distribution. This tax is classified under the Non-Categorical Aid section of this report.

Local recordation taxes collected over the past ten fiscal years are as follows:

Fiscal Year	Recordation Fees	% Change
2003	131,173	20.2%
2004	196,203	49.6%
2005	266,594	35.9%
2006	387,953	45.5%
2007	342,137	-11.8%
2008	326,508	-4.6%
2009	170,417	-47.8%
2010	136,891	-19.7%
2011	141,452	3.3%
2012	185,661	31.3%

Cigarette Taxes

The City of Williamsburg began imposing a cigarette tax of 25¢ per pack on July 1, 2003 and the current rate for FY 2013 is 30¢. The timing of vendor stamp replenishment is unpredictable each year. The total collected for fiscal years 2004 thru 2012 are:

Fiscal Year	Cigarette Taxes	% Change
2004	305,729	--
2005	209,340	-31.5%
2006	184,080	-12.1%
2007	172,872	-6.1%
2008	180,701	4.5%
2009	144,534	-20.0%
2010	158,460	9.6%
2011	148,032	-6.6%
2012	147,870	-0.1%

⁶ Code of Virginia §581-801.

Hotel & Motel Room Taxes

The City levies a transient occupancy tax on hotels, motels, bed and breakfasts, and other facilities offering guest rooms at a rate of 5%. Businesses collect this tax and submit it to the City by the 20th of the following month. Room tax collections over the last ten fiscal years are:

Fiscal Year	Room Tax Collections	% Change
2003	3,974,894	-3.38%
2004	3,996,782	.55%
2005	3,695,937	-7.53%
2006	3,787,611	2.48%
2007	4,350,871	14.88%
2008	4,447,662	2.22%
2009	3,574,810	-19.62%
2010	3,248,789	-9.12%
2011	3,384,922	4.19%
2012	3,396,446	0.03%.

Restaurant / Food Taxes

The Code of Virginia allows the City to impose this excise tax on all food and beverages sold in the City as a meal. City Code defines "food & beverages" as all food, beverages or both, including alcoholic beverages, which are meant for refreshment or nourishment value, purchased in or from a restaurant, whether prepared in such restaurant or not, and whether consumed on the premises or not.⁷ Restaurant Food tax rate is 5%. Meal tax collections over the last ten fiscal years are:

Fiscal Year	Meal Tax Collections	% Change
2003	5,244,106	-1.41%
2004	5,393,776	2.85%
2005	5,367,745	-.48%
2006	5,600,162	4.33%
2007	5,851,680	9.68%
2008	6,005,227	2.62%
2009	5,522,541	-8.04%
2010	5,607,318	1.54%
2011	5,989,446	6.81%
2012	6,277,434	4.81%

⁷ Williamsburg City Code, Section 18.271.

The City's adopted fiscal year FY 2013 operating budget estimates room & meal tax revenues to be \$9,800,000, or 30.3% of the total operating budget. Rates charged by nearby Virginia localities, and the percentage of budgeted FY 2013 receipts to total operating budgets, are presented below:

Locality	Room Tax Rate	% of FY 2013 Budget	Meal Tax Rate	% of FY 2013 Budget	Total % of Budget
York County*	5%	2.5%	4%	4.1%	6.6%
James City County*	5%	1.2%	4%	3.6%	4.8%
Virginia Beach*	8%	1.5%	5.5%	3.1%	4.6%
Hampton	8%	.7%	6.5%	4.2%	4.9%
Newport News	7.5%	.7%	6.5%	4.9%	5.6%
Norfolk	8%	.8%	6.5%	3.2%	4.0%
Williamsburg*	5%	10.7%	5%	19.6%	30.3%

*In addition to room taxes, the City of Williamsburg, James City County and York County collect a \$2.00 per night per room tax, which commenced on July 1, 2004 per Code of Virginia, section 58.1-3823C. The revenues generated are designated and expended solely for advertising the Historic Triangle Area. Receipts are sent to the Williamsburg Area Destination Marketing Committee each month. In addition, Virginia Beach and Norfolk charge a flat rate tax of \$1 per night, per room.

Permits, Privilege Fees and Regulatory Licenses

The City uses the Virginia Uniform Statewide Building Code (USBC), which covers new construction, renovation, demolition, plumbing, gas, mechanical, electrical, fire protection system installations and asbestos removal. The category's major components consist of building, electrical, plumbing, and mechanical permits.

A ten-year history of permit revenues follows:

Fiscal Year	Building	Electrical	Plumbing	Mechanical	Other*	Total
2003	95,522	25,860	26,923	27,782	36,531	212,618
2004	119,376	42,548	40,780	35,675	67,383	305,762
2005	100,048	39,543	29,755	29,711	57,605	256,662
2006	99,860	28,580	21,025	23,568	102,708	275,741
2007	81,102	19,362	22,908	14,016	56,891	194,279
2008	141,096	52,036	51,462	44,506	78,220	367,320
2009	62,170	21,653	19,819	19,061	74,767	197,470
2010	46,741	14,447	14,033	17,601	68,642	161,464
2011	45,546	16,355	14,116	15,303	62,788	154,108
2012	57,917	19,966	16,949	18,232	68,742	181,806

*Other includes dog licenses, parking, zoning, right-of-way, raffle, rental inspections, gas and fire prevention permits.

Fines and Forfeitures

This revenue category is used to account for court and parking fines. The Court system has guidelines for setting case-related fines, while City Code sets the rates for parking fines. The Clerk of the Circuit Court collects court fines and submits receipts to the City monthly, while parking fines are paid directly to the Department of Finance. Effective January 1, 2004, the City implemented a graduated parking fine structure. During a 60-day period, which begins with the first overtime parking violation, fines will graduate as follows: 1st violation is \$10.00, 2nd violation is \$30.00 and the 3rd or more is \$50.00. Revenue collections for fines and forfeitures over the last ten fiscal years are as follows:

Fiscal Year	Court Fines	Parking Fines	Total
2003	177,729	95,855	273,584
2004	164,346	90,360	254,706
2005	147,580	86,577	234,157
2006	142,927	86,852	229,779
2007	157,756	123,856	281,612
2008	143,836	97,484	241,320
2009	147,173	86,089	233,262
2010	108,744	93,743	202,487
2011	108,422	113,345	221,767
2012	153,107	106,201	259,308

Revenue from Use of Money and Property

This revenue classification includes interest earnings on surplus funds, rental income from City-owned properties, and sale of surplus vehicles and equipment. Interest earnings reported here include only the General Fund, as Utility Fund revenues are highlighted in the next section, Budget Summaries. Revenue collections from use of money and property over the last ten fiscal years are presented below:

Fiscal Year	Interest Earnings	Rental Income	Sale of Surplus	Total
2003	509,695	213,618	31,660	754,973
2004	154,762	285,957	0	440,719
2005	464,761	378,192	0	842,953
2006	931,410	414,625	36,653	1,382,688
2007	1,600,447	522,010	33,368	2,155,825
2008	1,209,815	531,537	24,433	1,765,785
2009	457,041	464,813	8,175	930,029
2010	236,316	469,207	25,319	730,842
2011	87,800	505,752	30,825	624,377
2012	125,429	507,083	15,373	647,885

Rental income includes various rental properties. Specific charges as of January 1, 2013 are as follows:

Category	Location/Purpose	Monthly Rent
Municipal Center	U.S. Post Office-Parking Lot	\$1,202
3 City-owned houses	Longhill Rd. & Waller Mill Rd.	\$1,288
Transportation Center	Rental Car	\$1,000
Transportation Center	Triangle Taxi	\$400
Transportation Center	Williamsburg Area Transport	\$6,250
Transportation Center	Hampton Roads Transit	\$60
Transportation Center	Amtrak	\$2,860
City Square	Parking & Amenities for Lots 1,2, &3	\$302.52 each plus \$60.51 per parking space

The Community Building user fees are included in rental income. The base rate for a weekday is \$150/3 hour minimum and \$300 for the weekend. The City completed the construction of the Prince George Parking Garage (PGPG) and opened for operation in 2004. A breakdown of rental income from remaining properties over the last ten fiscal years is presented below:

Fiscal Year	Comm Bldg	City Square	Longhill Prop	Muni Center	Stryker Bldg	Trans Center	Gen. Prop	Parking Garage	Total
2003	35,000	39,460	7,478	14,374	4,250	45,972	67,084	0	213,618
2004	32,206	36,908	7,395	14,466	3,400	50,386	118,660	22,536	285,957
2005	39,922	38,016	8,610	15,650	6,950	50,104	71,947	146,993	378,192
2006	38,100	38,418	7,095	15,600	8,050	54,330	48,326	204,706	414,625
2007	41,075	41,069	7,600	15,600	8,930	120,720	54,556	232,460	522,010
2008	50,575	40,341	9,150	15,600	6,960	123,061	46,595	239,255	531,537
2009	37,284	43,988	10,456	15,550	7,160	123,273	17,802	209,300	464,813
2010	40,255	44,071	8,946	13,332	6,050	125,203	18,858	212,492	469,207
2011	46,641	43,340	9,456	13,732	3,770	119,720	19,185	248,370	504,214
2012	39,915	37,788	14,456	14,144	9,260	124,359	3,733	263,428	507,083

Charges for Services

The City uses this revenue classification to account for various revenue sources requiring charges. Minor amounts are included under Sheriff's fees and Commonwealth Attorney's fees of which the City has no control over. Also included are charges for maintenance of highways, streets, and sidewalks, which is used for billing special mowing or trash pickup and are minimal in amount.

Budget Guide

Charges for Planning & Community Development include minor amounts for maps and surveys, with the largest dollars attributable to sales of Cedar Grove Cemetery lots and grave openings. The largest item under this category is Charges for Parks & Recreation. City Code authorizes the Recreation Department to set and collect charges for programs and activities for use of its facilities and services.

Charges for Services collected over the past ten years are shown below:

Fiscal Year	Sheriff's Fees	Commonwealth Attorney's Fees	Parks & Recreation	Planning & Comm. Dev.	Total
2003	1,366	534	297,674	45,774	345,348
2004	1,366	414	270,705	45,360	317,845
2005	1,366	412	316,991	46,257	365,026
2006	1,366	394	302,835	56,566	361,161
2007	1,366	242	288,754	36,073	326,435
2008	1,378	160	298,453	43,750	343,741
2009	1,331	138	317,573	28,698	347,740
2010	1,460	266	350,497	37,881	390,104
2011	1,414	805	390,220	43,742	436,181
2012	1,307	392	401,398	42,702	445,799

Recreation fees for the last ten fiscal years are highlighted in detail below:

Fiscal Year	Pool Fees	Tennis Fees	Waller Mill Park	Vending Machines	Classes	Athletics	Fishing Licenses	Misc.	Total
2003	6,225	11,588	40,608	7,342	64,953	141,987	7,028	17,943	297,674
2004	6,342	10,352	44,111	4,153	49,769	133,219	4,901	17,858	270,705
2005	5,379	11,959	51,361	3,844	42,804	168,737	5,075	27,832	316,991
2006	5,161	8,551	55,701	3,298	32,878	160,908	0	36,338	302,835
2007	6,559	14,674	54,664	2,697	25,306	146,961	0	37,893	288,754
2008	6,641	19,595	62,481	1,567	22,326	146,948	0	38,895	298,453
2009	6,083	18,900	73,909	584	15,742	157,829	0	44,526	317,573
2010	7,989	27,891	79,938	356	15,022	157,526	0	61,775	350,497
2011	5,451	32,482	106,180	409	17,444	164,883	0	63,371	390,220
2012	6,154	38,925	103,165	388	19,128	163,185	0	70,453	401,398

Cemetery lot sales and grave opening fees over the last ten years are as follows:

Fiscal Year	Cemetery Lot Sales	Grave Openings
2003	20,167	23,275
2004	19,526	23,400
2005	22,450	21,675
2006	27,400	19,550
2007	18,700	12,250
2008	16,843	18,250
2009	12,383	14,450
2010	15,200	18,050
2011	22,520	14,950
2012	15,680	20,250

Emergency Medical Transport - As of July 1, 2005, the City began a program of billing health insurance providers for emergency medical transportation services. Receipts to date are as follows:

Fiscal Year	EMS Fees
2006	180,024
2007	341,472
2008	353,613
2009	411,430
2010	396,546
2011	409,588
2012	463,534

REVENUE FROM THE COMMONWEALTH

Monies received from the Commonwealth of Virginia are classified as either Non-categorical or Categorical aid. Non-categorical revenues are received quarterly according to State code, are not billed or itemized by the City or any constitutional officer, and are not designated to be used for any specific purpose. These are direct-deposited in the General Fund and used to pay for overall operations. Categorical aid must be spent on specific purposes. In the case of constitutional officers, expenditures are itemized and sent to the Commonwealth for reimbursement, based on various formulas provided for by state code.

Non-categorical Aid

1. **ABC Profits** - Total net profits for ABC sales for the state are determined by the Department of Alcoholic Beverage Control, and reported to the Department of Accounts quarterly for distribution to localities. The funding formula for ABC profits is: Locality population (based on latest census) ÷ total state population Xnet profits.
2. **Wine Taxes** - 40¢/ liter wine tax is charged on all wine sold in Virginia. Taxes are remitted to the Department of Taxation, and 44% of the tax is re-distributed to localities based on the share of each locality's respective population.
3. **Rolling Stock Taxes** - The State Corporation Commission determines the assessed value of "Certified Motor Vehicle Carriers" [primarily bus companies] and assesses a property tax at the rate of \$1 per \$100 value. These revenues are distributed quarterly to the localities based on the miles the vehicles travel throughout the localities [based on reports submitted from the carriers].
4. **Rental Car Taxes** - Payments received from the Commonwealth are based on rental car taxes collected by rental companies within each jurisdiction. A 4% rental tax is required to be assessed on all rental vehicles (prior to July, 1997 the tax applied only to rented passenger cars). Rental companies submit the taxes monthly to DMV with a report by locality. The Commonwealth distributes these funds quarterly to localities.
5. **Grantor's Tax** - The Clerk of the Circuit Court collects additional recording fees for this purpose, details monthly activity, and deposits these receipts in a State Account. Activity is separated at the courthouse for deeds relating to Williamsburg or James City County. Funds are distributed quarterly by the Commonwealth, from a \$10 million fund [\$40 million per year] to localities based on their share of overall grantor tax collections in the Commonwealth.

Non-Categorical Aid received over the last ten fiscal years is as follows:

Fiscal Year	ABC Profits	Wines Taxes	Rolling Stock Taxes	Rental Car Taxes	Grantor's Taxes
2003	14,518	13,442	6,907	12,057	48,940
2004	18,297	11,342	6,773	8,138	61,944
2005	7,035	7,373	6,906	5,737	49,980
2006	7,035	7,373	6,785	11,528	65,619
2007	7,034	7,373	5,370	18,510	65,597
2008	7,034	7,373	7,883	24,777	78,970
2009	0	0	8,940	15,899	55,459
2010	0	0	2,900	16,154	48,165
2011	0	0	9,046	10,604	49,845
2012	0	0	8,408	17,423	54,547

Categorical Aid

1. Shared Expenses - Constitutional offices included as City departments/operations with reimbursements provided (in-part) by the Commonwealth of Virginia.
 - a. Sheriff - This is a joint activity shared with James City County. The state refunds approximately 100% of state-approved salaries and operating costs of this department. However, since the City now is part of the Virginia Peninsula Regional Jail Authority, the Sheriff now provides only courtroom security and prisoner transfer activities. Jail staffing at the Courthouse has been significantly reduced, as many former employees now work for the Authority. Salary supplements are not reimbursed by the State.
 - b. Commissioner of the Revenue - State code provides for reimbursements to the City at 50% of salaries, fringe benefits and a minor portion of operating expenses. Any constitutional officer can make special requests for payment from the Compensation Board for additional consideration. For the City's Comprehensive Annual Financial Report dated June 30, 2012 total reimbursements were 35.2% of expenditures.
 - c. Treasurer - This is also a joint activity shared with James City County. The state reimburses the City 2/3 of salary, fringe benefits, and operating costs for the Deputy Treasurer, whose office is in the Municipal Building. The City, in turn, bills James City County 25% of the non-reimbursed amount annually. In the City's Comprehensive Annual Financial Report, only the State reimbursed monies are classified as Categorical Aid. Reimbursements received from James City County are classified as credits to the expenditures in the Treasurer Department 1213.
 - d. Medical Examiner - Reimbursed at \$30 per examination.
 - e. Registrar/Electoral Board - For FY 2012, salaries were reimbursed by the State at 70.07% for the Registrar and 84.49% for the Electoral Board members. No reimbursements are made for fringe benefits or operating expenditures. The Department of Finance files for reimbursement to the State Electoral Board annually.
2. Welfare - Pertaining to the City's general fund, only minor amounts of reimbursements are accounted for here. All of the City's Human Services programs are accounted for as a special revenue fund and is included in the City's Comprehensive Annual Financial Report in the Virginia Public Assistance Fund.
3. Education - State Sales Tax for Education -The Governor distributes 1% of statewide sales tax receipts to every school district based on state census figures provided for school-age population. This is adjusted with each triennial census performed by the joint school system and verified by the localities.
4. 599 Funds - Each locality in the Commonwealth is eligible to receive a percentage of the total amount to be distributed equal to the percentage of the total adjusted income index attributable to each locality as determined by the Department of Criminal

Justice Services. The City must notify the Department prior to July 1 each year that its law enforcement personnel have complied with minimum training standards as provided for by State Code. These distributions are made quarterly.

5. Other Categorical Aid - See the next section for a detail description.

Categorical Aid received over the last ten fiscal years is as follows:

Fiscal Year	Comm. of Rev.	Treasurer	Medical Examiner	Registrar/Electoral Bd.	599 Funds	State Sales Tax
2003	69,944	19,281	210	37,647	305,013	482,361
2004	69,689	18,983	270	36,985	304,172	559,110
2005	71,946	19,556	450	44,049	340,364	657,483
2006	77,082	20,316	570	45,445	366,764	696,305
2007	80,308	21,158	90	47,355	441,820	707,580
2008	84,230	22,677	0	52,529	443,843	717,848
2009	85,464	22,475	0	48,245	427,158	698,356
2010	83,733	18,024	0	43,044	391,496	796,087
2011	69,878	17,333	0	38,385	386,896	827,078
2012	69,359	16,668	0	40,468	373,312	845,143

Other Categorical Aid

Other aid received from the Commonwealth and designated for specific use includes:

1. Arts Commission - Grant funds are applied for by the City and James City County to the Commonwealth for the Local Government Challenge Grant Program. Funds are received directly by each locality. James City County reimburses the City for the State portion, and also an additional amount each year as provided for during the annual budget process. Since Fiscal Year 1998 each locality has received the \$5,000 state maximum allowed under this grant.

2. Street and Highway Maintenance - The City is reimbursed quarterly by the Commonwealth according to lane miles of streets within its boundaries. For FY 2013 reimbursements for principal/minor arterial roads are \$18,157 per lane mile, while collector/local streets are at a rate of \$10,661 per lane mile. Lane miles used to calculate reimbursement change only when additional roads are built in the City. Total revenue for FY 2013 will be \$1,535,285 based on peak hour moving lane miles of state arterial roads in the City of 39.85 miles, and local streets of 76.14 lane miles. Payment rates change periodically and are at the discretion of the Commonwealth of Virginia.

3. Emergency Services - Each year funds are received for Radiological Emergency Preparedness. These funds support the activities of state agencies and certain local governments in establishing, maintaining, and operating emergency plans, programs and capabilities to deal with nuclear accidents⁸. Annual training exercises are performed, within program guidelines, and are coordinated throughout the geographic area with other local governments and Dominion Power. Amounts received each year are based on the projected annual cost of administering the state and local government programs for the power stations.

4. Fire Programs - This is a special appropriation to localities to be used for fire service training, training facilities, and fire-fighting equipment or vehicles. Localities must provide detailed expenditure reports annually to qualify for these funds.

5. EMS Funds- Four for Life - State Code provides for an additional \$4 per year to be charged and collected when registrations for pickups, panel trucks, and motor vehicle are made at the Department of Motor Vehicles. These monies are paid into the State treasury to be used for emergency medical service purposes. Twenty-six percent of these funds are returned to the localities where the registrations were made. It supports volunteer and paid-personnel training, equipment, and supplies for emergency purposes.

6. Litter Control - The City receives this annual grant from the Department of Waste Management to aid in litter control. Monies are used for litter prevention, elimination and control. The grant must be applied for each year, and an accounting is made each year to verify that funds are spent appropriately. Amounts vary each year depending on available funds and local program requirements.

Other Categorical Aid received over the last ten fiscal years is as follows:

Fiscal Year	Arts Commission	Street Maintenance	Emergency Services	Fire Programs	EMS 4 for Life	Litter Control
2003	69,425	1,082,951	3,920	16,080	5,559	4,784
2004	69,175	1,131,859	35,000	17,902	6,176	4,495
2005	73,150	1,169,565	37,000	23,629	6,742	4,495
2006	73,375	1,229,662	36,087	27,182	11,029	6,568
2007	72,885	1,277,857	75,000	29,102	11,893	5,307
2008	75,070	1,332,230	0	31,628	22,661	6,508
2009	76,350	1,382,944	0	32,650	14,676	6,337
2010	75,390	1,376,050	25,000	37,342	13,915	5,125
2011	65,000	1,426,219	25,000	34,643	15,493	5,910
2012	65,000	1,479,180	25,000	41,955	15,162	5,000

⁸ Va of Emergency Services - Funding to State and Local Government Agencies and Supporting Organizations, June, 1992

REVENUE FROM THE FEDERAL GOVERNMENT

The City's Comprehensive Annual Financial Report itemizes Federal receipts on the Schedule of Federal Awards, according to the Catalog of Federal Domestic Assistance catalog numbers. Human Services programs account, by far, for the majority of the City's federal funds. These programs are accounted for in the Public Assistance Fund. For General Fund purposes, only limited sources of federal funding exist. These programs are highlighted:

1. Local Law Enforcement Block Grant - The City must apply for these funds each year through the Department of Justice. An interest-bearing checking account is maintained for this grant, and detailed quarterly reports must be filed until the funds are spent. The City received \$2,680 for the Byrne Justice Assistance Grant Program for FY 2013.
2. Department of Homeland Security - These funds are federal pass-thru grants administered by the Commonwealth of Virginia. A grant for \$19,000 for a fire alarm system was received during FY 2012. In addition, \$9,066 was received for Citizen's Corp Project and the Citizen Emergency Response Team training.
3. Department of Emergency Services - These funds are administered by the Federal Emergency Management Agency (FEMA). The City of Virginia Beach acts as fiscal agent for this program. Funds are received for disaster assistance and hurricane preparedness, and more specifically, are intended to supplement the cost of deploying the City's Emergency Management team in accordance with FEMA requirements during natural disasters. For Fiscal Year 2012, the City received \$137,245 (50%) reimbursement for Hurricane Irene (Aug 2011) and expects the final payment in FY 2013.

POTENTIAL REVENUE SOURCES

State Code Section 58.1-3840 allows cities or towns to charge excise taxes on admissions, which the City does not impose.

EXPENDITURE CLASSIFICATIONS**1000 SALARIES AND WAGES**

- 1001 Salaries
Compensation for all full time employees who hold permanent positions.
- 1002 Salaries-Overtime
Compensation for overtime and holiday pay for all eligible employees in accordance with the Personnel Manual.
- 1003 Salaries, Part-time Employees
Compensation for all part time employees (less than 40 hours per week) who are paid on an hourly basis and are not eligible for all employee benefits. (See Personnel Manual)
- 1005 Salaries-Temporary
Compensation for employees who are working on a temporary basis.
(See Personnel Manual)
- 1006 Discretionary Leave
Compensation for police, fire, or water plant personnel who must work on stated holidays. (See Personnel Manual)
- 1008 Traffic Control
Compensation for police department personnel who work extra hours for traffic control purposes.
- 1009 Off-Duty Policemen
Compensation for police personnel hired by outside establishments after regular working hours. (City is reimbursed by contracting party.)

2000 FRINGE BENEFITS

- 2001 FICA
Employer's share of Social Security Taxes.
- 2002 Virginia Retirement System (VRS)
Cost of contributions to Virginia Retirement System for all fulltime employees.
VRS enrollment is mandatory for all full-time employees, and paid as a percentage of base salary.
- 2004 Dental
Costs for employee dental reimbursement program.
- 2005 Hospitalization
City's cost for medical benefit package premiums, not including dental.
- 2006 Group Life Insurance
City's cost for VRS group life insurance policy.
- 2009 Unemployment Insurance
Costs for unemployment insurance.
- 2010 Worker's Compensation
Costs for worker's compensation insurance.
- 2012 Clothing Allowance
Costs associated with purchase of clothing by designated personnel.

2013	Education Allowance Costs for tuition assistance.
2016	Training Costs associated with training fire, police, and water plant personnel.
2021	Cleaning Allowance Costs associated with cleaning of uniforms and clothing.

3000 PROFESSIONAL SERVICES

3001	Professional Health Services Costs associated with medical services such as physicals for certain employees.
3002	Professional Services-Other Costs for legal, financial, engineering, and other specialized professional services.
3004	Repair and Maintenance Costs for services for repair or maintenance of city equipment and structures.
3004- 1	Cars and Trucks
2	Buildings
3	Office Equipment
4	Powered Equipment
5	Street Signs, Markings, and Water Meters
6	Traffic Signals
3005	Service Contracts Costs for all service contracts except radio.
3006	Printing Costs associated with the printing of forms, documents, manuals, etc.
3007	Advertising Costs for classified and legal advertisements.
3008	Laundry and Dry Cleaning Costs associated with uniform rental.
3009	Purchase of Services Costs for purchasing of services and supplies from other governmental agencies (do not include joint activities).
3013	Jurors, Commissioners, Witnesses Costs associated with court trials and legal disputes.
3031	Garbage Contract Costs for garbage pick-up and disposal.
3032	HRSD Costs for treatment of raw sewage by Hampton Roads Sanitation District.
3033	Exterminating Costs for extermination contracts for city-owned buildings.
3099	Detective Funds Costs associated with police work.

5000 PURCHASE OF GOODS AND SERVICES

- 5101 Electricity
 Costs of electricity (Dominion Power).
- 5102 Heating Fuel
 Purchase of natural gas and heating oil.
- 5103 Water and Sewer
 Costs of water and sewer services.
- 5201 Postage
 Stamps, stamped envelopes, postage meter costs, permit fees, etc.
- 5203 Telecommunications
 Costs incurred for land-line, cellular phone, and pager service.
- 5204 Radios
 Cost of operating city-wide radio systems.
- 5205 Emergency "911"
 Costs of operating emergency lines for the dispatch operation.
- 5301 Boiler Insurance
 Costs of insuring heating plants, generators, and other mechanical equipment.
- 5302 Fire Insurance
 Costs of insuring buildings and contents against fire.
- 5305 Motor Vehicle Insurance
 Costs of insurance for motor vehicles.
- 5306 Surety Bonds
 Costs for surety bonds for certain city personnel.
- 5307 Public Officials Liability
 Costs of insuring certain public officials against suits, etc.
- 5308 General Liability Insurance
 Cost of insuring the city against certain accidents, etc.
- 5401 Office Supplies
 Costs of office supplies such as envelopes, pens, pencils, paper, forms, etc. used in everyday office operations.
- 5402 Food and Food Service Supplies
 Costs of providing miscellaneous food or supplies at Fire Station.
- 5403 Agricultural Supplies
 Costs for care and treatment of plants, lawns, landscaping, including small tools.
- 5404 Material and Lab Supplies
 Costs for purchasing medical and laboratory supplies for appropriate city departments.
- 5405 Laundry, Housekeeping and Janitorial Supplies
 Costs of custodial and housekeeping supplies, including lightbulbs.
- 5406 Linen Supplies
 Costs of linens used in Fire Department.

5407	Repair and Maintenance Supplies Costs of building material supplies, paint, electrical, and plumbing supplies.
5408	Vehicle and Powered Equipment Supplies Supplies for cars, trucks, heavy equipment, etc. used by City Shop.
5408- 1	Cars and trucks
2	Tires and tubes
3	Gas and oil for vehicles
4	Powered equipment - light and heavy
5	Sign and street marking supplies
6	Generator fuel
5409	Police Supplies Costs of items such as guns, ammo, flashlights, etc.
5410	Uniforms and Wearing Apparel Costs for uniforms, protective clothing, boots, overalls, and other items or working apparel provided to employees.
5411	Books and Subscriptions Costs for professional periodicals, books, and publications.
5412	Recreation Supplies Costs for supplies used for Recreation Department programs.
5413	Other Operating Supplies Costs for chemicals and other supplies not covered in other accounts.
5414	Merchandise for Resale Costs of vending machine merchandise.
5415	Fire Prevention Materials Costs of materials used by Fire Department for fire prevention.
5416	Pool Supplies Costs of supplies for operation of Quarterpath Pool.
5417	Water Meters Costs of purchasing water meters for the Utility Fund.
5418	Litter Control Costs associated with litter pickup.
5501	Travel Expense Mileage reimbursement @ 56.5¢/mile for approved use of private vehicles for job-related travel.
5504	Travel (Conferences and Conventions) Costs for lodging, transportation, registration fees, and materials. All travel must have prior department head approval.
5602	Colonial Behavioral Health (formerly Colonial Services Board) Costs of City's contribution to community program.
5604	Contributions to Other Agencies Donations to outside organizations approved by City Council.
5801	Dues and Memberships

	Costs for dues and memberships in professional organizations.
5805	Other Costs (non-recurring) not budgeted under other accounts.
5838	Principal Repayment of long term debt principal.
5839	Interest Interest payments on long term debt.
5899	Joint Activity Payments to James City County for jointly operated departments and agencies.

7000 FIXED ASSETS

7001	Machinery and equipment
7002	Furniture and fixtures
7003	Communication equipment
7005	Motor vehicles
7007	ADP Equipment
7008	Pedestrian Improvements
7009	Street resurfacing
7010	Building alterations

8000 LEASES AND RENTALS

8001	Lease and Rental of equipment Cost for temporary rental or lease of equipment (no lease-purchase agreements).
8002	Lease and Rental of buildings Costs for rental or lease of office or storage space.

FUNDING RELATIONSHIPS**Agency/Organization****List of Other Contributors****Constitutional Officers**

(Generally)

Commissioner of the Revenue

State

Notes

Compensation Board. The state pays a portion of salary, benefits, and some operating costs. The City pays salary supplements in some cases, fringe benefits. Operating salaries for these officers are approved by the State..

The City provides office space for this officer and staff. The State reimburses the City for 50% of salary, fringes (except healthcare) and some operating expenses. The reimbursable portion of the Commissioner's salary is based on the 1980 salary amount divided in half plus any all increases in pay since that date. The State pays 50% of 2 full-time positions allowed based on population. A salary supplement is provided by the City. The State reimburses half the employer cost of VRS (Retirement), FICA, and Group Life insurance. The balance of fringes is paid by the City. The staff participates in all City employee programs (e.g., health insurance, deferred and workers compensation), including the Pay Plan. Legislation may affectively reduce the level of State funding for the Commissioner of the Revenue's operation.

Treasurer

State

The State reimburses the City and JCC for half the cost of the Treasurer and staff. The City, State and JCC share in the local cost of the Treasurer. The State reimburse 88% of state approved salary, 100% of FICA match, and 46% of VRS costs. JCC bills the City for a percentage of the non-reimbursable costs based on population. Office space is provided by both localities. The State reimburses the City for 2/3rds of salary, and fringes (except healthcare) for the City Deputy Treasurer, whose office is located in the Municipal Building. The City bills JCC for 25% of the non-reimbursable costs for salary and fringes associated with the City Deputy Treasurer position for work associated with W/JCC Schools. Pending legislation may drastically reduce the level of State funding for the Treasurer's operation.

Clerk of Circuit Court

JCC, State

The State funds salaries and a portion of fringes and operating expenses for the Clerk and staff. A portion of fringe benefits is supplemented. Twelve positions in this office are fully State funded. Two part-time positions are locally funded. All temporary part-time personnel costs are reimbursed by the State, but not permanent part-time. These part-time salaries and some fringes are paid by the City and County per the Courthouse Agreement (See Circuit Court).

Agency/OrganizationList of Other Contributors**Clerk of Circuit Court**

JCC, State

Notes

The State funds salaries and a portion of fringes and operating expenses for the Clerk and staff. A portion of fringe benefits is supplemented. Twelve positions in this office are fully State funded. Two part-time positions are locally funded. All temporary part-time personnel costs are reimbursed by the State, but not permanent part-time. These part-time salaries and some fringes are paid by the City and County per the Courthouse Agreement (See Circuit Court).

Commonwealth Attorney

JCC, State

The Compensation Board sets the salaries for the Commonwealth Attorney, four assistants, and four full-time support staff. All positions receive a salary supplement, ranging from 1.5% to 61%, paid by the City and JCC based on population each year. In addition, the Victim's Assistance program consists of three grant positions, which are supplemented locally. The balance of any fringes in excess of the amount provided by the State is paid by the City and JCC based on population per the courthouse agreement.

Sheriff's Department

JCC, State

The joint Williamsburg/James City County Sheriff is responsible for courtroom security and serving civil warrants, but no longer handles jail facilities since the City became part of the Va Peninsula Regional Jail Authority. City/JCC share local cost on a population formula as provided in the City/County Joint Courthouse Agreement. Payroll and operating expenses have been administered by James City County since January 1, 1998. The state compensation board will reimburse the County for state-approved salaries, benefits, and some operating expenses. Salary supplements and a portion of unreimbursed operating expenses are shared locally based on the Courthouse Agreement. Sheriff's employees participate in the JCC's worker compensation, health insurance, and Va Retirement System programs.

Voter Registrar

Board of Elections, State

The State pays majority of the Registrar's salary. For FY 2012 that rate was 70.07%. Costs associated with one part-time employee, fringe benefits, and operating costs are paid by the City. Staff participates in the City's workers compensation, health insurance, and other employee benefit programs. The City provides accounting and payroll services.

Circuit Court (Hon. Michael E.

McGinty)

State

The City and JCC share in the cost of the Judge's secretary, jurors, capital outlay, and operating expenses of this office. City and JCC also fund a Legal Assistant position for the Circuit Court Judge. The Judge's salary is paid by the State.

The City/JCC agreement dated December 12, 1996 provides for joint operations of all courthouse activities. All courthouse personnel and operating costs which are the responsibility of local government are split between the City and County based on population, and is updated as of December each year.

Agency/OrganizationList of Other Contributors

General District Court (Hon.
Colleen K. Killilea)

Notes

The City and JCC share in the cost of operating expenses and capital outlay for this office based on the Courthouse Agreement. The Judge's salary is paid by the State.

Juvenile and Domestic Relations Court (Hon. George C. Fairbanks IV)
JCC, State

The City and JCC share in the cost of operating expenses for this office based on the Courthouse Agreement. The Judge's salary is paid by the State.

Ninth District Court Services Unit
Juvenile Probation Office State, JCC,
York, Charles City, King William, King
& Queen, Mathews, Gloucester, New
Kent, Middlesex, Poquoson

Salaries and fringes for this office are paid by the State. Local operating costs are shared between the City and JCC. For the District office, the City pays 1/11th of the operating costs. In addition, the City pays actual juvenile detention expenses for the Merrimac Center through the Middle Peninsula Juvenile Detention Commission for City cases.

Colonial Group Home Commission
JCC, York, and Gloucester counties
State Dept of Youth & Family Svcs.

Funded through State block grant and per diem revenues. Programs include Crossroads, Community Supervision, and Psychological Services.

Virginia Peninsula Regional Jail Authority
JCC, York County, Poquoson, Dept.
of Corrections

The City shares in the cost of operating this authority. VPRJA operates a regional jail on Route 143 in lower James City County. City pays its share based on number of prisoners held for crimes committed in the City.

Middle Peninsula Juvenile Detention Commission
18 Localities, State-Dept of Juvenile Justice

Operates the Merrimac Center, a 48-bed center, providing secure detention for juveniles for localities in the 9th and 15th District Court Service Units. City pays its share based on number of juveniles held for offenses committed in the City.

Colonial Community Corrections
JCC, York County, Poquoson, New Kent Co., Charles City Co., and State.

Provides alternatives to incarceration to persons awaiting trial, pre-trial, post-trial and re-entry services, and substance abuse counseling to offenders.

Health District
State, Newport News, JCC, York County, and Poquoson

Contribution is based on funding formula which apportions local share among district jurisdictions. Some monies are refunded to City based on generated revenues each year.

Colonial Behavioral Health (Chapter X)
State funds, JCC, York County, Poquoson
Federal Funds, fee revenues (clients, Medicare, Medicaid, etc.)

Funded at discretion of Council. Funding request is based on population and usage.

Department of Human Services
State, Federal Dept. of Health and Human Services

Approximately 70% of personnel and operating costs are reimbursed by the State and Federal governments.

Agency/OrganizationList of Other Contributors

Williamsburg-James City County Public Schools

Notes

Local funding share is apportioned between the City and JCC based on the Joint Schools Agreement, as amended in 1991, 1996, 2001, and 2007. FY 2013 is the second year of the latest revised 5-year contract period. Historically State support has been approximately 30% of total school system cost, and based on formula and General Assembly appropriations. Federal funding is received and largely directed to categorical programs, and received on a cost-reimbursement basis.

Williamsburg Regional Library

JCC, York County, State funds and generated revenues

City/County cost sharing is governed by the February, 2010 five-year agreement, and based on circulation. Each jurisdiction pays for the capital costs associated with the library buildings located therein. York County also contributes based on a memorandum of understanding. The State contributes approximately 5% of total operating costs on a formula basis, through the Library of Virginia.

Avalon Center for Women and Children

United Way, State Housing Dept., JCC, York County, private donations

Funded at discretion of Council per advice of Human Services Review Committee

Foster Grandparents Program

Hampton, JCC, York County, Newport News, Federal funds

Funded at discretion of Council per advice of Human Services Review Committee

Peninsula Agency on Aging

State and Federal funds, Newport News, Hampton, Poquoson, JCC, York County, private donations

Funded at discretion of Council per advice of Human Services Review Committee

Historical Triangle Senior Center

JCC, York Counties

Funded at discretion of Council per advice of Human Services Review Committee

Community Action Agency Center

JCC, donations, State/Fed. grants

Funded at discretion of Council per advice of Human Services Review Committee

CHIP of Virginia

Public/private partnership-partner agencies, corporations, foundations, individuals, local gov'ts

Funded at discretion of Council per advice of Human Services Review Committee.

Hospice of Williamsburg

United Way, private donations

Funded at discretion of Council per advice of Human Services Review Committee.

Williamsburg Area Transport

JCC, York County, State funds

Funded at discretion of Council. Agency administers the regional transit system serving residents, visitors, and students through fixed-routes, and services disabled in the City, JCC, and the Bruton District of York County.

Williamsburg Area Medical Assistance Corporation (WAMAC) State and JCC

Funded at discretion of Council per advice of Human Services Review Committee.

FUND STRUCTURE

The City's accounting system is organized on the basis of funds and groups of accounts, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for by providing a separate set of self-balancing accounts which comprise its assets, liabilities, fund equity, revenues and expenditures or expenses. The various funds are grouped in the financial statements as follows:

Governmental Funds account for the expendable financial resources, other than those accounted for in proprietary or fiduciary funds. The Governmental Fund measurement focus is upon determination of financial position and changes in financial position, rather than upon net income determination as would apply to a commercial enterprise. The individual Governmental Funds which are budgeted are the General Fund, Sales Tax Fund, which are combined in the General Fund as presented in the City's Comprehensive Annual Financial Report (CAFR) each year. The Public Assistance Fund is also a governmental fund, and accounts for programs offered by the Human Services Department.

General Fund - This fund accounts for all revenues and expenditures of the City which are not accounted for in other funds. Revenues are derived from general property taxes, other local taxes, licenses and permits, and revenues from other governmental units.

Sales Tax Fund (also referred to as General Capital Improvement Program) - This fund accounts for scheduled major capital improvements for the upcoming year. Revenues are traditionally derived from the 1% Sales Tax monies collected monthly at the State level, and interest earnings.

Public Assistance Fund – This fund accounts for activities of the City's Human Services Department. The majority of funding is provided by the Federal and State government for social service programs. The remainder of its funding is provided by the City as annual contribution from the General Fund.

Proprietary Funds account for operations that are financed in a manner similar to private business enterprises. The Proprietary Fund measurement focus is upon determination of net income, financial position, and cash flows. Enterprise funds account for the financing of services to the general public where all or most of the operating expenses involved are recovered in the form of charges to users of such services. The Utility Fund, consisting of the operations for water and sewer services, is the City's only Enterprise Fund.

Budgets and Budgetary Accounting

Formal budgetary integration is employed as a management control device during the year for the General Fund, Sales Tax Fund, Utility Fund, and Public Assistance Fund. Annual operating budgets are adopted by ordinances and resolutions passed by the City Council for those funds. Budgets are prepared on the same basis of accounting used for financial reporting purposes. The City does not integrate the use of encumbrance accounting in any of its funds. The original budgets and revisions, if any, are authorized at the department level by City Council. The City Manager has the authority to transfer funds within the departments, so long as the total appropriation for a department is not adjusted. All appropriations for operating budgets lapse at year-end to the extent that they have been fully expended. As capital projects can be multi-year, funds appropriated by City Council can carry over to future years for projects not completed each year, at the discretion of the City Manager.

Basis of Accounting:**Governmental Funds:**

Governmental Funds utilize the modified accrual basis of accounting under which revenues and related assets are recorded when measurable and available to finance operations during the year. Accordingly, real and personal property taxes are recorded as revenues and receivables when billed, net of allowances for uncollectible amounts. Property taxes not collected within 45 days after year-end are reflected as deferred revenues - uncollected property taxes. Sales and utility taxes, which are collected by the State or utilities and subsequently remitted to the City, are recognized as revenues and receivables upon collection by the State or utility, which is generally in the month preceding receipt by the City. Licenses, permits, fines and rents are recorded as revenues when received. Intergovernmental revenues, consisting primarily of federal, State and other grants for the purpose of funding specific expenditures, are recognized when earned or at the time of the specific expenditure. Expenditures are recorded as the related fund liabilities are incurred.

Proprietary Funds:

The accrual basis of accounting is used for the Utility Fund. Under the accrual method, revenues are recognized in the accounting period in which they are earned, while expenses are recognized in the accounting period in which the related liability is incurred.

Basis of Accounting vs. Basis of Budgeting

Budgets are prepared on the same basis of accounting used for financial reporting purposes (GAAP). There are some instances whereas the generally accepted accounting principles used for financial reporting purposes will differ from those used in budget preparation. Under GAAP reporting requirements changes in the fair market value of the City's investments are treated as adjustments to revenue at fiscal year-end, and those effects are not considered (or known) in the budget process. The other difference is the annual adjustment necessary to reflect the value of earned but unused vacation leave due to employees at fiscal year-end. Such amount would be paid upon an employee's separation from the City, but is not known or budgeted due to the unknown nature of employee's use of vacation leave.

BUDGET POLICIES**A. Financial Planning Policies:**

1. Balanced Budgets:
 - a. The general operating fund (General Fund) and the special local option sales tax fund (General Capital Improvement Program, or CIP), Utility Fund operating fund, and the Utility Fund CIP are subject to the annual budget process.
 - b. All operating and capital fund budgets must be balanced - total anticipated revenues plus fund balances or reserves brought forward must equal total estimated expenditures each year.
 - c. The Utility Fund (the City's only Enterprise Fund type) will be self-supporting.
 - d. All budgets will be formulated and adopted on the basis of accounting consistent with generally accepted accounting principles (GAAP).
 - e. The budget process will include coordinating development of the capital improvement budget with development of the operating budget.
2. Long-Range Planning:
 - a. Budgets will be adopted annually, taking into consideration input from all organizational levels of the City. The Planning Commission will review current and future capital improvement projects and make recommendations to staff for input to the annual budget document.
 - b. The long-term revenue, expenditure, and service implications of continuing or ending existing programs or adding new programs, services, and debt will be considered while formulating all budgets annually.
 - c. The City will assess the condition of all major capital assets, including buildings, roads, bridges, water and sewer lines, vehicles, and equipment annually.
 - d. To estimate the City's future financial position, the long-term impact of operating and capital spending will be analyzed five years forward, concurrent with the formulation of all budgets.
 - e. The General Fund will maintain a minimum of 35% of total operating revenues as its unassigned fund balance.
 - f. Fund Balance of the General Fund shall be used only for emergencies, non-recurring expenditures, or major capital purchases that cannot be accommodated through current year savings.

B. Revenue Policies:

1. Revenue Diversification:

The City will strive to maintain a diversified and stable revenue system to protect the City from short-run fluctuations in any one revenue source and ensure its ability to provide ongoing services.

 - a. The City will identify all revenue and grant options available to the City each year.
 - b. All revenue collection rates, especially for real estate and personal property taxes, will be reviewed annually, and all efforts to maximize receipt of revenues due will be made by the Finance Department.
2. User Fees and Charges:

Fees will be reviewed and updated on an ongoing basis to ensure that they keep pace with changes in the cost-of-living as well as changes in methods or levels of service delivery.

 - a. Rental of City properties – Charges will be reviewed annually and compared with

market rates for comparable space or property in the community. The City will consider annual escalator clauses in multi-year rental contracts to take into effect the impact of increases in the cost of living.

- b. Building permit and inspection fees will be reviewed annually.
 - c. Recreation program charges will be reviewed annually. In general, all efforts will be made to provide programs and activities at an affordable level for the residents of the Williamsburg area while still recovering a major portion of incidental costs of programs, not to include administrative costs or the use of facilities.
 - i. Charges for specialty classes such as yoga, aerobics, dance, dog obedience, etc. will be set at a level to encourage maximum participation, and also enable 75% to 80% of program receipts to be used to compensate instructors.
 - ii. Team sports participation fees will also be set to encourage maximum participation, with approximately 80% to 90% of charges being used to defray costs of officiating, prizes and awards, scorekeepers, and team pictures.
 - iii. Admission fees for the use of the Quarterpath Pool are intended to provide an affordable service to citizens. Fees are not intended to recover 100% of the costs of operating this facility. The City encourages individual and family seasonal membership passes at a minimum fee, which provide an even more affordable opportunity for residents to enjoy this outdoor facility during the summer months.
 - d. The City's Utility Fund will be self-supporting. Water and sewer charges will be reviewed annually and set at levels which fully cover the total direct and indirect costs - including operations, capital outlay, and debt service.
3. Use of One-time or Limited-time Revenues:
- a. To minimize disruptive effects on services due to non-recurrence of these sources, the City will not use one-time revenues to fund operating expenditures.

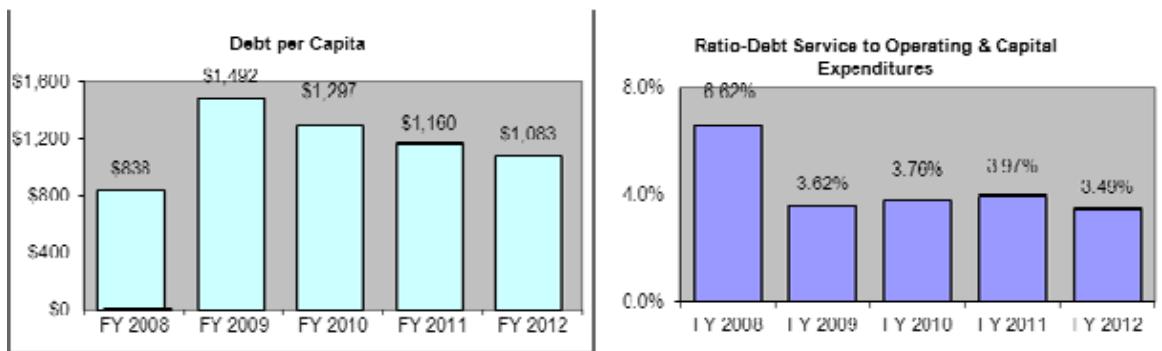

C. Expenditure Policies:

- 1. Operating/Capital Expenditure Accountability:
 - a. The City will finance all current expenditures with current revenues. The City will not short-term borrow to meet cash-flow needs.
 - b. Future operating costs associated with new capital improvements will be projected and included in operating budgets.
 - c. Capital improvement program budgets will provide for adequate maintenance of capital equipment and facilities and for their orderly replacement.
 - d. The budgets for all funds shall be controlled at the department level. Expenditures may not exceed total appropriations for any department without approval from the City Manager.
 - e. All operating fund appropriations will lapse at fiscal year-end. Any encumbered appropriations at year-end may be re-appropriated by City Council in the subsequent year. Multi-year capital improvement projects may be carried-forward in the subsequent year, at the discretion of the City Manager.
 - f. The City will include contingency line items in the General Fund, General CIP, and Utility Fund CIP, not to exceed \$200,000, to be administered by the City Manager, to meet unanticipated expenditures of a non-recurring nature.
 - g. The City will maintain a budgetary control system to ensure adherence to the budget

and will prepare and present to City Council monthly financial reports comparing actual revenues and expenditures with budgeted amounts.

D. Debt Policy:

1. The objective of the City's debt policy is to maintain the City's ability to incur present and future debt at the most beneficial interest rates in amounts needed for financing the adopted Capital Improvement Program without adversely affecting the City's ability to finance essential City services.
2. A five-year capital improvements program will be developed and updated annually along with corresponding anticipated funding sources.
3. Capital projects financed through either bank qualified loan or the issuance of bonded debt will be financed for a period not to exceed the useful life of the project.
4. Debt service principal payments will be scheduled in equal installments over the life of the indebtedness.
5. Requirements of continuing disclosure agreements for all bond issues will be complied with, including annual filing of audited financial statements and adopted budgets, to the Municipal Securities Rulemaking Board, and all national rating agencies which have assigned a bond rating for the City.
6. Pay-as-you-go financing will be the normal method of funding the capital program, with debt financing not to exceed the limits established below.
7. Actual ratios of per capita debt, and debt service to operating expenditures and the not-to-exceed limit are shown below.

- Outstanding Debt per Capita (maximum): \$1,700 - \$2,400, including Utility Fund
- Ratio of Debt Service to Operating Expenditures includes capital projects.

E. Investment Policy:

In recognition of its fiduciary role in the management of all public funds entrusted to its care, it shall be the policy of the City that all investable balances be invested with the same care, skill, prudence and diligence that a prudent and knowledgeable person would exercise when undertaking an enterprise of like character and aims. Further, it shall be the policy of the City that all investments and investment practices meet or exceed all statutes and guidelines governing the investment of public funds in Virginia, including the Investment Code of Virginia and the guidelines established by the State Treasury Board and the Governmental Accounting Standards Board.

Copies of the City's comprehensive investment policy, including the objectives, allowable investments, quality, maturity restrictions, prohibited securities, and additional requirements are available at the Department of Finance.

F. Fund Balance Policy (*adopted by City Council on June 9, 2011*):

1. Background and Purpose

- a. Sound financial management principles require that sufficient funds be retained by the City to provide a stable financial base at all times. Adequate levels of fund balance are essential to protect against reducing service levels because of temporary revenue shortfalls or unanticipated expenditures. Fund balance provides resources during the time it takes to develop and implement a longer term financial solution. Fund balance is also crucial in long-term financial planning and financing as credit markets carefully monitor levels of fund balance to evaluate creditworthiness.

2. Components of Fund Balance

The following individual items shall constitute the Fund Balance:

- a. Nonspendable Fund Balance – Amounts that cannot be spent due to form (such as inventories and prepaid amounts), and/or amounts that must be maintained legally intact or contractually intact (such as principal of a permanent fund).
- b. Restricted Fund Balance – Amounts constrained for a specific purpose by external parties, constitutional provisions, or enabling legislation.
- c. Committed Fund Balance – Amounts constrained for a specific purpose by City Council using its highest level of decisionmaking authority. It would require another action of the City Council to remove or change the constraints placed on the resources. Commitments must be established.
- d. Assigned Fund Balance – Amounts constrained for a specific purpose by the City Manager, who has been given the delegated authority by the City Council to assign amounts. The amount reported as assigned should not result in a deficit in unassigned fund balance.
- e. Unassigned Fund Balance – Amounts not classified as nonspendable, restricted, committed, or assigned. The General Fund is the only fund that would report a positive amount in the unassigned fund balance.

3. Funding Requirements of Unassigned Fund Balance of the General Fund

- a. An unassigned fund balance shall be established at an amount equal to a minimum of 35% of General Fund operating revenues as shown in the City's most recent comprehensive annual financial report (CAFR).
- b. The use of the unassigned fund balance will be permitted to provide temporary funding of unforeseen emergency needs.
- c. If the unassigned fund balance falls below an amount equal to 35% of the General Fund operating revenues as outlined above, a plan to replenish the fund balance within twelve months will be presented to the City Council.

- d. Unassigned fund balance represents the residual fund balance after the nonspendable, restricted, committed and assigned fund balance categories are deducted.
4. Monitoring and Funding
- a. City staff will report on compliance with this Policy during the presentation of the Comprehensive Annual Financial Report (CAFR) at the regular meeting of City Council in December each year.
 - b. The City shall annually demonstrate that it will comply with this Policy based on its proposed Operating and Capital Budget for each year.

The Colonial Williamsburg Foundation

SENIOR VICE PRESIDENT FOR EXTERNAL AFFAIRS AND SECRETARY

January 18, 2013

Dear Phil:

Thank you for your letter regarding the City's planning for the next fiscal year, and for the invitation to the Colonial Williamsburg Foundation to participate in the City's budget process. We are grateful for City Council's previous support of the Foundation's marketing efforts and for Council's consideration of a continued partnership with the Foundation to advance current and anticipated marketing initiatives.

A strong 2011 holiday season was among the reasons for optimism as we began 2012. As the year unfolded, however, external realities – economic, political, natural – continued to pose formidable challenges.

The summer season presented our biggest challenge. Demand softened in July, impacting the core summer audience for Colonial Williamsburg and for the destination at-large. Young families, who annually provide a significant portion of our total on-site revenue during the summer, did not travel to Williamsburg in the numbers we traditionally experience. Subsequent severe weather exacerbated the situation for the second year in a row. The end result was a 3% decrease in our paid admissions compared to the prior year and a corresponding softness in lodging demand, particularly at our family-oriented properties. However, despite lower than anticipated paid attendance, the Foundation's preliminary results for the year indicate positive developments on several fronts.

The holiday season continues to be strong for the destination and for Colonial Williamsburg. Normal business levels returned, and sales of the Holiday Bounce hotel package increased 49% over prior year. This package is promoted in conjunction with a collaborative Christmas marketing campaign sponsored by the Chamber and Tourism Alliance, Busch Gardens and Colonial Williamsburg.

The Regional Visitor Center welcomed 850,000 guests in 2012 and the admissions turnstile estimate was calculated to be in excess of 1.5 million people. The turnstile number is based on the variety of ticket products sold: single-day, multi-day and the frequency of annual pass holders' return visits. More than 120,000 guests purchased evening program tickets; for 20% of these guests, evening programs were their sole purchase of a Colonial Williamsburg program experience.

200,000 people visited the Art Museums of Colonial Williamsburg, 30,000 guests played *RevQuest*, and over 7,000 people purchased tickets for concerts, lectures and special programs at venues ranging from the Kimball Theatre to the Virginia Room at the Williamsburg Lodge. More than 15,000 guests enjoyed Salute to the Nation on Palace Green on Friday evenings during July and August. Attendance during Grand Illumination was estimated to be one of the largest ever.

The first phase of the new and revised website colonialwilliamsburg.com launched in 2012 and the results are encouraging. Visits to the site grew by 49% year-over year and the number of new visitors increased by 6%. Online revenue from hotel bookings increased 11% and online ticket revenue grew by 10%. The web site is a critical business tool intended to increase revenue and develop our e-commerce platform. In the next phase which launches this spring, the website will support itinerary planning, an interactive map and mobile applications—all important features designed to enhance the on-site guest experience and increase revenue.

The effectiveness of our communications is also measured through digital, social, and earned media or public relations. In 2012, the Foundation received nearly 6,000 placements in print, online, TV and radio, totaling an ad equivalency of \$5.3 million. The number of Facebook fans grew by 39% and our website received more than a quarter of its referrals from Facebook. Twitter followers have grown by 60% in the last twelve months. Social transactional sites such as Groupon have been particularly effective in attracting new audiences.

As these marketing initiatives are designed to increase demand, the Foundation's programmatic emphasis is designed to inspire larger and more diverse audiences as well. The Foundation's communications will support a strategic repositioning of Colonial Williamsburg as a center for history and citizenship. While in a sense a re-statement of the Foundation's long-standing mission, we believe we have a renewed obligation to provide compelling, innovative, and relevant programs that connect 18th century Williamsburg to contemporary audiences, on- and off-site.

This year, in support of our strategic positioning, the calendar is shaped by three themes—Our Diverse Nation, Our American Ideals, and Defending the Republic—each represented by special events and new programs. In March, “Steadfast Spirits” will celebrate African-American women through dramatic presentations, Revolutionary City programming, and music over three days. We will also premiere the path-breaking exhibition *Painters and Painting in the Early American South*. In May, we will present *Threads of Feeling*, a loaned exhibition from the Foundling Museum in London, showcasing the mid-18th-century records of infants left at the Foundling Hospital. The surviving tokens—simple pieces of fabric, lengths of ribbon, pieces of infants’ clothing, or embroidered scraps—are poignant reminders of abandoned children.

Guests will gain a new perspective on the Revolutionary City this summer by playing the spy game *RevQuest: The Black Chambers*, and honor our military heritage when the Public Armoury formally opens in the fall. Our continuing partnership with the Virginia Arts Festival brings renowned performing artists to the Williamsburg Lodge, and in the spring, a yearlong celebration of the 50th anniversary of the legendary Golden Horseshoe Golf Course begins.

In 2013, a mix of broadcast, cable, print, radio and digital media will be utilized to reach highly targeted audiences in key geographic feeder markets in the East Coast corridor. A television campaign will launch this spring in markets which have been identified as most opportunistic in terms of reaching current and potential guests. We continue to coordinate our television campaign with the destination marketing campaign to maximize exposure for our region.

Colonial Williamsburg’s core experience is the Revolutionary City, which engages guests in pivotal moments of our nation’s history, connecting the messages and events of the past to the present day. We look forward to additional conversations with the City leadership and the community regarding plans for enhancements to that program by the start of the summer season.

All of this underscores that there is much to see and do for guests in 2013, and the Foundation continues to dedicate significant resources to ensure guests are aware of the breadth of this special place (for information, a copy of our recently-published 2013 highlights brochure is attached, together with the just-published February issue of US Airways magazine containing a spectacular 50-page feature about Colonial Williamsburg). The City’s prior support has contributed importantly to our marketing efforts and is a partnership we value highly.

As such, we respectfully submit a request for funding that is identical to the \$1.3 million the City appropriated during the previous fiscal year.

This figure represents approximately 20% of the Foundation's media budget for 2013, and any funds forthcoming would support the purchase of media in the various distribution channels described above, aimed at attracting travelers to the destination. We are mindful of the financial pressure the City is addressing, with many necessary and compelling initiatives to fund in order to support citizens' priorities. Therefore, we are grateful that the City is willing to consider support for Colonial Williamsburg's marketing and communications program.

We look forward to discussing this request with members of Council and Staff during the scheduled budget work session on March 25. As we have done in the past, we will provide additional information about the Foundation's marketing plans to assist in the discussion. In the interim, please do not hesitate to contact me at 220-7164, Sally McConnell at 220-7471, or Mark Duncan at 220-7217 should you have any questions relating to this request.

Thank you again for consideration of this funding request and for the decades-long strong and valued relationship between the City and the Foundation.

Sincerely,

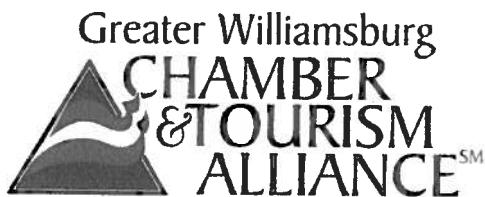

John S. Bacon

Mr. Philip Serra
Director of Finance
City of Williamsburg
401 Lafayette Street
Williamsburg, VA 23185-3617

Request for Funding Support July 2013 - 2014

Amount of Request: : \$650,000

Relationship to Prior Year: same

Rationale:

1. Alliance marketing promotes City visitation through programs that are not available through any other agency:
 - a. Leisure Travel: 255,000 brochures that are distributed at 12 Virginia Welcome Centers that feature Williamsburg attractions, as well as lodging, dining and shopping establishments. Annual cost of these brochures is \$97,000. The Alliance also represents the City at 7 trade shows aimed directly at the leisure market.
 - b. Group Tour Travel: 1,200 Group Tour Planner brochures that are mailed to tour operators nationally featuring itineraries that include Williamsburg attractions, lodging, dining and shopping establishments. The Alliance also represents Williamsburg at four trade shows to introduce our area to group tour operators. Finally, we host three familiarization trips for tour operators to provide them with firsthand experience with what their clients would see on a trip here.
 - c. Business Conferences: 250 Conference Meeting Planner brochures are mailed to prospective clients of City facilities. The Alliance also represents Williamsburg at six trade shows aimed at persuading prospective clients to consider this area for meetings. The Alliance provided Williamsburg lodging facilities with 41,718 lead room nights valued at \$11 million potential.
2. Alliance seasonal special emphasis programs are designed to attract visitors during shoulder periods when attractions, lodging, dining and retail establishments need support:
 - a. Christmas: In December 2010, we initiated a marketing program that actually served as a model for the Arts program. We attracted over 20,000 unique visitors to the web site ChristmasinWilliamsburg.com and saw Williamsburg room revenues rise by 12.4%.

Based on those initial results, we formed partnerships that have allowed us to increase our marketing investment from the \$140,000 we invested in 2010 to \$390,000. That has allowed us to increase the length of our commercials and to increase the markets in which we advertise from Washington only to also include Baltimore, and Raleigh-Durham. This level of funding has allowed for considerably greater investment in web support and funds to film commercials this Christmas. That allowed for 'action' commercials rather than 'still photos' animated optically.

Results were outstanding. Visits to the Christmas in Williamsburg web site, which featured activities throughout the Historic Triangle jumped from 20,000 in 2010 to 40,000 in 2011 and 56,000 in 2012. Busch Gardens has reported that its December attendance increased by 15% with strong performance from advertised markets. Colonial Williamsburg has also reported positive results for the holiday season with a 9% increase in online sales, 64% increase in online ticket sales, and 13% increase in online hotel bookings. Continuation of this successful program is dependent on maintaining the funding level.

- b. Arts Month: the month of September was identified as high potential, but underperforming in terms of visitation. The Alliance created Arts Month, developed a partnership with the Economic Development Authority of Williamsburg, as well as the other jurisdictions in the Historic Triangle, to engage an outside contractor to create arts events that the Alliance would promote. We developed television advertising aimed at persuading viewers to visit a web site we created for this program, ArtsinWilliamsburg.com, and invested \$150,000 in the Washington DC, Richmond and Hampton Roads markets. Williamsburg room revenues rose by 8.2% and meal revenues grew by 6.5%, all reaching levels that were the highest since 2007. While there are always numerous factors affecting such results, we are confident that this marketing program was one factor.

Arts Month holds significant potential for this area. However, we need more major events and more advertising funding to help it achieve its potential. It is critical that potential visitors from Washington have a meaningful reason to come. We will be addressing this challenge during the year.

- c. Spring: mid-April through the end of May represents a beautiful time in our area, but it is sub-standard in terms of tourist visitation. The Alliance identified this period for emphasis on gardens. Unfortunately, our funding has as yet been insufficient to allow us to engage in marketing programs like those used in September and December. However, we believe the area would benefit from additional activity during this period and we will endeavor to attract funding that will help create more visitor demand.

3. Alliance new audience special emphasis programs were also initiated:
 - a. Sports marketing: Sports Williamsburg, a committee of the Alliance, is focused on attracting sports groups to the Historic Triangle. The City's Parks and Recreation Department, as well as local businesses are represented on this committee. The City's EDA Chair serves on the grants committee. The Alliance attends two national trade shows each year to meet with event planners with potential to bring large sporting events to the Historic Triangle.

During 2012, the Alliance participated in securing a number of significant events: in April, Triple Crown Sports Baseball and Revolutionary Rumble Volleyball (a long-term event of the City's) for a combined 4,800 room nights; in June the National Softball Association Girls World Series, Rev3 Triathlon, Capitol Lacrosse, Focus Field Hockey and Hogan Lacrosse for 5,700 room nights; in July National Softball Association World Series for 9,000 room nights; in August Va State American Legion Baseball 1,000 room nights and October Toyota Tundra Bassmaster Fishing 800 room nights. Additionally, Football University and additional National Softball Association events will add another 10,000 room nights.

In total, during 2012, Sports Williamsburg generated 159,559 lead room nights with potential economic impact of \$42 million.

- b. Civil War: to take advantage of the significant attention to the 150th anniversary of the Civil War, the Alliance produced a brochure for distribution through four Virginia Welcome Centers as well as consumer shows and inquiry fulfillment. Due to strong demand for the regional Historic Triangle Civil War brochure the Alliance has produced an additional 20,000 copies to distribute during 2013. This is the fourth printing of this brochure. The Alliance continues to work with area partners to promote ongoing Civil War events through our Civil War Williamsburg.com website, Williamsburg Weekends e-Newsletters, group tour e-Newsletters, and Facebook page listings. The Civil War Williamsburg Facebook page has more than 2,600 fans and our Williamsburg Weekends Facebook page now has more than 30,000 fans. Additionally, we have recently launched a paid search campaign to attract visitors to the William & Mary signature event in April 2013.

Business Services:

Our work divides itself into three categories: advocacy, education/ training and networking. Each of these activities supports the needs of a certain number of members. Together, they provide a comprehensive array of services of value to our 750+ members.

1. Our **advocacy** efforts take place at the State level as well as locally. During the past year, we were instrumental in working against changes to the post-Labor Day school opening. We continue to actively oppose change unless it can be demonstrated that educational test scores are improved by an earlier school start. Recently obtained information from the Department of Education reveals virtually no difference in educational test scores between school divisions that start earlier than Labor Day and those that start after Labor Day. We have joined with many other organizations in seeking commitment to transportation legislation.

We have also been involved in urging our elected representatives to develop legislation that will work towards solving transportation issues that, we believe, are having an adverse affect on our local economy.

On the local level, our efforts are aimed at sharing the views of the business community when those views are appropriate and useful to local elected officials. We were actively engaged in the Williamsburg comprehensive planning process. Planners and elected officials take great pains to include views of the citizenry in considerations. We consider it our obligation to bring to them views of the business community.

An educational liaison sub-committee of our Government Affairs Committee has worked diligently with the school system to develop new career paths for high school students. Our relationship with the schools continues to grow stronger and we anticipate more significant results in the future.

Finally, we have created a section on our web site to support the efforts of the City's development department. Through a partnership with William & Mary, the data on this site, which includes extensive demographic information not available elsewhere, is updated annually.

We believe our advocacy activities directly benefit the City through supporting its economy.

2. **Education and training** efforts are led through a partnership with SCORE. Through this partnership, we offer small business quality educational programs that can help them improve their businesses.

We serve as the home for SCORE and the Small Business Development Center of Hampton Roads, providing them with rent-free office space and use of business equipment. We also provide rent-free space to the Historic Triangle Collaborative.

We oversee Lead Historic Triangle and Community Leadership Service, two training programs for motivated members of the community.

We serve as fiscal agent for the Williamsburg Area Destination Marketing Committee, the Historic Triangle Collaborative and the Williamsburg Area Golf Association.

3. **Networking** is a particularly important means of building business for many County businesses. To assist, we host monthly speed networking sessions, monthly business after hours and semi-annual business before hours sessions, five networking groups and five special events during the year. Each of these activities is important to a portion of the business community.

Funding:

Current year revenue sources are as follows:

	<u>Amount</u>	<u>Percent</u>
Membership dues, fees	\$935,780	35%
James City County	\$750,000	28%
City of Williamsburg	\$650,000	24%

RE: FY 2014 Budget Submission

HAMPTON

Dear Mr. Serra:

ISLE OF WIGHT

The Hampton Roads Planning District Commission (HRPDC), and its affiliate organization, the Hampton Roads Transportation Planning Organization (HRTPO), is requesting \$28,176 from the City of Williamsburg for its portion of the FY 2014 Local Jurisdiction Contributions (see enclosed spreadsheet detailing the various program categories). The entire Local Jurisdiction Contribution covers 25% of the HRPDC/HRTPO's annual budget of slightly over \$11 Million.

JAMES CITY

VIRGINIA BEACH

WILLIAMSBURG

YORK

Member Contribution Dues is based on a per capita figure of \$.80 as approved by our Commissioners. Per capita population figures are based on the latest Weldon-Cooper adjusted census figure, in this case 07/01/11.

Regional Construction Standards is based on each locality's share of regional population, of the consultant's overall fee.

Metropolitan Medical Response System (MMRS) is based on a per capita figure of \$.20 as approved by our Commissioners.

Regional Water Programs and Waste Water Programs are based on each participating locality's share of regional water and sewer accounts as agreed to by the Committee.

Mr. Philip Serra
January 8, 2013
Page 2

Regional Storm Water and HR Clean Community System costs are based on each participating locality's share of regional population.

Regional Storm Water Legal Support is a flat rate for each participating locality.

The HRPDC and HRTPO approve the Member Dues per capita rate, currently set at \$.80 per capita. The Construction Standards Committee meets with the consultant to determine that year's consultant fee, which is then divided up among the localities based on their share of regional population. The HRPDC and HRTPO approves the MMRS per capita rate, currently set at \$.20 per capita. The HRPDC administers the Water, Waste Water, Storm Water, and HR Clean programs to help local governments meet State and Federal requirements, in such areas as: TMDL, SSO Consent Orders, and Storm Water and Other permits.

Dues are assessed to each locality that is a member of the HRPDC and benefits from the analysis work and planning performed during the fiscal year on each locality's behalf as part of the regional organization.

Costs per locality are assessed in order for the localities to benefit from the work performed by the consultant regarding Regional Construction Standards.

Dues are assessed to each locality so that the entire region will benefit from the regional asset known as the MMRS Strike Team and the medical response capabilities administered by the MMRS program for the entire region.

If you would like to see detailed explanations of the work performed in the Environmental (Water, Waste Water, Storm Water, and HR Clean) programs, as well as that of the HRTPO, please contact me and I will be happy to send you the Unified Planning Work Programs for both the HRPDC and the HRTPO.

Please contact Mrs. Nancy K. Collins, CFO, at the address below, by email to: ncollins@hrpdcvva.gov, or by phone: 757 420-8300 for any additional information you may require. Our most recent financial statements can be found on our website: www.hrpdcvva.gov. Or contact me and I will gladly send you a copy.

Sincerely,

Nancy K. Collins

January 7, 2013

Mr. Philip Serra
Director of Finance
City of Williamsburg
401 Lafayette Street
Williamsburg, VA 23185

Dear Mr. Serra,

The following information is provided to support our financial request of \$5,947 from the City of Williamsburg for fiscal year 2014. I am enclosing a copy of our current budget for your information.

The Council is a regional, non-profit public/private partnership whose primary **mission** is to identify the workforce needs of Peninsula-based employers. Our workforce innovations provide solutions to ensure that we have a highly skilled workforce to meet the needs and build economic wealth in our region. The residents of the City of Williamsburg **will benefit** from the training and educational programs that are offered as a result of the regional workforce development system.

The Council continues to implement and enhance this workforce development system. It will also leverage additional resources to expand and increase the impact of our workforce development initiatives. Specifically, the Council and its network of workforce partners offer the following:

- **Workforce Services** – employment and training services are provided through a vast network of workforce experts and Peninsula Worklink One-Stop Career Centers.
- **Workforce Initiatives** – creating a pipeline of workers and growing the talent of our existing workforce takes place through many creative initiatives and programs.
- **Workforce Resources** – our employer surveys and demand labor market studies keep the Greater Peninsula abreast of workforce trends, challenges and solutions.
- **Workforce Partnerships** – economic developers, educators and businesses all connect through our many innovative partnership opportunities to build a talented workforce.

The Council has also placed a very high priority on providing guidance and direction to the region's youth to assist them in their planning for future careers and vocations. The Council is providing key leadership for various youth initiatives, such as the Youth

Career Cafes, in partnership with the region's school systems, colleges and universities and the employer community.

Proposal Fiscal Year 2014 Financial Request Background

On April 1, 2005, the Peninsula Council for Workforce Development became the new organizational name as a result of the merger of the Peninsula Alliance for Economic Development's marketing and business attraction program/staff with the Hampton Roads Economic Development Alliance. In addition to the mission and name change, the member cities and counties agreed to split their total contributions between the Council and Hampton Roads Economic Development Alliance. The Council's portion was approved at \$.51/per capita by each locality based on available census data.

During the current year, the Council requested the following income from the local governments based on a \$.51/per capita and using 2004 census date:

Hampton	74,435
Newport News	92,775
Poquoson	5,847
Williamsburg	5,947
Gloucester	19,006
James City County	28,306
York County	28,910

It should be noted here, that while updated census data is available, the Council continues to use the lower 2004 census data in consideration of the challenging current financial situation.

In addition to local government support the Council expects to receive the following income from other funding sources supporting an estimated budget totaling \$741,271:

General Members/Private Sector	\$145,000
Federal Grant/Other Income	\$392,346
Grants and Special Contributions	\$ 40,820

The Council continues to explore ways of enhancing the Peninsula workforce development system. On July 1, 2008, the Council and the Greater Peninsula Workforce Development Consortium consolidated into one cohesive organization with one solidified staff, under the moniker of the Peninsula Council for Workforce Development. This consolidation has resulted in a significant increase in system-wide efficiencies. It has allowed us to leverage additional resources to expand and increase the impact of our workforce development initiatives.

Supporting our Accomplishments and Achievements:

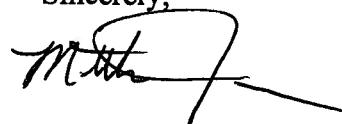

As discussed in our enclosed 2011/2012 Annual Report, the Council has accomplished many achievements over the past year as a result of the continued support from the localities and other partners. Significant achievements include the continued outstanding performance by Peninsula Worklink One Stop, which served over 14,007 individuals and exceeded all 11 state performance requirements and the Youth Career Cafes, which had over 4,364 students visit the Youth Career Cafes.

The Peninsula Council's efforts to elevate and improve workforce development on the Peninsula include collaboration with a wide variety of entities including the Chambers of Commerce, colleges and universities, and numerous private businesses across the region. In its various activities, the Council partners with a host of other organizations such as Thomas Nelson Community College, New Horizons Regional Education Center, Hampton Roads Economic Development Alliance, the city and county economic development agencies and others such as Boys and Girls Clubs, Virginia Employment Commission and the Virginia Workforce Council.

The Council, with its partners, has received numerous awards and recognition on a state and national level indicating that the Council is an outstanding model for public and private individuals and organizations working together and combining resources to achieve common workforce development goals and objectives. These awards include the Virginia Workforce Council Incentive Awards, Chamber of Commerce Virginia Torchbearer Award and regional awards from the Virginia Department of Education for the Youth Career Expo.

We truly appreciate the continued support and participation that is provided by the City of Williamsburg. We will continue to ensure that the financial resources that you provide to us will be used to achieve optimum benefit for the City. Please let me know if you have any questions or require additional information.

Sincerely,

Matthew James
President & CEO

January 10, 2013

Mr. Philip Serra
Director of Finance
City of Williamsburg
401 Lafayette Street
Williamsburg, VA 23185

Dear Mr. Serra:

The Hampton Roads Economic Development Alliance (HREDA) is a non-profit, public-private partnership that markets the Hampton Roads region of Virginia as the preferred location for business investment and expansion. HREDA is the only regional business recruitment organization in Hampton Roads and all of its business attraction initiatives and activities are designed to promote the fifteen jurisdictions that support its efforts including the cities of Chesapeake, Franklin, Hampton, Newport News, Norfolk, Poquoson, Portsmouth, Suffolk, Virginia Beach and Williamsburg and the counties of Gloucester, Isle of Wight, James City, Southampton and York County, Virginia.

Traditionally, HREDA has requested \$1.00 per capita funding from each Hampton Roads community. In light of the current economic challenges and the budget constraints our public partners are facing, HREDA will apply a voluntary reduction of 5% to our request for the upcoming fiscal year. Accordingly, please accept this letter as a formal request for the City of Williamsburg to include \$0.95 per capita funding for HREDA in the City's fiscal year 2014 budget. Based on the most recent population figure for the City of Williamsburg of 14,444 released by the US Census Bureau for July 1, 2011, the total amount requested is \$13,722.

As one of HREDA's fifteen public sector members, the City of Williamsburg is an active participant in the Alliance's marketing and business recruitment efforts. One of the vehicles for participation is the Alliance's Marketing Advisory Committee (MAC) which is comprised of the directors of economic development from each jurisdiction. The MAC meets every other month to discuss the marketing activities conducted by the Alliance and assists in planning the work program.

The City of Williamsburg is eligible to participate in HREDA's marketing activities which include trade shows and marketing missions focused on face-to-face meetings with corporate decision makers and site location consultants as well as special events that are organized for companies interested in expanding or relocating to Hampton Roads (**see attached Strategic Work Program 2013**). The results of HREDA's efforts are reported in a monthly business attraction report which is distributed to each contributor (both public and private). A variety of measurements are recorded including, but not limited to the following: number of prospect visits to the Hampton Roads region; number of face-to-face meetings with corporate decision makers and site selection consultants; and, number of marketing activities conducted to attract business to Hampton Roads. HREDA's business attraction efforts

Mr. Philip Serra
Page 2 of 2

ultimately result in additional capital investment for our region and employment opportunities for our citizens, including the residents of Williamsburg.

Although faced with different goals and missions, each locality in Hampton Roads has its own economic development department whose services somewhat parallel those of the Alliance. The Alliance leverages funding to provide an enhanced and comprehensive regional marketing program, thereby reducing duplication between organizations and allowing each locality represented to focus on their individual initiatives. Furthermore, as a public-private partnership (at a ratio of 50/50), the public dollars are leveraged by the support of over 100 private companies who wish to see the region prosper through the additional employment opportunities and capital investment created as a result of HREDA's efforts. In calendar year 2012, HREDA had an annual budget of approximately \$2.7 million.

HREDA's work program is robust and designed to make the best use of limited dollars in order to ensure the largest impact on corporate decision makers and site selection consultants who help companies to determine where they should expand their businesses. Our top priority is to keep Hampton Roads "top of mind" as a desirable option for expansion and relocation projects. HREDA is the only regional group in Hampton Roads whose sole mission is to attract business to the region. Should funding by the City of Williamsburg be reduced or denied, the Alliance's ability to recruit business to Williamsburg and the rest of the region would be negatively impacted. Given that each of the region's 15 localities fund HREDA based on a formula related to their respective populations, and that these public funds are matched dollar-per-dollar by the private sector, a decision by one community to cease its support of Hampton Roads' only regional business attraction program would hurt all the jurisdictions.

We certainly appreciate the City of Williamsburg's support of the Hampton Roads Economic Development Alliance, particularly in this challenging economic environment. We look forward to continuing the excellent working relationship we have established with your Economic Development Department and anticipate an exciting year to come.

Please do not hesitate to contact me should you have any questions regarding this request, or should you require any additional information.

Sincerely,

Amy N. Parkhurst
Senior Vice President

Enc. Strategic Work Program 2013

February 1, 2013

Mr. Jackson Tuttle
City Manager
City of Williamsburg
401 Lafayette Street
Williamsburg VA 23185-3617

Dear Mr. Tuttle:

I would like to take this opportunity to thank you for Williamsburg's continued support of Thomas Nelson Community College. It is the investment by our localities that puts the emphasis on the "community" within this college. I would like to express my thanks to you and Phil Serra for attending the luncheon.

As was discussed at our luncheon held on January 24th, I am sending the FY14 budget request for contributions from your locality which will support TNCC's local site improvements, lease support for the Peninsula Workforce Development Center (PWDC), and rental support for the Discovery Center. Based on the headcount formula, Williamsburg's contributions are as follows:

Site Improvement	\$8,222
Discovery Center Lease	\$3,205
PWDC Lease	<u>\$10,500</u>
TOTAL	\$21,927

Attached is a summary of the total FY 2014 requested budget contributions from all our localities.

I will contact your office within the next three (3) business days to schedule a meeting with you to discuss the FY 2014 budget request.

Sincerely,

A handwritten signature in black ink, appearing to read "Charles A. Nurnberger".

Charles A. Nurnberger
Vice President for Finance and Administration

The Colonial Soil & Water Conservation District (CSWCD) proposes services in anticipation of pollutant loads allocated to the City of Williamsburg as a result of the Chesapeake Bay Total Maximum Daily Load (TMDL) and the US Clean Water Act. As stated in the Virginia Watershed implementation Plan (WIP) , US EPA required the development of the Bay TMDL by December 31, 2010 pursuant to the requirements of the Consent Decree entered in the case American Canoe Association et al. v. the United States EPA , 54 F. Supp. 2d 621 (E.D. Va. 1999). The WIP was last amended and the final plan was provided to the EPA on November 29th, 2010 and it was approved by the EPA without imposing its "backstops".

The implementation of the WIP puts considerable reliance on local government. The initial Phase 1 of the plan places great emphasis on Soil & Water Conservation Districts. The aspects of Phase 1 goals were included in the WIP for several reasons. Cost effectiveness and speed of implementation are articulated as priorities; a few of these stipulations are outlined below and are particularly relevant to services the CSWCD can offer to the City of Williamsburg.

Chesapeake Bay Preservation Act

The regulations pertaining to the Chesapeake Bay Preservation Act, which apply to 84 localities within the Tidewater region of Virginia, contain several provisions addressing pollutant loadings resulting from agricultural practices. These provisions are required to be carried out by the local governments that are responsible for the implementation of the Bay Act in a manner that is consistent with these regulations. One key provision is the requirement all active agricultural lands have a soil and water quality conservation assessment conducted. This assessment is to evaluate the effectiveness of existing soil erosion and sediment control and nutrient management practices. Where necessary a plan may outline additional practices to ensure that water quality protection is being accomplished. Another key provision of the Bay Act regulations allows for agricultural encroachments into the required 100- foot buffer adjacent to streams, wetlands and tidal shores provided that, in the opinion of the soil and water conservation district, adequate nutrient management, pest chemical or control erosion control is being implemented on the adjacent land.

Code Reference:

§ 10.1-2103 Code of Virginia, 9VAC 10-20-120 9; 9VAC 10-20-130 5 b.

Outcome of services should the City of Williamsburg fund this proposal.

- Compliance of the agricultural NKC CBPA local ordinance is part of the program review for each locality within Virginia where the regulations apply. The services proposed by the CSWCD will address these criteria and is identified by the state and federal agencies as priorities in addressing water quality impairments and credited for removal of allocated pollutant loads.
- Liaison services will be provided to the City of Williamsburg in support of local CBPA program compliance and TMDL Best Management Practice credits.

Mr. Philip Serra
Director of Finance
City of Williamsburg
401 Lafayette Street
Williamsburg, VA 23185-3617

Dear Mr. Serra:

RE: Funding Hampton Roads Partnership, Investing in Regional Success

Thank you, your staff, and the elected leaders of the City of Williamsburg for continuing to support the Hampton Roads Partnership. Our request for funding in our FY2013-2014 budget of \$4,900, is the same amount received for FY2012-2013.

The Hampton Roads Partnership board members represent over 50% of the region's civilian labor force and military personnel and the 1.7 million citizens in Southeastern Virginia. Thanks to the continued support of the City of Williamsburg, Hampton Roads is in a better position to achieve the Partnership's mission: to convene community leaders, facilitate regional collaboration and focus on key issues to enhance Hampton Roads' competitiveness in the global economy.

Over 80% of the Partnership's funding comes from non-government sources, attesting to the relevance the community places on our mission and the part they want to play in regional excellence. Your allocated funds, added to the investments made by the sixteen other localities that comprise Hampton Roads as well as the business community, nonprofits, the military and educational institutions, help advance the region's strategic initiatives – the cornerstone of the Partnership's work.

Enclosed please find the Partnership's Annual Impact Statement, which lists the mission and membership, summarizes the year's biggest impact and outlines the work ahead, including the latest dashboard of measures.

The Annual Impact Statement addresses Innovation and Entrepreneurship as the best opportunity to diversify and grow our regional economy. *Vision Hampton Roads*, the first region-wide comprehensive economic development strategy highlighted Hampton Roads' need for more attention to startup and existing businesses that generate 95% of the new jobs in the region. To enhance opportunities and fill the "grow our own" gap in the region's economic development, the Partnership now focuses efforts on developing the right atmosphere and resources for entrepreneurship and true job creation from startups and existing business to occur. Economic Gardening is part of the "grow-your-

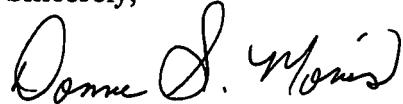

Mr. Philip Serra
Director of Finance
City of Williamsburg

Page 2

own" economic development cluster strategy for *Innovate!Hampton Roads*, a program of the Hampton Roads Partnership and a vital component of *Vision Hampton Roads*.

The Hampton Roads Partnership is the forum where your local government, business, education and military leaders meet to facilitate regional collaboration and focus on key issues to enhance Hampton Roads competitiveness in the global economy. In support of our mission, the Partnership will continue to build relationships among local, state and federal elected officials.

Thank you for your active participation and continued financial support of the work of the Hampton Roads Partnership as we promote the value of thinking, living and acting regionally. If you need additional information, please do not hesitate to contact Melanie Webb at (757) 625-4696. We appreciate the active participation and commitment of support made by the City of Williamsburg.

Sincerely,

Donna S. Morris
Executive Vice President

Information to Supplement Funding Request - Hampton Roads Partnership

The request from the City of Williamsburg for FY13-14 is \$4,900, which is the amount approved in FY12-13. These funds are added to the investments made by other jurisdictions (16), businesses, educational institutions and individuals to advance the major strategic initiatives that are outlined in the transmittal letter.

The FY12-13 operating budget of the Partnership is \$841,517. These funds are derived from investments made by members of the board of directors. Approximately 57% of our new operating funds come from businesses, 6% from colleges and universities, 17% from cities and counties, and the remaining 20% from individuals, grants and miscellaneous sources.

Projected Revenue for FY12-13:

Contributions from Business	\$	450,000
Contributions from Colleges/Universities		33,000
Contributions from Cities/Counties		140,000
Contributions from Individuals		2,000
Miscellaneous income		13,609
Interest income		3,200
Grants		149,708
Special Projects		50,000
	\$	841,517

Programs

The strategic initiatives of the Hampton Roads Partnership will be based on *Vision Hampton Roads*, the regional economic development strategy which will serve as the roadmap for the Partnership and other organizations, with a common goal to position the region as a leader in the global economy.

Our objectives will be focused on growing federal assets, port and maritime opportunities, nurturing innovation and education around clusters of cutting edge technology-based business, and cultivating a sense of place. The measurement tool to be used in tracking progress on meeting goals of the plan will be Hampton Roads Performs, a program launched by the Partnership in 2009.

To implement *Vision Hampton Roads*, the following Task Forces have been formed and have begun meeting:

- **Infrastructure and Sub-groups:**
 - Transportation
 - Water, climate change/sea level rise, energy
- **Innovation and Clusters:**
 - Aerospace

- Bio-Science
- Coastal Energy
- Modeling & Simulation
- Robotics
- Sensors
- **Intellectual & Human Capital**
- **Sense of Place**
- **Federal**
- **Port & Maritime**
- **Tourism, Arts & Culture**
- **Opportunities and Sub-groups:**
 - Coastal energy
 - Environment
 - Healthcare
- **Public-Government Awareness & Policy**

Innovate!HamptonRoads is a program of the Hampton Roads Partnership and includes the clusters listed above. *Innovate!Hampton Roads* will be a large part of the implementation of *Vision Hampton Roads* and should be of particular interest to The City of Williamsburg. The incubator in The City of Williamsburg will be part of a regional network which will be established under of this initiative.

Innovate!Hampton Roads is about connecting entrepreneurs, ideas and investment. Its goals are to stimulate high growth-potential new business formation, accelerate the growth of existing tech businesses and ignite the commercialization of research innovate.

Economic Gardening is part of the “grow-your-own” economic development cluster strategy for *Innovate!Hampton Roads*. Economic Gardening services target growth-oriented companies and provide a suite of high-end, high-speed business growth resources. Five Hampton Roads companies have been selected for this pilot program.

Benefits and delivery to Williamsburg residents

The Hampton Roads Partnership is the only regional organization that brings together the leadership representing all elements of the community of over 1.6 million people to focus on those strategic issues targeted at improving per capita income, income and job growth and overall quality of life.

The Hampton Roads Partnership provides the forum for The City of Williamsburg to be actively involved and committed to regional cooperation and economic development of the region as a whole. Working together, we leverage strengths in our key strategic areas.

While the Hampton Roads Partnership does not provide direct services to the residents of the City of Williamsburg that are easily measured or specifically determined, we do work to advance strategic initiatives designed to positively impact the quality of life and economic prosperity of the entire region. And, the City of Williamsburg is an integral part of our region. More at <http://VisionHamptonRoads.com>

The City of Williamsburg benefits from involvement in the Hampton Roads Partnership as it:

- Gives the City of Williamsburg leaders a voice in discussions with region's decision-makers addressing the region's competitiveness;
- Includes the City of Williamsburg in decisions of regional importance and focuses local strategies on matters that enhance Williamsburg's ability to compete for economic development opportunities;
- Focuses on growing technology clusters (modeling and simulation, aerospace, robotics, sensors, and bioscience) which assist the City of Williamsburg Economic Developers create jobs;
- Provides the City of Williamsburg a connection to region-wide economic development strategy and highlights areas Williamsburg may exploit to enhance their economic competitiveness;
- Enables the City of Williamsburg to interact with universities, federal laboratories and technology companies – existing and emerging – to contribute to overall economic competitiveness and growth;
- Provides that "safe" place to talk with other key officials, political and business on matters that transcend political boundaries;
- Connects the City of Williamsburg to actions and strategies that boost the entire region's competitiveness in the global economy;
- Provides the City of Williamsburg unparalleled access to regional information through HRP communication efforts; for example: the Regional Blog & e-News at <http://SmartRegion.org> and the Regional Resource Library <http://HRP.org/Site/news/resource-library>
- Offers the City of Williamsburg the best chance to grow the regional economic "pie" and to participate in that growth through *Vision Hampton Roads*, the first ever region-wide Comprehensive Economic Development Strategy (CEDS).
- Economic Gardening is part of the "grow-your-own" economic development cluster strategy for *Innovate!Hampton Roads*, a program of the Hampton Roads Partnership and a vital component of *Vision Hampton Roads*.
- Enhances the City of Williamsburg's unique value to the Hampton Roads region.

Should you have any questions or require additional information, please contact Melanie Webb, Office Manager at (757) 625-4696 or email to; mwebb@hrp.org

WILLIAMSBURG LAND CONSERVANCY

It's your view - help protect it.

January 14, 2012

Mr. Philip Serra
Director of Finance
City of Williamsburg
401 Lafayette Street
Williamsburg, VA 23185-3617

Dear Mr. Serra, Mr. Tuttle and Members of the City Council:

The Williamsburg Land Conservancy is grateful for the opportunity to submit a budget request. The contribution from the City of Williamsburg is a key donation for our organization, and is critical to our ability to carry out our mission of protecting and preserving land in the James and York Rivers watershed.

Last year, 2012, was an especially significant year for the Conservancy. We increased our acreage by 20%, now preserving more than 5,000 acres in our region. The permanent protection of these properties is significant in helping to maintain the character and ambiance of the Historic Triangle and beyond, which is a critical reason as to why people choose to live, work or simply visit our region for a while.

Our land protection goals and the City's land protection goals are mutual. These goals are not only good for the environment, they are paramount for our area's economic engine, tourism. A 2010 Chamber report on tourism asked respondents what they liked best about our area. Twenty-eight percent answered "the scenery." Our community cannot become just another stop along the interstate; that's why the work of the Conservancy is so critical.

A perfect example of how our efforts have made a difference is the conservation easement we hold along the Route 132 entry corridor between Route 143 and Route 60. Located within and adjacent to the City of Williamsburg, this parcel of land serves as the welcoming highway to visitors from around the world. If you visited here 20 years ago, your viewshed was a tree-lined highway. If you visit here today, your viewshed is a tree-

lined highway. And if you visit here in 50 years, your viewshed will be a tree-lined highway. Our work is in perpetuity, and that's a very long time!

In 2010, the Williamsburg Land Conservancy worked with the City of Williamsburg and the Colonial Williamsburg Foundation, to further protect the viewshed on the Route 132 corridor. Approval of the "Mahone" subdivision was contingent upon a 13-acre easement to further protect the initial entryway into the community. Whenever the subdivision is built, the Conservancy will be the holder of the easement.

Request

The monies we receive from local government are critical to our ability to carry out our mission. In 2012 our funding was \$5,000 from the City of Williamsburg and the Williamsburg Land Conservancy truly appreciates each dollar. However, the 2012 allocation represents nearly a 50% cut in funding from prior levels. This year, we are requesting that the City of Williamsburg increase our funding to bring it closer to the \$10,000 we received in years past. The dollars allocated to us by local government are paramount to our organization, and in this time of a downturned economy, are more important than ever to our ongoing work.

The Conservancy is funded by voluntary donations from individuals, businesses and organizations. We apply for grants and hold special events to raise the dollars necessary to realize our vision of conserving and stewarding land for future generations. Occasionally we receive a bequest or other unanticipated dollars. In October 2007 we launched our first annual golf tournament, the Conservancy Challenge, which has been successfully held since that time. For the second year, "Williamsburg's Got Talent," was held in September 2012. The setting of the Kimball Theater provided the perfect location for this event.

Like other non-profit organizations, our nation's economic times have affected our revenues. The Conservancy worked extremely hard during 2012 to minimize our deficit by controlling spending in all ways possible, including a continued decrease of staff time and salary by 20%. We also implemented new membership campaigns and fundraising events to increase our revenues. Our Board members spent a great deal of volunteer time helping to raise funds.

We are currently in the process of developing our 2013 budget that will fund the continued implementation of our Five-Year Plan that was approved in 2012. We will continue to maximize our efforts with limited resources. Our budget of approximately \$144,000 is extremely modest for all that we do. As mentioned, all dollars that are spent to operate the organization must be raised annually. Following is the Conservancy's 2012 budget breakdown :

2012- Calendar Year Ending 12/31/12

Total Budget: \$ 144,000

Source:	Amount:
Membership	\$97,120
Fundraising	\$5,000
Grants	\$9,250 (\$6000 from government)
Annual Fund	\$620
Other Income	\$4,400

Narrative

The Williamsburg Land Conservancy (formerly the Historic Rivers Land Conservancy) was established in 1990 as a 501 (c) (3) non-profit land trust. The Conservancy's mission has remained constant, that is to protect and preserve significant natural, scenic, agricultural and historic lands in the lower James and York Rivers Watersheds. Our vision is to conserve and steward our land resources for future generations.

Our area's visitors, as well as many of those who live here, are not aware of the boundaries of the counties and the city. That's why our land protection efforts throughout the region are so important, regardless of the jurisdiction where the lands are situated. The health of both the York and James Rivers is vital to our community.

The Conservancy is governed by a 19-member Board of Directors. Our Board represents a wide range of interest in our community, with members including: an attorney, a CPA, educators, a land planner, a home builder, business owners, and retired executives. Staff includes an executive director who works 32 hours per week and a part-time assistant, who works 15 hours per week to carry out the day-to-day operations that includes: land protection efforts and stewarding already-protected land; administrative tasks; grant writing; donor recruitment and retention; fundraising events; newsletter production; and more. Volunteers play a critical role in helping the organization accomplish its goals by both assisting in the office, at special events, and with land stewardship.

The Williamsburg Land Conservancy acquired two conservation easements on critically sensitive regional properties during 2012:

- Poplar Springs Farm located in New Kent County is a 103-acre parcel that has been farmed by the Talley family for more than 100 years.

- The Historic Chelsea Plantation in King Williams County situated along the Mattaponi and including 568 acres, an historic home and curtilage dating back to 1709.

Enclosed are more detailed articles about these properties, along with information about Nettles Creek Farm situated on the creek just upstream of the Chickahominy River. The Conservancy served as a liaison between the landowner and James City County (JCC) on this project, which was accomplished through JCC's Purchase of Development Rights (PDR) program. While not directly located in Williamsburg, protection of this land will ensure those who use our waterways will enjoy a continued natural view as they transverse the river.

Historically, the City and the Conservancy have worked together to provide a better landscape for the community. You may recall the Conservancy's Historic Triangle Corridor Enhancement beautification efforts. A collaborative effort that stands as a reminder of this project is the black fencing at the junction of Jamestown Road and Route 199. All have to agree that it adds much more character to the view than did the chain link fence!

Stewardship of our eased properties is paramount to the Conservancy's mission. Once a conservation easement has been placed over a piece of land, the job of the land trust just begins. It is our responsibility to monitor the property to ensure that the terms of the deed of conservation easement are upheld. This comes through our land stewardship program. Once a year, we must inspect the land we protect, and prepare reports for permanent recording keeping. This takes a lot of time and effort, and an ongoing funding stream is needed to keep us vital to fulfill our role as a 501 (c) (3) land trust.

The Conservancy provides a constant service to the community, meeting with property owners, developers and local government about conservation easements. We have guided and advised many in the community through the conservation process. There is no cost to this service and the Conservancy is thrilled to help. Note the Conservancy is not a "no growth" organization. In fact, we believe preservation and progress can work together and spend much of our time finding that balance in the communities we assist.

Our Walk and Talk program that explores nature along the Greensprings Trail is open to all area citizens. The 2012 event was a partnership with Walsingham Academy and featured naturalists and biologists in a detailed environmental tour. This program will be expanded during 2013.

The Conservancy's efforts in land conservation make Williamsburg a better place to live. As the only full time land trust engaged solely in land conservation work in the Historic

Triangle, we are certain that our work in protecting the conservation values of key parcels of land helps to make this region a more desirable place to live, work and visit.

Thank you for your time, consideration and ongoing generosity. Should you have any questions, I can be reached at 565-0343. Your investment in the Conservancy will continue to pay enormous dividends to the citizens of the City of Williamsburg.

Sincerely,

Caren Schumacher
Executive Director

Dear Philip:

Please find attached the 2014 Funding Request submitted for Heritage Humane Society. We are requesting flat funding from the City of Williamsburg for 2013, so our attached request is for \$14,000. I want to thank you for the City's ongoing support of our program. We have made great progress in making Heritage Humane Society the "**Community Solution to Stray and Unwanted Companion Animals.**"

Please let me know if you have any questions. You can reach me on my cell phone at 757-525-0110 or director@heritagehumanesociety.org.

Sincerely,

Kimberly Laska

AGENCY NARRATIVE & SERVICES PROVIDED

Heritage Humane Society is a private 501(c)3 non-profit that functions as an open admission low-kill animal shelter that houses and cares for stray and unwanted companion animals from the City of Williamsburg, James City County and the 1st District of York. The mission of Heritage Humane Society is to serve as a compassionate haven for stray and unwanted companion animals, educate the public about humane care and treatment, advocate animal welfare, and promote adoption to measurably reduce pet over-population and homelessness.

Heritage Humane Society is managed by an experienced full-time Executive Director who is supervised by a volunteer Board of Directors consisting of 13 volunteers from the respective localities that the agency serves. Heritage Humane Society has a paid staff of 16 workers comprised of 13 full-time employees and 3 part-time employees. In addition, Heritage Humane Society is lucky to have a well-trained and committed volunteer pool who are also representative of the localities we serve. Many of those volunteers are also members of the Heritage Humane Society Auxiliary. The Auxiliary helps raised funds for the agency operating budget as well as host special events.

Heritage Humane Society meets our client's needs by providing a safe and clean shelter for the animals in our care; necessary preventative vaccines prior to adoption; toys and socialization; high quality food thanks to a grant from Hills Science Diet which provides 1 year of free food to Heritage Humane Society; specialized medical care for adoptable animals who require surgery or special medication thanks to the CARE Fund; foster care for animals too young for shelter life or those in need of a hospice situation, and offsite activities whenever possible.

Because Heritage Humane Society is an open admission shelter we must take every animal that comes through our door as long as the animal is from our service area. What this means is we do not have the luxury of only taking the most adoptable animals. On the contrary we more often than not must take in sick, malnourished and injured animals. Many of the animals have significant health and behavior issues making the feasibility of adoption difficult. Even knowing this, our adoption rate remains high and euthanasia rate low. Heritage Humane Society truly is viewed as the community solution to stray and unwanted companion animals.

2013 Funding Request to City of Williamsburg January 2013

THE FUTURE

Heritage Humane Society is planning for the future by increasing the exposure in the Greater Williamsburg Community. We will be focusing on planned giving opportunities and increasing our educational outreach programs. We hope to also increase the Winnie's Way Endowment through private and corporate donations. We have established multiple partnerships which help defer some of our operational costs, specifically Martin's Food Store which helps with advertising and special event costs; PETCO who also advertises our adoptable animals and further supports our adoption efforts by providing cage space in the Mooretown Road store for up to 10 adoptable Heritage Humane Society cats at a time.

The leadership at Heritage Humane Society recognizes that until all community animals are cared for responsibly and spay or neutered, our communities will continue to deal with companion animal over-population. This is one of our major priorities and we will be focusing even greater attention on this moving forward.

OUTCOMES FOR 7/1/2011 to 6/30/2012

NUMBER OF ANIMALS SERVED: 1574

Locality Animals Served

- JCC: 781
- JCCAC: 315
- City of Williamsburg: 126
- 1st District York County: 244
- Abandoned outside HHS with no proof of residency: 41
- Born in Foster Care: 67

*(**Numbers listed above include Animal Control animals, owner surrenders and strays)*

NUMBER OF ANIMALS ADOPTED: 1039

Animals Adopted by Citizens from the following localities:

- JCC: 485
- City of Williamsburg: 105
- 1st District York County: 153
- Other Localities: 296

*(**Numbers above reflect animals that may or may not have entered HHS during the reporting period)*

2013 Funding Request to City of Williamsburg January 2013

TOTAL RETURN TO OWNER FEES: \$6,716

Total Collected JCC Return to Owner Fees: \$5,056

Total Collected City of Williamsburg Return to Owner Fees: \$565

Total Collected 1st District York County Return to Owner Fees: \$1095

*Report attached to show the monthly breakdown of these fees.

SUMMARY

1. HHS received 29 stray cats from City residents.
2. HHS received 2 stray cats from JCC Animal Control.
3. HHS received 29 cats surrendered by City residents.
4. HHS received 16 stray dogs from City residents.
5. HHS received 20 stray dogs from JCC Animal Control.
6. HHS received 20 dogs surrendered by City residents.
7. HHS received 7 Guinea Pigs, and 2 ferrets from City residents.
8. HHS received 1 stray hamster from JCC Animal Control.

2013 Funding Request to City of Williamsburg January 2013

In order to prepare animals for adoption the following vaccines must be administered. State law also requires that all shelter animals must be altered before they leave the facility. We now have a couple local Veterinarians offering low cost spays and neuters.

Item	Cost
NOBIVAC combo vaccine (Distemper)	\$3.26
Booster vaccines (2)	\$6.52
FIV/FeLv/HW Snap Test	\$13.56
Strongid (de-worming)	\$1.00
Rabdomun vaccine (Rabies)	\$1.35
Frontline/Ivermectin (Flea, Tick, Ear Mite prevent)	\$2.00
Microchip	\$5.25
Misc Supplies and Medical Waste	\$3.00
Spay/ Neuter	\$70.00
Staff Time	\$30.00
Total	\$135.94

2013 Funding Request to City of Williamsburg January 2013

Based on the information provided, the cost to HHS to provide shelter, medical care and food to animals from the City of Williamsburg is as follows:

60 Cats x \$135.94 =	\$8,156.40
<u>56 Dogs x \$182.10 =</u>	<u>\$10,197.60</u>
	\$18,354.00

The animals we house must have a warm, dry and clean shelter to stay in while they are waiting for their forever home. All of this requires a building and utilities. The HHS mortgage is paid in full as of December 2011 and is the direct result of successful donor cultivation. Therefore the other major expense in housing stray and unwanted companion is utilities. The HHS utilities bill for 2012 was \$33,141.49.

\$33,141.49 X 8% (City percentage of animals served out 1574 animals served in 2012)
= \$2,651.32

Heritage Humane Society Request to the City of Williamsburg:

City of Williamsburg total Animal Care Costs:	\$18,354.00
Plus	
<u>City of Williamsburg Percentage of Housing Costs:</u>	<u>\$ 2,651.32</u>
	\$21,005.32

Heritage Humane Society anticipates the same percentage of animals in 2013 from the City of Williamsburg residents. Based on the budget constraints of the City of Williamsburg, we therefore respectfully request \$14,000.00 for 2013.

Amount Requested: **\$14,000.00**

Mr. Philip Serra
Director of Finance
City of Williamsburg
401 Lafayette Street
Williamsburg, Virginia 23185

Dear Mr. Serra:

On behalf of the Board of Directors, I would like to thank the City of Williamsburg for its past support of the Williamsburg Farmers Market. The City's financial and in-kind support for the Market has greatly contributed to our success.

To assist in operating the Market during the 2014 season, I respectfully request \$3,800 from the City's FY 2014 budget. Continued funding from the City will ensure that the Market will be able to continue to operate a weekly farmers market, April through October, and will allow the Market to host special holiday and seasonal markets.

I have enclosed three documents to provide you with Market information for your funding considerations.

Thank you for your consideration of our funding request. If you or your staff has any questions, please contact me at 259-3768 or loliver@williamsburgva.gov.

Sincerely,

Libbey Oliver
Market Manager

Dear Phil:

Thank you for your letter of December 18, 2012. The Crossroads Project will not request funding from the City of Williamsburg for Fiscal Year 2013-2014.

The Crossroads Steering Committee is grateful for the strong support of the City in previous fiscal years. If you need further information, please contact me at (757) 221-1346.

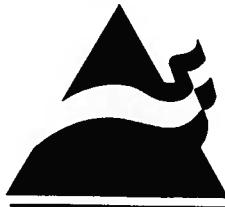

Sincerely,

A handwritten signature in black ink that reads "Michael".

Dear Mr. Serra,

I am writing to respectfully request that the City of Williamsburg allocate \$6,500 for operating support for The Historic Triangle Collaborative for the Fiscal Year that begins July 1, 2013. That represents a level funding request for FY2014. Per your request, I have attached several supporting documents:

- The proposed Fiscal Year 2014 Historic Triangle Collaborative Budget, which will be presented at the January 28th meeting;
- The Historic Triangle Collaborative vision and mission statements/description of services; and
- The Historic Triangle Collaborative YTD accomplishments/outcomes.

I would like to take this opportunity to personally thank the City for its collective dedication, support and service to The Historic Triangle Collaborative. Your leadership is essential to the future success of our region.

Please contact me if you have any questions either by email at sdickerson@historictrianglecollaborative.com or at (757) 253-2999 if I can be of assistance.

Regards,

Susan Dickerson

HTC Mission

To think regionally and work collaboratively to achieve sustainable economic and quality of life benefits for the Historic Triangle.

HTC Participants

The Historic Triangle Collaborative is an informal group comprised of 11 Historic Triangle community leaders:

- An elected official of James City County, the City of Williamsburg and York County;
- The chief administrative officers of James City County, the City of Williamsburg and York County;
- The chief executive officers of the Colonial Williamsburg Foundation, the Jamestown-Yorktown Foundation, the College of William and Mary, the Greater Williamsburg Chamber & Tourism Alliance and Busch Gardens & Water Country USA.

Accomplishments/Outcomes

The Historic Triangle Collaborative benefits the City of Williamsburg by providing a regional opportunity to work together with other local government and major institutions for the improved economic and quality of life benefits of the region. Some specific programs and outcomes are outlined below:

- **Coordination**
 - Initiated the pursuit of Route 60 East Beautification grant funds through community meetings, funding initial plans of the project and submitted a grant to the Virginia Department of Transportation. The HTC continues to initiate Route 60 East Beautification plans to submit the project for grant funding and potential state MAP 21 funds.
 - Commissioned and completed a study to survey the region's older population regarding their quality of life and their views on aging.
- **Comprehensive planning**
 - Members assisted with the commitment to coordinate and execute the timing of the three Comprehensive Plans.
- **Tourism**
 - Acted as the coordinating entity for the Historic Triangle's involvement in the Virginia Sesquicentennial of the American Civil War Commission.
 - Marketed the region and the regional calendar of events for the Sesquicentennial Commemoration of the American Civil War.
- **Advocacy**
 - Tracked and opposed legislation that allowed School Boards to open Virginia schools prior to Labor Day.
 - Ensured that the Historic Triangle's voice was heard in Richmond on the issue of opening schools prior to Labor Day.
- **The economy**
 - Continued to work with the Economic Diversification Task Force to examine regional economic issues.
 - Supported and received a marketing study of the Historic Triangle area by William & Mary's Mason School of Business.

The Historic Triangle Collaborative 2012– 2013

Mission: To think regionally and work collaboratively to achieve sustainable economic and quality of life benefits for the Historic Triangle

- **Coordination**
 - Regularly updated www.historictrianglecollaborative.com as a platform through which to share meeting results
 - Commissioned and completed a study to survey the region's key organizations and their vision, mission and strategic plans
 - Commissioned and completed a study to survey the region's older population regarding their quality of life and their views on aging
 - Initiated regional discussion regarding the Interstate 64 corridor and potential widening options
- **The economy**
 - Shared pertinent information regarding the economic downturn and its impact on the region's major institutions
 - Continued the task force, chaired by Jim Golden of the College of William and Mary, to explore economic diversity in the Historic Triangle
 - Supported and received a marketing study of the Greater Williamsburg area by William & Mary's Mason School of Business
- **Advocacy**
 - Communicated with national, state and local elected officials noting the importance of conference business to the Historic Triangle and requesting they remain mindful of that fact when deliberating public policy
 - Testified to General Assembly subcommittees against several bills that allowed School Boards to open Virginia schools prior to Labor Day.
 - Supported a study to expand inter-city and high-speed passenger service in Virginia and ways to pay for it
 - Supported improved mowing schedules and corridor beautification along Route 60 East between Colonial Williamsburg and Busch Gardens
 - Met with and provided information to the Joint Legislative Audit and Review Committee regarding the impact of year-round schools on the Historic Triangle's tourism
- **Tourism**
 - Established the Historic Triangle Collaborative as the coordinating entity for the Historic Triangle's involvement in the Virginia Sesquicentennial of the American Civil War Commission
 - Marketed the Historic Triangle area as a destination to commemorate Virginia Sesquicentennial of the American Civil War Commission
 - Conducted research, facilitated conversations and assisted with MOU regarding an area Destination Marketing Organization
- **Comprehensive planning**
 - Assisted with the commitment to coordinate the comprehensive planning process with the three localities and three public forums held to receive public input

**HAMPTON ROADS
MILITARY AND FEDERAL
FACILITIES ALLIANCE**

KENNETH I. WRIGHT, CHAIR • MARY K. JONES, VICE CHAIR • E. DANA DICKENS III, TREASURER • DWIGHT L. FARMER, SECRETARY

January 2, 2013

Mr. Philip Serra
Director of Finance
City of Williamsburg
401 Lafayette St.
Williamsburg, VA 23185

Dear Mr. Serra:

Thank you for your letter of December 18, 2012, providing guidance to organizations seeking FY2014 funding support from the City of Williamsburg. The information provided below for the Hampton Roads Military and Federal Facilities Alliance (HRMFFA) is responsive to your guidance.

HRMFFA was created in 2006 by the elected leaders of the 13 cities and counties that call themselves Hampton Roads. Its original mission remains in place today: to attract, retain and grow Federal facilities to the region. The Federal presence accounts for nearly 50% of our gross regional economy, and this sector will remain vital to our economic health for the foreseeable future. The Mayor of Williamsburg, the Honorable Clyde Haulman, sits as a member of the HRMFFA Board of Directors, as do the elected leaders of the other municipalities in the region.

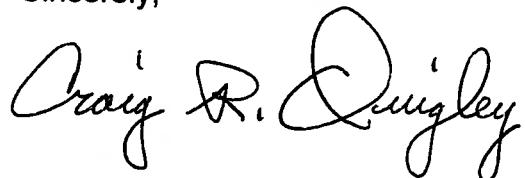

HRMFFA is requesting \$7034.00 from the City of Williamsburg in FY2014. This figure represents a \$.50 per capita level of support based on 2010 census data, which is consistent with the 2006 funding agreement among the 13 Hampton Roads cities and counties. City financial support in FY2013 amounted to \$6479.00, or \$.461 per capita. The requested funds will be used to retain a consulting/lobbying firm in Washington, DC, to pay the salaries and benefits of the executive director and shared support of an administrative assistant and bookkeeper, as well as costs associated with maintaining an office and travel expenses.

Generally, every citizen of Williamsburg benefits from HRMFFA's efforts on behalf of the entire region. Specifically, HRMFFA's efforts with regards to Langley Air Force Base, NASA Langley Research Center, Fort Eustis, Jefferson Laboratory, Camp Peary and Naval Weapons Station Yorktown have a direct and local positive impact on the city's citizens. HRMFFA's efforts in FY2014 will need to be more robust than ever, given the Federal budget pressures that will affect the region. Our advocacy efforts on behalf of the citizens of Hampton Roads must continue and strengthen in order for the effects of that budget pressure to be mitigated.

Thank you in advance for your consideration. Please contact me at 757-644-6324 or cquigley@hrmffa.org should you have questions or require additional information.

Sincerely,

A handwritten signature in black ink, appearing to read "Craig R. Quigley". The signature is fluid and cursive, with "Craig" on top, "R." in the middle, and "Quigley" on the bottom.

Craig R. Quigley
Rear Admiral, U.S. Navy (Ret.)
Executive Director

November 20, 2012

Jack Tuttle, City Manager
City of Williamsburg
Municipal Building
401 Lafayette Street
Williamsburg, VA 23185

RE: FY 2014 Request for funding to support the NASA Aeronautics Support Team, Inc. (NAST, Inc.)

Dear Jack Tuttle;

As the Executive Director of the NASA Aeronautics Support Team (NAST) I am writing on behalf of the all-volunteer NAST Board to request your financial support in FY2014 to sustain our ongoing efforts to protect and grow the NASA Langley Research Center (LaRC). We understand that municipal budgets are under strain locally and statewide, but believe that the value that LaRC provides to our communities is important enough to need to protect even during short term fiscal downturns.

In order to continue this push for a budget resolution that will provide a long term solution for NASA Langley, the NASA Aeronautics Support Team is requesting \$5,000 from Williamsburg in FY-2014.

The NASA Aeronautics Support Team (Federal ID# 30 0041509) is functionally organized to operate on two primary levels under the guidance and direction of the President. These levels are as follows:

NAST, Inc.: This group consists of full representation from all stakeholders within the greater Peninsula community: elected municipal government as well as business and community interests. The purpose of this committee is to provide broad oversight and guidance to the Executive Committee and ensure that the broader community interests are being carried out. The full board must approve all expenditures over \$10,000.

The Executive Committee: This group is composed of a cross section from the local communities as well as key non-elected leaders from businesses. The Executive Committee meets every month, reviews and approves the operating budget, and develops strategy issues.

Over the past ten years, NAST has been working to prevent programmatic and financial disaster at the Langley Research Center. As the Clinton Administration ended and the Bush Administration assumed office, the vacuum in policy-making made aeronautics an attractive target for budget cutters, particularly to pay for lingering problems with NASA's human space flight program. NAST's efforts have effectively stopped the hemorrhaging of aeronautics funding. While Langley remains the Peninsula's premier civilian research and development facility, it is abundantly clear that preventing fiscal disaster from occurring there is insufficient as a goal to guarantee it has a bright and robust future. NASA Langley provides thousands of jobs here on our Peninsula.

Williamsburg has 170 NASA civil servants according to information published by NASA. (This information only includes Civil Servants and not NASA contractors. There are as many NASA contractors located at the Langley Research Center as civil servants and it is safe to assume that equal numbers live in Williamsburg – bringing the number of Williamsburg residence connected to the NASA LaRC at over 340 people)

Lame Duck Session of the 112th Congress

Lawmakers of the 112th Congress returned to Washington on November 13 for the lame-duck session, which is scheduled to last through Christmas, or theoretically until the 113th Congress is sworn in on January 3, 2012. Time will be spent during the lame-duck both on "housekeeping" issues as well as substantive policy issues.

During the first two weeks of this session, the primary objective is to orient new members and hold leadership elections. Leadership elections for the 113th Congress were conducted last week for House Republicans and both parties in the Senate, and will conclude November 29-30 with leadership elections for House Democrats. Beginning the week of November 26, Steering and Policy Committees will meet to decide contested Committee Chairman and Ranking Member positions. After that is settled, the Steering and Policy Committees will name new members to committees, a process that could extend into January.

President Obama has already met with congressional leadership about the legislative agenda for the lame-duck, but Speaker Boehner has stated that "lame-duck Congresses aren't known for doing big things and probably shouldn't do big things, so I think the best you can hope for is a bridge." Senate Majority Leader Reid, however, stated that he is not for "kicking the can down the road," and would prefer to resolve pressing deficit and budget issues as soon as possible. Reid said Congress knows what needs to be done, and "waiting for a month, six weeks, six months, that's not gonna solve the problem."

The highest priority issue that must be addressed in the remaining weeks of 2012 is the so-called "fiscal cliff" – a combination of tax increases and spending cuts set to take effect in the new year. Federal income, dividend, capital-gains, and estate tax rates are scheduled to increase on January 1, 2013. Meanwhile, as a result of the Budget Control Act of 2011, \$110 billion in defense and domestic spending cuts are scheduled to take effect on January 2. Without defusing this looming threat, Congress risks sending the U.S. back into recession, according to a fresh warning issued by the independent Congressional Budget Office (CBO).

A “grand bargain” on the deficit will be pursued, but given the skeptical statements of both Boehner and Pelosi, among others, it is unlikely it will be reached during the lame-duck session. Rather, a consensus appears to be emerging on Capitol Hill to make a “down payment” on deficit reduction that averts the worst of the tax increases and spending cuts on January 2 while creating a framework for the 113th Congress to address structural debt reduction in a meaningful way. President Obama is currently leading bicameral, bipartisan negotiations.

While the fiscal cliff will occupy most of the attention of congressional leadership and the media during the lame-duck session, a handful of other important legislative issues may also get onto the agenda, including the stalled farm bill, cybersecurity, tax extenders, extending unemployment benefits, disaster relief, appropriations, the so-called “Doc Fix,” establishing Permanent Normal Trade Relations (PNTR) status with Russia, reforming the postal service, and the National Defense Authorization Act (NDAA), among others. Which of these issues are addressed during the lame-duck, and which are held over until 2013, remains to be seen. However, it seems unlikely that any major policy breakthroughs will occur, making action more likely on the more routine legislative items such as the Doc Fix, tax extenders, disaster relief, or the 2013 NDAA.

Composition of the 113th Congress

To a great extent, the congressional election results preserve the status quo for the upcoming 113th Congress. Republicans will comfortably retain control of the House with of Representatives. Based on outstanding results, the ceiling for Democrats is 200 House seats, while the floor for Republicans is 235. In the Senate, Democrats expanded their majority with a net gain of two seats, now controlling the chamber by a 55-45 margin.

Thus, control of each chamber remains functionally unchanged. The composition of each, however, will be different when the 113th Congress is sworn in on January 3, 2013. With fewer centrists, more conservative Republicans, and more liberal Democrats, both chambers will potentially become more polarized.

Continuing the trend of the past two elections, the ranks of centrist senators further thinned during the 2012 election cycle. Several moderate senators will not be returning next year, either by choice or by voter will, including Joe Lieberman (I-CT), Jim Webb (D-VA), Ben Nelson (D-NE), Kent Conrad (D-ND), Richard Lugar (R-IN), Scott Brown (R-MA), and Olympia Snowe (R-ME). Only one new reliable centrist will be added to the Senate ranks, Joe Donnelly (D-IN). Many of those openings will be filled by legislators further from the center, including Chris Murphy (D-CT), Tammy Baldwin (D-WI), Elizabeth Warren (D-MA), Deb Fischer (R-NE), and Ted Cruz (R-TX).

Similarly, the House has seen a continued erosion of moderates. Redistricting placed many Blue Dog Democrats in jeopardy, contributing to the defeat of Reps. Ben Chandler (D-KY), Larry Kissell (D-NC), and Leonard Boswell (D-IA), and the retirement of others such as Rep. Mike Ross (D-AR). Three incumbent, moderate Republicans also lost: Reps. Judy Biggert (R-IL), Bob Dold (R-IL), and Charlie Bass (R-NH).

Senate Leadership

The Senate Democratic leadership stays intact. Harry Reid (D-NV) will remain Senate Majority Leader, Dick Durbin (D-IL) Majority Whip, and Chuck Schumer (D-NY) Vice Chair of the Democratic Conference.

Senate Republicans will see a bit of change in their leadership ranks. Minority Leader Mitch McConnell (R-KY) maintains his role opposite Harry Reid. Minority Whip Jon Kyl (R-AZ), however, is retiring at the end of this Congress. John Cornyn (R-TX), current Chairman of the National Republican Senatorial Committee, will become the Minority Whip.

House Leadership

House Republican leadership remains in place, with John Boehner (R-OH) serving as Speaker of the House, Eric Cantor (R-VA) serving as Majority Leader, and Kevin McCarthy (R-CA) serving as Majority Whip.

Minority Leader Nancy Pelosi (D-CA) has announced her intention to continue to serve as the top Democrat. It is widely expected that she will secure enough votes from her conference to keep her post. Minority Whip Steny Hoyer (D-MD) and Assistant Democratic Leader James Clyburn (D-SC) are expected to remain in their respective positions. Rep. Pelosi will hold leadership elections on November 29.

Virginia Congressional Delegation

All of the incumbent Members of Congress for the Commonwealth of Virginia will be returning to Capitol Hill in January for the 113th Session. As a result of redistricting, the NASA Langley Research Center is now represented by Representative Scott Rigell. In addition to the House Armed Services Committee, Rep. Rigell also serves on the Committee on Homeland Security and the Committee on Science, Space, and Technology.

Senator Webb is retiring and former Governor Tim Kaine will be taking his place in the Senate. Governor Kaine is seeking a seat on the Armed Services and Appropriations Committees. Senator Warner will be up for re-election in 2014, but he may decide to run for Governor. He has promised to announce his intentions by Thanksgiving. Senator Warner is seeking new Committee assignments but is expected to remain on the Senate Commerce, Science and Transportation Committee.

House and Senate Space Authorization and Appropriations Committees

The House Science and Senate Commerce Committees will have new leadership resulting from a term limited Chairman – Rep. Hall and the retirement of Sen. Hutchison. The Senate Appropriations Committee will have a new Republican leader since Sen. Cochran is term limited. As a result of retirements and election losses, there will be a reshuffling of Chairmen and Ranking Members of the House and Senate Appropriations Subcommittees. When the new leadership is named, Texas and Alabama delegations are expected to have even greater influence in 113th Congress.

Challenges - NASA Langley Research Center

Leadership

In the 113th Congress, status quo will reign in space policy. The balance of power remains unchanged between the Obama Administration, the Senate and House of Representatives. There will be some second-order changes: the Science Committee will have a new chairman and a fourth of the House Science Committee's current membership won't be returning. The membership of the Senate Commerce and Appropriations Committees will not change much, but there will be new Ranking Republicans on both committees. There is also speculation regarding how long NASA Administrator Bolden will remain on the job. Chairman Wolf and Chairwoman Mikulski will be the most senior decision makers regarding NASA policy, programs and budget. NAST will take a leadership role educating the new leadership and staff.

FY13 Budget

Before the election, Congress passed a six-month continuing resolution funding the federal government through March 27, 2013. Over the past few weeks, the House and Senate Appropriations Committees have been working to produce conference agreements for the FY13 appropriations bills. There is a slight chance House and Senate Leadership will allow consideration of the individual bills during the lame duck session. The most likely scenario is passage of a full year continuing resolution funding government through September 30, 2013.

If negotiations are not successful and budget sequestration goes into effect on January 2, 2013, automatic spending cuts will reduce NASA's budget by over eight percent. NASA's plans to conduct a human mission to a near Earth asteroid by 2025 would not likely survive. If Congress is able to come to agreement on a "grand bargain", NASA may still face additional spending cuts which could force a consolidation of NASA Centers.

Congress will attempt to craft a NASA Authorization bill in 2013. The last authorization bill was passed in 2010 and provided the blueprint for the FY11-FY13 budgets. A new NASA authorization bill will make tough decisions to match the top line provided in any negotiated deficit deal. NAST's White Paper can serve as a guide and promote balanced research.

NASA Aeronautics and Hypersonics Research

The President's FY13 budget proposed reducing NASA's Aeronautics Hypersonics funding from \$25 million to \$7 million --- a 72% reduction in one year. The reduction would have essentially eliminated air-breathing hypersonics flight systems research, and propulsion technologies and structural integrated thermal protection systems. Most of this research is conducted at the Langley Research Center.

Congress rejected the President's proposed cut to the Hypersonics program and provided \$569.9 million for NASA Aeronautics. This is an \$18.4 million increase above the President's budget request and a direct result of NAST/HRMFFA advocacy. The House version of the FY13 Commerce, Justice and Science subcommittee included the following report language:

"While it is possible that the Department of Defense (DOD) could provide programmatic continuity by assuming responsibility for any discontinued work, discussions to confirm and formalize such an arrangement have not been completed, and therefore the outcome is not assured. The Committee believes that acting on NASA's reduction request without an assured plan for the transition of these activities would pose a risk to critical national capabilities and has consequently rejected the proposed cuts. However, the Committee encourages NASA to continue working with DOD to define appropriate agency roles in hypersonic research and to propose changes to rationalize the division of responsibilities and work in future fiscal years."

The House Appropriations Committee included additional language supporting Aeronautics:

Aeronautics and the Economy – "Research and development conducted by the Aeronautics program produces innovative technologies that, when transferred to other Federal agencies and to the aviation industry, create jobs, bolster the competitive position of American aviation companies, improve aviation safety and make better flying experiences for the general public. Consistent with the bill's focus on research programs with ties to manufacturing and domestic job creation, the Committee has prioritized funds for Aeronautics and rejected NASA's proposal to reduce activity in this area."

National Research Council Assessment

The FY12 CJS appropriations act (P.L. 112-55) commissioned an independent assessment of NASA's strategic direction and agency management. Report will be sent to Congress by December 31, 2012. The results of this report will be incorporated in to the FY14 NASA appropriations bill and could inform the next NASA Authorization Act. NAST will examine the report and be prepared to challenge recommendations that could harm Langley and champion those that support the Center.

Opportunities - NASA Langley Research Center

NASA Authorization Act of 2013/2014

The congressional oversight committees will attempt to draft and pass a new authorization bill during the 113th Congress. If Congress is able to come to agreement on a deficit reduction bill, there will be an even greater need for a new authorization bill to guide NASA's budgets for the next few years. NAST's White Paper advocates that NASA pursue four grand challenges in the coming years:

- 1) Intelligent, robotic exploration of the solar system and universe;*
- 2) Monitoring, predicting, and improving understanding of the derivation of climate change and the impact of mitigation strategies;*

- 3) Stimulating the reinvention of the U.S. air transportation system into an environmentally friendly, safe, energy efficient and capacity enhanced system that fosters economic development and competitiveness; and*
- 4) Development of a U.S. vehicle for human access to space and continuation of human space exploration.*

NAST is positioned to be a strong advocate for devoting a larger portion of NASA's budget to research and enduring missions in space science, Earth science and aeronautics, which form the core of NASA knowledge creation and innovation.

Unmanned Aerial Systems (UAS)

The National Defense Authorization Act and Federal Aviation Administration (FAA) Modernization and Reform Act signed early this year authorized the FAA to work with the Secretary of Defense, NASA and others to plan for the integration of unmanned aerial systems (UAS) into the national airspace, and assess the results of test sites to increase the progress of integrating unmanned systems.

NASA Langley is primary center conducting joint research with the FAA to integrate UAS into the national airspace. Through legislation passed earlier this year, the FAA was authorized by Congress to develop a comprehensive plan for UAS integration and designate test ranges where certification, flight standards and air traffic control requirements for civil UAS can be tested. The Governors of Virginia, New Jersey and Maryland have agreed to work together to pursue a test site designation from the FAA. They have formed the Mid Atlantic UAS Coalition and will be submitting a proposal once the FAA Screening Information Request (SIR) is released in December. NASA Langley will be a key player with all six of the FAA designated UAS test ranges. NAST is a key participant in developing the Mid Atlantic UAS Coalition's proposal.

Advanced Composites Initiatives and Modeling and Simulation

Senator Warner and NASA Langley have embraced NAST's Advanced Composites initiative. The program will help the aerospace industry conduct cost effective research using advanced modeling and simulation techniques.

Advocacy

NAST support of the NASA Langley Research Center in 2012

In February and March, NAST engaged the Virginia congressional delegation, House and Senate Appropriations and Authorization Committees in a campaign to restore the \$18 million cut to NASA Aeronautics Hypersonics research.

NAST supported NASA Aeronautics Day on Capitol Hill – July 18. During that visit, we met with Director Roe and Donna Lawson to discuss the National Research Council study and the FY13 budget.

On October 4, NAST met with Lori Garver and Bob Lightfoot at NASA Headquarters to discuss the White Paper, hypersonics, FY13 and FY14 budgets and future capital investments at Langley. NAST also briefed the Virginia congressional delegation and provided them with copies of the updated White Paper.

NAST also secured a commitment from Chairman Frank Wolf to visit Langley in the spring of 2013.

We are currently working to identify and prioritize our FY14 legislative priorities which will be presented the congressional delegation during meetings in March 2013.

For these reasons, we request your active financial support of the NAST as our voice locally and in Washington to build on the good work and reputation we have already established. We thank you for your support and hope that despite fiscal challenges, you see the wisdom in investing City revenues to the cause of protecting and improving the valuable economic, workforce and R&D asset that Langley provides the Hampton Roads region.

Again, we appreciate your support and would be available at any time to answer any further questions, or you can call or write me at 757.864.0444 (bruce@geosaninc.com or 47 East Queens Way, Suite 102 Hampton, VA 23669).

Respectfully requested,

A handwritten signature in black ink, appearing to read "Bruce R. Hoogstraten".

KINGSMILL
Championship
WILLIAMSBURG, VIRGINIA

Dear Mr. Tuttle,

On behalf of the LPGA Tour, Xanterra Properties, and Kingsmill Resort, we would like to express our sincere thank you for your participation in the Kingsmill Championship. This championship would not have been a success without the support of your organization. Your contribution played a major role and is truly appreciated.

We had a tremendous field of players that joined us, with a dramatic finish. Jiyai Shin defeated Paula Creamer after a 9-hole playoff which went into Monday, and finished the tournament at 16 under. This was the longest, two-person, playoff in LPGA history. Way to welcome the LPGA back to Kingsmill Resort!

The Kingsmill Championship would like to request a sponsorship of \$15,000 for the 2014 Kingsmill Championship. The specific dates have yet to be determined but will be released in the Fall/Winter of 2013 and we will get those to you at that time.

Once again, thank you for your participation in making the Kingsmill Championship a major success. We look forward to working with you again in 2014.

Sincerely,

Robin Carson
General Manager
Kingsmill Resort

WILLIAMSBURG AREA
ARTS
COMMISSION

401 LAFAYETTE STREET, WILLIAMSBURG, VA 23185

January 8, 2013

Mr. Phillip Serra
Director of Finance
City of Williamsburg
401 Lafayette Street
Williamsburg, Virginia 23185-3617

Dear Mr. Serra:

The Williamsburg Area Arts Commission is pleased to report to you actions taken for the 2013-14 grant year.

Last year we granted \$120,000 to 31 organizations for programming in arts education, visual and performing arts, arts festivals and arts advocacy. We reached more than 701,000 people in the Williamsburg area.

As in the past few years, the economic situation requires us to be cautious and conservative in our budget recommendations. The commissioners have agreed upon a total appropriation that reflects the needs and contributions of local arts organizations, as well as the City's financial budgetary demands. We have kept our total request at the same level as last year, being mindful that there are no additional funds available this year. In all cases this level funding is less than the organizations have requested.

The regular grant appropriation request for 2014 is \$120,000 to fund 30 organizations, therefore the request for FY 14 appropriations from the City and the County is \$55,000 each. This assumes that each locality will receive \$5,000 from the Commonwealth, as in the past.

Thank you for your most generous past support of the Williamsburg Area Arts Commission. We look forward to your continuing support next year.

Sincerely,

Terry Emory Buntrock, Chair
Williamsburg Area Arts Commission

Mr. Philip Serra
Director of Finance
401 Lafayette Street
Williamsburg, VA 23185-3617

Dear Mr. Sera,

On behalf of the Virginia Arts Festival's Board of Directors and staff, I respectfully request \$55,000 in support from the City of Williamsburg for *2014 Festival Williamsburg*. *Festival Williamsburg* has become a cornerstone event for the Virginia Arts Festival, with growing recognition received each year for this Memorial Day Weekend of world-class performing arts programming. Working in partnership with the City of Williamsburg and the Colonial Williamsburg Foundation as well as other public and private entities, we will highlight Williamsburg's cultural opportunities, by focusing national PR exposure on the Historic Triangle as a premier destination for the cultural tourist, through our *2014 Festival Williamsburg* celebration.

With the City of Williamsburg's continued support, the Virginia Arts Festival can be a strong catalyst for the continued growth in the cultural life of the Williamsburg region.

Thank you for your consideration of our request. Please call me if you have any questions at (757) 282-2806.

Sincerely,

A handwritten signature in black ink, appearing to read "J. Scott Jackson".

J. Scott Jackson
General Manager

**Virginia Arts Festival
Budget Request for Consideration by
City of Williamsburg:
\$55,000 for FY 2014**

Introduction

On behalf of the Board of Directors of the Virginia Arts Festival, we respectfully request underwriting support from the City of Williamsburg for FY 2014 in the amount of \$55,000. These funds will be used to support 2014 Virginia Arts Festival programming in Williamsburg, in particular *2014 Festival Williamsburg*.

Festival Williamsburg has become a cornerstone for the Virginia Arts Festival's annual season, with growing recognition received each year for this special weekend of world-class performing arts programming. Working in partnership with the City of Williamsburg, The Colonial Williamsburg Foundation as well as other public and private entities, the *2014 Festival Williamsburg* marketing plan will highlight Williamsburg's cultural opportunities, excellent lodging and fine dining. Through *2014 Festival Williamsburg* performing arts programming, the Festival will focus national PR exposure on the Historic Triangle as a premier destination for the cultural tourist.

Relationship of the request to the total expenditures of the organization

The \$55,000 request represents less than 1% of our total budget of \$7,670,249 for FY 2014, and 25% of the project budget. *Please see the attached budget for a complete listing of budgeted expenses for FY 2014.*

Revenues of the Virginia Arts Festival

Please see the attached budget for a complete listing of budgeted revenues for FY 2014.

Logic used to determine the level of funding requested

The Virginia Arts Festival has received \$50,000 or less from the City of Williamsburg for the last ten years. We felt a small increase to \$55,000 for FY 2014 is reasonable due to our desire to continue to grow this event. The funding requested is a portion of the 2014 estimated expenses for artist fees, production expenses, venue rental, public relations and marketing for *2014 Festival Williamsburg* performances and arts-in-education programs benefiting Williamsburg/James City County students. The Festival will match the city's contribution approximately \$3:\$1.

Project Description

The 18th Annual Virginia Arts Festival will be held from April 14 – June 1, 2014, and the twelfth annual *Festival Williamsburg* (to be held Thursday, May 29 through Sunday, June 1, 2014) will be a highlight of the season. It will feature a diverse line-up of world-renowned artists presenting innovative programs in the Williamsburg area. *All events with dates are tentatively scheduled and subject to change.*

The 2014 *Festival Williamsburg* will feature the following performances,

- **Evening Chamber Series Concert**
Williamsburg Winery, James City County, May 29, 2014
- **Chamber Coffee Series Concert**
Williamsburg Winery, James City County, May 30, 2014

- **Mainstage Evening Concert** (world music, jazz, Broadway or classical)
Williamsburg Lodge, Virginia Room, May 30, 2014
- **Mainstage Evening Concert** (world music, jazz, Broadway or classical)
Williamsburg Lodge, Virginia Room - May 31, 2014
- **Mainstage Evening Concert** (world music, jazz, Broadway or classical)
Williamsburg Lodge, Virginia Room, June 1, 2014

and a multitude of in-school performances, master classes and student matinees FOR Williamsburg-James City County students.. Included is a plan for **all 5th Grade Williamsburg-James City County Public School Students** to attend the Virginia International Tattoo Student Matinee.

As part of the 18th Virginia Arts Festival, we will present events in the Williamsburg area of international caliber similar to past *Festival Williamsburg* performances. Past and current year's performers include Belá Fleck, Hot Sardines, Miami String Quartet, Patti LuPone, Kelli O'Hara, Alisa Weilerstein, Imani Winds, Tommy Dorsey Orchestra, Canadian Brass, Crooked Road Project, Eroica Trio, and Martha Graham Dance Company. Venues will include the above listed venues and may also include other venues within the greater historic triangle area. Student master classes and in-school residencies with Festival artists for Williamsburg area students are a central component to the success of *Festival Williamsburg*. Location and dates will be coordinated in collaboration with Williamsburg-James City County Public Schools.

Marketing and Tourism Component

The Virginia Arts Festival has a national public relations and marketing initiative which includes broad marketing of *Festival Williamsburg* as a cultural tourism destination for both Virginia tourists and out-of-state tourists. The Festival's primary audience will be composed of a diverse mix of the general public from Williamsburg and throughout Hampton Roads, as well as numerous out-of-town visitors who travel to the region specifically for the Festival (our most recent survey, 2012, indicates that approximately 68% of our audience is local, 27% is an overnight, out-of-town visitor and 5% is an out-of-town day trip visitor). Visitors from **fifteen states** were patrons of the 2012 *Festival Williamsburg*. The states included Arizona, Delaware, Florida, Louisiana, Maine, Maryland, Missouri, New Jersey, New York, North Carolina, Pennsylvania, Texas, Vermont, Washington D.C. and Virginia. (*Virginia ticket buyers were from the local area as well as from out-of-region including the Richmond and Northern Virginia areas.*)

We anticipate an audience of approximately 4,500 (including at least 1,000 Williamsburg area students) for the 2014 *Festival Williamsburg*, which would continue our trend of building loyal audiences for this event.

The Festival works with the following partners in Williamsburg to synchronize efforts in generating maximum publicity and maximize economic impact for the City of Williamsburg and its citizens:

- Colonial Williamsburg Foundation – provides venues for performances, provides hotels for guest artists, and incorporates our events into their existing national public relations marketing campaign.
- Williamsburg Winery – provides venue for performances and incorporates our events into their existing public relations marketing campaign.
- Williamsburg-James City County and York County Public Schools – help coordinate educational outreach events.

- Greater Williamsburg Chamber and Tourism Alliance – partners with the Festival to market Festival Williamsburg to out-of-region visitors.

Arts-in-Education

The Virginia Arts Festival's education program is held as a standard of excellence for arts education programs nationwide. Annual participation in the Festival's arts-in-education program has grown from 10,000 in 1997 to over 34,000 in 2012.

The Festival anticipates reaching 1,000 Williamsburg area school children in 2014 through our Festival education programs, and by creating education residencies with Festival artists, specifically tailored towards the Williamsburg-James City County schools curricular needs. We will work in partnership with school administrators, teachers, and community leaders to ensure that we are reaching those whom will benefit the most from the unique opportunities that our arts-in-education programs offer.

January 7, 2013

Mr. Philip Serra
Director of Finance
City of Williamsburg
401 Lafayette Street
Williamsburg, VA 23185-3617

Dear Mr. Serra,

On behalf of the Williamsburg Area Transit Authority (WATA), I respectfully request \$330,799 for FY14 from Williamsburg to maintain existing WATA transit services. That amount reflects a 23% local share, providing approximately \$1,438,000 worth of Williamsburg transportation services.

As you are aware, WATA members include the City of Williamsburg, the Counties of James City and York, the College of William and Mary, and The Colonial Williamsburg Foundation. We also partner with the city of Newport News and Surry County. WATA service demands continue to experience unprecedented growth. From 2002 to 2012, WATA passenger trips grew from 131,000 to 1,080,248, marking ten consecutive years of passenger growth. Of the total trips for FY12, it is estimated that 26% of these trips were by Williamsburg residents and visitors.

WATA has requested level funding from Williamsburg and other partners for FY 2008 through FY 2012 due to securing a Federal and State operating grant source. This federal and state funding expired in mid FY 2013 eliminating the estimated \$1.2 million from the FY14 budget. Staff has located additional revenues and increased our efficiency throughout our organization to minimize the impact of the loss to our partners.

WATA has taken several steps to increase income in preparation for the loss of grant revenue including; raising fares, raising our hourly rate and per trip fees, implementing an advertising and sponsorship program and starting a pass program for frequent riders. These new revenue opportunities are projected to generate \$100,000 to \$150,000. Even with these new revenue opportunities and operating efficiencies WATA needs to request **increased funding in order to maintain service levels of transit services in the region.** At the requested funding level, Williamsburg will receive approximately 77 cents of every dollar of service from outside revenue sources. WATA is requesting an increase from the previous year from each sponsoring local government partners.

Requested contributions from sponsoring local governments are as follows:

FY 14 Requested

Williamsburg	\$330,799	26%
York County	\$340,977	27%
James City County	<u>\$600,527</u>	<u>47%</u>
Total	\$1,272,303	100%

I and the Board of Directors acknowledge and understand the difficult budgetary challenges each of our local government partners face for FY14. Without this very important funding, **WATA will have to reduce or eliminate existing services in FY14.**

Thank you for your consideration of our request and the support the City provides to WATA. If you have any questions regarding this request, please contact me at (757) 220-8290.

Sincerely,

Kevan Danker
Executive Director

Fax: **(757) 220-6268**

I. AGENCY DESCRIPTION

Williamsburg Area Transit Authority (WATA) includes the Counties of York and James City, the City of Williamsburg, and the Colonial Williamsburg Foundation. This request is based on the Transit Authority's annual allocation methodology that was agreed upon by local partners in Fiscal Year 2008.

The guiding principles and benefits derived from the Authority follow:

Regional Authority Principles and Benefits:

- All funding partners are represented in policy decisions;
- Creation of a seamless, transportation organization to provide regional service;
- Improvement in service quality to highest level;
- Improved public awareness to increase use by all groups, particularly visitors, i.e. connections to Jamestown, Yorktown, River Walk Landing and college students;
- Maximum leverage of Federal and State funds to build, operate, and maintain the entire system - particularly capital funding to meet vehicle fleet needs;
- Expansion of service to meet regional goals for mobility, congestion management (green initiatives), parking management, and significant economic development (i.e. Mooretown Corridor – commercial/medical development and Marquis project – 800,000 commercial anchored by companies such as Target, J.C. Penny, Kohls etc.); and
- An expanded presence to encourage legislative support private sector partnerships for regional transportation needs.

We hope York County's investment and leadership toward this regional benefit continues, as WATA services have experienced unprecedented growth from 137,000 fixed route passenger trips in FY 2002 to 1,076,763 trips in FY 2012. This marks the tenth consecutive year of passenger use increase.

The Regional Authority merges the regions two major public transportation providers, the Colonial Williamsburg Foundation (CWF) and Williamsburg Area Transit Authority (WATA), with support resources such as vehicles (i.e., 30 to 51) and employees (i.e., 50 to 90). Annual vehicle service miles increased over 46 percent, totaling more than 1.3 million revenue miles in providing an estimated 2.8 million passenger trips in FY 2008.

In Fiscal Year 2013, WATA continued with improved frequency, which included Sunday service, service to the York County Marquis Development and increased frequency from every one hour to every half hour through a three-year Congestion Mitigation and Air Quality Improvement (CMAQ) grant. In addition, the highly successful Tan Line increased to 133,424 passenger trips, a 4% increase in ridership compared to FY 2011. This line serves the commercial/medical development along the Mooretown Corridor. We have increased frequency to the Gray, Tan and Orange Lines, three of WATA's busiest routes, which lie within York County. Employment, medical and shopping opportunities will expand through additional connections between Williamsburg Area Transit Authority and Hampton Roads Transit at Lee Hall, commuter service from Surry County to Williamsburg and extending the Purple Line to Stonehouse Industrial Park in James City County. These improvements are revenue neutral, due to CMAQ grant revenue; thus local contribution has not been necessary.

The significant CMAQ grant operating funds will be fully expended by mid FY 2013 so additional local funding is needed to minimize service reductions. For continued level operational services the additional funds requested of York County above the funding amount provided last year equates to \$54,455. This is only a small fraction of the estimated \$1.2 million of the lost CMAQ funding that has supported existing services over the past three years. WATA has instituted many cost saving measures to minimize the impact to local governments to just over \$200,000.

These trips benefit citizens, businesses, guests, workers and students of the Counties of York and James City, the Cities of Williamsburg and Newport News, the Colonial Williamsburg Historic Area, the Historic Triangle, and the College of William & Mary. Our goal of a seamless transportation system supports economic development and self-sufficiency efforts through a coordinated transit network of fixed-route bus service and paratransit (door-to-door) service for the disabled who cannot use regular accessible bus service.

II. AGENCY FUNDING:

	<u>FY 13</u>	<u>FY 14 Requested</u>
York County	\$286,522	\$340,977
City of Williamsburg	\$278,250	\$330,799
James City County	<u>\$505,216</u>	<u>\$600,527</u>
	\$1,069,988	\$1,272,303

III. BUDGET REQUEST AND JUSTIFICATION

- A. Specify amount of funding your agency is requesting from York County. Please explain any changes in the funding request for the organization from the amount requested in the previous fiscal year.

WATA and its localities have been able to obtain two large operating grants (CMAQ) and those grants have expired this fiscal year FY 2013, also other grants were reduced for FY 2014. Staff have found additional grants and reduced expenses greatly to bring that FY 2014 revenue deficit from \$1.2 million to just over \$200,000. In order to maintain our services as they are we are requesting an increase described in detail on page 5.

<u>FY 14 LOCAL GOVERNMENT CONTRIBUTION REQUEST</u>		
York County*	\$340,977	15.65%
City of Williamsburg*	\$330,799	15.18%
James City County*	\$600,527	27.56%
College of William & Mary	\$261,905	12.02%
Surry	\$35,000	1.61%
City of Newport News	\$35,000	1.61%
Payment in Lieu of Fares	\$50,000	2.29%
Fares	<u>\$525,000</u>	24.09%
Total Local Funds	<u>\$2,179,208</u>	100.00%

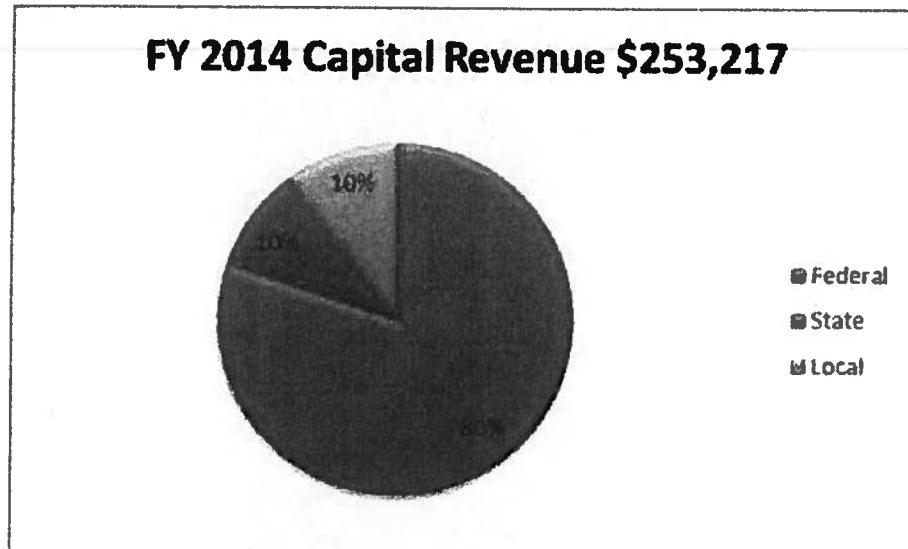

*Local share of capital included

York County's contribution is based on methodology described in Section II. Expenses and revenues of \$7,021,961 for the Authority are total operating expenses.

Local	\$2,179,208
Less: Local Capital Share FY11	(\$26,522)
Restricted Fund Balance	\$10,000
Federal	\$1,942,500
State	\$1,040,000
Advertisement	\$50,000
Colonial Williamsburg	<u>\$1,826,775</u>
Operating Expenses/Revenues	<u>\$7,021,961</u>

FY 2013 Request includes the following Annualized Capital Request for facility leasing:

York County	\$7,102
City of Williamsburg	\$6,897
James City County	<u>\$12,523</u>
	<u>\$26,522</u>

Capital requests include three leases; the administrative office, store front at the Williamsburg Outlet Mall and one for the transfer station at the City of Williamsburg.

The following provides a comparison of FY 2008 to FY 2014 local contribution requests:

	<u>FY 08</u>	<u>FY 09</u>	<u>FY 10</u>	<u>FY 11</u>	<u>FY 12</u>	<u>FY 13</u>	<u>FY 14 Requested</u>
York County	\$272,878	\$272,878	\$272,878	\$272,878	\$272,878	\$286,522	\$340,977
City of Williamsburg	\$265,000	\$265,000	\$265,000	\$265,000	\$265,000	\$278,250	\$330,799
James City County	<u>\$481,158</u>	<u>\$481,158</u>	<u>\$481,158</u>	<u>\$481,158</u>	<u>\$481,158</u>	<u>\$505,216</u>	<u>\$600,527</u>
	\$1,019,036	\$1,019,036	\$1,019,036	\$1,019,036	\$1,019,036	\$1,069,988	\$1,272,303

After five years of no increases, the contribution represents York paying \$.18 per dollar for transit services and the increase is less than a 4% average increase over the last seven years. WATA has been able to keep local contribution funding requests level for five years previous due to the CMAQ grants that have funded the operation for Sunday services and increased headways on several routes. However in FY 2013, the CMAQ grant funds for these services were expended. In FY 2013, WATA reduced services to our minimal levels additional cuts will significantly injure the remaining services. Thus, the additional local share is essential in maintaining current service levels.

In order to plan for a budget with the projected \$1.2 million reduction of CMAQ operating funds, the WATA staff and Board of Directors have:

- Approved advertising on the interior and exterior of the buses and trolleys;
- Implemented a pass program increasing revenue,
- Increased the daily pass from \$1.50 to \$2.00;
- Implemented middle and high school student fare,
- Reduced services to minimum levels and
- Cut back on operational and capital expenses

This local funding level will be a challenge considering the growth in York County services WATA has provided over the past seven years as a new authority and the expected FY2014 growth in service needs. WATA has had ongoing increased fuel maintenance and lease expenses every year. The impact of additional funds requested from York County equates to **\$54,455**. WATA will have to implement service cuts if funding remains level. If service cuts are required in York County they would start with the Frequency service and all services on Sunday could potentially be eliminated though any service cuts at this stage would damage future customer usage lowering the total number of York County passengers. Public hearings for all service cuts will be held and York County will be notified as the end of the CMAQ funds are anticipated to be expended by mid fiscal year 2013.

These transit services have been in demand and utilized by the public for shopping, and for some, as their only means of transportation to their jobs and medical appointments.

B. Service and Benefits (York County):

In FY 2008, WATA and CWF merged service connections to the Historic Triangle and the Greater Williamsburg region enhancing our vision of a seamless system for citizens, visitors, students, and the physically/mentally challenged.

As a Regional Transit Authority we expect to carry over 2.8 million passengers in FY 2013 with 300,000 passengers estimated to be from York County. The passenger trip number for York County does not include 1.7 million additional passengers for Colonial Williamsburg Foundation service. This service has experienced much success in carrying guests to Yorktown and Riverwalk. The York Trolley, funding through Federal dollars, currently operates a seasonal route. This seasonal service connects Yorktown's historic attractions with Riverwalk and been well received. Increased frequency to the Marquee Shopping Center has enabled customers and employees to enjoy this service convenience.

IV. **FIXED ROUTE**

Surveys conducted have shown that passenger trips for services are for essential purposes: employment (47 percent), shopping (25 percent), and human services (25 percent). Typically these citizens do not have access to a car (79 percent), use these services three to four days a week (71 percent), and have household incomes of \$25,000 or less (65 percent). It should be noted that primary destinations for disabled customers is the Colonial Behavioral Health and the highest percentage of shopping is along the Mooretown corridor, both located in York County.

Included in the FY 2014 budget are plans to obtain a grant and conduct a comprehensive operational analysis (COA) study to include an updated passenger survey and renew the Transportation Development Plan (TDP). These plans and studies are critical to maintaining the highest level of efficiency while serving the customer's needs as a top priority. Future growth initiatives will also be analyzed to determine if and where services are or will be needed which will assist us in working with York staff for any new future endeavors.

Service for York County residents in FY 2014 include:

- Direct service to Kingsgate Shopping Center (Route 60 Bypass, year-round) and Mooretown Corridor;
- Connecting service from WAT routes to Historic Jamestown and Yorktown and Riverwalk, and Yorktown Trolley Service (WATA is procuring a replacement Trolley on behalf of York County);

- Service for Water Country and Busch Gardens;
- Increased Frequency to Marquis Development and;
- Increased connections between WATA and HRT from six to fifteen.

WATA needs the local funding increased so existing services are not impacted as deeply and increased contractual expenditures continue to be supported.

REGIONAL AIR SERVICE DEVELOPMENT FUND

December 20, 2012

Director of Finance
City of Williamsburg
401 Lafayette Street
Williamsburg, VA 23185
Attn: Phil Serra

Re: FY 2014 Annual contribution to Regional Air Service Enhancement Fund (RAISE)

Dear Mr. Serra:

I would like to submit a fund request for the FY 2014 contribution to the Regional Air Service Enhancement Fund in the amount of .40 per capita (based on the 2010 Census Population numbers) or \$5,627.00. This amount has been proposed by the Regional Air Service Enhancement committee and agreed upon by each locality in the Cooperation Agreement dated February 3, 2012 which is attached. This agreement was established to solidify the cooperation and collaboration of each of the cities of Hampton, Newport News, Williamsburg, Poquoson, and each of the counties of James City, Gloucester and York. The RAISE committee has been critical in bringing non-stop flights from the Virginia Peninsula to Denver and in developing and expanding air service opportunities in our region. This contribution will enable the RAISE committee to promote and develop the growth of passenger and other aviation services on the Virginia Peninsula.

The Fund was created to help induce the attraction of new or expanded air service to the Virginia Peninsula thereby offering a wide array of direct or single stop flights to various markets which will assist Hampton Roads' ability to attract new business prospects as well as retain high growth existing businesses. With your support, the RAISE Committee will continue to work on increasing and expanding flights which will be deemed beneficial to the Virginia Peninsula's economy. We appreciate your continuing interest in supporting the growth and development of air service in our community. In the event further information is needed, please contact the Assistant Director, Sam Workman at (757) 926-3785 or the Financial Services Administrator, Zoe Lumpkin at (757) 926-3802.

Sincerely,

Florence G. Kingston
RAISE Committee

REGIONAL AIR SERVICE ENHANCEMENT ("RAISE")
COOPERATION AGREEMENT

THIS COOPERATION AGREEMENT dated as of February 3, 2012, by and between the ECONOMIC DEVELOPMENT AUTHORITY OF THE CITY OF NEWPORT NEWS, VIRGINIA, a political subdivision of the Commonwealth of Virginia (the "Newport News EDA"); CITY OF NEWPORT NEWS, VIRGINIA, a municipal corporation ("Newport News"); CITY OF HAMPTON, VIRGINIA, a municipal corporation ("Hampton"); CITY OF WILLIAMSBURG, VIRGINIA, a municipal corporation ("Williamsburg"); CITY OF POQUOSON, VIRGINIA, a municipal corporation ("Poquoson"); COUNTY OF GLOUCESTER, VIRGINIA, a municipal corporation ("Gloucester"); COUNTY OF JAMES CITY, VIRGINIA, a municipal corporation ("James City County"); and COUNTY OF YORK, VIRGINIA, a municipal corporation ("York"), (collectively, Newport News, Hampton, Williamsburg, Poquoson, Gloucester, James City County and York are referred to as the "Peninsula Jurisdictions"). The Peninsula Jurisdictions may also act hereunder through their respective economic development authorities.

WITNESSETH:

WHEREAS, the Cities of Newport News, Hampton, Williamsburg, and Poquoson, and the Counties of Gloucester, James City and York have contributed to the Regional Air Service Enhancement Fund (the "RAISE Fund") to be used to induce existing air carriers at the Newport News-Williamsburg International Airport (the "Airport") to increase and expand flights to destinations deemed beneficial to the economy of the Virginia Peninsula and to induce new air carriers to bring flights to and initiate flights from the Airport; and

WHEREAS, the Peninsula Jurisdictions have agreed, subject to annual appropriation, to contribute an amount equal to at least 40 cents per capita to the Newport News EDA in each of the fiscal years ending June 30, 2013, June 30, 2014, June 30, 2015, June 30, 2016, and June 30, 2017, and have established a special committee named the Regional Air Service Enhancement Fund Committee (the "Committee") which includes a representative of each of the Peninsula Jurisdictions to supervise and approve the use of the grant funds solely for the purposes set forth in the first recital to this Agreement; and

WHEREAS, the parties wish to set forth the duties and obligations associated with the RAISE Fund.

NOW, THEREFORE, for and in consideration of the premises and the mutual covenants hereinafter contained, the receipt and sufficiency of which are hereby acknowledged, the parties hereto covenant and agree as follows:

ARTICLE I CONTRIBUTIONS

Section 1.1 The Peninsula Jurisdictions agree to, subject to annual appropriation of each locality, contribute to the RAISE Fund in the amount set forth on Schedule A attached hereto and made a part hereof. The payments shall be made annually no later than by June 30 of each fiscal year and shall commence July 1, 2012 and continue to be made annually until June 30, 2017.

Additionally, the Peninsula Airport Commission agrees to contribute \$20,000 annually to the RAISE Fund, subject to annual appropriation.

ARTICLE II OBLIGATIONS OF THE NEWPORT NEWS EDA

Section 2.1 The Newport News EDA agrees to appoint a representative to the Committee if it has not already done so. If by June 30 of each year, the annual contributions designated on Schedule A have not been approved by each locality and contributed to the RAISE Fund, the Newport News EDA shall give the Committee written notice of such failure and provide the reason or reasons therefore. The Newport News EDA shall serve as fiscal agent for the RAISE Fund.

ARTICLE III COMMITTEE COMPOSITION AND MEETINGS

Section 3.1 Committee Composition. The RAISE Committee will be comprised of one member of the Economic Development Authority Board of Directors for each named locality and the City/County Director of Development or his/her designee for each locality, the Executive Director of the Peninsula Airport Commission, a designated representative from the Hampton Roads Economic Development Alliance, and the President/CEO of the Peninsula Council for Workforce Development.

Section 3.2 Meetings. The RAISE Committee will meet regularly on a quarterly basis or otherwise for any specially called meetings, at which time air service opportunities, financial reporting and any other relevant items of business will be presented and discussed.

ARTICLE IV MISCELLANEOUS

Section 4.1 Term of Agreement. This Agreement shall be effective upon its execution and delivery and shall expire June 30, 2017.

Section 4.2 Amendments to Agreement. This Agreement shall not be amended or supplemented without the prior written consent of the parties hereto.

Section 4.3 Successors and Assigns. This Agreement shall be binding on, inure to the benefit of, and be enforceable by the parties and their respective successors and assigns.

Section 4.4 Representation. Each party hereby represents that it has the power to enter into this Agreement and the transaction contemplated hereby and to perform its undertakings hereunder, and by proper corporate action has duly authorized the execution and delivery of, and the performance of its undertakings under, this Agreement.

Section 4.5 Severability. If any provision of this Agreement shall be held to be illegal or invalid by any court of competent jurisdiction, such holding shall not invalidate any other provision hereof and this Agreement shall be construed and enforced as if such illegal provision had not been contained in it.

Section 4.6 Counterparts. This Agreement may be simultaneously executed in several counterparts, each of which shall be an original and all of which shall constitute one and the same instrument.

Section 4.7 Notices. Unless otherwise provided in this Agreement, all notices, approvals, consents, requests and other communications under this Agreement shall be in writing and shall be deemed to be given when delivered in person, or when sent by overnight delivery, courier service, or when mailed by registered or certified mail, postage prepaid to the Peninsula Jurisdictions, addressed as follows:

Linking Virginia with fast, frequent, and reliable passenger rail service

January 16, 2013

Mr. Philip Serra
Director of Finance
City of Williamsburg
401 Lafayette Street
Williamsburg, VA 23185

Dear Mr. Serra:

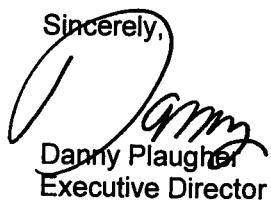

On behalf of my Board of Directors I want to begin by thanking you for your support and for the opportunity to once again apply for funding from the City of Williamsburg. Enclosed you will find our FY 2014 grant renewal request for Virginians for High Speed Rail. It is through the generous support of localities like the City of Williamsburg that we are able to continue to be so successful.

During the 2010 General Assembly session, VHSR helped to create the Virginia Intercity Passenger Rail Operating and Capital Fund (IPROC). This fund was a first of its kind in the nation, and gives the Commonwealth the flexibility to do three things. The first is to cover the operational expense of Virginia's regional trains which includes all of Williamsburg's intercity passenger rail service. The second is that IPROC has the ability to invest in infrastructure to enhance passenger rail service, such as adding track capacity along the peninsula to improve the Williamsburg and Newport News trains, and finally IPROC can be used to match any federal funding for the advancement of intercity passenger rail. However, IPROC was created without any funding. During last year's General Assembly, we helped to secure \$54.8 million in short-term funds to ensure the continued operation of Virginia's regional trains for the next two years.

This year we are working with several members of the General Assembly and the Governor to make sure that we secure a long-term, dedicated, and sustainable funding source for the Virginia Intercity Passenger Rail Operating and Capital Fund. I am proud to say that the Governor has included \$54.7 million annually for IPROC in his comprehensive transportation plan, and Senator Watkins' has included \$48.9 million annually for IPROC in his transportation plan. All told, all of the major transportation plans include funding for IPROC! If we are successful in securing this funding, then Williamsburg will never be at risk again of losing its intercity passenger rail service. And we will be in great position to improve and expand service along the Peninsula in the near future.

We are working hard on behalf of Williamsburg to ensure that if any transportation plan passes, that it includes around \$50 million annually in dedicated and long-term funding for IPROC. However, if it was not for the support and partnership of localities like Williamsburg City, none of this could have happened. I hope you will renew your support for \$4,500.00 for FY 2013.

Sincerely,

Danny Plaugher
Executive Director

Thank you for your support!

Linking Virginia with fast, frequent, and reliable passenger rail service

**FUNDING REQUEST TO
CITY OF WILLIAMSBURG
FROM: VIRGINIANS FOR HIGH SPEED RAIL**

**Fiscal Year 2014
AMOUNT- \$4,500.00**

Primary Contact for Questions:
Daniel Plaugher, Executive Director
804-864-5193

History

Virginians for High Speed Rail (VHSR) is a 501 (C) (3) non-profit coalition of citizens, localities, economic development agencies, community organizations, and businesses that educate and advocate for the improvement and expansion of fast, frequent, and reliable rail service linking Virginia and the east coast.

Work of 2012

Please see our information packet

City of Williamsburg Benefits of VHSR Efforts

With tourism and higher education major industries for Williamsburg, efforts to bring about enhanced passenger rail service are critically important to the local economy. No other organization has taken on the task of pulling together rail interests from across the state to build the support that is required for public funding and improved service.

Our board members from the area are Paul Freiling, Robert Hershberger, and Thomas G. Tingle who have been tireless workers on behalf of rail transportation improvements.

Without strong public support, rail advancements are unlikely, and we are at risk of losing our current service even though it is seeing record ridership.

Outcomes of City's FY 2011-2012 Funding

Please see our information packet for outcomes related to the 2011-2012 funding. The cover letter adds some of our recent activities.

Funding Request

Our budget completely depends on contributions from governments, economic development organizations, individuals, and businesses that seek advancement of rail. The City of Williamsburg represents about 4% of our annual budget.

We understand the economic difficulties that both Williamsburg City and Virginia are in, but we hope you will continue your funding level of \$4,500 so that we may continue working on educating and advocating for rail. Thank you for your support.

Memorandum

Date: December 17, 2012

To: Jackson C. Tuttle III, City Manager
City of Williamsburg

From: Nzinga Teule-Hekima, MD, District Director
Peninsula Health District

Subject: **HEALTH DEPARTMENT BUDGET REQUEST – FY 2014**

A handwritten signature in black ink, appearing to read "Nzinga Hekima".

The Health Department Budget Request for Fiscal Year 2014 is respectfully submitted for your consideration.

Summary

The overall mission of the health department is to protect, promote and preserve the health of the people who live, work and play on the Peninsula. We assure preventive and environmental health services, health information, and vital statistics are available to the citizens of Williamsburg; provide medical and dental services for low-income citizens; plan and prepare for public health emergencies; and carry out other responsibilities assigned by action of the City Council and the Virginia General Assembly.

The Williamsburg Health Department is an organizational unit of the Peninsula Health District (PHD). The Peninsula Health District initiates and maintains a cooperative agreement between each of the five local governments and the Commonwealth of Virginia. The City's minimum "match" requirement is **39.569%** of the City's portion of the total Health District budget.

The Peninsula Health District's proposed Fiscal Year 2014 operating budget is **\$7,378,014**

During FY 2012, the City received 2% of the total Health District clinical services and 8% of the environmental health services. Population-based preventive services were provided throughout the district and costs are allocated based upon total population served. The City's share is 4.14 percentage based upon data from the "Weldon Cooper Center for Public Service Census 2010."

The City's share of this budget was calculated by using percentages in accordance with the cost sharing methodology utilized last year. The "base year" for calculations, unless otherwise stated (i.e., CY 2012), is FY 2012.

The City's share of the funding sources is listed below:

State General Funds	\$ 153,855
Local Funds (Decision Package)	\$ 0
Required "Match"	\$ 100,741
Unmatched Local	\$ 0
Estimated Revenue	\$ 29,739
<hr/>	
Total	\$ 284,335

DISTRICT HIGHLIGHTS

During FY 2012, the District saw the opening of a brand new facility for the office in the Williamsburg and James City County areas. The end of FY 2012 saw the start of the first clinical services offered at the Health Department site that serves Williamsburg and James City County with the provision of Immunization Services. By mid-FY 2013, there will be an expansion of clinical services to include the provision of Family Planning services and Sexually Transmitted Infection Diagnosis and Treatment services.

During FY 2012, the District's Newport News Office received, through a collaborative relationship with the City of Newport News and Riverside Health Services significant structural renovations to the external building and to the surrounding grounds.

PROGRAM AREAS

Community Health Services include Clinical Services, Communicable Disease Control, Community Nursing Services, Preventive Services and Interagency Collaboration/Coordination.

Clinical Services provides diagnostic and treatment services at the Peninsula Health Center for patients that are entitled to specific services by state law or are low income (level C and below) and not covered by other health plans. Clinical activities include family planning services, sexually transmitted disease (STD) clinic and the chronic disease clinic, which provides primary care services for low income, uninsured adults with common diseases, such as diabetes and heart disease. Clinical services are

supported by medication and laboratory services, located at the Peninsula Health Center. Clinic staff continues to provide additional support to lab and medication services for clients. There were 1,825 chronic disease, 5,554 family planning and 5,200 sexually transmitted disease encounters in this fiscal year.

Family Planning services include assessment, education, and medications/ supplies for the chosen planning method.

STD Diagnosis and Treatment includes testing, identification, contact tracing and treatment for patients having sexually transmitted diseases. These services are available to all citizens, at no cost, at the Peninsula Health Center.

Communicable Disease Control provides disease surveillance, investigation, prevention, and control for State mandated reportable communicable diseases of public health significance. The public health staff investigates and intervenes in community outbreaks such as food, water or vector borne illnesses. Daily surveillance of hospital emergency room patient symptoms assists with the early detection and rapid response to potential biological and chemical threats.

Epidemic Control includes case contact follow up and investigation to determine the "index case" for the disease and implementation of procedures to prevent further spread of contagious diseases. Throughout the district, the unit had 893 reports of disease. Of these, 581 reports required investigation; 24 reports were forwarded to other health districts for follow up. Approximately 60 cases of influenza were reported. The "Epi Response Team" continued to meet as needed. The after-hours reporting team continues to receive reports from the medical community, fire, law enforcement and animal control. Health information and alerts were distributed to medical providers via mail, e-mail and a blast fax capability. Hospital emergency department and urgent care center patient symptom surveillance for bio-terrorism monitoring continues. Investigation and control services were provided to nursing homes, assisted living centers, hospitals, daycares and schools for 17 outbreaks that included gastrointestinal illnesses, respiratory illnesses, and a rash illness. Disease control and consultation services were provided to student health services at public and private schools and colleges. The district also investigated a significant increase in reported pertussis (whooping cough) cases and assessed 326 close contacts to discuss and recommend post exposure prophylaxis and provide education for control and prevention of further spread of illness.

Tuberculosis Control provides tracking and identification of individuals with tuberculosis, monitors their treatment and provides medical supervision of TB patients who do not have another source of care. Medical consultation is provided to local physicians and hospitals. Staff investigated 41-suspected cases of TB, of which six were confirmed. Throughout the health district, 1539 people had risk assessments for TB infection, 1281 people had a TB screening (PPD) test; 56 people had latent TB infections requiring medical treatment.

Newcomer Health Program goal is to ensure that all newly arriving immigrants with a refugee and asylum status receive a preventative health assessment within 45 days of arrival in the Commonwealth of Virginia. The objective of this program is to identify and eliminate health-related barriers to successful resettlement of Virginia's refugee population, while protecting the health of the U.S. population. The district provided a comprehensive health screening to 119 newcomers.

Immunization Services promote timely and adequate immunization of citizens (especially children) through practitioner/parental/patient education. The immunization clinic at our central J. Clyde Morris location administered 13,646 vaccines.

Immunization Action Program Strategies to increase awareness of pertussis and promote Tdap vaccine to adults and at-risk groups were implemented. The required Tdap booster to rising sixth graders was administer by the IAP coordinator in district school based clinics. The VDH Tdap special project provided Tdap vaccine, which was administered to adults and high-risk groups at no cost.

Community Nursing Services provides screening and case management to assist patients with accessing comprehensive and appropriate care

Obstetrics Education and Referral (OB Express) provides women access to pregnancy testing and referral to providers and resources in the community. This service is valuable to pregnant women to ensure prenatal care, initiation of applications for financial assistance, and referrals to services needed throughout the pregnancy. Information is also provided to promote family planning after delivery. OB Express assisted 822 citizens: 170 were in the teen age group, 652 were in the adult age group, 112 out of the 170 teens and 519 out of the 652 adults had positive pregnancy test results.

Family Planning Outreach and Education provides information to participants including abstinence, life planning, birth control methods, sexually transmitted infections and community resources. Classes are held at various district public schools, colleges, WIC, community agencies and department of corrections. Seven community awareness events were conducted as well as the attendance of three Newport News Public Schools Family Life Advisory Committee (FLEAC) meetings. One hundred thirty-one classes were presented to 1,088 participants, 284 of which were ages 10-19.

Genetic Screening ensures that newborns with abnormal genetic screening test results receive appropriate physician evaluation and referral.

Nursing Home Screening provides the required nursing assessment of citizens who qualify or may qualify for nursing home placement or community-based home health services funded under Medicaid. Comprehensive assessments were conducted for 349 elderly locality residents.

HIV/AIDS Drug Assistance Program (ADAP) Services have seen an increase in clients due to patients being transferred from the wait list and into ADAP. ADAP has provided medication services to 108 clients. The Health Department coordinated with Self Protection Awareness (SPA) to organize the Homeless Health Screening and Coat Drive event. Thirty homeless residents were screened for HIV and 51 for syphilis. Various health screenings were provided to over 300 homeless residents. HIV/AIDS support group that was co-founded by HIV coordinator is continuing to grow. The group leadership has been transitioned to be self-supported and conducted by clients who consult with HIV coordinator on an as needed basis. Twelve support group interventions were held for ADAP and HIV clients. Support group met at Hampton University to share ideas with actor, Lamman Rucker, from the TV series "Meet the Browns." He is seeking to collaborate with the group through the Magic Johnson AIDS Foundation. Desmond Thomas with the Bill Gates Foundation has spoken with the HIV Coordinator who is also interested in collaborating with the group in the fall. Eight group education classes throughout the community were presented to 126 participants.

Preventive Services include screening and educational programs for health behaviors and conditions that can be mitigated or prevented by early intervention and/or behavioral changes. Adopting proper health behaviors and screening for early signs of illness can help prevent illness, postpone clinical onset, avert debilitating complications and prevent premature death from many medical conditions. Community awareness, patient education, screening and provider education strategies are employed to reduce cardiovascular disease, cancers, diabetes, obesity, infant mortality, childhood lead poisoning and injuries. Through the formation of community coalitions of people and agencies with mutual interest, access to education and screening for all segments of the community is enhanced.

Cancer Detection and Prevention included participating in 39 cancer-related educational and awareness events. Fifty-seven women were evaluated during the ninth annual Women's Screening Day. In addition, the first Men's Health Day event was held with twenty men seen. The District referred 156 uninsured women for screening through the "Every Woman's Life" breast and cervical early detection program.

Tobacco Free Efforts included 20 community educational events along with continuous interventions in clinic. Over 3200 brochures/cards regarding Quit Now through the Quitline were distributed. In collaboration with the Tobacco Free Coalition of the Peninsula, the health district applied for and received a state grant to work toward 100% tobacco-free grounds, tobacco-free childcare centers, and increased utilization of the state Quitline for tobacco cessation.

Blood Pressure Screening was provided to 74 non-clinic patients through the clinic: 23 received referrals for follow up.

Mobile Van Activities included 9 events in Poquoson and 2 events at Grove Christian in James City County. There were 39 referrals for problems such as medical provider, nutrition/weight management, OB, FP, STI, WIC, immunizations, smoking cessation and dental care. Over 191

clients given health information, 75 immunizations administered and 289 blood pressure screenings performed.

Obesity Prevention continues to develop action plans and interventions to address the high proportion of children who are overweight. The health educator's implementation of the districts' MCH grant provided a total of 1,659 children, parents, day care and other providers of care to children, with educational programs emphasizing healthy eating and active living. The I Am Moving I Am Learning program focuses on physical activity, healthy behaviors and healthy eating promotion was delivered to 588 children. 725 children participated in the Kids Kick Start Program – this is a fun filled class of walking, running, exercise, jump rope, hula-hoops, hand rings, dancing and learning healthy eating habits. About 346 WIC parents attended the 54321 programs and 324 (96%) committed to making a positive lifestyle change. This program promotes 5-servings of fruits and vegetables, 4-drink water to satisfy thirst instead of sweetened beverages, 3-eat low-fat dairy ensuring enough calcium in diet, 2-two hours of less screen time and 1-engage in 60 minutes or more of physical activity per day.

Child Health and Safety program provided educational trainings to child and day care providers promoting information on health and safety issues needed for the centers to meet State regulations. The MCH team conducted the VDH Low Income Infant Car Seat program for 469 participants, who were given car seats free of charge and correctly trained to install infant and booster safety seats.

Saving Babies/Infant Mortality Prevention MCH, grant program provided

- 9 Quarterly educational sessions were provided on safe sleep. In addition, 126 participants of the Low Income Safety Seat Class received information on safe sleep.
- 430 water bottles with signs and symptoms of preterm labor were provided to pregnant women through OB express, PHD WIC sites, the Low Income Safety Seat Distribution and Education Program and Prenatal classes.
- Pack-n-Play cribs were distributed to 14 families in need of a safe sleep environment for their infant.
- The district distributed 866 TEXT4BABY instructional cards to pregnant women and new mothers through OB Express, PHD WIC sites and Low Income Safety Seat Program.
- Bottles of folic acid and education on the importance of Folic acid were provided to 1,762 women at the PHD WIC sites, Family Planning, STI, Nurse walk-in, dental and Refugee Resettlement programs.

Asthma Education program provided 41 educational sessions/trainings on the early signs and symptoms of an asthma episode, appropriate emergency response and triggers in the home and schools. In addition, interested parents of children with asthma participated in an asthma trigger home environment assessment by a public health nurse.

HIV/STD Outreach and Education includes information to participants related to abstinence, safer sex, life planning, sexually transmitted infections and community resources. Classes are held at various district public schools, colleges, WIC, community agencies and department of corrections. 814 participants attended the HIV/STD prevention programs.

Interpreter Encounters included 2,720 total Spanish-speaking client encounters, 1,479 of which were face to face and 1,241 were by phone, for services within the agency including Family Planning, Chronic Disease Clinic, WIC, Dental and Immunizations. Interpreters also provide interpretation for the JCC/Wmbg Environmental Health staff with the Hispanic Food Handlers class quarterly.

Interagency Collaboration and Coordination saw District leadership and staff participating in collaborative planning and service delivery with many local government and community partners. The district director is on the board of directors of Project CARE of the Greater Virginia Peninsula and Smart Beginnings of the Virginia Peninsula just to name a few. District staff members serve on Family Assessment and Planning Teams and Community Policy and Management Teams under the local governments' Comprehensive Services Act programs. We participate actively with the Peninsula Agency on Aging, Colonial Behavioral Health, Keeping Our Kids Safe, School Health Advisory Boards, Eastern Virginia Perinatal Council, and Consortium for Infant and Child Health (CINCH), just to list a few.

Dental Health Services promote optimum dental health through dental treatment, screening, community awareness and education.

Dental Clinic provides acute and emergent dental care services and some preventive services for low income, uninsured citizens of Newport News, York County and Poquoson. Patient visit numbers are slightly decreased this year due to Military leave of one of our dentists. Patient dental visits for the fiscal year were 1,707 and 1587 were new patients. Of these patients, 93% were between the ages of 19-64, with 4% over 65. During these visits, 3,573 diagnostic, preventive or periodontal services were provided and 1,091 oral surgery procedures were performed on decayed, abscessed or severely diseased teeth. Of these services, 80% were free services (A status) and 15% were partial pay.

Community Dental Health Education provides dental health education/information through classes and literature in schools and other community settings. Dental Health education was received by 4,116 students through 192 classrooms. Additionally, the dental health educator provided dental educational information and materials to parents and teachers during (1) PTA Fun and Fitness events and 33 parents at WIC sites.

Environmental Health Services protect district residents from food and waterborne diseases through mandated inspections of food establishments, swimming pools, and other entities such as a local commercial dairy. The Environmental Health staff conducts soil studies as part of the District's sewage disposal and septic tank inspection program. Other services include administration of rabies control programs, beach water quality monitoring, body art establishment regulation, elevated blood lead environmental investigations, marina inspections and correction of shellfish program violations. Training and consultation is provided to owners/operators of food establishments and swimming pools to ensure sanitary operation and maintenance for the public. The staff investigates citizen complaints regarding environmental health issues. The county used 8% of the total Environmental Health Program's effort.

Education and Training Services provided/coordinated training programs for 68 students totaling over 1,600 hours. Students were from high school, trade school, college, graduate school, medical school and hospital residency programs. The quarterly professional development trainings for health district staff had an average attendance of 120 employees at each 4-hour session, as well as an additional staff development day, which provided training and activities for 127 employees. Thirty-eight web-based/video conference programs provided 187 individuals with approximately 100 hours of training.

Emergency Preparedness & Planning the locality received public health emergency planning consultation via the Emergency Planning and Medical Reserve Corps programs. This included the provision of volunteer management services, volunteer hours and specific procedures for mass vaccination or medication under the Cities Readiness Initiative. This included an evaluation and dispensing site plans for each public school in the locality.

Medical and non-medical volunteer services provided the district 1,515 volunteer work hours, a \$37,875 value. Additional opportunities for the future include the development of volunteer Reception Center plans and organization, potential to manage volunteers for the jurisdiction/departments and provide certain kinds of training.

WIC program (federally funded) services provides Nutrition education and healthy supplemental foods to eligible pregnant, breastfeeding and postpartum women, infants, and children up to the age of five years. Certification clinics are offered on a daily basis. Some of the activities performed are income eligibility determination via interview and document perusal, anthropometric (height, weight and blood work) testing to determine health and nutrition risks, and detailed dietary risk assessment via interview. Appropriate counseling is provided by qualified nutrition professionals. Applicable educational literature is distributed, and referrals are made as needed to community partners such as health care providers, Social Services, Healthy Families, Resource Mothers, Head Start and Health Department services such as immunizations. Spanish/English interpreters are available onsite or via telephone for all services. Breastfeeding education and support is provided for pregnant and breastfeeding women through breastfeeding peer counselors. Follow-up and high-risk nutrition education is provided daily by registered dietitian. WIC staff members frequently serve as guest speakers for various events and participate in health fairs as requested by organizations such as public schools, parks and recreation, malls, churches and apartment complexes on an on-going basis throughout the year. WIC staff also collaborates with area head start facilities to help with menu planning, and growth assessment of participating children.

Administrative Services include, but are not limited to, the director's office and management staff, maintaining vital records of births and deaths, medical supply system, data processing and management information systems, accounting and revenue collection systems, health planning and program management. In accordance with Article 5, Chapter 1 of the Health Laws of the State of Virginia, the district director is the "Local Health Director" for each of the five governments. The director is responsible for ensuring that all state and locally mandated health department functions are accomplished.

STATE AND FEDERAL FUNDING

The Peninsula Health District has based its cooperative budget on the premise that there will be a no decrease in the district's total budget. As usual, the budget projection and request for the five local governments is prepared in December to meet the earliest submission suspense date. It is impossible to predict state legislative actions that will affect the budget. It is anticipated that there will be a decrease in the state allocation by cutting the Chronic Disease program, contractual increases in lease costs and a 2% pay increase in July 2013.

District Budget Summary
Proposed for FY2014

	Dental Health Services	Clinical & Community Prevention Services	Environmental Services	Administrative Services	Total Budget
Expenditures					
Personal Cost	400,064.00	2,926,509.00	1,135,406.00	1,374,363.00	5,836,342.00
Contractual Services	68,159.00	232,504.00	74,547.00	287,023.00	662,233.00
Supplies & Materials	23,405.00	178,620.00	11,110.00	68,712.00	281,847.00
Continuous Charges	2,815.00	24,065.00	11,160.00	620,728.00	658,768.00
Equipment	3,600.00	19,395.00	5,550.00	30,279.00	
Total Expenditures	498,043.00	3,381,093.00	1,237,773.00	2,381,105.00	7,498,014.00

Note:

- Personal Cost:** Includes expenditures for employer retirement contributions, federal old-age insurance for salaried State employees, federal old-age insurance for wage earning Statement employees, group insurance, and medical insurance
- Contractual Services:** Includes expenditures for communication services, employee development services, health services, management and informational services, repair and maintenance services, support services, technical services, and transportation
- Supplies & Materials:** Includes expenditures for administrative supplies, energy supplies, medical and laboratory supplies, repair and maintenance supplies, and specific use supplies.
- Continuous Charges:** Includes expenditures for insurance-fixed assets, insurance operations, capital and operating lease payments, installment purchases and service charges.
- Equipment:** Includes expenditures for educational, cultural, electronic, photographic, medical, laboratory, motorized, office, specific use and stationary equipment.

FISCAL YEAR 2014 PRELIMINARY REVENUE & EXPENDITURE PLAN-

EXECUTIVE SUMMARY	1
REVENUE & EXPENDITURE PLAN	3
LOCAL TAX ALLOCATION	4

**COLONIAL BEHAVIORAL HEALTH
FISCAL YEAR 2014 PRELIMINARY REVENUE & EXPENDITURE PLAN**

EXECUTIVE SUMMARY

Planned Revenue – \$ 14,386,844

Planned State & Federal Revenues - \$ 5,952,324; Increase of \$ 100,000 / 1.7 %

- State budget includes state employee pay raise; possible General Fund increase for CSBs

Planned Local Tax Revenues - \$ 2,229,710; Increase of \$ 150,000 / 7.2 %

- James City – 11.2% increase; \$ 103,815
- York County – 5.2% increase; \$ 39,887
- Williamsburg – 1.8% increase; \$ 4,545
- Poquoson – 1.2% increase; \$ 1,753
- Continues the effort begun in FY 2013 to realign the local tax allocation with usage

Planned Fee Revenues - \$ 5,337,391; Increase of \$ 100,000 / 1.9 %

- Increased service delivery in the York-Poquoson area is anticipated to generate additional fee revenue

Planned Miscellaneous Revenues - \$ 867,419; No change

- No changes planned

Total Planned Revenue Increase – \$ 350,000 / 2.5%

**COLONIAL BEHAVIORAL HEALTH
FISCAL YEAR 2014 PRELIMINARY REVENUE & EXPENDITURE PLAN**

EXECUTIVE SUMMARY

Planned Expenditures - \$ 14,386,844

Planned Personnel Expenditures - \$ 10,789,035; Increase of \$ 300,000 / 2.9 %

- ♦ Possible general compensation increase
- ♦ Additional VRS employee share transfer to staff, associated fringe increases
- ♦ Possible increase in employer health insurance premium contribution
- ♦ New position(s) added for York-Poquoson service expansion

Planned Operating Expenditures - \$ 3,597,809; Increase of \$ 50,000 / 1.4 %

- ♦ Possible increase for York-Poquoson service expansion
- ♦ Routine cost increases from vendors

Total Planned Expenditure Increase – \$ 350,000 / 2.5%

CITY OF WILLIAMSBURG

Public Works & Utilities Department

UTILITY FUND WATER AND SEWER RATE ANALYSIS FY2014-2018

The FY2014-2018 water rate review looks at the financial viability of the Utility Fund in terms of projected revenues and expenses for the next five year period. The water rate was increased last year from \$4.30/1000 gallons to \$4.55/1000 gallons. The City does not have a separate rate for sewer.

Expenses:

There are two initiatives of the utility system that will continue to have major impacts to the Utility Fund expenses:

1. Long term supplemental water supply
2. Sanitary Sewer Special Order by Consent (SOBC)

The City signed a long-term water supply agreement with Newport News Waterworks (NNWW) in April, 2009. The agreement is a 50 year contract with 25 year renewals thereafter. Williamsburg contracted for 2 million gallons of water per day (mgd). The purchase cost is based on \$12.5 million per 1 mgd of water thus making our total commitment \$25 million for 2 mgd. The City paid \$12.5 million initially and the remaining \$12.5 million is due in 2024. However, the City can opt out of the second \$12.5 million payment at which time our allotment would drop to 1 mgd. The City's strategy for the first \$12.5 million payment was to pay \$2.5 million from the Utility Fund cash balance and it borrowed \$10 million using a 15 year bank qualified loan. That way the first payment is paid off before the second \$12.5 million payment is due (2024). In addition to the capital expense to purchase the water, there are annual operating and maintenance (O&M) expenses. Capital debt service plus O&M expenses together cost the City approximately \$.9 million per year. Given a Utility Fund budget of \$5.1 million, the impact is substantial and ongoing thru at least 2023.

On the sanitary sewer side of the Utility Fund, the City's sanitary sewer system will need to be upgraded in accordance with a Consent Order issued by the State Department of Environmental Quality (DEQ). The DEQ is responding to an initiative of the Federal Environmental Protection Agency (EPA) to control sanitary sewer overflows (SSO's) in the PDC area which is served by a regional set of sewage treatment plants operated by the Hampton Roads Sanitation District (HRSD). The consent order is a regional order affecting all jurisdictions in the PDC area. The Order was finalized in September 2007. The City is making substantial investments in the sewer system to address overflows caused primarily by stormwater infiltrating/inflowing (I/I) and grease blockages in the sanitary system. The City purchased a camera van to facilitate TV inspections of our sewer lines and is working with

engineering firms/sewer rehab companies on repairing and replacing sewer infrastructure. \$.4 million each year has been allocated in the 5 year capital improvements program. We can expect capital costs to be ongoing for the long term.

On the operating side, the Utility expects to provide level funding in FY14 and FY15 in light of the slowed economy we are experiencing. A 3% annual growth rate in expenses is predicted over the FY16-FY18 period.

Revenue

Growth in Water Demand:

We are projecting water revenue to remain flat over the next 2 years as the economy remains sluggish with a modest increase (.5%) over the last 3 years of the 5 year study period. Residential development is expected to remain stale – some moderate commercial activity is underway (Quarterpath Crossings, High Street, Riverside). The City has experienced some redevelopment along its major corridors which tends to reduce or keep level water consumption. Further, water conservation (e.g. College) is contributing to the slow down in water demand and thus revenue. Therefore, we are projecting no increase in revenue over the next 2 year period and a .5% yearly increase over the following 3 years of the 5 year study period. Possible revenue from JCSA was not included since water sales to the Authority are on an emergency basis only.

Water and Sewer Fees:

The fees are broken into 3 areas: Availability fees, Hampton Roads Sanitation District (HRSD) fees and connection fees. The availability fees are designed to have new development pay for capital improvements which primarily benefit future customers. This prevents or reduces inequity to existing customers as "growth pays for growth". The HRSD wastewater facility charge is for new connections and covers the cost of treatment capacity expansion, line extensions and pump stations. These charges are established by HRSD and reviewed on an annual basis. The City collects the charges and forwards the receipts to the District. The third fee is the connection fee which is the construction cost of the City installing the water and sewer connections to the customer's property line. Most connections are pre-installed by the developer at the time the project is under construction and therefore, in those cases, the fee is not applicable.

The availability fees are based on meter size to reflect capacity and demand on the system. The City increased the fees substantially in FY09. This increase was predicated on new growth paying equitably in the growth of the system including securing a new water supply and the expenses associated with the SSO consent order. A review of the City's fees compared to other water purveyors in Virginia shows our fee structure to be at or higher than average. An increase in availability fees is not recommended for FY2014. HRSD reviews its fees and rates yearly and they are expected to increase because of the SSO Consent Order they have with EPA.

The water and sewer connection fees are the costs associated with the City installing water and sewer service lines. Service lines run from the main lines to the customer's property line. For the most part, on new development, the developer installs the service line as part of the overall infrastructure of the development project. The City primarily installs service lines to infill development in existing subdivisions and small commercial sites. The water connection fee is based on meter size while the sewer connection fee is more of a flat fee for residential or commercial construction. An increase is not recommended for FY2014 since the fees are representative of actual costs of constructing water and sewer service connections.

Rate Analysis:

Working capital projections were developed for two different scenarios - one with no rate increase, one with a rate increase. The year-end working capital is essentially the Fund's cash balance - the difference between short term assets and liabilities.

Two rate scenarios are presented in Exhibits 1 and 2. Both scenarios assume no increase in revenue for FY2014 and FY2015 and a .5% increase in FY2016-2018. And no increase in the operating budget for FY2014-2015 and 3% increases for FY2016-2018. Capital improvement expenses are based on recently submitted FY2014-2018 CIP budget figures. Debt service for principal and interest along with estimated O&M costs are shown for the long term water contract with NNWW.

Exhibit 1 shows working capital projections with no rate increase. Exhibit 2 shows a 5.5% increase for FY2014 and a rate increase of 5% every year for FY2015-2018. With no rate increases (Exhibit 1), working capital is depleted by FY2017. Exhibit 2 maintains a positive working capital balance for the next 5 years, with a balance of \$1.817 million in FY2018. This equates to a reduction in working capital of about \$1.5 million over the next 5 year period. Therefore, in order to maintain a healthier capital balance, rate increases may need to exceed 5% projections unless the economy turns around substantially.

A comparison of our water rate with six other Hampton Roads communities is presented in Exhibit 3. Although the other localities are also considering FY2014 rate increases, rates currently in place (FY2013) are used for comparison purposes. Williamsburg remains well below all other Hampton Roads communities.

Daniel G. Clayton III
Director

WATER AND SEWER RATES COMPARISON (FY2013)

	WATER	SEWER	TOTAL
Williamsburg	\$4.55/1000 gallons	Included in water rate	\$4.55/1000 gallons
