Indicator	ID13 - Instructional Teams meet for blocks of time (4 to 6 hour blocks, once a month; whole days before and after the school year) sufficient to develop and refine units of instruction and review student learning data. (48)				
Status Tasks completed: 0 of 4 (0%)					
Assessment	Level of Development:	Initial: Limited Development 11/27/2011			
	Index:	6	(Priority Score x Opportunity Score)		
	Priority Score:	3	(3 - highest, 2 - medium, 1 - lowest)		

	Opportunity Score:	2 (3 - relatively easy to address, 2 - accomplished within current policy and budget conditions, 1 - requires changes in current policy and budget conditions)				
	Describe current level of development:	NOTE: School indicator School ID13 references essential action 2.18 for warned schools. Additionally, data from datacation will be disaggregated to determine additional essential actions specifically for gap groups #2 and #3. Currently, departments meet as needed, but at least once a month, to discuss student performance data, curriculum and pacing, lesson plans, and assessments.				
Plan	Assigned to:	Jason Chandler				
	How it will look when fully met:	The math instructional team will meet weekly to develop lesson plans that align with the FCPS curriculum and pacing guides, assessments (both formal and informal), and review student performance data. Student performance data includes Triage, benchmark scores and student performance by question (SPBQ), SOL SPBQ data, and other relevant data.				
	Target Date:	06/14/2013				
	Tasks:	Fasks:				
	1. The math instructional team v Atkinson, Travis Felts, and/or Ja	will meet Wednesdays during their planning block with Sandy son Chandler.				
	Assigned to:	Heather Eckman				
	Added date:	01/08/2013				
	Target Completion Date:	06/14/2013				
	Comments:	(2-20-13) Sandy Atkinson met with the math instructional team, viewed the "How the Standards of Learning (SOL) Are Developed and an Overview of Revisions" videos and created "look-fors" for lesson plans and instruction. (2-28-13) Sandy Atkinson meets with math instructional team during their department meetings 100% of the time. An administrator is in over 50% of the meetings.				
		will create exemplary lesson plans that are aligned to the pacing , higher order thinking, TEI, and real world applications at each ting.				
	Assigned to:	Heather Eckman, Chelsie Brown, Erica Smith-Ingram,				
	Added date:	01/08/2013				
	Target Completion Date:	06/14/2013				
	Comments:					
		will create formative and summative assessments that are ne Wednesday meeting a month.

School Leadership and Decision Making

Aligning classroom observations with evaluation criteria and professional development

Indicator

IF08 - Professional development for the whole faculty includes assessment of strengths and areas in need of improvement from classroom observations of indicators of effective teaching. (72)

Status	Tasks completed: 2 of 4 (50%	(o)			
Assessment	Level of Development:	Initial: L	Initial: Limited Development 12/19/2012		
	Index:	6	(Priority Score x Opportunity Score)		
	Priority Score:	3	(3 - highest, 2 - medium, 1 - lowest)		
	Opportunity Score:	2	(3 - relatively easy to address, 2 - accomplished within current policy and budget conditions, 1 - requires changes in current policy and budget conditions)		
	Describe current level of development:	for warn develope teachers develope lesson p learning curricult teachers specific	School indicator IF08 references essential action 2.11 ned schools. Currently, division-led professional ment is not differentiated to meet needs of individual so. The principal has requested professional ment from the Central Office to assist with analyzing plans and assessments to ensure congruence with state standards among the written curriculum, the taught lam, and assessed curriculum. FCPS does allow so to attend off-site professional development in their content areas. Data from datacation is disaggregated mine additional professional development or essential		

		actions specifically for gap groups #2 and #3.	
Plan	Assigned to:	Sandy Atkinson	
	How it will look when fully met:	Professional development will be differentiated based on individual teacher's needs. We will continue to allow and encourage off-site professional development and teachers will share-out with instructional teams using the "train-the-trainer' model. Central office will also look for opportunities to bring needed professional development to our school.	
	Target Date:	06/30/2015	
	Tasks:		
		ason Chandler, and/or Sandy Atkinson will analyze walk through cher's needs for professional development.	
	Assigned to:	Travis Felts, Jason Chandler, Sandy Atkinson	
	Added date:	01/08/2013	
	Target Completion Date:	06/14/2014	
	Comments:	(2-28-13) We determine professional development needs for the overall school once a month, but we do not determine individual teacher's needs on a monthly basis.	
		Conaway and Gail Wade, Director of Human Resources, will an online professional development tool that could be used for opment for 2013-14.	
	Assigned to:	Kelley Conaway	
	Added date:	01/08/2013	
	Target Completion Date:	01/17/2013	
	Comments:	(2-27-13)Kelley Conaway and Gail Wade investigated PD360, an online professional development tool, to be implemented in 2013-14. This tool will be utilized for whole faculty and differentiated professional development based on school and teacher needs.	
	Task Completed:	02/27/2013	
	February 6, 2013, Robert Burnet 2013, Erica Smith-Ingram will at	Brown will attend a SURN mathematics conference. On te will attend a SURN mathematics conference. On February 13, tend a SURN mathematics conference. These are examples of t opportunities that teachers will attend and share-out with ain-the-trainer" model.	
	Assigned to:	Chelsie Brown, Robert Burnette, Erica Smith-Ingram	
	Added date:	01/08/2013	
	Target Completion Date:	02/13/2013	
	Comments:	(2-27-13)The math team attended SURN conferences for Algebra I, Geometry, and Algebra II. Information disseminated at the conference is being shared and implemented by our math teachers.	
	Task Completed:	02/27/2013	
		and Sandy Atkinson will lead professional development utilizing professional development will be performed in whole faculty,	

	will	small group and individually based on curricular and individual needs. Individual teacher need will be determined from an extensive analysis of classroom observations, benchmark data, and lesson plan review.		
		Assigned to:	Travis Felts	
		Added date:	03/21/2013	
		Target Completion Date:	06/14/2013	
		Comments:	(3-21-13) During the March 11, 2013 professional development (PD) session, Travis Felts, Jason Chandler, and Sandy Atkinson led teachers through various TeacherDirect PowerPoints. Specifically, the PowerPoints were: Effective Teaching Strategies to Support Rigor, and The Meaning of Rigor in Virginia's SOL - Specific to English, Mathematics, Science, History & Social Science. The PD was provided in whole group first, and then through break-out sessions with specific departments. We will monitor the fidelity of this PD through classroom observations/walk-throughs, and lesson plan review.

Indicator

TA03 - REQUIRED - The school uses a monitoring process (including a multidisciplinary team that meets regularly to review student intervention outcome data and identifies "triggers" and next steps for unsuccessful interventions) for targeted intervention students to ensure fidelity and effectiveness. (2933)

	students to ensure fidelity ai	na errectivenes	S. (2933)		
Status	Tasks completed: 0 of 4 (0%)			
Assessment	Level of Development:	Initial: Lir	nited Development 12/04/2012		
	Index:	6	(Priority Score x Opportunity Score)		
	Priority Score:	3	(3 - highest, 2 - medium, 1 - lowest)		
	Opportunity Score:	2	(3 - relatively easy to address, 2 - accomplished within current policy and budget conditions, 1 - requires changes in current policy and budget conditions)		
	Describe current level of development: NOTE: School indicator TA03 is a required indicator for warned schools. The team meets monthly on Wednesdays to review student intervention outcome data (Triage). Triage triggers based of the following: -grades (one D or F, and/or earning 50% or less on one or more benchmark tests), -discipline (four incidents for in-school suspension and/or twincidents for out-of-school suspension), and -attendance (four or more days). Students are assigned teacher mentors to counsel in the thirtigger areas. Progress monitoring will also be based on the research-based intervention model selected.				
Plan	Assigned to:	Ale Masse	enburg		
	How it will look when fully met:	The school will have monthly instructional team and facult meetings where Triage is a standing agenda item. Triage data will be analyzed and students who trigger in one or n areas will be identified. For 3-trigger students, an interver plan will be developed, implemented and monitored. If th intervention plan is not working, a meeting will be held will the student, parent, principal, and guidance counselor. The meeting's purpose is to determine what adjustments need be made to the current plan to ensure student success.			
	Target Date:	06/30/20	15		
	Tasks:				
	1. Each month, Kelley Conaway will provide Travis Felts with a list of three-trigger students based on attendance, discipline, and academic performance.				

Page: 14 of 15

		Assigned to:	Kelley Conaway	
		Added date:	01/02/2013	
		Target Completion Date:	06/30/2015	
		Comments:	(2-27-13)We receive these reports monthly at division leadership meetings and they are a standing agenda item on our monthly faculty meetings. We discussed the fact that triage reports run a month late and by the time the 3-trigger list generates, it is already a serious problem. Alternatively, teachers will alert administration when absences are excessive and begin to create academic performance problems.	
	2. Travis Felts will share the list of three-trigger Triage students with faculty members at the monthly faculty meeting. The faculty will analyze the data and a plan will be developed by Ale Massenburg, Travis Felts, and Jason Chandler to meet the needs of each student.			
		Assigned to:	Ale Massenburg, Travis Felts, Jason Chandler	
		Added date:	01/02/2013	
		Target Completion Date:	06/30/2015	
		Comments:	(2-27-13) Three-trigger triage students are shared and discussed at our monthly faculty meetings and an individualized plan is created for each three-trigger student. (2-28-13) Based the January 2013 Triage Report, plans have been developed for 13/16 students. We need to develop plans as soon as possible for the other 3. Must be done before next division leadership team meeting on 3-7-13.	
	3. Monthly, each student's plan will be monitored by Ale Massenburg and Jason Chandler. For those students whose plan is ineffective, Ale Massenburg will contact parents and schedule a conference with the student, parent, guidance counselor, and administration to determine what adjustments need to be made to meet the needs of the student.			
		Assigned to:	Ale Massenburg, Jason Chandler	
		Added date:	01/02/2013	
		Target Completion Date:	06/30/2015	
		Comments:	(2-27-13)This is being done. The plans are reviewed and updated monthly. Ale Massenburg continues to meet with these three-trigger students even if they move off of the three-trigger list.	
	bei	4. Quarterly, Ale Massenburg and Jason Chandler review Datacation and FCPS tiers (after each benchmark) to determine if any additional adjustments need to be made to the plan. This will be reported back to the math team during department meetings.
